Dear Sir:-

We should be pleased to act as your consulting engineers with reference to the construction of your proposed new steel plant. We are thoroughly familiar with this class of work both in the matter of machinery and buildings. Should you have already completed your arrangements for engineers, we would be pleased to bid on the work and at the same time make such suggestions as we think will be beneficial to you. Or we will make you a combination engineering and contracting proposition that cannot fail to interest you. Awaiting your reply, we are,

Yours Truly  
Borden & Coleman

Mr. John Needham,

St. Paul, Minn.

Dear Sir:-

Referring to the \$1.000 Mtg held by us, covering Lots 18 and 19, Block 6, Sanborn's Midway Addn to St. Paul, would say that we consider this a specific lien of \$500 on each lot. We will accept payment of one-half the interest on each and all coupons, as same may become due, and likewise will accept payment of one-half the note when due, and at the proper time will give partial release of Mtg covering the particular lot which may be cleared by payment of one-half the principal and accrued interest.

Very truly yours,

Signed, Minneapolis Trust Company
