The mail was so behind yesterday, that your invoice of coal per Prop Count did not come to hand until last evening and in consequence does not appear to your credit in statement. I have given you credit however, and bring your balance as \$4986⁹²₇, instead of 4863⁷⁴₄. It has been pleasant to day and tomorrow will load the three cars for Cummings & Snodgrass. A portion of Mahant cargo went to Seymour Sabin Co Stillwater and S Paul Harvest Works S Paul.

We were only able to get one Sioux City car yesterday and that we loaded with Nut coal for Cummings & Snodgrass. I am holding it here for the other two cars, so as to send them all forward at once. There is some cars in the yard and as soon as unloaded they will give them to us and we will try and load them. It rained hard all of last night and most of today, so that if here, we could not, ^{at present} load them. It is very discouraging. Rains just often enough to keep the coal in a condition to be hard to ship it as clean and bright. I hope we will get some settled weather and get things in good running shape again.
