My Dear Mr. Meyer:-

Your letter of the 3rd inst. duly received. Enclosed copy of the bill. I should be glad to do anything in my power to help your Committee, for I feel that the proposed legislation is right, and a wise thing in every way; but at this distance I can do little or nothing. The Governor is a very sensible man, and is particularly afraid of the situation relative to Alliance and Populist influence. Time and experience will, I think, care this. If not, his administration will be a failure, and of course he will go down with it. If I were at home I should feel able to do you some good, but am afraid that no attempt through correspondence will do as much harm as good.

Yours truly,
