New-York, January, 1866.

To the Elders of the Presbyterian Church.

DEAR BRETHREN:

We desire to address you fraternally as members with us in the brotherhood of Christ and in the Eldership of that branch of His Church which it is our privilege to serve.

By the minutes of our General Assembly for 1864, it appears that we then had 1,442 Churches on our rolls. Each of these Churches has, of course, one or more ruling Elders; 940 of these having less than 100 communicants each, will not probably average more than two Elders, the remaining 502 Churches will, we presume, average five each. If these figures approximate the truth, we have in the service of the Churches connected with our Assembly 4,370 ordained ruling Elders; men selected by the respective congregations whom they serve, for their piety, knowledge of the Scriptures, Christian experience and ability to be overseers in the house of God.

On these Elders devolve responsibilities of the greatest importance. In respect to the congregations by whom they have been placed in office and to the whole Church, they are clothed with powers and charged with duties of the highest character. In all that relates to the general discipline and oversight of the Churches, in the *Session*, the *Presbytery*, the *Synod* and the *General Assembly*, the Ministry and the Eldership have *equal* responsibilities and powers. Our General Assembly says with reference to this point (see digest page 56), "It is a recognized principle of our Church polity in accordance, as we believe, with apostolic teaching, that Bishops, Ministers and Elders, constitute but one grade or rank of officers in the Church of Christ; and hence that in all our Church judicatories they have equal rights and powers. In all the judicial business of the Church, all are Presbyters alike." This then is the recognized position of the Eldership in the Presbyterian Church, a position of great honor, and, if rightly occupied, of great usefulness. Honorable indeed, just in the degree of the fidelity to the Master with which its responsibilities are met. HARLAN PAGE, JOSEPH BREWSTER, ELISHA TAYLOR, OTIS ALLEN, and a host of others, our beloved brethren, who have finished their course and entered into glory, honored the Eldership and were honored in it, because (like their Divine Master), it was their meat and drink to do the will of God in their high office and to finish the work which he had given them to do.

Were all the Elders in our Church clothed with *their* spirit, what an aggregate of Christian and moral power would our ranks present. How greatly the spiritual wants of our beloved land and of a dying world would be promoted. Whilst we may properly rejoice and give thanks to God in view of all the good which as a Christian people we have been able to accomplish, is it not evident that the demands of our country and of the heathen world will never be supplied until the Church is far more thoroughly aroused to a sense of duty and to appropriate action?

All of us, all the redeemed people of the Lord, are solemnly pledged before heaven and earth to make the upbuilding of His Kingdom our *supreme object*. Are we living as Christians and Elders so as daily to redeem this pledge? Is it true of us that our supreme object in life is to build up the Kingdom of our glorious Redeemer? Is the sanctification of the Church and the salvation of sinners, *the great object* to which in our esteem all others are secondary?

Could these questions be answered in the affirmative by the 4,370 Elders in our Church, what glorious results would at once appear! How would revivals of religion be multiplied, the hands of the ministry be strengthened, sinners in great multitudes be converted and the Church be built up in her most holy faith.

It was in view of such thoughts and questions as these, that it was suggested to invite a meeting of the Elders who should attend the General Assembly at Dayton in 1864, with the Elders of the Churches in that city, to consult as to the desirableness of attempting to secure a meeting of Elders at each Session of the General Assembly for the purpose of prayer and conference with special reference to the duties of the Eldership.

After consulting the Moderator of the Assembly, the invitation was given and a meeting of Elders was convened at Dayton, at which Hon. SAM'L H. PERKINS of Philadelphia, presided; the subject was discussed and the following resolution was unanimously adopted:

Resolved, That a Committee of five Elders be appointed to consider the expediency of calling a meeting of Elders at Brooklyn during the Sessions of the next General Assembly for the purpose of prayer and conference, with reference to the work of the Eldership, with power to call such a meeting if they shall deem it expedient. Elders WILLIAM A. BOOTH, SAM'L H. PERKINS, JNO. MILTON SMITH, JAS. B. PINNEO, WM. CHURCHILL, JESSE W. BENEDICT and OTIS ALLEN were appointed such Committee.

The Committee thus appointed deemed it expedient to call the meeting as indicated in the resolution. It was held on two evenings in the spacious Church of which the Rev. THEODORE L. CUYLER is Pastor; was largely attended by the Elders who were members of the Assembly, and by the Elders of the Churches of New-York and Brooklyn, and the exercises were deeply interesting. Elder WM. A. BOOTH presided and Elder JNO. MILTON SMITH acted as Secretary. At the second meeting the following subjects were specially considered:

What are the indispensable means of preparation for efficiency in the Eldership ?
What are the responsibilities of the Eldership ?—

- | | |
|--------------------------------------|---------------------------------------|
| 1. To the Church, local and general; | 3. To the Sabbath School; |
| 2. To the Ministry; | 4. To the Judicatories of the Church; |
| 5. To the Country and the World. | |

and the following resolutions were unanimously adopted :

Whereas, it seems desirable that a meeting of Elders for conference on subjects pertaining to their office should be held annually during the Sessions of the General Assembly ; therefore,

Resolved, That a Committee of seven, including the Chairman of this meeting, be appointed to call a meeting similar to this during the Sessions of the next General Assembly, and to address a circular to the Elders connected with our Church, requesting from each answers to such questions as the Committee shall deem calculated to promote the interests of the Churches and the honor of the Master.

Resolved, That the Committee have authority to report rules and regulations for future meetings.

Elders WALTER S. GRIFFITH, W. A. BOOTH, OLIVER E. WOOD, J. MILTON SMITH, New-York and Brooklyn; Hon. E. D. MANSFIELD, of Ohio; EBENEZER B. JONES, Esq., Penn Yan, N. Y.; RUSSELL SCARRITT, Esq., St. Louis, Mo., were appointed the Committee contemplated in the resolution.

We now address you in the discharge of our duty as the Committee thus appointed, for the purpose, by a meeting comprising a much larger number of ruling Elders than was ever assembled in this country before.

It seems to us very desirable that all the Elders of our Churches shall be interested in these initial measures to excite a deeper interest in the great work committed to us and to cultivate the spirit of brotherly love and sympathy. We send this circular therefore to the Session of each Church enrolled on the minutes of the Assembly, and a number sufficient to place a copy in the hands of each of the Elders. It is our earnest hope that we may receive a reply from every Elder into whose hands this shall go.

A meeting will be held during the Sessions of the next General Assembly at St. Louis, similar to those held this year at Brooklyn, and it seems very important to secure a full attendance of Elders at that Assembly. May we not hope that you will do all in your power to promote the election and attendance of the Elder or Elders which your Presbytery is entitled to send, and as many more as possible? That we may be able to present to that meeting the most important facts relating to the Eldership, its members, and efficiency in our Churches, and some statistics which can be gathered from no other source, we subjoin a list of inquiries and earnestly request that you will aid us in our work by giving as full and careful answers as practicable to each of these questions. To some of them you may not be able or willing to give any answer, but we indulge the hope that you will favor us with replies to most of them as early as possible.

Please direct your reply to the Secretary of the Committee, J. MILTON SMITH, Esq., President of the Arctic Fire Insurance Company, No. 18 Wall Street, New-York.

We shall be happy to have you add such remarks touching the subject as you may feel inclined to make.

WALTER S. GRIFFITH,
WM. A. BOOTH,
OLIVER E. WOOD,
E. D. MANSFIELD,
EBENEZER B. JONES,
RUSSELL SCARRITT.

My dear Husband,

Anna received a letter from Isabella written at "Paddy's Run", after her return from visiting Miss Peabody at Oxford. Perhaps we will send it if Henry has a half freight envelope tomorrow.

I took dinner at Mr. Merrill's on Saturday last. It was quite an old ladies party. I went as a kind of experiment - thinking a little stimulant might be a benefit, & I do really feel a little more life in me this week than last. I have written to Isabella today & am tired - so I must rest. Good bye again - dearest.

Your loving wife. - Mary. *S. M. G. 13*

Rev S.R. Riggs

My Dear Brother,

I was very

much gratified to receive so long a letter from you by last mail, - and I shall not be able to return the measure this time as it is late & the mail starts in the morning. I am very glad you are staying with the prisoners this winter. I hope that they may be better fitted to return to their families & that they may return in the Spring, but especially that their consciences may be enlightened & their souls fitted for its release from the body.

Those already returned here have not all turned out well - though our best men here are most of them from among those. The old men will sigh for old idolatries. Tateibomdu meets with the conjurers. Tunkanahnamani has

taken at last both his old wives —
and old Iyojanjan thinks he's too
old to come to meeting much more.

Big Eagle says he is not indebted to God
for his release and so we need not expect
his assistance. Nevertheless, ^{Christian} religion
is more popular here than it has ever
been, and I think more vital power
too. Though last Sabbath was an un-
pleasant day the house was so crowded
that some could even get a place to sit
down on the floor & had to go away.

The week of prayer we observed. The
Indian men who had become oaths staid
in their speeches awoke to new life & in-
trust & different classes met together
& determined to fulfil better their
duties.

There are so many large boys
& girls in the school that may never
again have as good an opportunity of
learning that I think it the best
I can do to assist Mr. Pond with
the teaching so I am now in the
School about 3 hours in the

morning & 2 in the afternoon.
This with my Church duties &
preparations for the different ser-
vices takes my time so that I am
not likely to accomplish as much
as I would like in the way of
scripture study, & Dakota book
making.

Still I am doing something
both about an Arithmetic & a
Dakota & English book.

I would like to know if
there are any copies of the English &
Dakota Vocabulary (that were struck off
separately) at New York or any where
else that you know of that could be
got; & also if that part was
stereotyped.

I expect to go to Presbytery
in the spring & then to Gen Assembly
should my nomination be confirmed.

Please remember to your family - all
of whom I often think of with the kindest
wishes,

Yours fellow servant
John P. Williams

P.S. The idea is not out of my mind about a Grady try meeting out here sometime or other, but I don't know what to think is best yet

P. S.

I intended to have suggested that you remind the prisoners that their agreement to give up polygamy must extend to word as well as deed. Some who have wives here that they promised to keep have been promised for favors shown to their fellows some sister or daughter here, & have written them "nicin" letters.

Some others who promised to put away one wife have written letters to that ~~wife~~ woman trying to get her to wait for them.

Some of these cases are sources of sorrow to their friends here who had hoped that they were stronger in the faith. Others doubtless are reciprocated.

Pejutaska who had two sisters for wives & promised to put away the younger, has for sometime been writing to both. They are both members of the church & I think good women. The younger has repeatedly told him

that she did not consider him
her husband & hoped he
would not so address her
any more.

A few days since she showed
me a letter which she had just
got from him that was truly
outrageous. He said he was
"winaca yids," & he would be
home by & by, & no matter who
she married he would have
her then, & if he couldn't, as
good as said she would die.

I told her not to pay any
attention to it but she feels
dreadfully about it.

I only mention these things
to guide you in the case
of your flock.

The woman was very anxious
I should write to Pyutasaka
which I think perhaps I shall

Please find enclosed a letter from Mr Renville, I received your letter from Davenport.
It was all correct, I have always dated the year from the 1st of Oct; as regards the children, and I should prefer if made no difference that it should be reckoned from that date. Then in case we kept them or did not so it would be so that we could return them to their homes better in the fall and would not be on an expense. I do great haste & closely send love to all your family

My Dear Boy Robbie,

When I sit here alone
in the evening with nobody to talk with,
I often get to thinking of my children as
they are scattered and to be scattered still more.
Alfred has a little family of his own and is
doing battle with life. Isabella is going
away to the country where the tea grows and
we may never see her again. Martha and
Robbie are away up at Monkato working
and playing I suppose. Thomas and Henry are
I hope studying their books or cutting wood
up at our Beloit home. Anna Jane is getting
supper for them. Little Lizzie is perhaps making
pictures.

Well when I commenced to think about them
all this evening I concluded I would light a
lamp and write to Robbie.

I will tell you a little bit of a story.

A long time ago, before Martha was born,

I stopped at Fort Snelling and took dinner with an officer there whose name was Captain Eastman. And now after about twenty five years his grand son writes a letter to him, which he wished me the other day to translate into English. It is a very nice letter, and I will send you a part of it.

"Grandfather,

I never saw you, but I write you this letter. My name is George, as they tell me that you are my grandfather. This I wish to acknowledge by sending you this letter. They tell me that you are a great man. But my mother was your daughter, and I am her child. She is dead many years ago - and my brother and myself are here suffering in this prison with the Indians. This I wish to tell you of your father. We are in want of clothes and other things, and for that reason I write to you. Can you not send us a little money grandfather?

Grandfather that is all I have to say.

My brother and I shake hands with you grandfather.

My mother's name was Nancy. My Indian name is Hish-hendato, Red-owl. My brother's name is Hepidah. He is thirteen years old and I am fifteen. My father is here also."

Now don't you think that is a nice letter for an Indian boy to write to his grandfather! Some years ago his grandfather lived in Washington City where the President lives. I sent the letter there.

I hope my boy Hobie will soon be able to write good letters. But I wish more than anything else that you will strive to do right and love Jesus Christ.

This is a long letter for you to read, but if you can't read it all Martha can easily help you some even.

Good bye. God bless my boy Hobie.

Your father aff.

Dear Brother Rixys

By the favor of God I am
with the pleasure of your
translating of Psalms has come safe
to hand, and will endeavor
to do with the manuscript as
you request.

Mr J. B. Remond passed here
early in Decr on his way
to visit our friends to the
Sents expecting as I under-
stand to return early in Jan.
As we had no money I was
soon after I was feeling some
uncertainty about him when his
brother in law Russell Butler came
here between Christmas & New
Year and informed us that J. B.
R. staid at his house over

Brown took the tubbath
after he left here and that in
consequence of the stage horses
giving out he has brought the
passenger from Brown took
but Ridgely among them
the father of Rev. Hardworth who
told him he saw Remond the
preacher at the Fort before he
left which was after the first
har storm. We have no news
from him since But in the second
week of Jan. sister received a letter
from his wife who was very anxious
every about him; hope he has
return home by way of Fort
Abenomie as the rest of
S. & S. Ridgely has been circu-
tious. I sent his wife a draft
for \$50. am desirous sending an
other of like amount when I
hear from them, as pay for his

service for last year, and
am willing to draw for
him as you mention further,
an sumpon being so.
I as well as the Committee, am
not sure that helping chil-
dren in the families you men-
tion is the best way of using funds,
and while I may continue asking
for them now in their families
I do not propose asking for an
appropriation for any number
of these families unless
you give me on myself has
personal knowledge of the
person and think he or she
will probably be employed
as a teacher or minister.

I approve of your manage-
ment of the prisoners so far
as I understand it, but hope
the Govt will give you a written

upon a prompt answer if
then or not a prospect of their
being returned to their relatives
earlier in the Spring I will cer-
tainly do what I can to aid
and encourage you to go to
Washington to intercede for them
though it is now going myself
I will inform him every thing
till about the time Congress
adjourns. I suppose no White
man desires their speedy return
more than I do.

It argues well for their safety
that not withstanding the threats
and the removals upon report
as many in good standing
as I report either last Spring
or the Spring before.

Mr C. Hall formerly of a
gentleman at Lakeland has been
preaching for us for a long

upon a prompt answer if
then or not a prospect of their
being returned to their relatives
earlier in the Spring I will cer-
tainly do what I can to aid
and encourage you to go to
Warkington to intercede for them
though it was going myself
I will perform it however
till about the time Congress
adjourns. I suppose no White
man desires their speedy return
more than I do.

It argues well for their fidelity
that not withstanding the threats
and the removals upon report
as many in good standing
as I suppose either last Spring
or the Spring before.

Mr C. Hall formerly of a
gentleman at Lutkelen has been
preaching for us for a long

six weeks time the church
members who have known
him like him in wish to have
him thought worthy to the office
since he went with his audience
as have been small.

Ellsworth's eyes were not so well
when W.M.S. sent the last letter
we have received but he was
still hopeful.

Ellin when I last wrote you
were very poor, but are now as
well as they have usually been
for some years past. Our own
family have better health
this winter than for several
years past. Mr. Augur's family
have poor health as usual.

Mr. Rubiffson has been laboring
for some time with Dr. Goodale
at Bellows Falls our reports are
very encouraging notwithstanding that
nugget however.

I cannot progress so fast
as you do in translating but
am more than half through
the 32 chap of Exodus, I
often feel thankful that
you incline you & M.R. R. to
make the Lakota Dictionary
as I have frequent occasion to
consult it. It is a much higher
value on their R's just than I do
at first, I send you herewith a
list of words with the places in
which they occur in Exodus which
I have felt at a loss how to trans-
late, many if not most of them
I suppose the misnomer can if the
meaning is properly explained
translate better than any of the
other Lakotas, such as you
think are properly rendered in
the English in Dade to die, you
may not inquire about. Please
examine the places in which

They are few & to which I prefer
write the Lake & you think best
opposite him return but take
your time to it.

We sympathize with you in
regard to Isabella. I rejoice that
you have a still fit mind willing
to go on such an important
mission. I think you should
and hope that you & Mrs. R. will
feel that that it is a great mis-
sion in hand and I hope she may
be abundantly useful. Still I
know that you are especially
her mother must feel for a jour-
ney with her to go to the ends
of the earth. but the
Lord will sustain you & Isabella
be it if my love does extreme and
prayers for her success always
regards to all your family
Yours affectionately

Quartermaster General

Dear Sir

Yours of 31. July reached

me yesterday. I have already ad =
= mitted a communication to Department
Head Quarters recommending that the
Indian prisoners be released as they
are doing no good to themselves or
any one else as they are. I have
also requested permission to issue them
clothing but have no answer. though
it has been over a month ago
I did not however recommend their
being sent yet, to Crow Creek, after

their nation. for these reasons
They can't live there. they can run no
camps with any certainty. but your
however was an exception. their tribe
, the Pawnee, are still hostile & I fear
many of the prisoners will join them
should they find themselves poor &
starving, like their relatives at the
Agency or the Yanktonas.

Besides all this, it would create
an alarm among the settlers on
the frontiers of Minnesota. Dakota
& Iowa. for they have not the same
confidence. that Indians will behave
themselves as honestly as we with
that you, & I, perhaps have.

Your letter I have forwarded

Rev Mr. Riggs;

Dear Sir:

Having failed to receive any returns from Mr. M. S. Hinman since the transmission of your deed, or any response to a second letter of inquiry sent ten days since, I have decided to apply to you for an explanation. I know, as a Christian brother, you will feel an interest in the widow of an aged servant of the Lord Jesus. My lamented husband labored with great earnestness and success, more than half a century, and after the failure of his health I laid out one thousand dollars of my little means to secure for him a home and divert his mind, which latter it did aid materially, in doing.

My means are very limited and I have been obliged to borrow the money ^{from} I had anticipated for the payment of

13

your little piece of ground.

Mr. Samuel Hinman was a noble Christian friend, and his son wrote me, after the father's death that he would attend to the business for me and transmit the payment in five twenties at N.Y. pieces, just as his father would have done.

Will you have the goodness, My dear Sir,
to write me immediately, in reference to
this matter, and thus relieve my anxiety
if not my embarrassment.

Yours,

most respectfully,
(Mrs.) L. W. Lansing.

Mr. S. R. Riggs

Dear Brother, — I see

it is a month since the date
of yours written during the week
of prayer. I have made use
of your letter & one that I rec'd
about the same time from Wm
man in our Prayer-meeting on
both Prairies, with apparently
good effect tho' there is such
a degree of odium attached to the
word "Indian" that I don't chuse
often to speak it.

I am glad you find something
to encourage & cheer you in the
prison. I think we have evidence
that should satisfy us that the mer-
ciful God is operating in their
dark hearts. & teaching them.
As many as an "angel of God"
our Savior says, will come to him

As many as an "admirer of
eternal life" will believe.

It is not to be wondered at
that many individuals should
indulge the thoughts & feelings
of the Prairie. It's no strange
thing in a christian church.

It is wonderful that Medicin-
men should seriously & deliber-
ately decide against Wapiyapi
& the Taken-Wakan of their fathers
& in favor of Jesus & his doctrine
& christian life.

I don't feel as if I had been very faithful
to Indians or to others, though I have
spoken to many, against my words,
in relation to religion, & trust, in
godly simplicity & sincerity. It has
seemed to me personally that I have
spoken into the air. It made
me feel glad if three words
which I have spoken have been
retained by God's with good results

I tried to hold evening
meetings at the church during
the "week of Prayer" but Providence
blocked up the roads & filled the
air with clouds & snow so as to
render it impossible. Lately
we have held two evening meeting
a week at the church. There
appears to be a good state of feeling
in the church. The tone of piety
is evidently improved. Christians
appear a talk & pray as if they
had lately been "wound up" as one
say of the clock, or oiled as one
chimney.

A number of young
persons have expressed a deter-
mination to "serve God". One
mother stood up with her in-
fant in her arms & sobbing
said that she was determined to be
a christian. There are blossoms
but God only knows how many
of them will wither & fall while

they are yet blossoms.
There seems to be a general
seriousness - evidence that
Jesus of Nazareth is passing -
there was manifest in the com-
panions of many, anxiety - a
struggle - yesterday as I tried
to persuade them to call to him
for help now as the blind men
of Jerico did.

We were much interested
by what you said in relation to
Isabell - It was what we an-
ticipated. I am glad very
glad, that so many of the children
of the Dakota Missions are
evincing a disposition to devote
their lives to direct & active
service for Jesus. May God
bless Isabell & make her
a good & useful woman

Yours &c

Sir:

A copy of your letter in reference to the Sioux Indian prisoners at Davenport Iowa, dated the 31st ult. addressed to General Sully, has been forwarded to this Department by General Pope.

In reply I have to inform you, that an order has been made by the Secretary of War, by which these Indian prisoners are to be turned over to the Commissioner of Indian Affairs on the first of April next. The Commissioner has adopted means to secure if possible, a new home for them, and their women and children now at Low Creek, which place has been deemed unsuitable for their residence.

I am sir,

My Dear Mrs Riggs

I wrote Isabella

a few days ago, not having an opportunity of sending to the office yet I must not let the privilage pass without talking with you, for a little while, for I am alone, something very unusual for me.

I hoped to have the satisfaction of talking face to face - but must relinquish that pleasure at present, as my Aunt will remain in New York until April.

We & Mrs Haskruck Ella & Johnnie left us to day for Philadelphia, from there to Schenectady N.Y. perhaps to remain

Mr Hasbrouck mother died in October. It was her wish that he should come & occupy her house. It is also the desire of his brother & sister as they cannot have the family circle broken at S. The climate is the great objection. Mr H. has been in the South for the last four years & is very sensitive to cold. We have had very cold weather ever since his return two weeks ago. He came direct from ^{Victoria} Texas where he has been for the past six months in charge of Post Hospital.

We do not feel as all reconciled to their going East to live. Mother is feeling very badly about it. She does not give her daughter up, as she did several years ago. Not that her

faith is any the less, we now realize that our mother is indeed growing old in this life. She had always been so active it is hard for her to think that she cannot do still as she used to.

You will rejoice with me when I tell you that my husband is coming and decidedly on the Lord's side six weeks last night since he first prayed aloud, oh what moments they were to me, I cannot describe them. To think I should realize what I had been hoping & praying for for fifteen long years. I was not prepared for it for I had set my own time so often & had been disappointed not that I distrusted God goodness for a moment. I had other cause for

joy, a few weeks before, in the conversion of Alice. She has indeed been "born again" & is a real comfort to us now, so different that it is delightful to have the care of her. I have had such deep trial with her much of the time since I saw you until early in the fall. She united with the church the first Sabbath in the new year.

Mrs Elliot has been here much of the time since she came on & only last week succeeded in securing a situation. She has tried me sorely in various ways.

I know you are going through a deep trial in giving Isabella up & human sympathy is nothing. I hope your health is so much improved that you will be ^{to encourage} better able than you were when I saw you ~~to do~~ at any time when I have heard from you. Remind me kindly to Mr Riggs & the children. Ever affectionately yours

Pilot. Wis. — Dear Brother

I have before me
your letters of Dec. 16. Jan. 16. (to Dr. Anderson & Jan.
4. I was much interested in the first, as showing
how the Christian Dakotas regarded some of their
old customs. How they reasoned on moral
questions. The letter to Dr. A. will furnish mate-
ter for the Herald. Yours of Jan. 4. asking for aid
in Isabella's outfit, was attended to at once.

There are many hopeful signs in the
state of our chs. The fear of interesting
natives, we think that the no. will increase.
We at the Miss. House are looking for a
blessing upon our Miss. Stations, though we
have no marked encouragement. We suppose,
however, that the chs abroad will sympathize with
the chs at home; if the "abundance of grace"
shall come, it will rouse the thirsty, far
& near. Kindest regards to your wife & children

I was much pleased to receive a few lines from you in Isabella's letter I often think of you and your family and how much you have done for me where I might have been if it were not for your kind efforts and prayers to God for my rescue from the Indians. I have written a note for Isabella and will enclose it in this and you will please send it to her, if she has

gone before this reaches you
it contains a photograph
of my little Amos which
you can take out and
see if you wish

Dear Friend

Mary Martin

handed me your note of the 26th.
Today. It was with difficulty
I got her to copy you little, as
she is not very ready with her
pen, and it came about exam-
ination time. She has copied
it or less than half a dozen
times. I send the most readable
copy.

I am sure no one could
be more disappointed than I
am, that I was not at Isabella's
wedding. I have only heard of it
indirectly, through Miss Blasdell,
until receiving your note.

Miss Till is not expected
for some four or five weeks yet.

Somewhat affairs look rather
dark just now, as the scholars
are on the increase. They have
got an idea that if they are the
last sick they must go home.
They want Miss Liles who will
then, to put a stop to it.

Love to all

Very sincerely

Rev. Mr. Riggs.

Dear Friend.

Mr Remond is sick so I will reply to your note. May was 18 last August but what day I have never been able to learn. We do not think best to reply to Mr Swift's letter.

Mr Remond says Ennas folks are very anxious to know about the claims and what is to be done with it. and while speaking on this subject I will take the liberty to ask if nothing can be done, or rather if something cannot be done to secure Spotted Hawk's (Susans Leather) Claims by waiting to Washington as doing something I'm sure I don't

know what such frauds are
enough to make any untested
Indians lose confidence in
the white man.

Mr Renville's long trouble bins
very much many more such
attack will destroy them altogether.

It must be sad for you
all to part with Belle, but you are
only furnishing another one to labour
in Christ's Kingdom on earth and it
wont be long before China and
all the distant lands will be as
though they had never been and
all the families of the earth that
are redeemed shall meet in Heaven
not no more to part and it
seems to me that those who
have given their lives for the service
of their Master, ^{among the poor}, will be received
with joy unspeakable, but I am
only blundering as I always do
when I go to speak of these

glorious themes to those who
understand ^{them} so much better
than I do. But as one star
diffireth from another star in
glory, so I expect to see if ever
I reach Heaven to see among
the bright stars of Glorifiers
Many a Missionary, (others of
course) but one thinks I shall
recognise them first
then, the redeemed they were
the humble instruments of
pointing to the Savior.

I regret I did not
rely to Belle, and thank her
for her kindness in ^{offering to} sending
me her photograph but it is too
late now I wish I had it I
should prize it highly.

My love to all the friends -
as Mr Smith made Mr Renville
walk up into the pulpit with him
and set through all the service

don't you suppose some
of the people painted. what is
to come of Minnesota.

I have taught
all winter but shall stop soon.
I almost hear you say I had
better stop if I send such letters
as this to Clerical Friends but I
still believe you are of a forgiving
spirit and and I do so many
things bad, it is of no use of apologizing
I really intend this letter more for
Mrs Riggs than you, and so I must
tell a little more. Sophia is staying
at Mendota a while for a visit.
Mr Van Eman's people are well
I always love to hear from
Beloit my each home and more
than ever now

Havenport. — Dear Bro.

In my last, I omitted to acknowledge your letter of Jan. 31, which I had perused with care & pleasure. J. B. Remond has made a report of his excursion. He had a "hard time", most unquestionably. He reported his expenses at \$156. The Com. advised the matter to Dr. W. to allow what is proper. I told Dr. W. to do the same thing hereafter. It is better that the misdeomy to adjust such matters; such is our rule with native helping preachers.

Lower & March 9, then just rec'd. the note "aunt" Isabella, I think, will be printed some day, perhaps after she has sailed. I am glad to hear of the change of plan in regard to the Dakotas. The Lord grant them better dogs, in things temporal or things spiritual!

sorry for this delay and cause
great disappointment to you
as it must have been indeed -
but I understand that the wedding
came off at about the time mention-

something of the kind enclosed
may answer as a matter of
conformity to the statute of the state.
If anything more or different is
necessary from me as stated Clerk
of Presbytery have the goodness to
let me know & I will attend to it
with pleasure.

I am working on in the Bible
Agency with encouraging results -
but these are not quite up to the
great period we celebrate the Jubilee
year. Nor indeed scarcely worthy
of the great & blessed work to be done
by the human race. Biped Lucy, in
giving the world, God's truth & grace.

We are contemplating a return this
Spring to our old home at St. Peter.
As well as usual with us.

We were glad to hear of the comforta-
ble state of Mrs. Riff's health - hope
she may quite regain her health.
We were surprised to hear of Martin
& Robbie's return home, mid winter.
They must have gone over lots
or passed us by.

Mrs Adams comes with me in
Landing. Best regards to
yourself and family.

Yours faithfully
M. M. Adams.

Dr Sir:

I have delayed answering your letter, with the hope of being able to learn something of the whereabouts of Mr Swatzer, but I have not heard from any one who knows where he is. I am inclined to think he is somewhere in this city, and may yet find him. If I do so will write you. If you will address the Postmaster

at Fort Wayne Indiana, you may be able to hear something of him. I do not know how Ravillard can obtain his script unless he can find S. or at least give the number so that it can be traced.

Very Yours

J. W. Windom

to act un-advisedly in the matter.

Unless there should be a change of programme I shall leave here early in May. I duly thru the morning papers of today which contain a telegraphic despatch from Omaha, that my Col. Comm'r. Capt. Taylor has been holding tel. communication with the Indians at Fort Laramie, who were present with their Agent and the Comm'r Officer, and that the 1 June has been designated as the time for us to meet them.

I neednt state in conclusion, that I consider it to be my special duty to restore friendly relations with the Indians, so far as possible, and to help them as much as I can consistently with my duty to the Govt. I fear that "White Lodge" & "Sleepy Eyes" with their bands, & others associated with them, are still bent upon mischief. Such is the tenor of the last advices, would any of the prisoners at Ft. join them in case they should be released? God speed you in your good work.

Yours sincerely
H. H. Sibley
Br. Major Gen'l.

Confidential

Gen. Sibley

St. Paul, March 14th 1866

S. R. Riggs
Beloit, Wisconsin,

My dear Sir,

Your favor

arrived after full cancellation. It is overland route should be taken through mist. Reached me this evening, and I hasten to reply to it.

The Commission is to be divided, three Members including myself, to proceed to Fort Laramie, to treat with two bands of the most Western Sioux, (The Ogallallas and Upper Brules,) & to go with the Cheyennes & Arapahoes, all of which Savages have been the terror and pest of overland travellers for the past few years.

Gen. Curtis with the remaining members of the Commission, will go up the Missouri to complete the work of the last season, and to negotiate with other tribes & sub bands. The programme when I left Washington was understood to be, that our branch would meet the Indians in council

between 20th May and 1st June at Laramie,
and the others meet at Fort Sully on 20th May
at Fort Rice 1st June, Fort Berthold 10th June
and Fort Union if I recollect right about 1st
to 3rd July. Of course it may be requisite
to modify or change these arrangements to
accommodate circumstances.

If you desire to go with us, I will ask
authority to employ you as interpreter, which
I have no doubt will be granted. On my case
you paper to accompany the other commission,
I will write to that effect. I need not state
that I should be much gratified to have you
with us.

I worked hard for the Crow Creek measurables
while in Washington, as well as for the
Surrenderd Siouxians at Chadron, and I
have addressed the Commt. Ind. Affairs on
their behalf since I returned here. The
plan is to remove the former to the mouth of
the Niobrara (or Sweet Water or Running Water)
where the bottom land is comparatively good,
and where the Indians will be more out of

the way of other Indians, as well as of the whites.
I am now awaiting directions to send to the
Siouxon Chiefs & Head Men, a message for
them to meet the Missouri Commission at
Fort Sully or Fort Rice, with a view to
restore their treaty relations with the Govt.
I have not ceased to interest myself in behalf
of the poor creatures who have suffered so
much, the innocent no less than the guilty,
and I propose to continue my intercessions
with "the powers that be" until they are
properly provided for. Luckily, my standing
with the Depts at Washington, whether deserved
or not, enables me to work with good effect.
God grant that you & I may be successful
in our endeavors.

I wish you would write me frankly, whether
or not, in your opinion, the prisoners at Davenport
can all be safely released, with a due regard
to the interests of all concerned? I am somewhat
in doubt on this point. I do not believe they
will all be set at liberty if I should interpose
any valid objections, and I do not wish

To act un-advisedly in the matter.

Unless there should be a change of programme I shall leave here early in May. I subly the morning papers of today which contain a telegraphic despatch from Omaha, that my Collemt^t Supt Taylor has been holding tel. communication with the Indians at Fort Laramie, who were present with their Agent and the Comm^t Officer, and that the 1 June has been designated as the time for us to meet them,

I neednt state in conclusion, that I consider it to be my special duty to restore friendly relations with the Indians, so far as possible, and to help them as much as I can consistently with my duty to the Govt. I fear that "White Lodge" & "Sleepy Eyes" with their bands, & others associated with them, are still bent upon mischief. Such is the tenor of the last advices, would any of the prisoners at B. join them in case they should be released? God speed you in your good work.

Yours sincerely H. H. Sibley
Br Major Genl.

He traders as well as the Indians on the Upper Missouri are all very desirous I should go up among them, but when we have otherwise decided after full consultation. It is better to have the Indians in front of me than behind me. Members of the Western Sioux that I am aware of are the following: -

Dear Brother Riggs

On yesterday

I recd a letter from Rev J B Rem
ville and the part of your transla
tion of Psalms 1-11 which I had
done initing when he was here
more than a month ago. He has de
signed taking a load of lumber
to Brown creek before this time
but when he went to the Indians
in Deer he took two horses with
him which he has bought at short
time before sold them both for
couches and as he cannot now
get the cash for them he cannot
now fit up a team to take up
lumber to build his wife however
with as if she expects they will
move up this spring. Last year
you advised me to ask the Pres

to allow him at the rate of \$400.
a year for the time he was a chief
or employed in laboring among
the Indians I did so and did not know
but he had received it till he was
here in Deer Lp for his wife worth
Sister that she was out of money and
in need and I immediately sent her
a draft for \$50 and sometime af-
ter another for a like amount which
two I suppose to be about what he
was entitled to for last year as he
was from home about two months
the first trip and started on the last
about the first of Dec. His expen-
ses coming from Fort Davis worth
in Feb were very heavy I think
about \$30. to Saint Peter On his
way down as he was out of money
I paid him \$67 for two months al-
though I expected he would get some
small dues before the close of Feb.
I thought that was above him and

that he ought to have some less
now but not failing authority
to give it advised him to write
to Grand an account of his trip
and expenses which he did and
Grand has written to me that he is
much interested in the account and
evidently feels in reference to the
matter as I do but refers the mat-
ter of his compensation back to
the mission I wish your advice
in reference to this matter as I feel
that there is less of much more
wisdom than I have. \$300. has
been allowed for his support this year
and I suppose we ought not to exceed
that but at the rate you advise
last year there is no probability of
its all being needed for it seems
to me not probable that he will
spend more than half his time to
laboring among the Indians I shall
or increase the monthly allowance

or make an extra allowance for
traveling expenses or can you
suggest any other amendment
of adjusting the matter, I suppose
the Scots have given him nothing ex-
cept his fee which with them and
of the Board will support him they
probably never will give him more
than they have done yet that
they should do more than this
seems to me a matter of very great
importance for unless we can get some
self supporting Church among the
Lakota within a few years the
probability is that Christianity
among them must die out and if
so on long they will become extinct
for if they will not save the
aborer they must perish he will
wrote I shall wait for some sug-
gestions from you on this subject

Dear Brother Ruggs

We were made

Glad on yesterday by the receipt of your favor of 5th inst.
am the news it contains. Through
I have been hoping all winter
that the poor prisoners would
be released this month or next
it is indeed joyful news to
me as well as them to be in
form that the matter is
definitely settled that this
is the last month of their
imprisonment for after they
shall be turned over to the Com-
y of Ind & the they will be no
longer prisoners and I trust
they will soon be on the way
to join their friends. The more
go to see

of the Missouri opens earlier
than that of the Mississippi in
the same latitude and if they
should leave Liverpool on the
1st of April there will be no
danger of their being impeded
by ice in the Mississippi.

Cly for all the prospect of
their release is heightened by
the thought that you are, and
will be, with them till the
time of their release to give
them instruction now when
the prospect of liberty makes
their minds most susceptible
of favourable impressions.

I have no doubt G. E. Dyer
has made considerable exertions
for their release and doubt not
he is justly entitled to compen-
sation for the same. But the nu-
mber you speak of you will take

contain in your hands for
the present. I last summer
settled my account against
Gov. for one to Chippewa pay
out and travelling expenses a
monthly to \$130, with power
of attorney to collect it. He acknowledged
it on the receipt of the account
and had no doubt his collector
the money though he has not in
form me of this. Inform him
that he might have the money
when collected as a fee for his
service in behalf of the prisoners.
I expect to receive from the
friends of the prisoners the small
part of this amount as Ransoms
written about that time that
they promised to pay \$165 giving
the names and sums by each
varying from 25. to 5 dollars each.
Some of them I never exchd.

to pay but thought I might
safely count on 100 dollars if
they were released within one year
as yet I have not received an
cent. If they do not pay me to
the amount of \$100. I think
I shall be entitled to the sum on
your hands.

I have supposed that those
promising to pay would be
more willing to do so if their
friends think he and others
to whom in line of his knowledge
are for this and other reasons
which seem to me important
have been endeavoring to have
them sent to Fort Ridgely or
Wadsworth instead of theしおま
Success in this is doubtful but
I will again write to judge Dr. on
the subject. I have sent him
their names and thought of
writing them to you but I

I think I have sent them
to some of the missions perhaps
Chowanaynake but it is
possible I have made some
mistakes about the persons &
so I will now write to judge

(I) am request that as you
will be there you may be
authorised to select of the men
a number not exceeding 60
to be sent this way. If you wish
it I will get and give the
names as I send them to judge.
Say I cannot say that the
news that they are to be sum-
moned from Creekank gives me
any joy though it may be
for the best.

I think you have done the
best which could be done in re-
ference to the cliffs of Washington.
If more elders are needed it is best

that a larger number of those
over whom they are to watch
should have a voice in choosing
them than are now in prison.
I thank you much for the
words you have sent me some
of them I may not use because
I like better words suggested by
Rev J. B. Rennell a few of them
I have appropriated to other uses
and will not use them in the
places referred to because I cannot
do it and keep up the distinctions
as they exist in the original
and I think ought to be preserved
in our translations. either
of them I will adopt and some
of them I think quite important.

I got through translating
Exodus just before I received
your letter on yesterday. In
translating it I got a much
clearer and I think more correct

idea of many passages than
I can get or can get from
our English version. I hope
by your assistance to make the
account of the Sabbath as in-
telligible to the Lector as our
version is to common English men-

I have spent some time studying
your translation of Psalms. I think
it a great improvement on the
translation of them which you
made at Lee qui Parle but suscep-
tible of still further improvement
as you suggest. I enclose for
you, I purpose sending you some
of my criticisms with this but
the Psalms criticism I delivered
to Mr Rennell when he was here.
So far I have spent much more
time comparing them with the
Hebrew than it would take me
to copy them. I will make this

my principal business in the
day now, till I get through with
the portion you have sent me.

I will then make your suggestions
13. Then it appears briefly in ma-
king the several sentiments or
lines of music, equal length but
it seems to me the lines ought not
all to begin with a capital letter
but only the first of each verse or
line.

P - And now to use more specific
and fewer general terms as far
as possible having a distinct
word in Dr. Hale for every one in
the book, except of this makes our
language obscure in some places
and unclear in others.

I think I will write you again
shortly. Write still and much
from you affectionately

Dear Brother

When your letter, in reference to the time at which Mr Williams & Bell, would probably be in the vicinity of Cincinnati came to hand, I wrote to them at "Paddy's Run," saying that if they could not visit us here, I would meet them in Cinc. or at Bro. Moses' at Loveland - some 8 or 10 days afterward I rec'd a letter saying that it was quite uncertain about their visiting Portsmouth, but would try to advise me when they would be in Cincinnati &c. I heard nothing more of their movements, until last Monday when I rec'd a letter from Bro. Moses dated Saturday - informing me that they Mr W. & Bell would be at Mrs. Porter's in Cinc. Tuesday and at his house Wednesday, and take the evening train from thence for the East the same day - as I did not get the letter until after the P. & C. Packet had left, I had no certain means of getting down in time, unless I went by R.R. - and I dislike that way of travelling, especially on a road so much out of repair as the roads from here to Loveland - I failed to see them, therefore, - I regretted this very much, - I suppose you found it hard to part, probably forever in this world, with one so much beloved; yet if it was his duty to go, it was your duty to give him up - and then it will only be a short time, at the farthest, until those who love & serve the Lord, will meet again when there will be no more parting -

There has been some Religious interest in our Church, communicating about the last of Feb'y. - at the communion the 1st Sat. of March twelve

were rec'd - 10 upon profession, since then, the meetings have been continuous every evening, prayer meeting or preaching - probably 20 or more are indulging hope, or have given their hearts to Christ - a Sessional meeting will be held tomorrow afternoon to receive applications for membership, the interest is quite as deep now, as at any time heretofore, a majority are members of the Sat. School, from 10 to 17 years of age -

About 4 weeks ago Harriet & Charles paid us quite an unexpected visit, and whilst they were here, Brown dropped in on us, (you may know that he has located for the present in Nashville) - which altogether was quite an agreeable surprise - B - only remained from Saturday till Monday - Charles a few days longer - and Harriet remained about 2 weeks - and has been visiting some friends, between this and at Chillicothe and expects to visit Eliza Jane at Salem in Illinois before her return home - I avoid, as much as possible, becoming interested in our governmental complications - yet it is very unpleasant to know that unworthy men have been placed in power, and that we assisted in doing it - even if not that the Lord reigns, and can overrule the evil of men for good, & for his Glory - I should almost despair of our Country -

I observe a Bill has passed one House of Congress, making a change in the mode of intercourse with the Indian tribes, by which the Missionary Religious bodies have the appointment of one member of each Indian agency or department, would it not suit you, if such an appointment could be obtained - I do not suppose that I could have any influence but if I could, and you should desire it, I will do what I can - I suppose however that the Am. Board. will have the nomination of one member, and that the nomination will probably be confirmed if made, But you have doubtless seen the features of the bill & have therefore more information in reference to the subject than I -

My children & their families are well as far as I know - scattered as they are - With affectionate regards to all your family I remain

Your aff. Brother J. Rigg

St. Paul, March 26th 1866

My dear Sir,

I have your favor of 21st.

Met. Anchale written the Commr. Ind. Affairs, strongly urging that you be employed as Interpreter to the Commr. destined to the Upper Missouri, but stating if you were not needed in that quarter, I would desire you to accompany the Commr. of which I am a member, to Fort Laramie. I will not make you blush from pure modesty, by repeating what I have written about you. I have desired a reply as soon as possible.

I have not endorsed all your recommendations to release the Indian prisoners at once, but have stated that I believed some of the more desperate & guilty should be detained longer under military guard. I think the indications in Mr. Weston's letter, pointed to an early liberation of the whole. I will write you again when I hear from the Commr.

The Council at Fort Laramie will be held at Laramie about 1st June, the other Commr. will meet the Indians at Fort Sully May 20 & Fort Rice June 1st. I have been authorized to take measures

To secure the attendance of the Chiefs & Head men
of the Santa Fe & Rio Grande near Fort Wadsworth, at the
conference at Fort Riley or Fort Rice, as I deemed best.
I have written Major Brown to give the necessary
invitations, and to extend the same to all bands who
are desirous of renewing their treaty relations with the Govt.
In so doing, I may have somewhat transcended my
Authority, but I have written to the Commiss^r. that I
deemed it of primary importance that none of the bands
of Santas should be omitted from the category of invitations.
I believe it to be good policy to display magnanimity
at the present juncture, as it will weaken the war party,
to say nothing of higher considerations which urge a
diligent attempt to put a stop to Indian hostilities.

I regret to learn that Mrs. R. has not been well,
Mrs. S. writes in kind regards to Mr. R. & yourself.

Hastily,

Yours sincerely
A. H. Sidney

We hope for her recovery in time, but the prospect of her passing her sickness is clouded. She says she wants to trust in Jesus, & tries to do so. We of course had to separate her from Ella. She has seen her a few times. It hires E. to be with her long at a time. Thus you see the load of the Lord is heavy upon us. Pray that we may come out of the furnace purified.

The reunion of your family, on so interesting an occasion, must have been delightful. Should love to hear from you often.

Ed never received the letter you wrote him. He now expects to have home soon. He has suffered much in the army & since his return he took cold on the retreat from Franklin,

Sister Lavinia
March 1866

So. Deerfield,
March 30th 1866.

My Dear Brother,

Was much gratified in the reception of a letter from you. I had decided to write to offer inquiry in regard to you & yours, as the letters we wrote some months since, directed to St. Anthony, were met with a response. Before my plan was carried out, a paper came to hand announcing the marriage of Isabella. In regard that she is to go on a mission in behalf of the Chised Service, may she be useful & happy. Write me if I had her address.

Am happy to learn that Mary is better. Regret that her bad trouble less so.

We have passed through

deep waters of affliction, since my
last letter was penned to you.

Mary left last April for Wash-
ington D. C., was there at the time
of the assassination of the President,
soon after went to Wilmington
N. C. & then to Smithville 20 miles
south to care for the soldiers, with
experienced C. S. ladies, to take
in light Diet Kitchen. She enjoyed
her work exceedingly, returning
in July. She suffered much from
the bites of fleas, which combined
with oysipelas caused her much
suffering. After her return she
had a severe attack of jaundice,
followed by cholera morbus
which left her in such health,
as to unfit her for returning
to teach in the colored schools,
as she had anticipated.

In Sept. Etta was attacked
with inflammation in her eyes,

very severe, making it necessary
to confine her to a dark room,
which she still occupies. She has
manifested so patient & Christ like
a spirit, that it has been a pleas-
ure to care for her. Her eyes were
soothed with soothing application
for five months, thus depriving
entirely of school privileges.

Mary took charge of Etta during
her convalescence once in three or four
hours, & slept with her, confining
herself, we now feel too entirely.

About five weeks since she was
attacked with oysipelas in her eyes
which together with an affection of
the nerves &c., made her very ill.
It required two to care for her for
days. We were fortunate in obtaining
a superior nurse & assistant,
also a friend to stay with Etta.
M. is much better, but her mind
is very weak & often wandering.

We hope for her recovery in time, but the prospect of her passing her sickness is clouded. She says she wants to trust in Jesus, & tries to do so. We of course had to separate her from Ella. She has seen her a few times. It has C. to be with her long at a time. Thus you see the hand of the Lord is heavy upon us. Pray that we may come out of the furnace purified.

The reunion of your family, on so interesting an occasion, must have been delightful.

Should love to hear from you often.

Eld never received the letter you wrote him. He now expects to leave home soon. He has suffered much in the arm & since his return he took cold on the retreat from Franklin
