Mr. J. A. Binder:-

Attached is application for position as nurse at one of the park hotels from a nurse who has been for the last three years with Armour & Company at South Saint Paul, where I understand she was in charge of and had a large amount of important work to attend to. I have no doubt she would make an excellent nurse for work in the park. The Armour people in Saint Paul will appreciate her having this opportunity, so I will be glad if you will take the matter up promptly with the Doctor, as I understand he has jurisdiction over the nurses, unless you have.

Dear Mr. Hill:

A gentleman named James W. Marsden, knowing that I had some acquaintanceship with yourself, has asked me to ascertain, if I can, just where and when he may have the opportunity of an interview with you in the next week or two. He contemplates going to St. Paul and possibly he could see you there. If not, would you be so kind as to have word sent me as to where and when he might see you most conveniently.

My dear Mr. Binder:

I have written Miss Rule about work for her in Glacier Park during the season of 1929. I have told her that there is no vacancy on the East side of the Park. We have not definitely engaged a nurse for Lewis' Hotel, so I described this to her and asked her to let me know if she thought she would like to work there. If she does, I believe we can place her there although Mr. Lewis insisted on having a special friend of his last year. If she wants the place again, we will probably have to re-employ her.

Mr. Charles Donnelly, President,

St. Paul, Minnesota.

My dear Mr. Donnelly:

Referring to your letter of March 30th, enclosing copy of letter to you from Mr. Hill about taxation in Yellowstone Park.

When the State of Wyoming was created, the territory comprising Yellowstone Park within Wyoming was specifically withheld from the State of Wyoming, and exclusive jurisdiction over the Park given to the Federal Government. When Montana was created as a state, the territory lying in the State of Montana was not specifically withheld from the State, but in the first session of the Montana Legislature, after the state was created, the State passed in 1891 an act granting exclusive jurisdiction to the Federal Government over that part of the Yellowstone Park lying within the boundaries of Montana, so that in the case of Yellowstone, the Federal Government has exclusive jurisdiction, and the states have no right to tax personal property. In other words, Yellowstone Park has always been Federal territory.

In the case of Glacier Park and practically every other national park, the land has originally belonged to the state in which the park is located, and in turning the land over to the Federal Government, the state has withheld the right to tax the personal property in the Park.

Trusting this gives you the information desired.

Yours very sincerely,

Signed - W. M. Nichols

Assistant to President.

Dear Sir:

→ 1000 for Sept. 1929

In reference to your suggestion regarding peonies,
at the Fifth street store Saturday:

I called on the leading growers in the vicinity of
the Twin Cities yesterday and sent out wires for offers of sur-
plus to others in the State, and can get together a lot of
about 3800 peonies which can be assembled in about ten days.

This lot will be made up of standard named varieties,
(no seedlings) and can be had to color or assorted, excluding
dark reds, in strong divisions, disease free and in A1 condition,
at \$240.00 per 1,000, boxed, f.o.b. St. Paul. There will be
a good proportion of dark pink and light reds on the order of
Fragrans, Edulis Superba, etc. Have a few hundred only dark
reds at an Owatonna source (Delachei and Rubra Superba) which
can be offered at \$33.00 per 100.

The bulk of the lot offered will be from the same
growers whose stock you have purchased of me in the past for
North Oaks, and you will note the price is about \$25.00 per 1000
less, if taken without labeling individual varieties. As I hold
these under short option, your early order will be appreciated.

Dear Sir:

I have the following letter from Mr. A. B. Hogg,
our attorney at Lethbridge, Alta.

"In the past I have acted as a sort of scout on local matters. Here is the substance of some rumors, fairly well founded, which I may as well pass on to you.

The Provincial Government is to grade and gravel the highway from Pincher Creek to Waterton Park. Pincher Creek is on the C. P. R. main line through the Crows' Nest Pass. The C. P. R. also is to erect and operate some cottages or camps at Waterton. Brewsters, naturally, will carry the traffic by busses down and back along the new highway.

Possibly the C. P. R. has made arrangements with the Government for construction of the highway similar to what we made for the road from Cardston to Waterton.

Even if true, this may or may not be news to you and your associates. I heard it all some time ago, and on a visit to Pincher Creek this week got it all fairly well confirmed."

Dear Mr. Dishmaker:-

I have just wired you as follows:

"I am ordering one thousand peony plants for Glacier Park. Suggest you plow and prepare ground in various suitable places to accommodate one thousand plants."

On the south side of the Annex, practically the full length of it, should be a good place for a double or three row bed of peonies; and probably there may be some places on the golf links where there is deep, rich soil and the golf links water system available. No doubt on the north and west side of the Glacier Park Hotel, in the plot where the vegetable garden was, should be an excellent place for a large number of peonies.

The ground should be plowed and cultivated very deep and also fertilized with sufficient sheep manure.

I hope these plants will be so planted that they will do well.

Very truly yours,

(SIGNED) LOUIS W. HILL

P. S. I will advise you by wire when the shipment goes forward.

Dear Miss Rule:-

Referring to your recent letter requesting that you be considered for position as nurse at one of the Glacier Park Hotels:

Your letter was referred to Mr. A. J. Binder, Manager of the Glacier Park Hotel Company, and by him referred to the Doctors who have jurisdiction over the nurses in the Park. You probably have heard direct from the Doctors but for your information I hand you herewith copy of letter Dated April 11, sent to Mr. Binder by Dr. W. C. Conway.

Very truly yours,

(SIGNED) LOUIS W. HULL

P.S. Do you want me to write them for you that you would like the place at Lewis Hotel (Lake McDonald)? L.W.H.

THIS AGREEMENT, made this 30 day of March, 1926, between GLACIER PARK HOTEL COMPANY, a Minnesota corporation, authorized to do and doing business in the State of Montana, hereinafter called the "Hotel Company", and H. E. Houston, W. Q. Conway and E. P. Cockrell of Kalispell, in the County of Flathead, State of Montana, hereafter called the "Doctors".

For and in consideration of the mutual dependent promises hereinafter stated the parties agree:

1. THE Doctors shall furnish medical and surgical services to tourists in Glacier National Park and to employes of the Hotel Company between June 1st and October 1st, in accordance with the terms and conditions hereinafter stated. A duly qualified physician shall remain in the Park from June 15th to September 15th, unless called away for an emergency case, in which event he is to return at the earliest possible moment.

2. The Doctors shall employ and pay three trained nurses; one to be stationed at Glacier Park Hotel June 1st to September 30th, and one at Many Glacier, from June 5th to September 15th, the third to be stationed at Sun Camp during July and August.

3. The Doctors shall provide a full line of drugs, medical and surgical supplies at Glacier Park Hotel, at Many Glacier Hotel and at Sun Camp, and an adequate supply for emergency use at each and all of the camps of the Hotel Company in Glacier National Park.

4. The Doctors may charge tourists for professional services at the regular established Montana rates, subject to approval of the National Park Service, but the Doctors shall use their descretion in making such charges to the end that the charges may not be exorbitant. A schedule of charges to be made for medical and surgical services by the Doctors and Nurses employed in the Glacier National Park will be filed with the Hotel Company by the Doctors and this schedule is hereby made a part of this agreement.

attached

5. The Doctors agree to provide to each and every employe of the Glacier Park Hotel Company all necessary medical, hospital and surgical attendance for sickness contracted during the time when such person is employed by the Glacier Park Hotel Company--save and except venereal, infectious and chronic diseases and sickness or injury which have resulted from intoxication and personal combat, and to provide to each and every person so employed, free medical, hospital and surgical attendance for injuries received arising out of and in the course of such employment by the Glacier Park Hotel Company--the employe, however, to pay his or her own transportation to and from all points to which he or she may go or be taken for treatment. The treatment of venereal, chronic and other infectious disease among the employes is not included under the provisions of the first paragraph of this section, but the Doctors shall treat patients for such diseases at the regular established Montana rates.

If it shall be necessary for the Doctor or Nurse to visit employes in the Park at other than their regular stations, the employes shall pay all transportation charges for the visit or visits.

6. The Doctors shall furnish all medical and surgical supplies needed for the employes without charge to them.

7. The Doctor in charge in Glacier National Park shall make his headquarters at the Glacier Park Hotel or at Many Glacier Hotel and shall maintain his office in the dispensaries provided at said hotels. The Hotel Company shall furnish the doctor stationed in the Park a pass on the launch of the Hotel Company which operates on St. Mary's Lake, and shall also permit the said Doctor to ride free on any of the Hotel Company's vehicles.

8. The Doctors shall and hereby do assume all risk of personal injury or death while being transported free on the launch or any of the vehicles of the Hotel Company under the provisions of this agreement however such personal injury or death may occur or be caused.

9. The Doctor in charge in Glacier National Park shall take a constructive and co-operative interest in the Glacier Park Hotel Company, and will assist the Hotel Company and its managers in their effort to give the guests of the Park good service, just the same as though the medical department was operated directly by the Hotel Company,

10. The Hotel Company shall deduct from the wages or salaries of each employe one dollar (\$1.00) for each calendar month, June 1st to September 30th, inclusive, which it shall pay to the Doctors as full compensation for any and all services hereunder agreed by the Doctors to be rendered free to the Employes of the Hotel Company.

From Employes working temporarily or for a period of less than a full month, deductions will be made from the wages or salaries on a basis of ten cents (10¢) per diem, but not to exceed one dollar for any month or part thereof, but no employe shall be entitled to hospital benefit unless full deductions have been made.

11. The Hotel Company shall furnish the Doctor stationed in Glacier Park room without bath at \$1.00 per day and meals in the Officer's Dining Room at one dollar (\$1.00) per day, a total of two dollars (\$2.00) per day. * / *Dr. also pays \$150. for the season for a room adjoining dispensary at Many Glacier Hotel*

12. The Hotel Company shall furnish sleeping quarters for the nurses in the dispensaries in the hotels and board in the Officer's Dining Room at one dollar (\$1.00) per day.

13. The Hotel Company shall have the right to sell at its News Stands and Stores in Glacier National Park such supplies as toilet articles, toothpastes, brushes, talcum powder, perfumes and all other toilet accessories, but all patent medicines and drugs, which are likely to be prescribed shall be sold by the Doctors.

14. The Doctors shall have and maintain regular office hours in the morning and afternoon when they can be consulted in the dispensary and a sign carrying this information may be displayed in a

suitable place in the lobby of the hotels. The Doctors shall specify certain hours when the nurses will be on duty in the dispensaries, and they will be responsible for the nurses observing said hours.

15. If any of the patients entitled to medical, surgical or hospital service as provided for in this agreement, on or prior to the first day of October, shall need the continuation of such service beyond that date, the Doctors shall furnish such service under the terms of this agreement until the case is cured, but not to exceed six weeks.

16. This AGREEMENT shall be in force from April 1st, 1926, but may be cancelled on thirty days notice by either party by giving thirty days notice in writing any time between October 1st and April 1st of any calendar year.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the day and year first above written.
