Dear Sir

The coke is at hand.
I received the ^{freight} ~~shipping~~ bill this
morning and find that the freight
is almost double than it has been
on coke received previous to this lot.

Now if they are going to
charge me 40¢ per ton instead of 22¢
I will have to order my coke elsewhere.

You see that it brings
the freight almost as high as the
coke and I will not stand it, when I can
do better.

Yours &c
W. C. Esch.

Dear Sir

Returning to Duluth

Your telegram to cancel order for car of salt to Duluth Hammer also came to hand to late. We had loaded the salt last night and went forward this noon. The Townsend we got through with last night and the Kelly this afternoon. Will get the other car of salt loaded tomorrow. It has been hard scatching to get cars for the Kelly but we got them and tomorrow we will get to work on orders again.

Very Respectfully
A C Jones

The balance of coal will go forward tomorrow. or at least it will be weighed this evening but not in time to report by this mail.
