Dear Ambassador Kampelman:

On behalf of the Southeast Region, American Associates, Ben-Gurion University of the Negev, I want to thank you for your fine presentation at our AABGU National Annual Dinner Dance in Palm Beach on February 20th.

The evening was a true celebration of the commitment and dedication of so many individuals from all walks of life who truly believe in the future of Ben-Gurion University of the Negev!

As an added note, I understand that the Jewish Horizons Radio Network interview went very well. We certainly appreciate your highlighting the challenges confronting this very distinctive University.

I hope to have the pleasure of seeing you again in the very near future.

Very truly yours,

Gloria Genin Lester

Dear Ms. Genin:

I want to thank you and Mr. Powers for your most gracious letter of November 30. Even though I did not "offer" to be guest speaker on February 20, I was pleased to accept the invitation from Dr. Braverman. He and I are friends, and I always hesitate to say "no" to him.

Yes, Dr. Braverman did suggest as part of his invitation that my wife accompany me, and we both agreed to surround the event with a few days in the sunshine as guests of the University. We have not yet addressed the issue of whether we will take advantage of that suggestion prior or following the February 20 date. We will keep you informed.

As you know, my assistant's name is Sharon Dardine, should you or any of your associates desire to communicate with her. She will make the appropriate airplane reservations, the details of which we will provide you when they are confirmed. She will also send you appropriate request for reimbursement. There will be no additional honorarium.

You will find enclosed a full copy of my biography. It is my understanding that Mrs. Dardine has faxed a summary of it earlier this week.

With respect to the subject of my talk, I have not yet decided what that will be. A great deal has already been said about the negotiations underway between Israel and the PLO, and a great deal more will be said between now and February 20. I may, therefore, not want to add much to that crescendo. It would be safe, however, to use the title "Entering a New Middle East World," which gives me some flexibility.

All my best.

Sincerely,

Max M. Kampelman

Dear Ambassador Kampelman:

AG 11/30

We were delighted to learn that you have offered to be the guest speaker for the American Associates, Ben-Gurion University of the Negev's Annual Dinner on February 20, 1994. The event is being held at the Ocean Grand Hotel in Palm Beach.

We understand that you would like to stay at the hotel a day or two before and/or after the 20th. Please let us know the dates you prefer and reservations will be made for you and your wife.

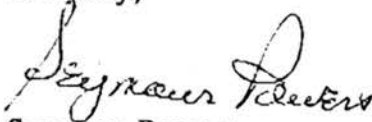

Under the circumstances, the best topic for your presentation is probably the "peace process." However, please feel free to suggest any subject that you are comfortable with. Also, a few remarks from you on behalf of the University would certainly enhance our program.

As discussed with Sharon Dardine yesterday, we would appreciate a biography so that it may be included on the program.

ROBERTA PETERS

A singer of incandescent vocal radiance, Roberta Peters illuminates the opera and concert stages as one of America's favorite artists of this century. She immediately became one of the Metropolitan's most prized sopranos after her sensational debut at the Metropolitan Opera when she made a surprise debut as Zerlina in Mozart's *Don Giovanni*. Miss Peters achieved a record of longevity with the Met unrivalled by any other leading soprano, and in 1985, the company honored her in a special ceremony on her 35th anniversary. She has performed with the world's major orchestras, on its major recital stages and at celebrated summer festivals.

Miss Peters was first invited to appear at the White House by President John F. Kennedy, and she has appeared to sing for every president at the Executive Mansion since then. She has been invited by many American colleges and universities to give master classes, and has also devoted herself to social causes. Miss Peters is currently the Chairperson of Cultural Events for the American Associates, Ben-Gurion University.

CLAIRE & HAROLD OSHRY

Throughout long and distinguished careers in communal life, Claire and Harold Oshry have dedicated themselves selflessly with outstanding generosity to many Jewish philanthropic organizations. In the highest tradition of Tzedakah they have advanced the causes of education, science and humanitarianism with warmth and kindness.

Initially in New York and for over a decade in South Florida, Claire and Harold have been active in the United Jewish Appeal and with the Ft. Lauderdale Federation. Harold served two terms as President and Claire is currently Major Gifts Chair for the Women's Division.

Harold Oshry's presidency of American Associates, Ben-Gurion University has been marked by a bold commitment to growth which set the course for its historic three-year \$75 million fund-raising campaign. In 1992 the Oshrys crowned a decade of support for the University by endowing the Claire and Harold Oshry Chair in Aquatic Microbiology.

With the establishment of this Chair new horizons will be opened in the ongoing struggle to ensure that future generations will inherit an ecologically purer world.

As we have been honored by their service, we are proud to pay them honor.
