Duluth July 27/77
Mr E N Saunders
Saint Paul) Dear Sir

We were
obliged to guess at loading the salt
coal. This is the first that has been loaded
from the pile and until we get some worked
off will be obliged to shovel direct from
pieren to cars. I was in good hopes
orders would come in faster for salt. Grays Co.
are shipping some. Holl & Paas & Mc Guille
Beaupre Co. got some from them lately. The
rain seems to effect this salt more than
that of last year. I noticed that some cars
we loaded after a rain that the water would
run from the car. That on Stone's dock are
much better looking barrels. The barrels have
a smaller and planed stave and I believe are
stronger.

Very Respectfully
P. Jones
