Yours of the 4th is at hand & noted. when I rec'd your letter of 29th I told Russell to attend to the loading of it at once and send it along. I supposed it had been done — after I rec'd your last letter I sent for Russell and he says that he has done all that he could do to get the oak loaded. that Kelley has promised to load it every day since he got the order. But one excuse after another has been made — all that Russell could do was to ask Kelley to load and that has been done repeatedly — But Kelley has promised that it shall be loaded to day without fail Yours &c J A Armstrong

Messrs Cummings & Snodgrass are shipping coal to here Two years ago we had made arrangements to sell coal in Sioux City in consequence of Mr Gamp having forced his coal on this market In order to protect Messrs Cummings & Snodgrass a rate provided none stopped in Sioux City and we agreed with Messrs Cummings & to let their market alone and they to do the same with ours How is it now

We think we are able to protect ourselves but wish to fully understand the matter
