MINNESOTA WOMAN SUFFRAGE ASSOCIATION

HEADQUARTERS, 403 ESSEX BUILDING
MINNEAPOLIS

Dear Suffragist:

Just two things I want to emphasize in this letter that are of immediate importance to Minnesota suffragists—namely, the Mississippi Valley Conference to be held in Minneapolis, May 7-10, and the Iowa campaign.

The Conference will bring to Minnesota some of the most notable women of the country, including Mrs. Carrie Chapman Catt, and they will consider during the three days of the Conference the most important phases of suffrage activity. Probably we shall never have in the state another so large and important a suffrage meeting.

Minnesota women must do their share in making this event a success. Show your interest by attending the meetings. Show the suffragists who come here from other states that our women are alive to the importance of this cause and are in earnest in an endeavor to bring it to pass.

Come in such numbers and bring your friends to the mass meeting at the Auditorium, Sunday afternoon, May 7, that we shall have to have an overflow meeting.

Out-of-town women, plan to do your shopping at this time. In this way the merchants will become interested in our cause. Everybody wear the suffrage badge on these days.

Everyone, whether a member of our association or not, is invited to the banquet at the Radisson Hotel, Monday evening. Please reserve your ticket several days in advance through Miss Aimee Fisher, 403 Essex Building. Tickets are \$1.50. Evening dress may be worn or not, according to convenience.

Minneapolis suffragists are pleased to open their homes to those who would like such hospitality. Please send your names to Mrs. George H. Partridge, 403 Essex Building.

WHAT CAN YOU DO TO HELP IOWA?

1. Write to every voter in Iowa with whom you have any influence, asking him to vote for Woman Suffrage.
2. Go yourself to Iowa and work.
3. Send someone to work for you and the best way to do this is by sending a contribution to our Treasurer, Mrs. Victor H. Troendle, 1636 West 26th St. We are giving our organizer, Mrs. Albert McMahon, to the Iowa campaign for four months and must raise money to meet this expense. No contribution is too small to be acceptable and none can be too large. To help Iowa now means to help ourselves. Victory for Iowa June 5th means victory for Minnesota before long.

Within three months the women of the great provinces to the north of us, Manitoba, Alberta, and Saskatchewan, have become enfranchised. Let us do our best to help Iowa to step into line in this splendid march of freedom.

Faithfully yours,
CLARA UELAND.

OFFICE SECRETARY

Clara M. Heckrich, 403 Essex Building
Telephone, Nicollet 6270

May 3rd, 1918.

We are sorry to tell you that our former organizer, Mrs. Charles Moller, who did some work for us in your town, is no longer connected with our association. She is working now for the Woman's Party which, as you probably know, is an entirely different organization from that of the National Woman Suffrage Association of which Mrs. Catt is president.

Certain policies of the Woman's Party such as the picketing in Washington, and the general offensive against the party in power, we were unable to approve and accordingly the two associations are no longer connected.

It is with the thought that Mrs. Moller's previous position with us and present position with the Woman's Party might prove confusing to you that we write to make the situation plain.

Within the past year our association has adopted and published the enclosed statement.

Sincerely yours,

State President.

(Mrs. Andreas Ueland)

A Conference of the Minnesota Woman Suffrage Association, a branch of the National American Woman Suffrage Association, of which Mrs. Carrie Chapman Catt is president, wishes to give further publicity to the fact that the picketing in Washington is the work of another and different organization and that this demonstration has not at any time been endorsed or approved by the State or National Suffrage Association.

The Woman Suffrage Association, nationally and by states is pledged to a policy of aid and co-operation in this time of the nation's stress, and regrets that a body of suffragists should employ a policy tending to embarrass and discredit our government in the present difficult situation.

We believe that the enfranchisement of women should be brought about by orderly and constructive methods and we are united in the endeavor to bring about, by such methods, the early political liberation of the women of America.

My dear Miss Heckrich:

Minnesota certainly delighted our hearts with that list of 30 subscriptions. It makes quite a little difference in your state record on the contest.

I have just taken over the circulation work and I notice there is no state circulation chairman for Minnesota. Shall we use your name in that capacity, I notice you are already business secretary, or are you just helping out for a time? Certainly you would make a splendid state chairman. I would like very much to complete the list of state circulation chairmen in the magazine, and would like Minnesota represented in that list.

Many, many thanks for your
subscriptions.

My dear Mr. Dworschak:

We wish in the next ten days to get as many resolutions protesting against the delay of the vote on the Federal Amendment in the Senate as possible. You have heretofore been so ready to help in our cause that we feel free to ask you once more. I wrote you a letter asking for an editorial in your paper this week. In addition to this, I wonder if it would be possible for you to get such a resolution through the Duluth Labor Assembly. If you are not to have a meeting this week, may I suggest that you do as the democratic State Central Committee is doing- getting a referendum vote of their executive committee. If you are able to do this, will you please send copies of the resolution both to Senator Knute Nelson and Senator Frank B. Kellogg?

Both of our senators are favorable to this measure, so it is not necessary to bring pressure to bear upon them personally, but through them to reach the Senate as a whole. They will present these resolutions and editorials to the body.

Thanking you for your friendly assistance on all former occasions, I am

Mrs. Catt has written us that because the situation in regard to the Federal Suffrage Amendment is so critical, the National Board has asked all of the states to join in a campaign of protest against the delay in the Senate.

In carrying out this plan I must beg your cooperation. Will you not therefore bring before the Senate, as well as you are able, the resolutions, editorials, etc., that we are able to send to you?

My dear Mr. Rankin:

I send you herewith two resolutions which we are offering. Of course you can use some other form at your Saturday Lunch Club, only I hope you will make it some kind of a protest.

I enclose copy of a letter from Mrs. Catt and also a copy of some points for publicity, which we are using. Please have the resolutions sent out Saturday without fail, as the vote may be taken Tuesday.

My dear Mrs. Oleson:

I am sending you to day copies of a letter and circular from Mrs. Catt and a form letter from me. I wonder what you can do for us the next ten days in the way of getting resolutions through meetings. I wish we might get some Farmers' Clubs to adopt these resolutions. As Mrs. Catt says, some senators who claim to be suffragists but are very lukewarm, are saying there is no demand for this question now. So we want to reach them with resolutions of all sorts from organizations, both men and women. Do what you can for us and let me know if you are successful.

Dear Suffragist:

I send with this a copy of a letter from Mrs. Catt, which explains itself, and also a copy of her "Points to be Stressed in Mass Meetings and in Publicity."

I beg you will do what you can towards carrying out this plan. This is perhaps the most critical time in all of our suffrage work.

Get up at least one meeting of suffragists, and adopt resolutions of protest and send to-

Senator Knute Nelson, and
Senator Frank Kellogg

See the editors of your local papers and get their cooperation.

Get a resolution of protest through as many meetings of other organizations- woman's clubs, teachers' meetings, labor meetings, farmers' clubs, lodges, as possible.

Form of resolution-

WHEREAS, we believe in the enfranchisement of women,

We protest to the Senate of the United States against the delay in passing the Federal Suffrage Amendment and call for immediate favorable action.

How many can you get in your County? Minnesota must do her share in this crisis.

Cordially yours,

State President

Washington, D.C., May 14, 1918.

TO THE PRESIDENTS AND CONGRESSIONAL CHAIRMEN:

The Congressional Committee has agreed to try for a vote on or about May 28, thus giving time for state activity to influence the situation. We lacked two votes last Friday. We need to strengthen the whole backing of the movement here. There are Senators who will vote for the amendment provided they are assured it will go through! While we are working hard to gain two votes, the enemy is working hard to pull votes away from our side. Liquor lobbyists appeared on the scene last week and the skirmish in the Senate has developed into a bitter fight.

Heretofore we have not asked the States represented by favorable Senators to do much, but we now think there must be a nation-wide demonstration of protest against the delay in the Senate. We therefore bid every state auxiliary to conduct at once the biggest, most publicity producing protest campaign which it can command. Many of the men who are for us believe there is no real demand for the amendment. It must be proved. You will have the satisfaction of knowing that every effort put forth now will tell on your ratification. We urge the following plan:

Call to your aid as many intelligent workers as possible for a few days' vigorous work.

1. In all states where the labor vote counts, get the State Federation of Labor and the largest component organizations to pass resolutions of protest. One person may well give her attention to this branch of the campaign.

2. Get resolutions passed in every town by churches, lodges, schools, political committees. Wherever "two are met together" for any object let them pass a resolution.

3. Lastly and most important, have a series of public meetings in all the towns where you have a suffragist to work. Let the subject of the meeting be "What Are We Fighting For?" Get the best and most popular speakers in the town. Make the meeting patriotic in every sense and have the speakers stress the points on enclosed sheet. The trouble is that our country doesn't yet see that woman suffrage is a war measure. It must be educated. Make stupendous efforts to have packed halls. Get the best write-up you can in all the town papers and ask each editor for an editorial on the same day.

Push and push hard. Use your organization and all others in sympathy to the limit to secure a protest from your state which will be heard from ocean to ocean.

4. Send copies of all resolutions from whatever source as well as those from mass meetings to both Senators. Paste editorials on paper neatly and send them to both Senators with the request that they be read into the record. We want to flood the Senate with these things in such fashion that they will realize it is the biggest demand the country has made.

5. Send copies of all resolutions or at least a list of them and also of the editorials to the Washington Headquarters.

In carrying out this program you will meet refractory, cowardly suffragists and stupid opposition. Unitedly we must swing the old Republic into line for woman suffrage as a war measure. We are relying upon you.

From a small state fifty resolutions should be made the minimum aim and two hundred from a large state. In a small state twenty-five public meetings of protest should be the aim and two hundred and fifty in the large ones. Make sure that all resolutions passed endorse the federal amendment and protest against delay in its passage by the Senate.

This is the time to show whether our suffrage army possesses morale.

Yours for victory and victory now,

CARRIE CHAPMAN CATT

President

1. Every political party has pledged its support to woman suffrage in general, and the Federal Amendment as a method, either in its platform or by resolution of its National Committee.
2. The House of Representatives has passed the measure, and many state legislatures have passed resolutions calling upon the Senate to pass it.
3. The President and most of his Cabinet are outspoken in advocacy of it. Most of the well known leaders of both dominant parties are for it.
4. Woman suffrage is inevitable all the world around. Why delay it?
5. Great Britain and Canada have enfranchised their women. What our allies have done in war time, our Republic can do.
6. A "hundred per cent American" Republic will not deny its women the political liberty that monarchies have extended.
7. Our country went to war "to make the world safe for democracy," that is, to make it possible for each nation to govern itself and for the people of each nation to enjoy the political liberty denied by kaiser ruled nations. Are we fighting for the freedom of men, or of the people?
8. We claim that the hope of real and permanent victory is through the growth of democracy within Germany, yet our country has not consistently cleared its own record and denies political liberties which other countries extend.
9. We are to send millions of young men out of the country, leaving their families without a voter, while men too disloyal to be trusted with war work are to be trusted to vote. The enfranchisement of women by the federal amendment means to give the country a patriotic vote of defense. We must fight for democracy in the trenches of France and at the polls at home.
10. The government has taken the sons of mothers to fight abroad for the liberty of men in other lands while still denying that liberty to women at home. Such inconsistency will ring down the ages to shame our children and our children's children.
11. Our government which calls upon its women to give their all toward a war for democracy can not with justice deny them the vote, the symbol of democracy, at home.
12. No nation in the world will believe our country sincere in its war aims of freedom for the little nation by "self determination" if it denies to women what other nations have granted.

13. Woman suffrage has been made a war measure by the facts (1) that this is a war for democracy, and the struggle for woman suffrage is a battle for democracy; (2) other nations have seen this point and either enfranchised their women or promised to do so in definite terms; (3) it is a war by all the people of the nations for the rights of all the people of the world. (4) Those who fight for the rights of others should enjoy those rights themselves.

14. The German newspapers did not print the news that the British Parliament had enfranchised two millions of men and six millions of women. The reason is obvious. The menace of autocracy is democracy. Naturally, the Kaiser dreads an uprising in Germany which will leave no place in its scheme for a King by Divine Right far more than he fears the world's armies and navies. Therefore no encouragement to democratic German thinkers must be permitted to slip through the censor's hand.

If the Senate votes "Yes" on the suffrage amendment, will German papers print that news? Probably not, and for the same reason that made them silent when Great Britain and Canada gave the vote to women. If the Senate votes "No", will they print the news? Yes, for the Kaiser fights to make the world safe for autocracy and any refusal of the vote in a land which professes to fight for democracy will discourage democracy at home. Is that not true?

"Find out what your enemy doesn't want you to do and then do it" is a slogan credited to more than one military strategist.

May 20, 1918.

Our National Suffrage Committee writes us that the Federal Suffrage Amendment will probably be voted upon one of the last days of May.

The vote will be very close and in this critical situation there is to be a nation-wide protest at the delay of the Senate vote.

There are to be meetings, resolutions of protest from organizations, telegrams from influential people and editorials from newspapers that are favorable.

We beg that in this crisis you will favor us with such an editorial in the next issue of your paper and that you will send us three or four copies of the issue containing the editorial as soon as it is off the press. We wish to send them to the two Minnesota Senators asking them to read them into the records. As you probably know our Senators are in favor of the measure, this national protest is for the purpose of arousing the Senate to the necessity of immediate favorable action and to the urgency of the federal amendment as a war measure.

I inclose a list of suggestions that may save you time in preparing your editorial.

Thanking you for your consistent support of our cause which we hope and believe will before long be won nationally, I am

Sincerely yours,

Dear Suffragist:

I am sending you a number of "Protests" and I beg you will get them signed by groups of prominent people in your town, such as ministers, teachers, office holders, etc., and that you will mail them not later than Saturday, May 25th, using a special delivery stamp, to Senator Knute Nelson and Senator Frank B. Kellogg, at Washington.

I know this is quick work, but this is a crisis in the history of suffrage. Show today that you care for the Cause of Woman Suffrage.

If you can use more protests, write out the forms yourself or get them type-written. Please send us a report of all your work.

Dear Madam:-

You will find herewith a report on our referendum. It is incomplete, of course, and undoubtedly other names will be received tomorrow. Out of 15 members of the State Central Committee received so far, 14 were favorable.

The Hennepin County Committee does not show up as well as it should, for the reason that I was unable to reach them by telephone today. I was more successful in Saint Paul. Tomorrow morning I will try Minneapolis again.

I enclose also the press clipping showing many names of Democratic suffragists who do not happen to be members of the committees. For your information, copies of telegrams sent at the solicitation of Mrs. Moeller also are enclosed.

Yours very truly,

James E. Scott

My dear Mrs. Ueland:

I am surprised in reference to what you say about Mrs. Catt. Our committee had a conference with her a short time ago and with her consent they agreed upon a time within which the amendment should be brought up. So far as I could judge it seemed to be satisfactory to her at that time. The question was how to get two more votes and I do not know as the flooding of me with resolutions, editorials, etc., would do any good in that direction. At least it does not seem so to me. It seems to me your efforts should be confined to those states where there is some hope of securing the vote of ^a ~~the~~ Senator. There is no use in belaboring us ~~before~~ the amendment with a lot of resolutions, editorials, etc. If they are sent to us, why, of course we can introduce them but nobody will ever take the pains to read them among the Senators.

Yours very truly,

Knute Nelson

Will you please present the enclosed Protest before the Executive Board of the Lake Harriet Commercial Club at its meeting Saturday evening? As I told you in our telephone conversation, we consider this a war question. Our country can not consistently hold up the standard of democracy unless it will give to its patriotic women the right of self-government.

As the vote may be taken early next week, I beg you will send your resolution in a night letter to both Senators.

Thank you so much for your cooperation.

Please add to your list of members of the Democratic State Central Committee who are favorable to the enfranchisement of women:

Douglas Greeley,	Virginia.
James F. Williamson,	Minneapolis.
W. J. Quinn,	St. Paul.
Fred L. Ryan,	Duluth.

We are sorry that these replies were received too late to be of use to you in your publicity matter, but no doubt you will be glad to have these names on file.

Of course, there are many other members of the local county committees whom I did not communicate with, because of lack of time, but there is not the slightest doubt that the vast majority of the members of the Democratic organization favor woman suffrage.

Of the above, Mr. Weiss is editor of The Duluth Herald and a member of the Minnesota Public Safety Commission; Mr. Gislason is Democratic candidate for Attorney General; Mr. Quinn is secretary of the State Central Committee.

Should you wish further information at any time I shall be glad to furnish it.

Yours very truly,

My dear Senator Nelson:

Among the many protests from groups of people in Minnesota, I want to call your special attention to that of the Lutheran ministers. This paper was signed by most of the ministers of that denomination in Minneapolis, very many of whom had hitherto been unwilling to have their names used as being in favor. This is an indication of the great change in public opinion on the question of Woman Suffrage. While many Scandinavians have been for the cause, we have considered the Lutheran clergymen, as a class, a bulwark on the side of the opposition.

Sincerely yours,

(Mrs. Andreas Ueland)

My dear Mrs. Mathews:

I enclose copies of our protests. The Amendment will not be voted on for several days, so that you will have time to sign this and also to get signatures from some of your officers and other members. I hope you will be able to get a number of signatures.

Do you expect to have any meetings within the next two weeks. It would be fine if you could get our resolutions passed at such meetings and I will be glad to send you copies of our resolutions for that purpose, if you think there is any chance.

Sincerely yours,

Mrs. Andreas Ueland, Pres.,
Minnesota Woman Suffrage Association,
Minneapolis, Minn.

My dear Mrs. Ueland:

I am very sorry that I am unable to do what you asked me in your two letters of recent date. I am working in one of the local banks and my hours are very long - often from before eight in the morning to almost six at night. Under those circumstances I cannot possibly do the work you ask. I would like, however, to suggest someone else who if she can be induced to undertake it will undoubtedly do the work very well. Mrs. H. M. Wheelock is the one I have in mind. She has a lot of ability and energy and her husband has influence as an editor. She is also very busy and may not have time to do the work. In that case I would suggest Mrs. David L. Brown. She has always been an ardent suffragist, but in my opinion lacks Mrs. Wheelock's energy.

I would get into touch with either of these people myself but feel that a direct appeal from you would be far more flattering and doubtless more effective.

Very sincerely yours,

Katharine Parsons

Dear Mrs. Ueland:-

Mrs. Beatty, the President of the Tenth District of Minn. Federation of Womens Clubs, has requested me to send you a letter endorsing the suffrage resolution to be forwarded to Washington. This matter is a very familiar one to me, as I am a member of the Scandinavian Suffrage Association of Hennepin County, as well as a member of the Concordia Society, which society, unanimously endorsed the resolution, at its regular meeting ~~last~~ Tuesday. I also had the privilege of hearing Mrs. Ascough at Mrs. Brights last Monday, and having been in "Uncle Sam's" service for better than twelve years, as postmistress, I am certainly a suffragette, heart and soul. At any rate, we wish you to know that the Tenth District stands solidly with you on this question, and feel hopeful that we must win.

Yours, for success,

Mrs. A. F. Beatty,

Pres., Tenth District.

Hon. Knute Nelson,
United States Senate,
Washington, D.C.

My dear Senator Nelson:

In reply to your letter of May 23rd, I want to say that Mrs. Catt and our National Board came to the conclusion that in the very critical situation of our Amendment, a nation-wide campaign of protest to the Senate would be the most effective means of winning the few necessary votes. Mrs. Catt asked that those states with favorable senators also join in this campaign, in order to demonstrate that there is a general demand for the measure.

We have been extremely sorry to add to the number of things pressing upon your attention, but as we in Minnesota can only reach the Senate through our own state senators, there seemed to be nothing else to do in this emergency but to ask you and Senator Kellogg to give our various forms of protest to the Senate.

We have been surprised and pleased at the almost universal response we have met for this appeal. As I wrote you the other day, we have an almost unanimous vote from the Scandinavian Lutheran clergymen of Minneapolis. State and county political committees of all political parties seem quite in favor of the measure and newspapers that heretofore have been non-committal or opposed are coming out in favor of the national suffrage measure. I feel sure you and Senator Kellogg will make it quite plain that public sentiment in Minnesota is strong for the Amendment.

Thanking you for your many favors, I am

Sincerely yours,

(Mrs. Andreas Ueland)

Senator Nelson takes exception to bombardment campaign. Mrs. Ueland is sending his cor response to Mrs. Catt. Meantime you may wish to see him and obtain cooperation before our material reaches him and wire us result. Also we would appreciate special advice concerning continuance of campaign. Massmeetings impossible, here petitions of doubtful expediency in view of proposed thorough petition campaign, therefore I suggest, subject to your criticism merely resolutions from meetings and eleventh hour telegrams prominent men. Also we need statement to counteract publicity about Nelson's attitude.

My Dear Bertha C. Moller:-

I am in receipt of your
letter, dated May 25th, 1918, in which you say you
would be glad to have from me an expression of what
my attitude towards the Susan B. Anthony Amendment
to the Constitution of the United States will be. I
can say that I am very much in favor of the success
of this Amendment and shall always be ready to every-
thing that I can to advance and promote further interest
in it by my Country and State. Should I be successful
and become a member of our State Legislature for 1919,
it shall give me great pleasure to loose no time in
placing my great State on record to be among one of
the first States in the Union to ratify the adoption
of this Amendment.

Thanking you very much for calling my attention
to this, I am,

Most sincerely yours,
