Dear Sir

I have been requested
to write you in relation to
stock raising in this
vicinity. The people of
this Malford Township
are desirous of improving
their stock especially
cattle. But the most of
us are too poor to buy
blooded stock such as
we need to improve our
stock with and knowing
that you have been placing
Bulls in different sections

of this County we deemed
it proper to request you
to place one in the
Town ship of Medford
for our mutual benefit
I believe there is as much
stock raised in this Township
as any town in this County
but having met with a
number of failures from
mouth and frost we are
unable to improve our
stock as desired

If you desire further
reference we can give
such as would be satisfac-
tory Hoping to hear from
you at your earliest conve-
nience I remain yours truly

Dear Sir,

I have troubled you
with a copy of a catalogue em-
bodying all my fossils in
the shape of picture
punches - and have -

I have made none of
the hundreds now lauded
by others that I was at one
time happy, and often
ashamed, to own.

The catalogue of
"les features repues" so

man makes.

When I get to
Chicago, I hope to run
up to St Paul, & just
will let me, to see
the superb collection you
have which represents, I
imagine, the most select
and select in the United
States. I hope to see
the works I have
seen in America to your
gallery.

I need not say
that I, some time ago, was
in New York, & you
can run over to see
I can be delighted in
the result.

Yours &c. Johnson

Mr. J. F. Hill
St. Paul
Minn.

Dear Sir: I once called on
you at the "Albemarle Hotel"
in the interest of Dodd, Mead
& Co., to sell you a set of Au-
dubon's Birds, which you
eventually bought. I pre-
sume you have forgotten me,
but on seeing a set of Gould's
Birds were to be sold here in
a few days by auction I
thought you might like them.
Mr. John E. Keon offered
to give me a passport in

introduction to you when the op-
portunity occurred. He left the
city before I could see him
to day, to be gone some days
so I enclose a card from
Mr. Schley merely to let you
know that I am worthy of con-
fidence. I enclose a printed
description of the set of Gould's
Birds 37 vols in all - and
in connection with the Audu-
bon ^{they} form a history of
the Birds of the World. I
presume however you are
familiar with them -

They are together worth four
or six thousand dollars,
but may go much less

at the auctioneers sale - If
you can to give me a bid
on them I would be glad
to attend to the matter for
you, charging you the
usual commission of ten
per cent. - Of course I
should look carefully
through the set and see
that they were all right -
Most of the vols are out
of fruit and very rare -

Yours Truly

Geo. A. Richmond

P.S. The books are to be sold
the 29th of this month and I
should hear from you be-
fore that time if you desire
me to bid on them.
