Dear Sir:-

about three weeks ago, I made a proposition to you, this was in answer to your letter. If this proposition has not met your ^{withy} approval, please have the kindness and favor me with an answer. But I would like to have about 50 acres of your land, for planting Potatoes. Last year & year before I had Potatoes on S. E. 4. N. W. 4. of Sec. 4. and I would like to have it again this year. But any 50 acres of your land will

do me for Potatoes. I would rather
see that you make your own price
for the rental of the land, and
what ever that is. I will pay the
Cash, on receipt of lease.
again, please have the kindness

My dear Mr. Hill:-

I have been importuned by Mr. Hixon, and some of his friends, to see you personally with reference to endorsing him for appointment as successor to Col. Edwards in the Internal Revenue Department. While I took the liberty to advise them that I thought you were engrossed in matters of much greater importance to yourself, and entirely indisposed to meddle with the political situation especially in cases of appointments; at the same time, and under all the circumstances, I could not refuse to say a good word for Mr. Hixon, when requested to do so; and you will kindly consider this as a most enthusiastic endorsement of him for anything he may want under this administration; and for everything that he cannot get. I have always found him straight and fairly loyal and regard him as an all round pretty good fellow.

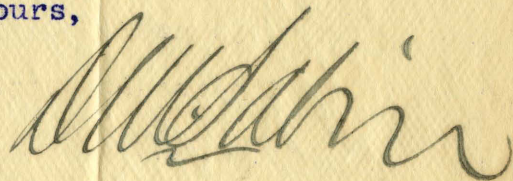

With best wishes for your health and prosperity, I am, as ever,

Faithfully yours,

Dear Sir:-

I have just received your favor of 15th inst. and have requested Mr. Ward, who leaves to-night for Montreal with Mr. Hill, to get two copies of Slater's ^{code}~~Guide~~ for you there. We should have to send there for them in any event, and Mr. Ward will probably get them for you quicker than I could.
