

Sept 3 1892

Dear Mr Hill. We have selected the land for stock in the North Dakota L. & T. Co as per my communication with you. I think our selections are very good, & with good crops the land will probably be in demand before long. The other stockholders have thought it best to ~~have their land~~ <sup>have their land</sup> deeded some in trust in order that, for the present at least it may be all looked after in a body & sold as seems advisable. Shall I have deeds made direct to you for your share or will you join with us? If it is to be deeded direct some one ought to choose your portion for you - I am willing that you should have first choice. When it is selected and the deeds are ready the stock should be surrendered. As they are about ready to make the deeds I would like an early reply.

Sincerely Yours.

Saint Paul, Minn.

Dear Sir:-

Yours of Sept 2<sup>nd</sup> to hand, re Berkshire  
boar, bought from M. W. Prime and Son, Okaloosa,  
Iowa

Boar received in good shape, he is all that  
is represented in Prime's letter as regards body and  
legs, am dissatisfied with his head. I describe him  
as follows, good legs and feet, good hams back  
and shoulder good neck, bad ears being too large  
and inclined to flop or hang down, and nose  
a little too long. as boar is in this condition I  
think after a little feed the defects will not look  
so prominent - when he gathers on more flesh.  
Markings good.

Yours Respectfully,

Th. Tetler
