Your favor
of the 9th to hand. In car # 544 you will
find the barrel of glass of Hornsby's
The other glass is going off by degrees and
I am in good hopes to see the last of it
soon. There is probably five or six cars
left. This with a little more of the Hocking
shipped, will make room for about 2000
tons at the corner where the tool shed is.
