

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN SERVICE

Poplar, Mont.
July 22nd, 1920.

Mr. Louis W. Hill.
St. Paul, Minnesota

My dear Mr. Hill:

I received your letter this morning and was very glad to hear from you. The Indians and myself on this reservation who adopted you some years ago and named you "Fast Bear" begin to think that you have given us the shake entirely but I told them that you had so much to do that you hardly had time to stop off and visit us. An Indian by the name of Feather Ear Ring who was in the Custer Massacre and had two brothers killed by the Seventh Cavalry still lives on this reservation. He has been painting as near as he can recollect the way the camp was and how the troops charged the camp and Reno's retreat. As soon as he finishes this painting I intend to send it to you to go with the other relics that I have presented to you. It seems that you don't understand what I want you to do for me. I told you once in one of my letters that I may throw my hat in the ring this fall for Office in this county and that I want you to write to some of your railroad men at Wolf Point to do what they can for me. I am doing very nicely at my old job and Senator Walsh has had my pension increased to \$20.00 per month.

I was the first Indian on the Fort Peck Reservation about six years ago that threw his hat in the ring for constable and I have held this job now for six years with my Government job. A great many of my friends wants me to throw my hat in the ring this fall for sheriff in this little county and I am thinking of doing so on the "Independent or Socialist ticket. Now I don't want you to fail in writing to some of your friends in Wolf Point to leg for me . I must close with kind regards, I am your old friend,

Joseph. Bullerton

Official Interpreter.

Mr. Geo. Bird Grinnell,
238 East 15th Street,
New York City.

Dear Mr. Grinnell:

Your letter July 17th. If you will give me copy of any Bills that have been passed or presented to Congress that are of the nature covered by your letter, that is, to seriously interfere with the use of the National Parks, I would be very glad to interest myself, but I do not wish to become interested in possibilities of such legislation if there is nothing passed or nothing pending.

Frequently these movements get started when there is nothing to justify them. I expect to meet the House Appropriation Committee at Glacier Park within a week and will then have a good opportunity for bringing this matter up, if there are any bills passed or pending.

Yours very truly,

St. Paul, July 22, 1920.

APR 23

Mr. L. W. Hill:

The Congressional Committee will arrive at Billings Sunday evening twenty-fifth, will spend Monday in Great Falls, and will leave Monday evening on No. 43 for Glacier Park.

All the arrangements have been made with the Mayor, Association of Commerce and others for the entertainment of the Committee at Great Falls.

I think I sent you the tentative program of Mr. Goodwin, Superintendent of the Park, for their movement in the Park, all of which was with the idea of demonstrating to them the necessity for ample appropriations to cover improvements of existing roads and trails and construction of new ones. Whether the Committee will abide by this program is questionable.

My dear Mr. Hill:

I want to thank you for the courtesies extended to me and the members of the Committee on Appropriations of the House of Representatives during their stay in the park. I assure you we thoroughly appreciated all that you did to make us comfortable while at the park.

One of my best friends, Col. Wm. G. Dows, of this city, with his wife and daughter, is leaving for the park and expects to arrive at Glacier National Park Monday morning, August ninth. They will spend a couple of weeks there. Col. Dows is the president of a railroad in Wyoming and one in Iowa, and besides is a regular "he farmer" and is doing much to educate the farmers along the right lines politically. Any courtesies you may extend to him will be greatly appreciated.

Again thanking you for the many kindnesses shown to the committee while we were visiting the park, I beg to remain,

Very truly yours,

James W. Good

My dear Mr. Good:

Your letter of the 3rd relative to recent trip at hand and I am very glad to note that you enjoyed your trip in the Park.

I am still at the hotel, but expect to leave in a few days, but will leave word with Mr. Noble to look out for the Dows family and see that they are extended every consideration. I am sure Mr. Dows and his family will enjoy the Park more than you did, as they will have a greater length of time in which to cover the territory.

Yours truly,

Dear Mr. Hill:

We have been having a pretty heavy business at the hotel the past two weeks. Mr. J. Horace Harding, you wrote about, left the Park about a week ahead of time on account of Mrs. Harding having an ulcerated tooth and their having to get some place where it could have attention. Mr. Harding expressed himself as being very sorry to have to leave before having his stay out. I believe he was very well satisfied with his stay in the Park.

Mr. Stephen A. Baker, of New York, is having a good time and he is going to leave for home on #2 Aug. 31st.

Mr. Reynolds, I understand, plans on being back to the Glacier Park Hotel on Aug. 27th or 28th. He is having a very successful and satisfactory trip and is now camping at Belly River.

Colonel Dows, whom Congressman Good wrote about, and his family have just spent two weeks in the Park and, as you know, this is his second trip here, and he is very much attached to the Park in general. He also tells me that he is responsible for Good being a Congressman from Iowa and that Colonel Dows wants to do something for the Park, and if he only knew what to
