Dear Sir. Yours 27th all noted. If you
will send writer something that will
take me over the Road without cost. will
Come down & talk over matters with you;
but am afraid Mr Kennedy would ask
much more than I would pay; An
old mill with old style machinery
is not worth very much nowadays;
The Page ~~Mill~~ Mill is being offered at
about 30¢ on dollar; It rents for \$200⁰⁰
per month & has much better & later improved
machinery than the Red River & its capacity is
more than double also;

Say to Mr Kennedy we would like to know
as early as possible & not later than Aug 10th

Yours Truly

THE ARGUS

FARGO, N. D., July 29, 1892

W. A. Stephens, St. Paul.

Dear Sir: About a week ago I wrote to the Great Northern and Northern Pacific for mileage books for my new traveling man, Geo. W. Harrison. The N. P. book came several days ago, but Mr. Whitney has made no response. Some time ago he wrote something about having exhausted his appropriation by taking the newspaper correspondents up to Grand Forks; but The Argus had nothing to do with that; they did not get off at Fargo at all. Whitney's whole idea seems to be to boom Grand Forks and give Fargo the go-by. If we do not get the transportation we shall have to pay Harrison's fare over the Great Northern, and you know whose pocket that will come out of.

Very truly yours,

Geo K Shaw

Dear Mr. Stephens:—

Am getting on nicely out in the "wild woolly" I think I shall like it very much when I get broken in.

I hope you haven't been troubled much remailing my letters but the last one I think has come through you now.

Mr. Burrell & I leave today for the Kootenai and I suppose I shall not get a mail now for a good while.

Re that \$50. I borrowed, it will have to stand till I get some pay but I suppose that won't pacite anybody.

Saw Ward yesterday on his way back, T.J. seems to have been doing some great horseback work in the west.

Will probably see you again before we are much closer.

Yours very truly

H. Hamilton Walker

Dear Sir:-

This letter will be presented to you by Mr. Rudolph Flinsch, a relative of Mr. Rudolph Kissel of the firm of Messrs. Kessler & Co.

Mr. Flinsch has come from Germany to study the business methods of this country, and he has set apart a few months in which to travel through the North West, going possibly to the Pacific Coast. He intends to pass through Great Falls, Helena and Butte, and he is very anxious to have the opportunity of seeing the Anaconda, as he is interested in all mining and mechanical matters.

We will feel greatly obliged to you if you can give him a note to some person connected with the Anaconda, so that his wishes may be gratified. Mr. Flinsch is a personal friend of our Mr. J. Kennedy Tod.

Yours very truly,

J. Kennedy Tod & Co.

W. A. Stephens, Esq.,

My dear Sir:-

Just before his departure for Europe Mr. Cadwalader handed me your letter of July 20th telling me at the same time that he had sent a letter written previously by me to him to Mr. Hill asking him to communicate with me direct.

I understand of course that Mr. Hill's many other engagements must make it very difficult for him to take up any new matter and as he has never tried salmon fishing I don't suppose the acquisition of the Grand Cascapediae seems nearly as important to him as it does to Cadwalader and myself.

I do not think I exaggerate in saying that every day we delay now may mean the loss of the present opportunity and I do want to urge as speedy action as possible on this account.

May I ask you to call the matter to Mr. Hill's attention as soon as a convenient opportunity occurs after his return to St. Paul and to assure him of my readiness to do all the work if he will only start things in the right channel.

Yours very truly,

W. C. De Forest
