Dear Sir,—

I take the liberty of addressing you for the purpose of enquiring whether you or some of your friends are inclined to purchase one or several beautiful and valuable estates, situated in the Paradise of Austria. The Gem of a Domain with ancient elegant castle, containing valuable antiquities, beautiful park and hunting grounds of 3,100 acres. Is situated near the world-renowned summer resort of Ischl, very much frequented by Americans. The castle is located near one of the largest Alpine lakes. Poets like Victor Scheffell and others have immortalized this beautiful spot in prose and poetry.

The other estates of about 8,600 acres each are situated in Bohemia, in the vicinity of Prague, containing castles, parks, hunting grounds, all kinds of game, also beet sugar factory, brewry and flouring mill. These three industries could very easily be separated from the estate and consolidated into a stock company.

One of these estates also contains a large marble quarry.

From the Austrian Rigi a fine view can be had over the beautiful scenery of mountains and Alpine lakes. A good part of these estates could be platted and sold to people desirous of building villas.

Dr. Theodore Billroth, one of the most renowned surgeons in the world, has his villa here.

If you or some of your friends feel interested in acquiring any one of these estates with their fine buildings, hunting and fishing grounds, industries, etc., in one of the most beautiful and scenic sections of Austria, I would be very much pleased to have you communicate with me on the subject. The price of the largest of these estates is about 500,000 Florins.

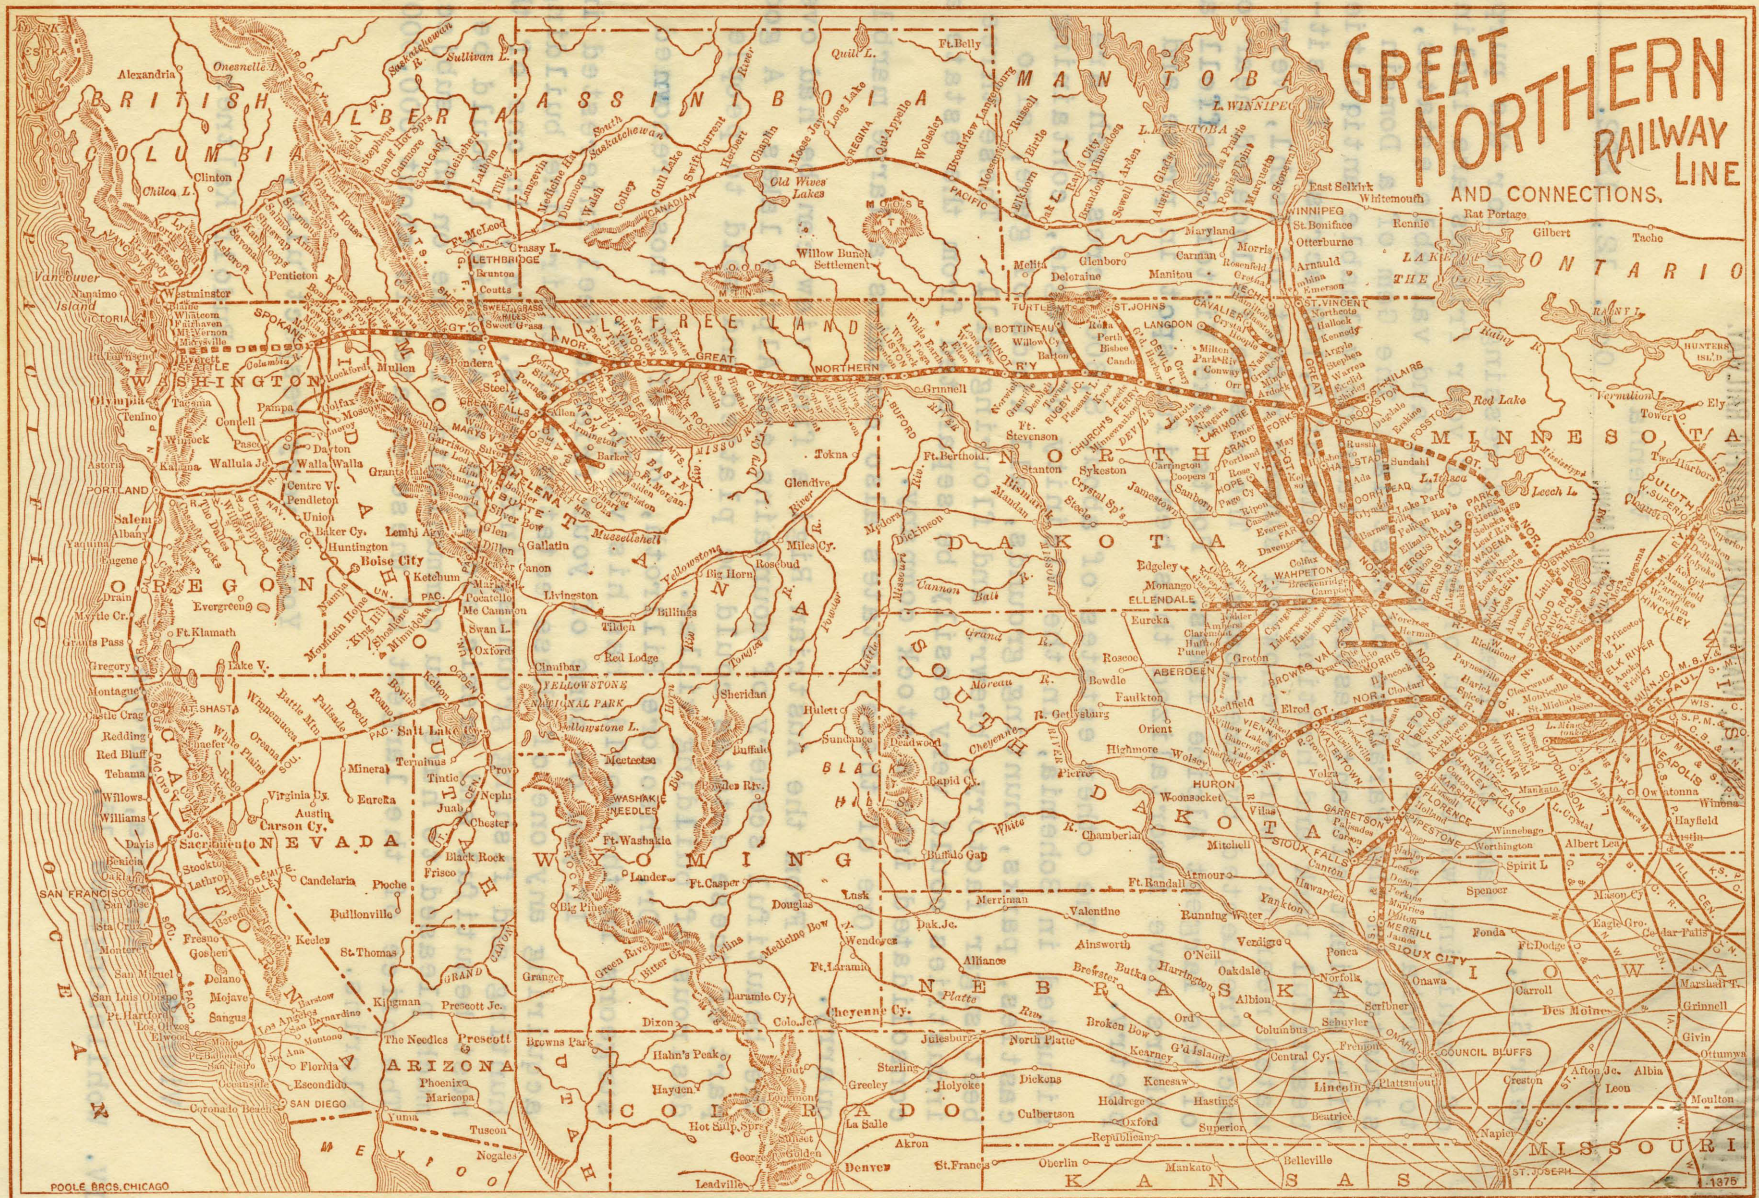

Yours very respectfully,

Rudolf Kaltner,
