Resolved, that this mass meeting, held under the

democracy and the rights of nations, should also champion the
rights of ~~its~~ its own citizens, its un-enfranchised women, and
as the direct means to that end ~~xxxxxxx~~ shall use his

votes to women.

[Nov. 8, 1916]

RESOLUTION PASSED BY THE BOARD OF THE NATIONAL

AMERICAN WOMAN SUFFRAGE ASSOCIATION ON WEDNESDAY, NOV. 8th.

WHEREAS, It has been brought to our attention that in filling positions in the civil service officials of the Federal Government discriminate against women applicants because of their sex; and

WHEREAS, Public records show that since Sep. 8, 1916, among 120 appointments and 33 transfers to clerical positions in the War Department at Washington only one woman was included, altho it does not appear that the positions were such that sex would have been a factor in efficiency or suitability; and

WHEREAS, The civil service registers of eligibles from which said appointments were made reveal no lack or corresponding disproportion of qualified women as compared with qualified men, there being 937 women and 1,208 men on those registers on Oct. 23, 1916; and

WHEREAS, The discriminatory attitude of officials of the Government is further reflected in the fact that women are not admitted to the Special civil service examinations for stenographer and typewriter now being held monthly in 400 cities of the United States, and are similarly excluded from many other examinations which they are competent to take; and

WHEREAS, This discrimination appears further in the fact, as set forth in the Civil Service Manual, that the usual entrance salary for men stenographers and typewriters is \$900 a year, while for women stenographers and typewriters it is \$720, and we are informed that men are also given preference in promotions, upon grounds of sex alone; therefore be it

RESOLVED, That the National Board of the National American Woman Suffrage Association express to the President of the United States and to the head of each of the executive departments of the States and to the head of each of the executive departments of the Federal Government, their emphatic protest against this discrimination on the part of appointing officials, and demand, in behalf of the women of the country, who are taxed equally with men, to support the government establishment, that women be admitted to the civil service and be promoted therein upon the same terms as men; and

RESOLVED FURTHER, That a copy of this protest be sent to the women's organizations in each of the various states, to the various suffrage journals and women's periodicals, and to the newspapers throughout the country, that the public in general and women especially may be informed in this matter.

MINNESOTA QUARTERLY CONFERENCE
DULUTH, MINN.

April 26 and 27, 1917

"To the President of the United States: The women of Minnesota are prepared to give their sons and brothers to this war, if need be, to forward the cause of world democracy, but they demand that the lives and well being of these soldiers be safe-guarded in every possible way.

To this end they most earnestly petition that you will use your executive power and prohibit the manufacture and sale of intoxicating liquors during the period of the war and until such time as a prohibition law becomes effective, prohibit the sales of liquor within a radius of ten miles of every military camp or station."

"The Minnesota Woman Suffrage Association resolves that, Whereas the public safety committee appointed by Governor Burnquist has with great wisdom ordered the saloons in the vicinity of Fort Snelling closed, be it

Resolved, That this conference heartily and gratefully commends the commission for this far-sighted measure, looking toward the physical and moral welfare and the increased efficiency of the enlisted men."

m (Editors are at liberty to use editorially verbatim)

Owing to the misconception as to the attitude of suffragists generally, which has arisen as a direct result of the recent demonstration of the Woman's Party, pickets in front of the White House at Washington, D.C., Mrs. Andreas Ueland has issued the following statement of the standing of the National American Woman Suffrage Association and the Minnesota Woman Suffrage Association in regard to the matter.

The statement was read and approved before a body of state suffragists assembled in conference in Minneapolis, June 27th, and is subscribed to by a majority of the Board of the Minnesota organization.

"A Conference of the Minnesota Woman Suffrage Association, a branch of the National American Woman Suffrage Association, of which Mrs. Carrie Chapman Catt is president, wishes to give further publicity to the fact that the picketing in Washington is the work of another and different organization and that this demonstration has not at any time been indorsed or approved by the state or national suffrage association.

"The Woman Suffrage Association nationally and by states is pledged to a policy of aid and co-operation in this time of the nation's stress, and regrets that a body of suffragists should employ a policy tending to embarrass and discredit our government in the present difficult situation.

"We believe that the enfranchisement of women should be brought about by orderly and constructive methods and we are united in the endeavor to bring about, by such methods, the early political liberation of the women of America."

It seems to me the wonderful
work done by the women
in this & especially ^{allied} foreign
countries to win the present
war has swept away
the last vestige of a
reasonable argument against
their being given the vote.
The question should be
settled without delay
~~settled~~ by granting
this right. The sentiment
of the country approves
it. There is no good ex-
cuse for delay in the de-
cision especially when
war issues demand the
earnest attention of everyone
especially our statesmen.

Yours truly

Suffrage Is Indorsed.

"We pledge ourselves to work with all our might for the adoption of the state amendment prohibiting the manufacture and sale of alcoholic liquors within this commonwealth and for the ratifications of the prohibition amendment of the federal Constitution.

"The right of citizens of the United States to vote should not be denied or abridged by the United States or any state on account of sex. We declare in favor of the enfranchisement of women, and we call upon the United States to submit speedily the Susan B. Anthony amendment that has already passed the House to the legislatures of the several states for their ratification.

I trust you will urge passage of suffrage amendment on Friday. If vote is deferred I appeal to you as ex-Private Secretary to Governor Hammond to assist in its passage during this session. Women of the United States should be enfranchised at once to harmonize with our foreign policy.

Dear Suffragist:

I send with this a copy of a letter from Mrs. Catt, which explains itself, and also a copy of her "points to be Stressed in Mass Meetings and in Publicity."

I beg you will do what you can towards carrying out this plan. This is perhaps the most critical time in all of our suffrage work.

Get up at least one meeting of suffragists, and adopt resolutions of protest and send to-

Senator Knute Nelson, and
Senator Frank Kellogg

See the editors of your local papers and get their cooperation.

Get a resolution of protest through as many meetings of other organizations- woman's clubs, teachers' meetings, labor meetings, farmers' clubs, lodges, as possible.

Form of resolution-

WHEREAS, we believe in the enfranchisement of women,

We protest to the Senate of the United States against the delay in passing the Federal Suffrage Amendment and call for immediate favorable action.

How many can you get in your County? Minnesota must do her share in this crisis.

Cordially yours,

Clara Ueland
State President

Washington, D.C., May 14, 1918.

TO THE PRESIDENTS AND CONGRESSIONAL CHAIRMEN:

The Congressional Committee has agreed to try for a vote on or about May 28, thus giving time for state activity to influence the situation. We lacked two votes last Friday. We need to strengthen the whole backing of the movement here. There are Senators who will vote for the amendment provided they are assured it will go through! While we are working hard to gain two votes, the enemy is working hard to pull votes away from our side. Liquor lobbyists appeared on the scene last week and the skirmish in the Senate has developed into a bitter fight.

Heretofore we have not asked the States represented by favorable Senators to do much, but we now think there must be a nation-wide demonstration of protest against the delay in the Senate. We therefore need every state auxiliary to conduct at once the biggest, most publicity producing protest campaign which it can command. Many of the men who are for us believe there is no real demand for the amendment. It must be proved. You will have the satisfaction of knowing that every effort put forth now will tell on your ratification. We urge the following plan:

Call to your aid as many intelligent workers as possible for a few days' vigorous work.

1. In all states where the labor vote counts, get the State Federation of Labor and the largest component organizations to pass resolutions of protest. One person may well give her attention to this branch of the campaign.

2. Get resolutions passed in every town by churches, lodges, schools, political committees. Wherever "two are met together" for any object let them pass a resolution.

3. Lastly and most important, have a series of public meetings in all the towns where you have a suffragist to work. Let the subject of the meeting be "What Are We Fighting For?" Get the best and most popular speakers in the town. Make the meeting patriotic in every sense and have the speakers stress the points on enclosed sheet. The trouble is that our country doesn't yet see that woman suffrage is a war measure. It must be educated. Make stupendous efforts to have packed halls. Get the best write-up you can in all the town papers and ask each editor for an editorial on the same day.

Push and push hard. Use your organization and all others in sympathy to the limit to secure a protest from your state which will be heard from ocean to ocean.

4. Send copies of all resolutions from whatever source as well as those from mass meetings to both Senators. Paste editorials on paper neatly and send them to both Senators with the request that they be read into the record. We want to flood the Senate with these things in such fashion that they will realize it is the biggest demand the country has made.

5. Send copies of all resolutions or at least a list of them and also of the editorials to the Washington Headquarters.

In carrying out this program you will meet refractory, cowardly suffragists and stupid opposition. Unitedly we must swing the old Republic into line for woman suffrage as a war measure. We are relying upon you.

From a small state fifty resolutions should be made the minimum aim and two hundred from a large state. In a small state twenty-five public meetings of protest should be the aim and two hundred and fifty in the large ones. Make sure that all resolutions passed endorse the federal amendment and protest against delay in its passage by the Senate.

This is the time to show whether our suffrage army possesses morale.

Yours for victory and victory now,

CARRIE CHAPMAN CATT

President

POINTS TO BE STRESSED IN MASS MEETINGS AND IN PUBLICITY.

1. Every political party has pledged its support to woman suffrage in general, and the Federal Amendment as a method, either in its platform or by resolution of its National Committee.
2. The House of Representatives has passed the measure, and many state legislatures have passed resolutions calling upon the Senate to pass it.
3. The President and most of his Cabinet are outspoken in advocacy of it. Most of the well known leaders of both dominant parties are for it.
4. Woman suffrage is inevitable all the world around. Why delay it?
5. Great Britain and Canada have enfranchised their women. What our allies have done in war time, our Republic can do.
6. A "hundred per cent American" Republic will not deny its women the political liberty that monarchies have extended.
7. Our country went to war "to make the world safe for democracy," that is, to make it possible for each nation to govern itself and for the people of each nation to enjoy the political liberty denied by kaiser ruled nations. Are we fighting for the freedom of men, or of the people?
8. We claim that the hope of real and permanent victory is through the growth of democracy within Germany, yet our country has not consistently cleared its own record and denies political liberties which other countries extend.
9. We are to send millions of young men out of the country, leaving their families without a voter, while men too disloyal to be trusted with war work are to be trusted to vote. The enfranchisement of women by the federal amendment means to give the country a patriotic vote of defense. We must fight for democracy in the trenches of France and at the polls at home.
10. The government has taken the sons of mothers to fight abroad for the liberty of men in other lands while still denying that liberty to women at home. Such inconsistency will ring down the ages to shame our children and our children's children.
11. Our government which calls upon its women to give their all toward a war for democracy can not with justice deny them the vote, the symbol of democracy, at home.
12. No nation in the world will believe our country sincere in its war aims of freedom for the little nation by "self determination" if it denies to women what other nations have granted.

13. Woman suffrage has been made a war measure by the facts (1) that this is a war for democracy, and the struggle for woman suffrage is a battle for democracy; (2) other nations have seen this point and either enfranchised their women or promised to do so in definite terms; (3) it is a war by all the people of the nations for the rights of all the people of the world. (4) Those who fight for the rights of others should enjoy those rights themselves.
14. The German newspapers did not print the news that the British Parliament had enfranchised two millions of men and six millions of women. The reason is obvious. The menace of autocracy is democracy. Naturally, the Kaiser dreads an uprising in Germany which will leave no place in its scheme for a King by Divine Right far more than he fears the world's armies and navies. Therefore no encouragement to democratic German thinkers must be permitted to slip through the censor's hand.
- If the Senate votes "Yes" on the suffrage amendment, will German papers print that news? Probably not, and for the same reason that made them silent when Great Britain and Canada gave the vote to women. If the Senate votes "No", will they print the news? Yes, for the Kaiser fights to make the world safe for autocracy and any refusal of the vote in a land which professes to fight for democracy will discourage democracy at home. Is that not true?
- "Find out what your enemy doesn't want you to do and then do it" is a slogan credited to more than one military strategist.

Our National Suffrage Committee writes us that the Federal Suffrage Amendment will probably be voted upon one of the last days of May.

The vote will be very close and in this critical situation there is to be a nation-wide protest at the delay of the Senate vote.

There are to be meetings, resolutions of protest from organizations, telegrams from influential people and editorials from newspapers that are favorable.

We beg that in this crisis you will favor us with such an editorial in the next issue of your paper and that you will send us three or four copies of the issue containing the editorial as soon as it is off the press. We wish to send them to the two Minnesota Senators asking them to read them into the records. As you probably know our Senators are in favor of the measure, this national protest is for the purpose of arousing the Senate to the necessity of immediate favorable action and to the urgency of the federal amendment as a war measure.

I inclose a list of suggestions that may save you time in preparing your editorial.

Thanking you for your consistent support of our cause which we hope and believe will before long be won nationally, I am

Sincerely yours,

Clara Ueland

Pres. Minnesota Woman Suffrage Ass'n.

*To state chairman
of next council of
reference
enclosing attached
protests*
My dear

The cause of Woman Suffrage is at one of the most critical moments in its history. The Federal Amendment may be voted upon in the Senate next Tuesday- the result is uncertain.

If you believe in this cause, if you believe we are engaged in a war to make the world safe for democracy, and that our patriotic women should have a share in their own government, will you sign the enclosed protests and send them today to

Senator Knute Nelson,
Senator Frank B. Kellogg, Washington, D.C.

Your state chairman, Mrs. T. G. Winter, is working with us in this effort and hopes the county chairmen will join in the protest.

On account of the short time, will you not place a special delivery stamp on your letter?

Sincerely yours,

(Mrs. Andreas Ueland)

State President.

Dear Suffragist:

I am sending you a number of "Protests" and I beg you will get them signed by groups of prominent people in your town, such as ministers, teachers, office holders, etc., and that you will mail them not later than Saturday, May 25th, using a special delivery stamp, to Senator Knute Nelson and Senator Frank B. Kellogg, at Washington.

I know this is quick work, but this is a crisis in the history of suffrage. Show today that you care for the Cause of Woman Suffrage.

If you can use more protests, write out the forms yourself or get them type-written. Please send us a report of all your work.

Yours for Suffrage NOW
