~~Received~~
Mrs. J. Hill

I most ask you simply
if you will or can help
me a little. I am owing
265 dollars on a farm
and father and mother
is living on the place
and if I can pay it all
it will be mine after
a while I have paid 500.
dollars on the place but
I had to work of summer
and winter to earn the
money and it seems so
hard and this winter I
could not get work but
I thank God that I can
come home and stay with
my folks and get a little

to eat, you can never
think how happy I ~~be~~
should be if I could stay
home all the time it seems
as though I never can earn
it. if you only could
give me just a little you
know it seems to us as
though you have so plenty
but we tenderly we don't
know. I suppose you have so
munny that asks you. I will
not write more because I think
you will bless me with a
few lines as quick as
munny. yours truly

Dear Sir There will have to be something done about the rights of the water. The Mills above are giving us the same deal we got last year, shutting off the regular flow at night & flooding us in the day every night so far since last Friday almost one week. we have had a full force on & the water has been shut off so that we are unable to do anything & we are pushed with orders. I have had some orders cancelled past three days; The way they are using the water it depreciates the value of the Red River Mills very materially & for that alone you cannot afford to allow it any longer. Come at once & pull the wire that will put a stop to it. better come here at once. Respy Yours Barclay Mfg Co

Dear Mr Stephens:

Major Shaw called on me this morning, and incidentally dropped that he was figuring on a new press for the "Argus" and considerable new type. On learning this I asked him, as a personal favor, to let the "Minneapolis Type Foundry," figure on the job, as I had reason to believe that they could cut under any figures that he might get from ~~any~~ ^{other} quarter. My uncle is the president of the Minneapolis Type foundry, and for that reason I would like to see it get the order, if one is to be given, ^(?) -providing they could undersell their competitors for the business, as I believe they could. I do not ask for any favors for them, you understand, but simply the chance to bid on the order, if one is to be given. They say to me that if they have the last chance to bid, they will give a lower figure than can be obtained from any one. This letter does not call for a reply, but I write it so that they may have an opportunity to compete with others for the "Argus" supplies. I am,

yours Respectfully,

Chas. H. Babcock.

Dear Sir :

An effort is being made to bring the Hon. Henry Watterson of Louisville, Ky., to the two cities, on the 16th and 17th of the coming month, to lecture.

This would be the first occasion of his presence in the Northwest, and the affair would, undoubtedly be one of the most interesting and delightful of the winter.

The arrangements have to be made through the Southern Lyceum Bureau of Louisville, and in order to bring him to St. Paul and Minneapolis, it is necessary that a guarantee of one thousand dollars be obtained from among the prominent and interested citizens of the two cities. I therefore write to interest you in the matter. Would you be willing to be one of a few guarantors for the lecture in St. Paul ?

It also occurs to me that you might wish to show Mr. Watterson some social attention while in the city of St. Paul, which, of course, would not interfere with the lecture.

Yours very truly,

Robert B. Babcock
