Dr Sir:

Yours of 3d inst with $804.25/100 for which we credit you on a/c. is received. In reply would say that we think you ask too much when you ask us to be at a loss of $32.75/100 on a Sale of $81.17/100 Particularly when we know that the probabilities are that the whole loss to you is the result of your incompetance or your misfortune in selling to parties prejudiced in favor of Port Byron lime. Our lime has been Sold over fifteen years in direct competition with P. B. lime in Ill. Iowa Minn. & Wis. Successfully & is being So Sold now & without selling lower than they do. Further what we recommended to you viz to handle in Bulk anticipated that you would have to Sell over

lower than P.B. folks did, on the start to secure you a large trade. You said you would offer it in bulk on the start at 8 50¢ per Bbl. Your Order for Barrelled lime was your own experiment entirely at your own risk and the loss incurred should not be looked on by you as other than your own. Your order for the lime that way was unqualified and against our recommendation and we shall feel constrained to so look at it and so treat it. Pursuant to which we we hope you will remit the Balance at your earliest convenience

We remain very Respectfully yours

Dear Sir,

We are in receipt of your esteemed favor of July 3d enclosing draft as stated, and which has been otherwise duly acknowledged.

We beg to express the hope that the change in your business relations of which you advise us, will meet your fullest expectations and very largely increase your business and personal profits therein.

Mr. Hill has doubtless stated to you what he saw here of our facilities for supplying your wants in Coal.

We believe we have the facilities for furnishing those supplies, at least to equal advantage with others, and hope to receive from you and the other gentleman interested with you, a fair proportion of your trade.

Awaiting your orders, we are

Very Truly Yours,

Dr Sir

Yours of the 2nd is rec'd. I accept the offer you made me on Coal. 8 tons of Nut Coal in Bulk & bill up the balance of the car with Pitts in Bbls. You said the freight would be 34.00 that is just four dollars too much for I have an offer from a Coal firm in Milwaukee of 30.00 per car to this place. I also had a car of Coal from Milwaukee in last April at 30.00 therefore I do not want to pay one man more than

annother. I have my old coal house on account of Mr Simpson. but of course if I cannot do as well with you as the old house why of course I will not have them. If the R R Co dispute you about the freight you tell them I have a letter in my possession that they can have for proof it was dated last week

Respectfully Yours
