

GREAT NORTHERN RIGHT OF WAY COMMITTEE,

File No. 1664

SPOKANE, WASHINGTON. Feb. 28th., 1893.

Ackd 2/28/93
J. J. Hill, Esq.

Stb Paul, Minn.

PRESIDENT'S OFFICE,
Received,
MAR 3 1893
G. N. RY.

Dear Sir:-- On the occasion of your last visit to Spokane you will remember a conversation I had with you in reference to obtaining your endorsement to aid me in securing the position of Post Master of this City under the incoming administration. Mr. Cannon also informs me that he spoke to you at that time in my interest. I was told by you to write as soon as it was determined who was to be the Post Master General and call your attention to the matter again, and you would write the gentleman and thus assist me.

I am now informed that Mr. Bissell, Mr. Cleveland's old law partner will fill that position and as I am thoroughly satisfied that your influence in this direction will be of vast benefit to me I now write to ask you to proceed in the matter.

I will in closing say Mr. Hill, that should success attend in this and I should be the recipient of the office and honor thereunto belonging I shall so deport myself as an official of the Government and so conduct the office that nothing outside of satisfaction shall come to those who like you endorse me.

Yours Sincerely,

Frank J. McCollough
