Gents. Your favor

of 11th is before us, all satisfactory - what
can you make Blairbury & coke purchase?
When we asked ^{half} Lehigh Lump & half coke we
were a little misinformed of the real demands
of the trade and the next day countermanded
the Lehigh part of it & said ^{fill with} coke instead
We think we shall want near 25 cars hard
coal than ton, can we depend upon what
we sell here?

Messrs Cummings & Snodgrass are gentlemen and
we shall not interfere with Sioux City, without
advising with them and if promises are faithfully
kept, we shall not have to advise with them
We shall tread on no corn only to protect our
own The ^{last} part of the month ship two
cars more of Macassarana, one nut & one range
over Gams in Hager
Scherston & Folger

We think there is a scarcity of dry wood
and shall sell ~~at~~ per cent higher than last winter
which must make more demand for coal
and our crops are good, money will be
more plenty with us than last year

We hope the quality will ^{be} kept good
poor coal hurt us last year

out that he expects to get this fall
