Amund G. H.

Friend J. P. Your letter of March 7th reached me last
 evening. The Mail was delayed, on account
 of the recent storm. This is the first letter
 I have received from you since November in
 January last. If you have written any
 meantime I have not received them. It would
 be a good idea for you to mail me postpaid cards
 immediately on receiving a letter from me &
 simply label on it the date of letter received. - Thus
 we can know immediately if any letters are
 lost. The hint you give me about Long Island
 letter - is sufficient. I will not trouble you or write
 in the future. - Your suggestion in your letter &
 the opinion of Senator Hiram - suit my ideas
 exactly. It is what I have been preaching up
 to A & P. all the time still if we can get our
 friends in control of the City Government
 I think we had better do it. I think if it does
 not cost too much. I think we can get ^{the}

I fear of the Aldermen any way perhaps give
Rest assured we shall do everything we can
to promote the General good - I have shown
your letter to H & P & they are satisfied to do as
you advise. I don't think anything has been done
or said here by either H or P to injure us in any
way - You need not send ~~the~~ things I write
for. I shall go down as soon as the election
is possible - try to be in St Paul on the
18th of April. - Tell Frank D. Black for Capt. Shy
thank him - There is nothing new here. Everything
very quiet - Snow going away very fast
but the river will not probably break up
for ten days yet - Have been on the river
all day to see Frank Custer & Dauby, I have covered
all notices & got returns signed by City Marshal.
There are only 7 claimants or - occupants
on Doctor's Claim & after that deed of Sollice I
don't see who Doctor has to fight. - I am busy getting
out prob & fence rails &c - will put up two (2) wire
and one rail around ten acres or more.

He will be prepared but he is not such a wrecker
as D. is. Regards D. W. M.

Yours Sincerely Jack
