Dear Sir,

St Louis Mo
Jan'y 2^d 1880.

As you requested that I should address you a letter setting forth the intention & nature of improvements I proposed on the Lake in order that you should lay it before your board of Directors I addressed you as prescribed a copy of letter on the 27th Nov ult. I suppose the reason I have received no reply is that your board has not met. After I had the interview with you I received the land, and at once returned to St Louis to see my friends. I have met with many parties that were at the Lake last season, and are working up a scheme to build a "village of cottages", I now have over 10 that will surely build, if your word gives us the encouragement I think you should. I go to Kansas City in the morning to see Hon. Furner Genl Mayor of Kan City, who I spent the summer with us. who writes that he

has determined to build, that he has several friends
that he wants me to see, who he thinks will also
build. As soon as I return we will have a
meeting at the parlors of the Lindell Hotel
to put on foot a movement for concert of action
I hope you will answer as soon as possible, so
I can show it to the parties at the meeting, that
we have your Co'operation. If this enterprise is
carried out it will guarantee large transpms
here every year. Hoping to hear from you at
the earliest moment. I am

Truly
Sincerely

Wm. Jackson

I enclose you Times of this city with
