W. W. Stephens Esq.

St Paul, Minn.

Dear Sir: I would kindly
call your attention to my letter
to you dated Feb. 1873.
regarding the ~~land~~ land.
Would like very much to no
wether, I could have the land
part or wh, as stated in my
letter to you. There is good
sleighing yet, and I would like
to set teams to work, to haul
manure on the land.

Land near the City are quite
low here, and as soon as the road
breaks up it is impassable
to get on the land.

untill it drays up again. and as
Spring is close at hand. it is
necessary for me to no wether, I
could have the land so I can
depend on it. and ~~not~~ per chance
not loosing the opportunity of
securing other land.

hoping that I have not taken up
to much of your valuable time.

I remain Yours Respt.
