LARGE BANNERS - 54" x 36"

We believe in Equal Suffrage because we believe in Democracy.

In states where women vote there is better enforcement of laws protecting working girls.

Minnesota denies the vote to Criminals, Lunatics, Idiots, and Women.

Are women less concerned than men in having pure water, pure milk, clean streets, good housing?

We want the glad spirit of human liberty.

If you think the cause is just, join the ranks.

Do you know 4,000,000 women now vote in the United States?

Women vote in (names of 10 states and Alaska). Why not in Minnesota?

LARGE AND EXTRA NICE

Minnesota Woman Suffrage Association.

Equal Suffrage Association of Minneapolis

Political Equality Club

Scandinavian Suffrage Association of Minneapolis

MEDIUM BANNERS - 36" x 28"

"We must first win the battle of democracy."

Women need the ballot; the ballot needs women.

In Norway and Finland men and women vote on equal terms.

Our sisters in Scandinavia have the vote. We want it here.

Why isn't mother good enough to vote?

"I would like to see the ballot in the hands of every woman."
(Mark Twain)

Oldest Suffrage Club in Minneapolis. Organized 1868.

All this comes of teaching girls to read.

Shall Minnesota block the path of Progress?

The country needs the voting power of all its citizens.

3. There are many arguments against it, but no reasons.

We believe in Equal Suffrage because we believe in Democracy.

Best Suffrage Argument - Its Work.

Why must we labor under man-made laws?

Do not be a fly on the wheel of progress.

Social problems must be settled by both man and woman.

Women vote in Australia, New Zealand, Norway, Finland, Iceland, Denmark.

Women are citizens and wish to do their civic duty.

For God and Home and Native Land.

Equal Suffrage for all. Economic suffering for none.

Woman Suffrage is not only right but practical.

Give us the vote to protect ourselves.

VOTES FOR WOMEN Eventually - Why not now?

2 If not, why not?

3 More Ballots. Less Bullets.

3 Not Privilege but Justice.

The country needs us.

"Failure is impossible."
(Susan B. Anthony)

Give girls a fair show.

(11 Banners with names of Suffrage States).

STRIPS - 10' x 18"

We would rather not be classed with Criminals, Lunatics and Idiots.
(This on long strip to be carried by especially fine-looking young women)

Women need votes to protect the home.

VOTES FOR WOMEN - Eventually - Why not now?

"Simple Justice is what the world needs."
(Lucy Stone)

Taxation without representation is tyranny.

Woman's first vote in Illinois helped close 1000 saloons.

To Drivers of Cars

1. Keep ten feet apart during parade.
2. In St. Paul; when the first car of the parade stops, all others will stop where they are and not move up to the Capitol steps.

They will park where they stop and discharge their passengers who will enter the Capitol and go through to the front steps.

Cars must remain parked just where they stop until passengers return to them after the celebration.

You will notice that according to this plan some passengers will have to walk a block or two, while some will be near the Capitol entrance.

[ca June 9, 1919]

INSTRUCTIONS TO AIDES

1. TELL ALL DRIVERS OF CARS IN YOUR DIVISION TO KEEP
TEN FEET APART AT ALL TIMES DURING PARADE
2. IN ST. PAUL: WHEN THE FIRST CAR OF THE PARADE
STOPS, ALL OTHERS WILL STOP WHERE THEY ARE AND
NOT MOVE UP TO THE CAPITOL STEPS.

THEY WILL PARK WHERE THEY STOP AND DISCHARGE
THEIR PASSENGERS WHO WILL ENTER THE CAPITOL
AND GO THROUGH TO THE FRONT STEPS.

CARS MUST REMAIN PARKED JUST WHERE THEY STOP
UNTIL PASSENGERS RETURN TO THEM AFTER THE
CELEBRATION.

You will notice that according to this
plan some passengers will have to walk a block
or two, while others will be near the Capitol
entrance. This is the only feasible plan.

SUFFRAGE AMENDMENT VICTORY CELEBRATION

Torrents of rain had absolutely no dampening effect on the enthusiasm of the fifteen hundred or more suffragists and their friends who gathered Monday night in the State Capitol St. Paul to celebrate the passage of the Federal Woman Suffrage Amendment after fifty years of back-breaking struggle on the part of the women of the country for political enfranchisement.

The Victory celebration served the double purpose of rejoicing over points won and of firing the first gun in the campaign for ratification of the amendment by the Legislature of Minnesota. Governor Burnquist was approached several days ago by Mrs. Andreas Ueland, President of the Minnesota Woman Suffrage Association and advised with as to the possibilities of a special session of the Legislature for the purpose of ratification and proved to be most friendly in his attitude. The Governor has ^{told} assured the suffragists that upon assurance that there will be enough legislatures called in session by other States to ratify the amendment by the necessary thirty-six votes, he will not hesitate to call Minnesota, probably in the early months of next winter 1920.

The keynote of every speech made during the celebration was "ratification" Senator Ole Sageng of Dalton who had come to the city principally because

2

the suffragists felt that no such affair would be complete without the presence of the man who has fought so long and so strenuously for suffrage in the Minnesota Legislature, made the prophecy that not only would any legislature of Minnesota men willingly ratify the suffrage amendment but that Governor Burnquist would doubtless give the present legislature an opportunity by calling a special session. Senator Sageng ended his address with the telling words:-

"To-night seems to me the last act in a great performance. The last act and the first in a newer and greater. New life will be injected into every American institution. The motherhood and womanhood of America will turn the balance of right and justice, instilling a higher revelation of all that is civilized into national life."

The same high note was continually touched and held by the other speakers of the evening including President Marion Burton of the University of Minnesota, Mrs. Peter Olesen of Cloquet and Maria Sanford. Governor J.A.A. Burnquist's address opened the celebration and from start to finish it was a fine tribute to the national offerings already made by the women of America and faith in the great political contribution to come.

Bulletin 2.

The National Suffrage Policy

The attention of the National American Woman Suffrage Association under the direction of its splendid leader Mrs. Carrie Chapman Catt is already focussed and in action on special sessions in whatever States it is necessary for the purpose of ratifying the Federal Suffrage Amendment recently passed by the United States House and Senate. Thirty six favorable State votes are necessary to carry the amendment, and many of the State Legislatures do not meet again until 1921. It is the feeling of the women everywhere that the inexcusable delay of the 65th Congress in holding up their amendment has given them the right to petition for these special sessions --and ^{they} believe that the temper of the various states will ~~make~~ compel even a few unwilling governors to comply. The present feeling of the National Association is strongly that women will vote in every State of the Union ^{in the} ~~in the~~ next ^{J.A.A.} presidential elections. Governor Burnquist has already assured Mrs. Andreas Ueland of his willingness to call the special ^{in Minnesota} session in the early months of 1920 if enough Governors of other States will take the same step. There are in the case of Minnesota several other matters which might be disposed of to advantage at such a session.

In the end Mrs. Ueland presenting the League of Women Voters as a strictly Non-Partisan League.

HOW TO GET MINNEAPOLIS PEOPLE OVER
TO THE SESSION

Suggested that Mrs. Searle take charge of it.

We recommend having automobiles promised by owners and the people who apply to go, to be assigned to the automobiles by chairman of the committee, in which case a rendezvous will have to be selected, and parking and other regulations planned.

The alternative plan might be to ask owners to fill their own automobiles. (Of course, we can never count upon them in such a case.) In addition, to have certain number of chartered cars for which people should engage seats beforehand.

In case Mrs. Searle takes charge of this she is to have absolutely full charge, and to choose her own committee.
