Please inform
me the lowest price you can
by car load, at which you
can sell Lignite or Specieanna
Coal, delivered either at
Shannon City or Wisconsin
I can probably get better rates
from those points to this place
than you can. If you can give
me prices that will compare
with our soft Coal taking
into consideration the differ-
ence in heating capacity I think
there might be a market

for 300 or 400 Tom base this
fall & winter

Respectfully Yours &c

 We have $\frac{2}{3}$ of the coal on hand
 not much done as yet — but crops look
 well & there will be plenty of business
 in a short time — Can't you come & see

 We have been talking with a number
 at Sioux Falls — who wish to handle coal
 & we expect to furnish them by the car
 load — The Grass Hoppers have about
 all left us — We have sold three
 car loads of Harvesters — You can see
 there is prospect for a crop — Most of the

Dear Sir

Don't you remember when you were up here and we called on the lawyer "W E Hale", You expressed your willingness to consider his **decision** as final in my case but did not wish it to affect your other cases here. I considered the matter settled and was surprised at receiving your letter. Oblige by answering regarding this proposition of yours
