Dear Sir:

The well known Inventor,
Elijah B. Cornell of Phil^a has
invented an audible signal for
R R. Trains - It comes under the
head of "The Block Signal," but
unlike any signal now in use,
is absolutely safe and reliable.
The cost of Equipment is small.
Operated by electricity.

Several miles have been
Equipped on a part of "The Reading
System" and will soon be ready for
operation on about 20 miles of
road.

I am forming a syndicate
to purchase a controlling interest
in the patent. Several well known
and influential men, have after
thorough investigation subscribed
liberally. This is a guarantee of its merits.

I would like a brief
interview with you on the subject. Then
if you would like to look into it,
every facility will be afforded you for
ascertaining its merits.

We are very careful in selecting
this syndicate.

Sincerely yours
Chas E W Smith

Mr. J. Hill,

St Paul, Minn.,

Sir:

I have been advised to write you in regard to apartments should you purpose visiting Chicago during the Exposition.

I wish to make arrangements with desirable parties to let six rooms (without board, there being a well kept café opposite) during the season of the Fair.

My home is situated in a pleasant residence locality, within three minutes walk of the Exposition grounds, - main

Entrance - one block from
the Ill. Central Road,
South Park Station, and
very near the Cable line.

The house has an Eastern,
western and Southern exposure;
the rooms are large & nicely
appointed & the Sanitary
condition of the house is
perfect. Hygienic drinking
water will be furnished
guests.

By securing a house in
this locality one avoids
the loss of time, expense
and annoyance (to say
nothing of the danger) incurred
in transportation. Should
you desire to engage one
or more rooms for yourself,
family or friends I would
suggest that you write
at your earliest convenience
stating fully your requirements,
and I will send terms and
any other information you
may desire.

I am connected with the Exposition
myself, and will refer you to Director-Genl
Geo. A. Davis, President Thos. W. Palmer
or any of the chiefs of the respective
Departments.

Very respectfully
(Mrs) M. H. Bailey
