 at hand. We will freight the coke
 from Pittsburgh to Ashtabula and
 dock and load same into vessel
 for \$2.40 per ton of 2000*. We cannot
 say just what freight we could get
 Ashtabula to Milwaukee at time
 you name. Lake freight are fluctuating
 so now, but will do best we can
 for you if you place in our hands
 to ship. Lake freight on coke are
 usually about 1 1/2 times what coal
 freight are.

Dear Sir

Your favor of the 6th to hand. The can of bit coal for C K Howard ordered Sept 28th went forward from here Sept 29th in a S C Car #126 weight 22050, ours 22000. There it as being reported, on that date. If you have not received the can, please let me and I will ~~start~~ a train from here. Loaded no hard coal today on account of the rain. Our Minneapolis cars not at hand yet, but as soon as they come will hurry the orders for that point off. Mr Bonner Cushman here, does not like the method of prepaying for coal. He states, it causes him about four times the work and that it could be done at S Paul just as well. I told him I did not think it would be general but it probably was done in some special cases to save delays at S Paul.

Very Respectfully

Dear Sirs We have yours of the
14th & note of Mr. DeWitt the sample sent us
among our smiths. They pronounced it better than
any they had used except one lot that Dickey
had last spring. We took a couple of bushels
out of that sent Dickey Co. & sent around for
them to try (same as the sample) but did not
tell them anything about where it came
from, only that it was a sample from an
other party. They all without knowing any thing
about the circumstances, say they don't want it
if they can get better. We don't doubt but what
it is genuine Morris Run as you say, but
our smiths don't like it & if they don't we
won't use it. It is useless for us to take
it. We have concluded (as we had about decided
before we ordered the sample of you) to return

the Smithing coal branch of our business. They ^{limits} ~~are~~
 so hard to find & only a matter of a car
 load or so a year. It don't pay for the
 annoyance & bother. We would like to accom-
 modate you, but would rather not take it
 if you possibly can make any ^{arrange-} ~~arrange-~~
 ment ^{with} Dickey's to sell it for you. It has to be un-
 loaded, & is now in Dickey's coal house subject
 the order of the agent. It will cost \$1.00 for him
 to move from there to our bins, they can handle
 it cheaper for you than ^{if they will} ~~is~~. If you have
 sent the loan to Miller. It will be all the same
 we want (need not send the 1/2 bus loan) We ^{have} ~~have~~ still
 one car of bit due us & would like one more
 if you can send at the old rate. If not we
 will get along until we need it. Will have
 your money for you as soon as we can collect up
