STRECKFUS STEAMBOAT LINE
FREIGHT ABSTRACT

Sheet No. _____

Steamer _____

Route: From _____

To _____

Trip No. _____

{ Up
Down

Date: From _____

19 to _____

19 (inclusive)

Instructions: This Abstract is compiled by Second Clerk, from the bills of lading, care being exercised that each column is accurately filled in. Second clerk will assort all bills lading immediately upon leaving port, in landing order, and number them consecutively in upper right corner, commencing with number One, leaving St. Louis, and continuing throughout the round trip. Bills lading received after leaving port, will be numbered and entered on Abstract in order received.

Prepaid Freight is indicated by the letter "P" placed immediately to the right of the figures denoting the amount of "Freight."

Footings of "Freight" column, plus footing of "Advances" column, must agree with footing of the "Total" column.

Do not carry figures forward from one page to another, but foot each page separately. Make a Recap. of the several pages, on the Last Page, using an extra sheet, if necessary.

Number Abstract pages in order completed, commencing with sheet No. 1, leaving St. Louis, and continuing throughout the round trip.

Make separate Abstract for each Up and Down trip.

Prefix figure to "0" in B. L. No. column to designate Bill of Lading Numbers.

The "Tonnage Memo." columns accurately compiled, will greatly facilitate making up the Tonnage Report.

Foot Weight of shipment From or To each town, and carry the figures into "Total Weight" column. Foot Freight in same manner, and carry amount into "Total Freight" column. Totals of the two "Weight" columns must agree, as should totals of the two "Freight" columns.
