Dear Sir

Yours favor of the 13th to hand. The Yungty from Bangor Arrive Smith to Minneapolis will ship of Yourself and report in name of firing and that to Saint Paul of Griggs. Johnson and report to them. We want her here to start on her Monday morning and after she is unloaded we would like to attack the Townsend & Consort. Both must be unloaded. ^{improvement places} We do not want anything here with the Townsend & Consort as there is a long wharf at the points they unload and we want to get along this year without purchasing any plank or tools. We did not load any hard coal this morning. We had a shower yesterday afternoon and we had screenings all over the space between the Grate store drying and I thought advisable to wait until afternoon before loading any more, so as to give us a chance to screen

Some few coal. I do not think you have an idea the dirt there is in the store and Grate of Whitmore & Consort. The latter Grange is much cleaner. Very Respectfully Yours

Dear Sir

Enclosed

please find Prof Ontario receipt for Thirty
One Tons Coal. We have got rid of all
the pork barrels and hereafter I hope there
will be no occasion for purchasing any more.
The Grocery man sent them down thinking
it was an accommodation. It was at the
time but I explained to him afterwards the
objection to them would be on account of
freight on extra weight and not as much
coal. We are getting along slowly with
the Homer. It is a long wheel and a
hot day but we will have her out to-
morrow.

Very Respectfully
A E Jones

Sir
Mr. Gove was here
on the 12th and offered
me salt at \$1.20. Now
I want you to price
your salt at that price
I don't claim it
for a trade is a
trade. I'm on general
principals. Think
you are in condition
to sell salt as cheap
as he can, and do
it
Yours truly
George R. Newell
