Dear Sir

Should have
got your two cars of Parole Coal loaded
this evening but for a mishap. The track
around the curve at the coal dock is in
bad shape and every now and then they get
a car off and unfortunately they had one
off this afternoon in bad shape. They will
ditch a locomotive, one of these cars and
then repair the track properly. Will satis-
fy with the days work having got four-
teen gondolas loaded and would have had
18 or 20 if the cars but for the mishap. Have
a car each for Stone Egg Grate set for you
at St Paul and two for City for W & K,
one for Beach Bros and the other for the
S C Road

Very Respectfully
A Jones
