THE WESTERN UNION TEL
HALF RATE M

The likelihood of telegraphing is liable to errors and delays, arising from causes which cannot at all times be guarded against, including variations in frequency of service and extent of action when it is necessary to employ. Most errors and delays may be prevented by telegraphing for which, during the day, half price extra is charged. The Western Union Telegraph Company will receive messages for transmission between stations in the United States east of the Mississippi River, on a basis of least without restriction during the night, at one half the usual rate, on a condition of telegraphing for which, during the day, half price extra is charged.

A. R. BREWER, Secretary.

Send the following half rate message subject to the above terms, which are agreed to.
