CHICAGO, September 1, 1892.

DEAR SIR:

The Iroquois Club desires to contribute to the coming State and National Campaign in such a manner as shall be commensurate with the important position accorded by common consent to this organization.

We believe it possible to accomplish the success of the Democratic State and National Ticket in Illinois. We therefore solicit your co-operation by a generous subscription and by the devotion of as much of your personal energy and service as you can spare to this patriotic cause.

This fund will be expended in a wise and legitimate way in aid of the success of the Democratic Party this Fall.

Enclosed find a subscription slip which please fill out for such an amount as you desire to set apart for this purpose.

Yours truly,

CAMPAIGN COMMITTEE.

Messrs. Washburn Mill Company,

Gentlemen:-

Replying to your favor of 31st ult., I beg to say that if you care to take the quit-claim deed which you seek the consideration will have to be paid in cash. I will not settle up any bills of which I know nothing without first fully investigating the merits of the claim. I find it very slow work obtaining the information to enable us to determine whether the bill which you render is correct or otherwise; and until such time as I get some definite information I do not see how I can consistently pay it.

Very respectfully,

*(J. W. A. Stephens)*  
President.

Dear Sir:-

I am directed by Governor Merriam to request you to kindly furnish me with the name and address of the Artist that did some painting for Mr. Hill. The Governor thinks his name is Muller.

Yours respectfully,

St. Paul, Minn., Sept. 2, 1892.

James J. Hill, Esq.,

Dear Sir:-

I have had placed in my hands for sale 153<sup>x</sup> acres of land on West shore of Lake Phalen in city limits. This is the most sightly piece of land in the City and perhaps in the County. It is plated into about 700 lots. There is three-fifths of a mile of lake frontage. There is talk of making this into a City Park; the owners however can not afford to wait the slow motions of the Park Board and wish me to find a customer. I think the buyer will have no difficulty in selling to the City at a large advance, or in closing out in parcels at a still larger price; or if one-half, including the lake front was disposed of for a Park, the balance would soon bring the cost of the whole. The price I can make on this is \$1500 per acre.. \$229,500 for the whole. I enclose plat and submit it for your consideration.

Yours truly,
