E. St. Saunders Esq^r
Supt. Dear Sir -

I have I presume a
Car of Rub. left, principally from Burns in the
weather to fill order. I wheel it to one side & it
has not improved any, had I better ship it to you or
keep it & work on with new crop, thought you might
want it shipped to write up & see how it pans out -
I hear nothing from the Cargoes of rub & assume they
should arrive, I presume they are not near here
or I would get orders about the Dairy Falls - am in hopes
these 5 Cars I told you today will clear our
stock late on - am having stone pile corns over
today & getting matter arranged in shape about yards, which
has been neglected on of out of business. I enclose
your statement of today's business also yesterday's selling
& order remaining, unfiled, will be glad to get new
Rub make our customers feel better over the miserable
stuff lately sent them, if Rub Coal comes "dry"
I think it advisable to have 2 more screens.

[11-15-77]

Same as those sent Jones & like the one I
now have, & then we will not have to
use any foam screens at all in dry
weather & no pen coal left, think they will
pay for themselves, please advise me at once
so I can order before navigation closes -

160th Car Blaes same price will ship tomorrow -

Yours to hand
this eve I think it will be better to have
the Coys weights and receipts sent me so I
can show them and satisfy them you
are all right They ought to accept the Coys
weights all the Coys I received last year
over run from one to two hundred lbs
It makes a difference when we weigh out
in small quantities Well by and send
you draft this week if possible for amount
left to Nov 1st Not very good weather
for our beds just now too warm but they
will have to come to it soon

Yours
