I think Brown is coming round
onto our side - He is quite friendly
this boy says publicly that H
& P. are bound down

OFFICE OF

United States Commissioner,

Bismarck, D. T.,

1875.

I have received those copies
of the Saint Paul City Ordinance
which I am determined to
get. I trust they are on their
mail - it will be a serious
drawback to us if we are
not able to do something
more before the election and
you should have realized the im-
portance of it when Haskell came
back & seen that he had everything
necessary to get along with.
I think we shall be able to carry
the entire ticket & if we do so
will resign before he has anything
to do with the town. & we will
get a friend of mine in his
place - & control the board.
I am as busy as I can be now
to hold Court two sessions each day
& did not get away until after

midnight - last night - Had one
victim pulled just before we left
& an important one too - We knew
that the RR Co will not commence
to open the road until after
the 10th inst -

Yours sincerely

Jacob
