The Wells

But arrived this morning at 8 o'clock. We did not get to work until dinner on account of some work they had to do on the vessel. The engineer we had, had his foot sprained so bad as to be unable to work. We have another but he complains of the work being too hard in pulling out of the clamp. There is two more we will try yet and if they do not succeed, we will have to use the horses. It has rained all afternoon and I am much surprised at the men working, they are drenched to the skin.

We only got five cars weighed for you, there is a few more loaded but will not be weighed tonight. I hope to report more favorably to you tomorrow

Very Respectfully

to day at hand. We have not been able to
get cans to day as freely as we could have des-
ired. They say they want the cans for wheat
and are sending back quite large trains
of empty cans. They promised to do all they
could to give us the thirty cans tomorrow.
In a day or two I am informed we can have
all the empty cans we want.

Very Respectfully

Sents the car of Nut coal
rec'd and also the stone. it looks very good
we think it will give entire satisfaction if it runs
well - please do not ship to E. W. Bessick
at this place - he has been ~~sent~~ to some
of our customers and gave them the same price
that you offered him viz - 13.25 p ton but we
are shure he cant get coal - so as to make a
profit at that - we want about the 5th of
oct. a car & car we will write a telegraph

Very Minors, Sirs.

I am

Still unable to meet my indebtedness
but of course wish to engage the fuel
which I may need for my family's use,
from you, our promises being very small.
We can store but little at a time, I
would request therefore, that, you will
have the kindness to allow me, to engage
what I may need for the winter, at the
present rates - I enclose \$25 for which,
you will please send me immediately - One
cord of dry hard Maple, sawed an split,
One cord of hard dry Maple, sawed, but
not split, to be used in a large stone
also, One ton of hard ^{stone} coal - I should

be obliged if convenient, for some one
to pick the money

Respectfully and sincerely,

Have chgd your a/c with \$10⁷⁵ excess -
We are working up a good coal trade in
this place, but if the coal turns out like
this one, we will not have much ^(trade we mean) left in
a short time, but plenty of coal - It was
very dirty and of all sizes. We figured
with you for screened coal, but have
been getting a very uneven coal right
along - and complaints are coming in
every day - If we expect to hold our
trade, must keep cleaner coal -
Capt Young is not selling much coal, but
he says, that he would not handle Duluth
Coal and that people will find it out to
