I am very happy to welcome you to the Golden Anniversary Stamp Exhibition sponsored by the Twin City Philatelic Society. I know that you will enjoy seeing the many varied exhibits on display which have been selected from some of the finest collections in the country.

We in T. M. P. S. are proud of our Host Chapter and of their record of 50 years of philatelic leadership in the Twin Cities. We join with their many friends thruout the nation in wishing them Happy Birthday and many more years of successful philately.

We are deeply grateful to — the Hotel Leamington, for the wonderful facilities they have made available—to Stamps Magazine, Mekeels, Linns and Western Stamp Collector for the fine national publicity — to the Minneapolis Star and Tribune, the St. Paul Dispatch and Pioneer Press, the Suburban newspapers and the Television and Radio stations for their help in local news — to the Minneapolis Civic and Commerce Association — to Post Master Austin and his staff — and to so many others who have so willingly cooperated with us in making the Convention and Exhibition a success. And to all of you — Thanks a million.

Cordially,
STAN

Word from the President:

The Twin City Philatelic Society is very happy to welcome its members and many friends to the 12th annual Stamp Exhibit and Bourse. This year we are trying a new type two day show and bourse in place of the usual four day affair as in the past. We hope you will enjoy it - if you do, won't you please let us know? If the re-action is favorable we may be able to make it a yearly event.

The Society extends an invitation to all collectors, local or out-of-town, to visit us at all meetings. Meeting dates are 1st Friday of the month, Curtis Hotel, Minneapolis and 3rd Friday, Athletic Club, St. Paul.

We are happy to call your attention to some of the other stamp clubs in the Twin Cities who have members exhibiting in this show: Minnesota Stamp Club, St. Paul Philatelic Club, Collectors Club, Twin City Precancel Club, and the Minnehaha Stamp Club.

We wish to thank all those making this show possible: the exhibitors, dealers, and last but not least, those who have done the planning and setting up of the show. A big Thank You to the donors of stamps for the auction and those making cash donations.

MINNESOTA CENTENNIAL

PHILATELIC EXHIBITION

SAINT PAUL HOTEL

Dear Exhibitor:

The Show is over. All records for the number of individual exhibits, attendance and the quality of the entries were broken.

A large part of the credit for the success of the exhibition is due to you. Your exhibit, whether a prize winner or not, was instrumental in the success of the show. All exhibits not personally called for were in the hands of the Post Office or Railway Express Agency at noon today. Included in the package were Souvenir Programs of the Exhibition and the First Day Ceremonies which we know you will want to keep with your collection.

A list of the Award winners is herewith inclosed. If you were a Trophy, Plaque, or Certificate winner, these awards will be sent to you as soon as your name has been inscribed on them. Second, third, fourth and exhibitors Centennial ribbons were included with your collection.

Additional material pertinent to the Exhibition is herewith inclosed with our compliments. Again, thank you for your splendid support in making the Minnesota Centennial Exhibition such an outstanding success, and we sincerely extend to you an invitation to participate in one of our future shows.

Sincerely,

TWIN CITY PHILATELIC SOCIETY

SHILOH - AND MINNESOTA

Why, you may ask, is the Twin City Philatelic Society interested in the Battle of Shiloh (Pittsburg Landing)? Why be interested in an event that took place hundreds of miles away and one hundred years ago? History books and encyclopedias make no mention of any Minnesotans engaged in this battle on April 6 and 7, 1862.

A two volume book prepared and published under the supervision of the Board of Commissioners (appointed by the Minnesota State Legislature of 1889) gives us the answer. The volumes are called Minnesota in the Civil and Indian Wars, 1861-1865. Included herein are several accounts of the First Battery, Minnesota Light Artillery, which we find did participate in the Shiloh battle.

The First Minnesota Battery was organized at Fort Snelling in the fall of 1861. Their first quarters were at Benton Barracks in St. Louis where they received their armament consisting of two twelve-pound howitzers and four brass rifled guns. They were then transported via steamboats to Pittsburg Landing, Tennessee, where they arrived the latter part of February, 1862. They were assigned to Sherman's division of General Grant's army encamped near the Shiloh Church (from which the battle received its name).

On the morning of April 6, 1862, the Confederate Army (40,000 men) under General Johnston made a surprise attack on Grant (42,000) men and pushed the Union boys back almost into the Tennessee River. The Minnesota Battery was in the thick of the fight, suffering eleven casualties before being forced to retire with the rest of the Northern forces. They had stood off charge after charge of the boys in Gray, in company with a Missouri battery. In fact, according to the reports in the book, they were the last battery to strike their guns and retreat.

The second day's fighting (April 7, 1862) found General Buell arriving with 20,000 fresh troops to assist the Union forces and turned the tide in favor of the North. The Southern army retreated to Corinth, Mississippi with 9,500 casualties while the North suffered 10,000 men lost. The First Battery, Minnesota Light Artillery, was held in reserve on the second day of the battle and did not engage in the fighting.

Dear Mr. Meisch:

This refers to your letter of April 19, 1965, enclosing a copy of a first day cover which bears a customs endorsement, thereby defacing it for philatelic purposes.

We regret that the customs endorsement defaced your first day cover. We are issuing instructions to collectors to take steps to prevent the recurrence of this situation.

Sincerely yours,

THE MINNESOTA STAMP CLUB

NEXT MEETING - TUESDAY, NOVEMBER 24, 1964 - Y. W. C. A. - 12TH & NICOLLET - 8:00 P. M.

THE PROGRAM - "The Past, Present and Future in Miniature Sheet Collecting." Jerome H. Thingvall will discuss this interesting subject and show some of his collection which is one of the most complete in this area. Nearly every country has at some time or other issued these souvenir sheets commemorating events or people, and many of these items have become really scarce. Jerry will give us an idea of what has been good, and also the low-down on what to avoid.

THE QUIZ - Eleven right answers out of twelve "Yes or No" questions prepared by Karl Gunderson won the Teachers Crown for scholar, J. H. Thingvall, and he will have a dozen or so "Right or Wrong" questions to confront us with at this meeting. Remember you do not have to be Mr. Scott, Mr. Gibbons, or Head of the Philatelic Foundation to win in this contest and receive a nice prize. You are either RIGHT or WRONG - a fifty-fifty chance. Added feature of this quiz will be a prize to the one who has the most wrong answers, and don't laugh, because it isn't any easier to get them all wrong as it is to get them right. You just have to be lucky Mr. Horseshoe.

THE CHICAGO TRIP - The ten who made the weekend trip to Chicago and the 78th Annual Exhibition of the Chicago Philatelic Society were accorded red carpet treatment by the Burlington. The sneak boarding in Chicago for the return Sunday afternoon trip was especially nice in that we had our own section in a Vista Dome car. The weather Saturday was perfect for Chicago looping. Temperature in the seventies. No one bragged about Sunday which was foggy, rainy, and a swell day - inside. The exhibits were of high quality, and the bourse a little disappointing to many of us who more and more realize that the better material is not to be had. On the trip were Karl Gunderson and Alice, Hank Peterson, Peggy and her mother, Jerry, Dee and Joey Thingvall (the little promotor), Spence Weeks and Stan Thompson. All arrived back at 10:30 Sunday, tired, sleepy, but well pleased with the trip. Many thanks to Mrs. Bartlett for the import candy she unknowingly provided for the occasion.

WELL CENTERED - The 24¢ invert gained a new high in auction November 4, $15,500, topping previous highs of $10,500 (early October) and $12,500 (private sale the middle of October). This stamp catalogues $12,500 in 1965 Scotts, out only a few weeks, and gives an indication of how stamp prices are on the increase. Of course, none of us have ever had, or expect to have, this stamp, however we are all interested in the trend because it is creating a demand for all early airmail material, U. S. and foreign. Many first flights with the first issues of nearly all countries are on the up trend.....One of the finest collections in recent years was purchased by three Minneapolis dealers. It consisted of mint 20th century U. S., British Colonies, and world airmails. If you have been looking for scarce items in any of these catagories, by all means see the fortunate purchasers, Bilden-Brookman and Cornelius.....Remember that the club has both Volume I and Volume II of the 1965 Scotts catalogues. These are available to members to take home between meetings at a nominal charge of 25¢ for the period. Interested see Secretary Moberg.....Chuck LeBeau, assisted by J.S.T., conducted a very successful auction at the last meeting. Net to the club from the 10% commission on lots sold and from several donation lots was $21.60. This was one of the best nights we have had on auctions for several years.....Gus Olson and the Mrs. have left to spend several months in Washington, D. C. with their daughter.....Remember way back when - A. B. Cassel's pet saying when you showed him a stamp you had bought elsewhere, "If I had it I would sell it to you cheaper"? And when he and Carl Beckon opened up the Minneapolis Stamp Shoppe at 7 North 7th Street and there was a stack of Agency pads of the White Plains Sheet as high at the counter and you could get a well centered sheet at 75¢ and the pad at a lower rate per sheet? We wonder if there are any tucked away in anyone's attic at the present time.....Congratulations to member Francis Meisch on having his water color "Cornice" accepted for display at the Walker Art Center for the biannual of Northwest artists. Incidentally, it was one of the few that Mr. Average Man could recognize. If many stamps had such distorted designs we would no doubt have fewer collectors.....By the time this reaches you Mox Lindquist will be sunning himself in Florida. Mox sold his home here and disposed of nearly all of his stamp accumulation. We are going to miss him as he plans on living at a home for Oberlin Grads in Ohio.....The circuit books have had some bargains lately. There will be a 100 or more to look over Tuesday.....The meeting room has been painted, refurnished, and is one of the finest any stamp club has had anywhere. If you haven't been around lately, you'll be surprised.....We would like to issue a special invitation to some of you who haven't. Why not this meeting?

WOULD YOU LIKE A COPY OF THE NOTICE OF FUTURE MEETINGS SENT TO A FRIEND - LET US KNOW.

COME AND BRING A FRIEND - MEETINGS ARE THE FOURTH TUESDAY OF THE MONTH THE YEAR AROUND.

VISITORS ARE ALWAYS WELCOME

THE MINNESOTA STAMP CLUB

NEXT MEETING - TUESDAY, NOVEMBER 24, 1970 - Y.W.C.A. - 12TH & NICOLLET - 8:00 P.M.

THE PROGRAM - "Club Auction". Past performances have proven that for action there is nothing like the auction. Here is your chance to pick up cash for turkey trimmings or Christmas choices or in any event, get rid of some of those philatelic duplicates or items you no longer collect. Each member is allowed to enter six lots, which should be mounted and/or described on a page approximately 8 x 11. Where possible, show Scott's catalogue number and value and correctly describe the condition. Lots entered should be of sufficient value to realize at least one dollar. The Club will retain 10% of the selling price and the balance will be paid you at the conclusion of the sale. Please bring your lots to the meeting room as early as possible, 7:00 P.M., so they can be recorded and placed out for inspection. The auction will start immediately after the quiz program, which will be at 8:00.

THE QUIZ - Don Henslin was the winner of Roy Spiller's quiz at the last meeting. Don came up with thirty-four words of four letters or more from the word "Philately". What can you do in seven minutes in this anagram stumper if you missed the meeting? And for his smartness, DH will have the honor of presiding as Prof at Tuesday's meeting.

DON'T FORGET - METROPEX, stamp show and bourse at the Curtis Hotel, Saturday and Sunday, November 28 and 29.

Philympia Souvenir Available

The souvenir card that was distributed at Philympia, in London last month, will be sold to collectors here as long as the supply is available, the U. S. Postal Service announced today.

This 6 x 8 inch card features replicas, in color, of the three Pilgrim Tercentenary postage stamps of 1920.

May Be Purchased By Mail

It will be available only by mail order purchase at $1.00 per card, ordered through the Philatelic Sales Unit, City Post Office, Washington, D. C. 20013. The customary handling charge for mail ordered philatelic items will be waived.

The card, which was produced by the Bureau of Engraving and Printing, reproduces, left, in green, the 1c stamp showing the Mayflower, center, in red, the 2c Landing of the Pilgrims, and right, in blue, the 5c Signing of the Mayflower Compact.

There will be a limit of five cards per person. The cards will go on sale on October 26th.

HERE IS YOUR CHANCE to get the much talked about souvenir sheet of the London International Show at a lot less money than the many of us paid to get it at Olympia Hall in London. On the other side, you'll miss all the fun we had getting it, etc. We are glad that the Bureau of Engraving and Printing retracted on their original statement that none would be available except at the show. During the short in-between, many sheets have been advertised for sale at amounts up to five dollars each. Some think that these sheets, although not postage stamps, will increase in value over the years. If you do, order now.

FRANCIS MEISCH HONORED - The September-October edition of Northwestern Bell Telephone Company's magazine features a color reproduction of Francis's water color of the Hexagon Tower at Fort Snelling, on the cover (front and back) of their publication. A copy of this painting, in wonderful coloring and suitable for framing, will be sent to all interested for 50¢ to cover mailing costs. Write NWB - Room 930, 100 South 19th Street, Omaha, Nebraska 68102. It will make a wonderful addition to your stamp den.

HENRY PETERSON - Hank very recently underwent serious open heart surgery at St. Barnabas Hospital. At the present time, he is believed to be out of danger and coming along in good shape although still under intensive care. He cannot have visitors at the present time, but we're sure that a cheerup card would be appreciated. Won't you? Hank was recently nominated for the presidency of the American Topical Association, and we hope and pray that he will recover and be able to head this association of nearly 10,000 topical collectors.

THE DECEMBER MEETING - The fourth Tuesday of the month is the 22nd, only three days before Christmas. An opinion poll of those attending the November meeting, as to whether we meet in December or not, will be taken. If the majority want the December meeting, you will receive a News Letter in December. If no meeting is to be held, you will not receive a notice until next year. Happy New Year!

AROUND AND ABOUT - We have one member who always crops up in some weird out-of-the-way places when he goes somewhere...Not being in a rut like some who think there's no place but London. Two years ago the Congo, a year ago the Galapagos Islands, and now comes a card from Mount Isa, West Central Queensland, Australia. So to J. T. Pratt, our wee wanderer who is "dancing with a native maid to the playing of the didgaridoo", we give you advance notice -- you're hooked for a slide program this coming Spring....so enjoy yourself in the meantime.....Club members attended shows in Nebraska, Chicago and Moline and attendance was down at all of them. Blame it on date conflicts or football. Your choice, but in any event, the Twin Cities still pull the largest stamp crowds.

THE MINNESOTA STAMP CLUB

NEXT MEETING - TUESDAY, MARCH 28, 1972 - Y.W.C.A., 12TH & NICOLLET, MINNEAPOLIS 8 P.M.

THE PROGRAM - "Show and Tell." It seems like we just can't shake the Show from our system, so we are going to let each of you that come to the meeting tell us about something you bought at TWINPEX and Show it. What you show and talk about can be most anything that you bought for your collection from one or another of the twenty dealers who had their wares at the Curtis Hotel, Saturday and Sunday, March 18 and 19. It can be a stamp you have wanted and looked for for a long time, or a cover of special interest or postal history background, or even a collection or accumulation that you couldn't resist. Whatever it is, bring it down and let the rest of us share your pleasure.

THE QUIZ - Fred Schiffman, the Quizmaster at the last meeting, proved to be a very good picker of philatelic questions in that there were no ties when the papers were corrected; and Max Tyler, from Rice Street way, over in St. Paul, proved to be the one and only winner. So, Max - bring along your questions; and let's see who the lucky and/or unlucky person will be.

THE AUCTION AT THE LAST MEETING WAS spirited, to say the least. Sixty-one lots sold with a gross of about $145. All but five of the lots realized over $1, so you can see that we are improving the quality of the material in the sale or there has to be better buying power. Anyway, thanks to you from the club's treasury which came out of the struggle with $32 from the 10% commissions and the 100% donation lots. Next venture will be at one of the summer meetings, probably August. Start putting aside material for this sale.

ARE YOU ONE OF TWENTY-ONE??? of our members who have not relinquished your two bucks for your 1972 dues? AROUND AND ABOUT - Congratulations to our three who broke the ice and won major awards for the first time - John Anderson, Ove Braskerud and Jim Johnson. All have been exhibiting for less than three years....A Rochester nun from St. Mary's Hospital won the "SHE" award for the best exhibit by a woman collector with her well done display titled "This is My Country". Sister Lauren also was awarded a "Peoples' Choice" trophy as her exhibit was voted the best, by the balloting of the visitors at the show....Eighteen of the exhibitors were competing in TWINPEX for the first time, and for some of these it was their first attempt in any exhibition....Bourse dealers all reported that business was good. Certainly the crowd was there, filling the East Room at all times except for a short lull Saturday evening. It was estimated that over 5,000 attended....The Juniors had a field day, and many of the adults did, too....The P.O. "shack" was swamped. There never was a time in the two days when there wasn't a line of waiting customers, in the two lines. Some of the commemoratives sold out on Saturday, and the sale of the Family Planning on Sunday drew many of the Saturday buyers back....A cordial welcome to new member LeRoy Knutson, 6739 - 10th Avenue South, Minneapolis 55423.

GLYDE SNYDER - a member of the club for the past year passed away from lung cancer. He was nationaly known as a theatrical and entertainment booker. He produced and directed the Schieks Sextette for 22 years until the restaurant changed hands about a year ago. We regret that we were not given the opportunity to get better acquainted with Glyde and express our deepest sympathy to his widow and daughter who survive. Memorial services were held at the Hennepin Avenue Methodist Church with burial at Lakewood cemetary.

PROGRAMS

THURSDAY, APRIL 6 - "Oil Rivers and Niger Coast Protectorate" - One of the "Best in Show" winners at TWINPEX 1972 was Roy Spiller's extensive and fine collection of this former British Protectorate. Roy began collecting this African country many years ago and has continued to add cancellations and other oddities from time to time so now it has grown to an ultra fine collection of several volumes. At this year's show the judges unanimously awarded it the Northwest Stamp Dealers' Association trophy. The country's existence was short. Organized in 1892, it was superseded in 1900 by Northern and Southern Nigeria - so its total stamps issued as a protectorate in this period total less than 100 numbers in Scott's; however, to the student it has been an endless source of fun in searching for varieties in cancellations and surcharges. So we'll let R.L.S. take over and take us through a quick review of Oil Rivers etc. philately.

THURSDAY, APRIL 20 - "Awards Night". At long last we expect to have all of the major awards of TWINPEX engraved and ready to turn over to the winners. So whether a winner of a trophy or silver award at the show, come down and take in the turnover. To make a more interesting evening we would like to ask all of the Best in Show winners to bring down a page or two or a frame of their exhibit and give us another peek at it with a brief comment on their prize winning exhibit.

DIRECTORS TO BE ELECTED - The Club's by-laws provide that five directors be elected in May. At a meeting of the Board of Directors of the Club on March 8, Wm. T. Hartman was appointed Chairman of a nominating committee to contact and receive applications of members desiring to run for the office of director in the Society. If you, as a member in good standing, desire to run for the office of director, contact W. T. Hartman, 4235 - 20th Avenue South, Mpls. 55407; Phone 729-5929 before April 15 so that your name will appear on the ballot which will be sent out to the membership shortly thereafter.

ANNUAL BANQUET OF THE SOCIETY - MAY 4 - CURTIS HOTEL - The banquet will be held the first Thursday of May (4th) in the East Room at the Curtis Hotel, Minneapolis. KEEP THIS DATE OPEN. Additional information will be sent you later on, in a special mailing with your election ballot.

ADDRESS CHANGES - O.D. Goins, 6251 Xerxes Ave. S., Minneapolis 55423; Phone 861-3907....Arthur J. Petersen, 1950 South 50 East, Orem, Utah 84057.... Erling A. Welo, 605 Northland Towers West, Southfield, Michigan 48075.....

All bourse dealers reported that business was very good, with several reporting new highs for the weekend. Nineteen of the exhibitors were exhibiting in TWINPEX for the first time; and it would have been difficult to pick who they were, the quality was that good. Winnie and Rose Mary (the P.O. queens) had long lines in front of the P.O. booth waiting to make purchases at all times. The Family Planning stamp was put on sale on Sunday, and sales were brisk. All in all it was a good show and everyone seemed happy.

THE MINNESOTA STAMP CLUB

NEXT MEETING - TUESDAY , MAY 23, 1972- Y.W.C.A. 12TH & NICOLLET- 8:00 P.M.

THE PROGRAM - " Post Card Night " - Once a year philately gives over to deltiology and tonight is it. If you collect those pretty and colorful scenic and greeting cards that were everyones way of communication in the early 20th century,you are a deltiologist just as stamp collectors are philatelists, and you have added a growing hobby that is increasing in popularity to your fun hours. In comparison to stamps, card collecting is new. It first came in the limelight in the late 1890's, with the Worlds Columbian beauties on the reverse of Government Postals, leading the way. Then came the deluge. Every city, town and hamlet in the good old USA had it's picture taken, every Holiday had it's greetings, and every American was provided with a quick inexpensive way of leting relatives, neighbors and the office, that they were remembered. All this for a penny - one cent for the card - and one cent to dispatch it anywhere in the US and only two cents to any other part of the world. A bargain, you bet. Two of our members, now deceased, were pioneers in PC collecting. Carl saved and sorted in hundreds of categories, but aero-philately was his favorite and when you saw a Becken stamp exhibit, you could count on seeing some post cards, worked in here and there as collateral material. Spence Weeks, often referred to as " Mr. Post Card ",patiently prowled antique shops and book stores, attented auctions and estate sales, constantly seeking those old plush, decorated albums that often contained some " gems " that later became a part of one of his many collections. So today , you will often see a shoebox of cards get as much attention at one of our meetings as a book of stamps.

REMEMBER - to bring some of your duplicate post cards to the meeting to be auctioned off. You can enter bulk lots a bundle or a box, or if some are of a better grade, or have more value, make an individual lot. Limit of four lots and usual rules will apply with 10% of the gross on lots sold going to the club.

ALSO - you will be given a chance to brag about some of your collection or items of interest so bring them along.

THE QUIZ - Bill Hartman , quizmaster at the April meeting, had his usual bunch of interesting philatelic questions and answering the bulk of them correctly was the gentleman from North Dakota, New York City, Minneapolis (at times) and other nice places (where he maybe now) ; so if he can be located in time, Roy Spiller will conduct this quiz , if not , there'll be a stand in.

FRANCIS MEISCH HONORED - The Ernest M. Zwinkel award was presented to Frank at the annual banquet of the Twin City Philatelic Society , at the Curtis Hotel May 4, for his outstanding services to that society. Frank , a nationaly known water color artist has been the designer of many of the cachets used by the club at their shows and served as a member of the Stamp Committee which was sucessful in obtaining a Fort Snelling commemorative.

COMPEX IN CHICAGO - MAY 26 - 28 - as usual, the LaSalle Hotel in the windy city will be the scene of this years combined philatelic exhibition of fourteen stamp clubs in the Chicago region. A bourse of nearly fifty national dealers will be at the three day show which has over 1,000 frames of exhibits planned. Amtrak has two trains a day heading that way - 6:30 and 8:00 AM - leaving the station on lower Hennepin and arriving in the lake front city in seven hours plus. One way fare is $ 17.50.

SIGNS OF THE TIMES - We quote in part from a recent ad in a stamp publication - " Goodbye Fun City. After over 30 years in the stamp business in New York City, the city is no longer fun for me. In October of last year my office was burglarized in spite of multiple electrical protection. In November, my secretary was mugged in the elevator. In the same month my wife, who was filling in for my secretary, was injured in a self service elevator in our building, In February, in broad daylight, a man came in with a knife, held my wife by the throat, and demanded Money. That was the straw that broke the camels back. Maybe I am getting old, but I don't consider this fun. Consequently, I have moved out of New York and my new address is..... ". Sort of makes you wonder, doesn't it ? We hope it never happens here.

AROUND AND ABOUT - After 20 years,and more, in the Times Annex, Bill Strawn has moved his new issue stamp business to his home. Annother move,in the near future, to a Minnesota resort town is planned....Jacques Gagnon Pan Am-ed to London for a stamp auction on Pall Mall. WOW..... Best wishes to Vi Quast for a speedy recovery from a recent operation....A cordial welcome to new members - Herbert H. Gustafson, 442 West Baker St. St. Paul and M. E. O'Hern, 3403 Longfellow Ave. Minneapolis..... It's a crazy world- with some people using 30 year old commemoratives on their mail,and others burning gas by the gallons chasing around, PO to PO , trying to buy sheets of the Cape Hatteras. As our friend Senator Corby would say " You don't have to be nuts to collect stamps but it helps". ..... See you at the meeting. Bring a friend.....

MEETINGS--In compliance with the wishes of most of our members, regular meetings of the Club will be held during the summer months of June, July, and August, on the First and Third Thursdays at the Y.W.C.A. in downtown Minneapolis. The meeting room is available from 6:30 p.m. on, so come early for conversation, swapping, etc. As a rule there are at least 20 new circuit books to look at.

THURSDAY, JUNE 1--"COMPEX Report--TOPEX Prospectus"--We are combining an evening on two stamp exhibitions, one just over and the other coming up shortly. In Chicago, on Memorial Day weekend, the stamp clubs of the Chicago region held their 15th annual combined exhibition and bourse at the LaSalle Hotel. A number of our members planned to take in the 1,000 frame exhibit, and we hope to have a report on the whole affair. Coming up on June 23-25 in far away Falmouth, Maine, is the 21st annual convention of the American Topical Association, and we are in a top position to learn about this event from the top man of the ATA, Henry Peterson, who is national president of this topical group and a member of our Club.

THURSDAY, JUNE 15--"Sixth Annual Post Card Night"--Several years ago in announcing this program we wrote: "This is the dream night for the deltiologists, who are those people who collect those little antique picture cards you used to buy for a penny, and mail for a penny." Shortly after the turn of the century, post cards became a part of every American's life. They were used for everything from premiums to proposals. Detailed vacation reports to the stay-homes were possible with pictures of places heretofore only dreamed of. Collecting these early cards has its appeal--whether it be for the picture, the printer, or the postmark. Many of our members are very knowledgeable in this field, and we hope that they will come prepared to tell us something about this hobby. Bring down what you have in cards, to sell, or swap.

DIRECTORS' ELECTION RESULTS--Eighty-five ballots were counted in the annual election. Elected for three years were--Jerome H. Thingvall (Minneapolis) and Ray Hamernick (St. Paul). Elected for one year; from Minneapolis, Ray Sackett and Roy Spiller; from St. Paul, Ove A. Braskerud. The above met with the following directors whose terms have not expired--Charles Bauer, William Hartman, John Savard and Stan Thompson; and the following were elected as officers for the coming year: President, John B. Savard . . . Vice President, Charles N. Bauer . . . Secretary, Jerome H. Thingvall . . . Treasurer, Raymond W. Sackett.

A CORDIAL WELCOME TO NEW MEMBERS--James J. Casey (1009), 4400 Sunnyside Road, Edina, Minnesota 55424, Phone 920-7814 . . . Herbert H. Gustafson (1010), 442 West Baker St., St. Paul, Minnesota 55107.

NEW ADDRESS--Edward L. Wertman--P.O. Box 2022, Loop Station, Minneapolis 55402.

BANQUET BRIEFS--Seventy-nine attended the annual banquet at the Curtis Hotel on May 4. Because of illness and other logical reasons, the number of reservations fluctuated some on the banquet day, somewhat like the weather has since. At one time we were expecting a high of 86 and at banquet time we were down to 77. Very fortunately, two late arrivals boosted the total to the 79 figure, which covered our guarantee. Nearly everyone thought that the food was excellent, service was good, and all the events went on as scheduled. The East Room was quiet a little after 9 p.m., and all but eight were on their way with a door prize.

The U.S. Postal Service colored film exceeded all expectations. It was well handled both from content and narration, and very interesting to the end. We express our thanks to the Visual Unit of the USPS, Washington, D.C. for the use of the film and to Forrest Schmid, of Maplewood, for projecting it.

Thirty traditional red geranium plants (big ones) were won by the following ladies present: Arline Bauer, Jean Beery, Svea Belenski, Bernice Braun, Myrtle Brown, Florence Denson, Fern Edstrom, Kathy Farah, Marie Graeber, Florence Hart, Edith Hartman, Rose Hayes, Gladys Henslin, Gene Herman, Doris How, Julian Johnson, Elaine Meisch, Katherine Merriam, Sherri Norbeck, Anna Pisansky, Christine Riehle, Sophie Risvold, Henrietta Sackett, Joan Sanchez, Peggy Sanchez, Eileen Schmid, Henrietta Thom, Edna Tyler, Marge Weyandt and Rose Zwickel. The plants ran out so the following girls had to settle for a box of Fanny Farmer candy--Betty Hamernick, Stella Riehle and Doris Skoog.

Winning year's subscriptions to Western Stamp Collector were--Francis W. How, Scott Reimer, Dr. Jose Sanchez, William S. Huber, and Fred Strains, Jr. Men winning Fanny Farmer candy were--Ove Braskerud, Francis Meisch, Ted Weyandt, Louis Riehle, John Norbeck, Louis Belenski, Art Riehle and Lawrence Merriam.

Winning cash door prizes of varying amounts were--Charles Bauer, Mike Pisansky, Chet Hayes, Irving Beery, Forrest Schmid, Don Henslin, Ray Sackett, Jim Johnson, Ron Edstrom, David Sanchez, Otto Herman, Jerry Thingvall, Joel Thingvall, Bill Hartman, John Savard, Bob Frigstad, Dick Reimer, Mayer Krawetz, Ken Skoog, Julius Kurtz, John Hart, Ray Hamernick, Ed Wertman, and Fred Schiffman.

And to the unlucky Twin City eight who couldn't get their name drawn in seventy-one chances, we won't spoil your luck and list your names here. Thanks anyway.

THE GERALD H. BURGESS AWARD--Clyde J. Robinson, a former St. Paul resident, now retired and living in Manchester, Iowa, is this year's recipient of the gold medallion, for his loyalty to the Club, and for his work with Boy Scouts. Clyde, except for a short period, has been a member of the Club for 40 years. Because of a reoccurrence of a back injury, he was unable to make the round trip of over 500 miles to receive the award. John Norbeck made the announcement and gave a brief outline of the history, and mentioned some of the previous winners of the award, which has been given to a deserving Club member each year since 1940.

THE ERNEST M. ZWICKEL AWARD--Francis R. Meisch, architect and noted water color artist, was awarded the Zwickel Memorial Plaque for his outstanding contributions to philately and our Club. He designed the three beautiful Ft. Snelling cachet covers that we used in the T.M.P.S. Convention exhibition in 1959 at the Pick-Nicollet Hotel that kicked off the campaign to get a commemorative stamp for our famous Fort. He has been designer and consultant on many show cachets since that time, most recently the Block House envelope in 1970. He was a member of the stamp advisory committee for the Snelling stamp. Philatelically he collects Japan extensively, and has been a working and attending member of T.C.P.S. since his school days in St. Paul. Now a resident of Edina, you'll find him at the meetings regularly, except when out of town on business. It was my pleasure to present the award to Frank for the Zwickel foundation.

CONGRATULATIONS--to Bill Schilling, John Norbeck and Bob Frigstad who won awards in Eastern shows recently. Space limits us, so just ask them.

AUGUST PROGRAMS

THURSDAY, AUGUST 3.--"Airing the Fairs." With the 5-day Ramsey County Fair just over on the 30th of July and the great Minnesota 11-day State Fair due to open on August 25th, it might be a good time to hear what went on, stamp-wise, at the County expo and what we hope will happen at the larger state stamp exhibition in the Creative Activities center. A number of our Club members are residents of Ramsey County and planned on showing in the competition there--so, it would be nice if some of these exhibitors (and we hope winners), would bring along a sample of their exhibit to show to the rest of us. In any event, come and let us know just what happened this year. If any of you intend to show at the State Fair and still have questions, we'll see that you get all the answers at the meeting. For the nth time, we repeat that the State Fair is the best opportunity we have to display our hobby to over one million people; and for that reason, it is worth any little extra effort you can spare in the way of an exhibit.

THURSDAY, AUGUST 17.--"AUCTION." It's action time again. So, to the many of our members who love the auctions, we are happy to present our annual summer session. Everyone is welcome to take part, both as a buyer and a seller. Each member can enter 5 lots in the sale. These should be mounted and/or described on a sheet approximately 8 x 11, showing Scott's catalogue value, etc., with a correct description of condition. Lots entered should be of sufficient value to realize $1 or more. You are allowed a starting bid or reserve; however, BE REASONABLE! No one, not even you, wants to pay more for something than it is worth. If material is fairly and decently priced, it will sell. On lots sold, the Club gets 10% and the rest is yours. Bring your lots to the club room early (as close to 7 p.m. as possible) so that they can be recorded and placed out for inspection. Pickup of lots purchased and settlement with owners on lots sold will be made at the conclusion of the sale. Here is a chance for you to turn some of your duplicates and unwanted material into CASH or get a good buy on something you need. BUYER or SELLER, let's make the summer session steam.

A CORDIAL WELCOME TO NEW MEMBERS--Daniel Brouillette (1011), 1005 West Franklin, Minneapolis 55405. Phone 377-1310 . . . . Steve May (1012), 1831 Portland Ave., St. Paul 55104. Phone 644-9697.

ADDRESS CHANGE--William H. Strawn (new address) 105-12th Avenue West, Alexandria, Minnesota 56308.

NOTE TO STATE FAIR EXHIBITORS.--Take your mounted frames to the Creative Activities Building on the Fair Grounds between 9 a.m. and 7 p.m. on August 16, 17, 18, and until noon on August 19. The building is located on the St. Paul side of the Fair Grounds at the Snelling Avenue gate. Entry blanks and receipts will be available there. Pickup, along with whatever awards you may receive, can be made on Wednesday, September 6, between 1 p.m. and 8 p.m. and on Thursday, September 7, 9 a.m. to 5 p.m.

THE 39TH ANNUAL TRANS-MISSISSIPPI PHILATELIC SOCIETY Convention and Exhibition will be held in Lincoln, Nebraska, at the Radisson Cornhusker Hotel on October 6, 7, and 8, 1972. There will be approximately 180 frames of competitive exhibits and a bourse of 20 dealers. Many activities are planned to entertain visitors at the show. The annual Philatelic Congress competition will be staged at noon on Saturday, October 7, and the banquet at the Hotel, Saturday night. Rates at the hotel range from $10 single and $14 double, up. There are 5 categories for exhibitors. Entry fee is $2 per frame with a limit of 10 frames. Size of the frame 24" x 36" holding 8 normal sized pages. Awards are Gold, Silver and Bronze medallions for 1st, 2nd and 3rd in each class. A Grand Award to the best exhibit in the show and other special awards. T.M.P.S. members wishing to exhibit can obtain an entry blank from the News Letter editor.

DON'T MISS THE FINE ARTS EXHIBITION at the Minnesota State Fair this year. The invited artist will be none other than our Francis R. Meisch, and 40 of his recent water colors will be on display in the Galleries which cover the entire 3rd floor of the Grandstand Building. Among his works on display will be Minnesota and Western ghost town scenes, and some real charming London and European pictures. There is no admission charge, and the Galleries are open 10 a.m. to 10 p.m. every day of the Fair, August 25 through September 4, 1972.

"STAMPS AND STORIES"--A saga of U.S. History as told in stamps, is in the opinion of many, one of the few "strikes" that the United States Postal Service has made in its first year of existence. The pocket sized paper back, listing all major U.S. issues from the 5¢ 47 to the present time, shows Scott's number, and catalogue value for both mint and used. Many of the stamps are illustrated in color, and a short history or story of the stamp is told. The book was compiled and printed by the Scott Publishing Company for the U.S.P.S. and is for sale in all P.O.'s at $2. It will, no doubt, do much to interest people in the hobby and is, in our opinion, an outstanding gift for any youngster who you may want to help get started in philately. Pick one up--you won't be sorry.

FLASH--Congratulations to Don Henslin whose Lincoln exhibit topped all others and copped the Grand Award trophy, donated by the Maplewood Stamp Club, at the Ramsey County Fair. There were 27 exhibits in the competition.

MEMBER MEMO'S, ETC.--Harry Field, formerly in the stamp business as an associate of Dick Rudolph in St. Paul, and in recent years a resident of Phoenix, Arizona, is in town. He has disposed of his property in the Southwest and plans on living in Yorkshire, England . . . . Jim Ingram, original owner of Dayton's stamp department, and Don Neilson, an employee there since the Minkus chain bought the store, both passed away recently in Texas . . . . Ove Braskerud is living it up, NYC, Iceland, London, Brussels for the show, and now the Norse countries . . . . Art Storhaugh, his wife and boys, are frequent visitors on weekends when there are antique shows and markets. It seems that in Benson there just is too much of nothing in that category. . . . John Siverts, our Big Brother member, from Wilmington, Delaware, hit town and the dealers for a couple of days last week . . . . and at long last Jerry Thingvall has located a catalogue on Swiss Military stamps. Now locate a few of the stamps . . . . The Government of Ceylon had an exhibit of Ceylon stamps in one of Penny's windows on the Nicollet Mall during Aquatennial week. Seemed to attract a lot of interest. . . . Try and remember the kind of weather we have had lately, next January and February. It might help . . . .

NEXT MEETING - TUESDAY, AUGUST 22, 1972 - Y.W.C.A. - 12TH & NICOLLET- 8:00 P.M.

THE PROGRAM - " ????????????? " - With the temp about 90 and the humidity even higher it isn't the easiest thing to convince someone that it would be a good night to exercise the vocal chords and give us formal program on something philatelic. It really wouldn't be a good time to try as we found out. Some thot was given to a summer auction (we had one last year in August) but on examining the records this thot was ditched as being unprofitable at this time of the year. So the best thing we could come up with is some cooperative chatter that everyone attending can join in. This does not have to be hobby oriented. If you have done nothing with your stamps or collection this summer, you surely have been up to something, that will be of interest to the rest of us. In other words call this months meeting a gabfest. We know that some of our regulars have usdd spare time in pursuing collecting habits. To name a few - Bob Frigstad made an area search for post card lots on his vacation, with ???? results, so we'll let Bob relate. Julius Kurtz attended a national convention in Chicago of a "Token" society he has belong to for many years. We bet that some of you never knew there was such a thing. Tokens being those bits of metal, of various size and shapes that got you somewhere,in something, with the least possible effort. If you haven't forgotten street cars, you'll remember tokens. You won't be expected to remember the brass ones they had here in Minneapolis in the horse car days, but will Juluis do this. He wasn't around then either but he knows a bit about them. So come along informally and tell your tale.

THE QUIZ - Little did we know, years ago when the fourth Tuesday of the month was decided on as our meeting night, that we would have a July conflict with the annual American - National league slug-fest and that it would be on TV, but such was the case. We had a good turnout which does not mean that baseball is slipping. Harold Myhre, the quiz master came early and the quiz was given first position over everything so that Harold a former baseball pro could see the game. His quiz was interesting and one question raised a spirited discussion. Coming out on top was John Anderson, our Malta specialist, who kindly and thotfully informs us that noneof the questions, at Tuesday's meeting will have anything to do with that island. With a tip like that, how can you lose ?

THE FAIR OPENS FRIDAY SEPTEMBER 25 and lasts thru Labor Day , September 4. We hope that you are exhibiting in the stamp exhibition in the Creative Activities building, but if you aren't we know you'll want to see what other Minnesota collectors have entered in the twelve class, one frame show.

DON'T MISS the 71st annual Fine Arts exhibition on the top floor of the Grandstand building. The invited artist this year is Francis Meisch, who will exhibit 40 of his recent water colors. Scenes include Minnesota and Western paintings and a selected group of European scenes.

It is possible that we will have the results of the stamp exhibit judging at the meeting, which you can call a scoop , if you wish, as the Fair doesn't open until three days later.

THE ARROWHEAD STAMP CLUB of Duluth will hold its Sixth Annual stamp and coin show at the Duluth Athletic Club on September 16 and 17. Several Minneapolis dealers are taking bourse tables.

THE 39TH CONVENTION AND EXHIBITION OF THE TRANS-MISSISSIPPI P.S. is set for October 6-7-8 at the Radisson Corn Husker Hotel in Lincoln, Nebraska with the Lincoln Stamp Club as host. We have a few brochures on exhibiting, if interested let us know.

A CORDIAL WELCOME TO NEW MEMBER - Hans Gruelich 16 Penn Avenue So., Mpls. 55405 Phone 374 4382.

ADDRESS CHANGES - Hugh Enzler 121 Shoshoni Trail, Apple Valley MN 55068..... Leslie W. Lee YMCA 9050 Lyndale Ave. So. Bloomington MN 55420.

AROUND AND ABOUT - Max and Edna Tyler are escaping the hot weather in Hawaii.... Ove Braskerud can cram more info on a picture post card than most people can put in a letter. Latest report on his European jaunt covered Norway..... Kent Kobersteen is camera covering the Republican Convention in Miami Beach for the Minneapolis Tribune..... It was so hot at the Uptown Art Fair that one artist was reported to have sprayed his nude paintings with sun tan lotion.... Just add annother 232 covers to the 400 taken to the moon on the Apollo 15. The total keeps going up..... Congrats to Don Henslin on winning the Grand in stamps at the Ramsey County Fair.... The wandering Wertman is back. This time it was Rockport on the Atlantic in Massachusetts..... It is going to be interesting to see how they come out, meaning the many members who are also competing for the cash in the Post Card competition at the Fair, some for the first time.... We hope that the USPS doesn't get greedy and abuse the little golden eggs they are hatching in the Souvenir Card department. Too many could be too bad. Collectors have a way of cooling off quick.....Most Twin City dealers have had an exceptionly good summer. Traffic down some but dollar volume up....

THE MINNESOTA STAMP CLUB

NEXT MEETING - TUESDAY, SEPTEMBER 26, 1972- Y.W.C.A.- 12TH & NICOLLET 8:00 P.M.

THE PROGRAM - " London, etc. "- We are happy that we can present at Tuesday's meeting, Chapter One of Volume Two,of Ove's Odyssey. Last summer when Ove Braskerud left on his semi-annual vacation trip to Europe, he vowed that this time he would see some of the high-spots in the City of everyones dreams on the Thames. In 1970 with the great international stamp exhibition Philympia in session he saw little other than stamps and more stamps, on his stay in the British Capitol. So tonight we'll all get a chance to tour around the parks and the palaces, the galleries with their glamorous paintings and historical relics of the past, the pomp and pageantry that goes with everything from the guards at Whitehall to pickets surrounding Buckingham. Busy and crowded Oxford Street, cosmopolitan Trafalgar Square, with its trillions of begging birds, the hustle of the City with formally dressed brokers and bankers everywhere except on Sunday, when the deserted streets give away to the melodious peal of Saint Pauls. Plenty for the stamp lovdr in the Strand, in fact, here and there, all over and a gorgeous display of Great Britains philately at the Postal Museum near St. Martins le Grand. So we have an interesting and enjoyable evening in store for us with Ove, his camera, and comments.

THE QUIZ- Will be a repeat of the one last month that wasn't (for reasons stated in annother paragraph).John R. Anderson , our Malta expert, will preside, and promises us that none of the questions will have anything to do with ... Malta. So come prepared, with a pen or pencil, and your wits about you and maybe you can come up a winner, take home the loot, and have the job of conducting the quiz at the October meeting.

THE VFW TOOK OVER - It certainly was a blessing that no formal program had been scheduled for the fourth Tuesday of last month. You couldn't have gotten within five blocks of the Y if your car had been a tank. Blockade signs, cops, closed parking lots, bands, drum and bugle corps, marching units, floats, etc., just simply wrecked a decent turnout at the meeting. A few of the brave walkers made it, but others were too tired aftermiles of driving to get somewhat near the meeting building, just got tired and went back home. To those that made it, were gifted with a grand stand birds eye view of the " doings " a block away. And if you were not a parade watcher, Henrietta brought along a shoebox jam packed with post cards, looking for new owners. And a lot of them found some. We had a nice recount of some of Ove's travels, Adolph's experiences in Maine, and Wertmans eastern trip. Julius told of his jaunt to Chicago and the token collectors convention, and Fred found a few danish stamps in the circuits, that made the effort worth while. The Embers delegation adjourned at Bridgemans and as usual them what doesn't need those kind of goodies had 'em. So in spite of our vegs and the cooties, we who made it had a very, very nice evening.

THE STATE FAIR STAMP EXHIBITION - that we have spent some time in drumming up interest , and exhibitors, had 50 entries in the senior classes and 17 in the junior class. Not as good as we had hoped but still it was a good showing. On the whole, the quality of the exhibits was above average, with some exceptionly nice frames. Sweepstakes winners and owner of the large ornamental trophy donated by the Northwest Stamp Dealers Association was Roy L. Spiller with an exhibit of Canadian covers with squared circle cancellations. Sweepstakes in Post Cards was won by Bob Frigstad, who also received a trophy donated by the Minneapolis Post Card Club. He exhibited Hammon Publishing Co cards with State Fair scenes. He also won a first on his Christmas seals in the Stamp competition. John Norbeck was in the money and ribbons with one first, three seconds and a third. Stan Thompson, two firsts in stamps and a first and a third in post cards. Judging the show for the twenty-fifth consecutive year was Arthur E. McCracken. How time flies.

AROUND AND ABOUT- Forty-six of Francis Meisch's watercolors were on display in the Fine Arts show at the State Fair and were very well received by large crowds in the eleven day showing..... At Duluth, Sunday, for the stamp show sponsored by the Arrowhead Stamp Club were Jerry Thingvall and Roy Spiller in the bourse. John Norbeck, Ed Wertman and Max and Edna Tyler, Dee Thingvall were among those viewing the exhibits.....Don't forget the TMPS exhibition in Lincoln, Nebraska, at the Radisson Cornhuskers Hotel on October6, 7 and 8..... Ray and Betty Hamermick combined business with a vacation on a trip to the APS convention in New Haven CN where Ray had a bourse table..... Gene Herman is off on her yearly vacation. It's Europe again. Have fun.....The fringe take by the boys on Apollo 15, for trinkets, stuff and things, is now estimated to be in excess of one million bucks. The three brave men have been demoted to desk jobs for their questionable deeds but who wants to or has to work with those kind of apples..... It is our intention to have the Fall AUCTION at the OCT)-OBER meeting. Date will be Tuesday, October 24. You will be allowed six lots. Usual rules..... The 12th anniversary show of the Crow River Coin and Stamp Club will be held in the Litchfield High School on Sunday, October 22. Hours 11 to 6. Why not drive out ?....

THE MINNESOTA STAMP CLUB

NEXT MEETING - TUESDAY , OCTOBER 24, 1972 - Y.W.C.A. - 12TH & NICOLLET -8:00 P.M.

THE PROGRAM - " Fall Auction ". Dig up your duplicates and other unwanted philatelic material and get them mounted up and/or described on a sheet approximately 8 x 11 and bring them to our annual fall action action and turn them into CASH. You will be allowed to enter six lots in the sale which should be correctly described as to condition , etc., showing Scott's catalogue value when possible. You can put a reserve, or starting bid on the lots if you wish, however please keep this within reason. Don't over-price your material. Remember other people don't like to be harpooned anymore than you do. Lots sold will net you 90% of the proceeds with the club getting 10%. Donation lots with all the proceeds going to the club are more than welcome. There is no limit on these. Bring your material down as close to 7:00 as possible so that it can be loted and put out for inspection. The sale will start as soon as the Quiz is over. Your will be paid for lots sold at the conclusion of the sale. To save time please try and enter lots that will realize a buck or more...remember we are in the midst of inflation so don't start reforming until after the election.

THE QUIZ - Our thanks to John " Malta " Anderson for finally getting the chance to preside as prof on the quiz after a months delay caused by the VFW take-over. Smartest of the evening and the winner of the privilege of acting as the quizmaster of the evening was Roy Spiller, who will prepare a set of twenty questions which are guaranteed to be easy for all, whether you get them right or not. Figure that one out ? Must be not much writting.

BILL BILDEN'S BUSINESS BURGLARIZED - on Sunday night October 8, robbers broke into Bill's store in the State Theater Building at 8th and Hennepin and took approximately $ 4,000 in cash and coins. No stamps were taken. Entry was made thru annother store around the corner on 8th Street, to a common hallway for the building, and then access to the shop was made by chopping thru two brick walls in the back of the shop, so that the alarm system keyed to the front and rear doors was not set off. An alert passerby noted unusual loading activity on the 8th Street side and jotted down the number of the car. Police were notified and several men in their mid twenties were picked up with some of the coins and collectable currency in their possession. They are believed to be part of a large ring that has been operating in the Twin Cities for some time.

WE JOIN WITH MANY OTHERS IN WISHING BILL STRAWN the best of everything in his two new ventures. Not too long ago Bill moved his new issue stamp business from the Times Annex, where he had been located for twenty years, to 105 - 12th Avenue West, Alexandria, Mn 56308,a street location in this pretty resort town. AND more recently he deserted the bachelor ranks marrying Bernice Oas, a Jumior High teacher,of Minneapolis. Nice going, you two.

ED WERTMAN REPORTS that the T.M.P.S. Convention and exhibition at the Radisson-Cornhusker hotel in Lincoln, Nebraska, was a hugh success. Attending from the Twin Cities were- Herb and Betty Fantle, the Hamernicks, the Henslins , the Henry Petersons (Hank exhibited but we can't seem to find out how he came out), the Francis Meischs (celebrating a wedding anniversary), the Harold Myhres (curator of the TMPS Sales Department), and the Floyd Risvolds. Ron and Fern Edstron of Glencoe were there, as was Cliff Leak of Worthington. From the area near Rochester were the Don Dalluges and Prestons. Exhibitits were neat and interesting and the banquet featured a talk by TMPS attorney George Flagg on how to protect your stamps (from robbers)a timely subject. Host to next years annual convention is the Chicago Philatelic Society.

METROPEX AT THE CURTIS HOTEL ON NOVEMBER 18 AND 19 - information on this show sponsored by the Maplewood Stamp Club of St. Paul can be had from Ray Hamernick, 524 Rice Street, St. Paul 55103. Phone 224-8344.

FIRST USPS POSTAL BOUTIQUE IN MINNESOTA opens in the Endicott Arcade. All U.S. stamps currently available at the Washington agency will be on sale as well as " specials " books, albums containing all commems issued during the year, and philatelic posters. Hours are 8:30 to 5:30 Monday thru Friday. In charge is our good friend John B. Savard, who when approached on the subject said - " Beats lugging the mail ". And we are sure that with fisherman John at the helm all of us collectors will get a good break, as he's a collector himself.

LONDON - PARIS WERE GREAT - sez yours truly, Art McCracken and the Tom Reiersgord family all of whom were on the recent Channel 2 Charter flight on TWA. It a bit troublesome to recover from the six hour time change which I hope will suffice for the miscues here and there in this news letter and really my apologies to you all for walking (X) flying out on the job. Many thanks to Ove B. and all the rest of you for carrying on.

Dear Mrs. Meisch:

I was very sorry to learn that Francis had died. I have written a tribute to him in the April issue of **Japanese Philately** and enclose a photocopy of this page, since we are behind schedule in printing the issue.

The **IN MEMORIAM** heading is in the distinctive lettering than Francis designed for our Society. It has been used for the past thirty-six years:

on the Society's letterhead, and
in the masthead of every issue of **Japanese Philately**, and
on the titlepage of the Society's 12 monographs.

It is an elegant font and we will gratefully remember Francis as we continue to use it. ISJP Secretary-Treasurer Kenneth Kamholz has computerized it so that it can be used easily and in any size needed.

This letter needs no answer, but I thought perhaps some of your family might not have seen the "Golden Ratios" article that Francis wrote, at my request, for our December 1986 issue. A copy is enclosed. He contributed articles on several other subjects, but I especially like this one because it drew upon his professional knowledge of both art and architecture.

Sincerely,

Robert M. Spaulding

The first-day post office was Kyoto Central, but Kyoto machine LCD were actually applied in Osaka Central P.O. -- the mail-order address was "Kyoto CPO c/o Osaka CPO". MPT says the official Japanese name of the Kyoto conference was:

kikō hendō ni kansuru Kokusai Rengō wakugumi jōyaku dai sankai teiyakukoku kaigi

That means "Third Conference of Contracting Nations on a United Nations Framework Convention on Climate Change". The underlined letters are the first half of **UNFCCC/COP3**, an inscription that appears in both stamp designs and the machine LCD. In the last half **COP3**, the 3 evidently means "third" but we have no idea whether the **COP** means "conference of powers", "clambake of pontificators", or what. A clearer inscription appears on both stamps and both LCD and in the top margin of each sheet: **chikyū ondan-ka bōshi Kyōto kaigi kinen** [commemorating the Kyoto conference on preventing global warming].

MPT never explains LCD designs, but the device in the machine LCD appears also in the top margin of the sheet, suggesting that it may have been the conference logo. The handstamp LCD shows part of design X. MPT calls that **"Haha naru daichi" [Mother Earth]** and design W **"Haha naru umi" [Mother Sea]**. MPT described designer Naka Bokunen as a woodblock artist. These crude and ugly designs demonstrate how the quality of woodblock art has been degraded since the time of such great woodblock masters as Utamaro, Hokusai, and Hiroshige.

IN MEMORIAM FRANCIS MEISCH

Francis R. Meisch, ISJP S-150, died at age 82 on 16 January 1998 but his most visible contribution to this Society will continue. Mr. Meisch, who joined the ISJP in 1951, designed the distinctive lettering that has been used for the masthead of every issue of **Japanese Philately** since August 1962 and for the titles of ISJP monographs, along with the brush calligraphy of the late ISJP Director Yoshida Riichi for the Japanese title. Mr. Meisch based the roman letters on a French font and designed numerals in the same style, as shown in the table at right.

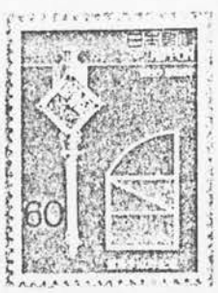
Francis Meisch was a native of St. Paul, Minnesota. After graduating from the University of Minnesota in 1939, he enrolled at the Massachuetts Institute of Technology and earned a master's degree in architecture. As an architect for Northwest Airlines, he planned buildings and facilities at airports in Minneapolis, Detroit, Chicago, Seattle, and New York. Later he also worked on architectural designs for the Hennepin County General Hospital and the Minnesota Zoo.

He was also a distinguished artist, painting more than 600 watercolors that are noted for their realism. These won numerous awards and have been exhibited at the Minneapolis Institute of Art, the Walker Art Center, the Minnesota Historical Society, and other places.

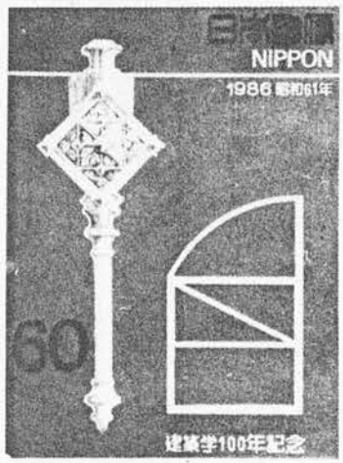


Mr. Meisch had many philatelic interests, and in his 47 years as an ISJP member he wrote several articles for **Japanese Philately**. One using his professional knowledge was titled "Golden Ratios" in the December 1986 JP 41/228-231, concerning the 2 designs shown at left: Japan's 1986.4.9 Architectural Institute stamp and the famous diagram by Leonardo da Vinci in the 1979.4.7 large commemorative datestamp. We shall miss his friendship and his contributions to the ISJP.

Editor's note: The 1986.4.9 Architectural Institute stamp (JP 41/172-173) shows a diagram the Ministry described as illustrating the **ōgon-hi** [golden ratio or golden section]. I requested comments from Francis R. Meisch since he is both an architect and an artist, as well as the designer of the lettering used in the JP masthead since 1962 (JP 30/263, 34/49).

GOLDEN RATIOS

Francis R. Meisch

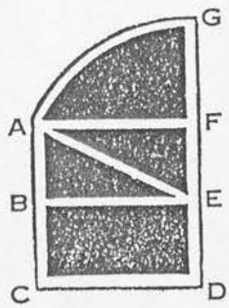


In art and architecture there are many 'golden' terms such as golden ratio, golden section, golden proportion, golden rule, golden rectangle, golden oblong. The **Encyclopedia of the Arts** gives this definition: "**Golden section:** That part of a line or figure in which the size of the smaller part is to the size of the greater part as the greater part is to the whole."

That definition fits Euclid's formulas for the "golden rule of proportion", but I cannot make any of the line segments in the Architectural Institute stamp design fit this. Since the Postal Services Ministry did not explain the stamp design, only the Architectural Institute or stamp designer Amano Takao can tell us the source or significance of this particular diagram.

However, the diagram on the stamp does suggest "the rectangle of the whirling squares". On the next page I show the static symmetry shapes of the elementary geometric figures, including a rectangle with the 2:3 ratio of the golden rectangle. Some designers use a 3:5 or 5:8 ratio instead. Also on the next page are the dynamic symmetry shapes. I have put the Architectural Institute stamp diagram in with these shapes because when the parallel lines are added around the circle segment, the figure becomes a "rectangle of the whirling squares" with lines in the 1:1.618 ratio cited in JP 41/173.

When the reciprocal 'A' of the rectangle of the whirling squares is added as 'B' on the opposite side of the square, the new rectangle becomes a whirling squares rectangle that is equal to a root five rectangle. A root five rectangle with the ratios of its components is also shown for comparison. The dynamic symmetry information on whirling squares rectangles and root rectangles is based on Claude Bragdon's 1932 book, **The Frozen Fountain.**



Bragdon also shows how the logarithmic or equiangular spiral is the key figure of dynamic symmetry, how root rectangles can form a logarithmic spiral, and how root rectangles are derived from one another. He states that leaf distribution in plants fits a system of numbers known as a summation series. Succeeding terms are obtained by adding together the two preceding terms, as in 1, 2, 3, 5, 8, 13, 21, 34, 55, 89, 144, 233, 377, etc. Above 34, dividing each number by its predecessor produces the 1:1.618 ratio that is found also in the rectangle of the whirling squares — and between lines DG (1.618) and either DF or DC (1) of the Architectural Institute stamp diagram as lettered here and in JP 41/173.

The Architectural Institute stamp diagram also has at least some similarity to the famous diagram by Leonardo da Vinci shown in Japan's large commemorative datestamp for the 1979.4.7 centenary of medical licensing examinations. Leonardo's design illustrates Euclid's formulas for "the golden rule of proportion", as shown below. If one assumes that the man is 700 mm (5'10") tall, using that dimension as the side of the square and Euclid's formulas the location of B on line AJ can be calculated, thus locating the center of the circle at E on line FK.

"MAN IS THE MEASURE OF ALL THINGS", wrote Protagoras of Abdera.

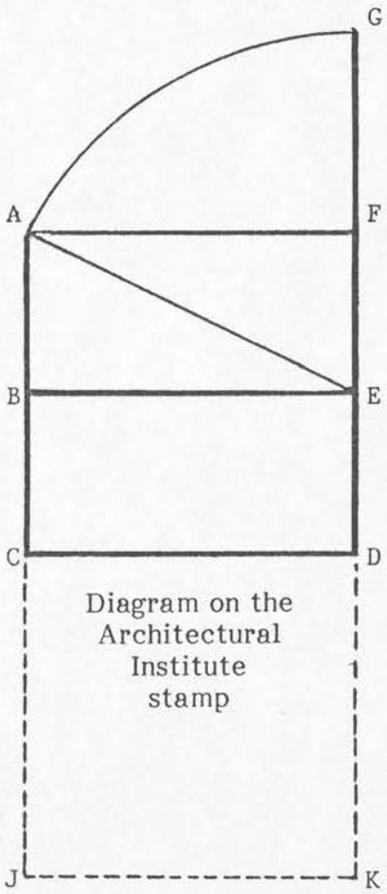

Diagram on the Architectural Institute stamp

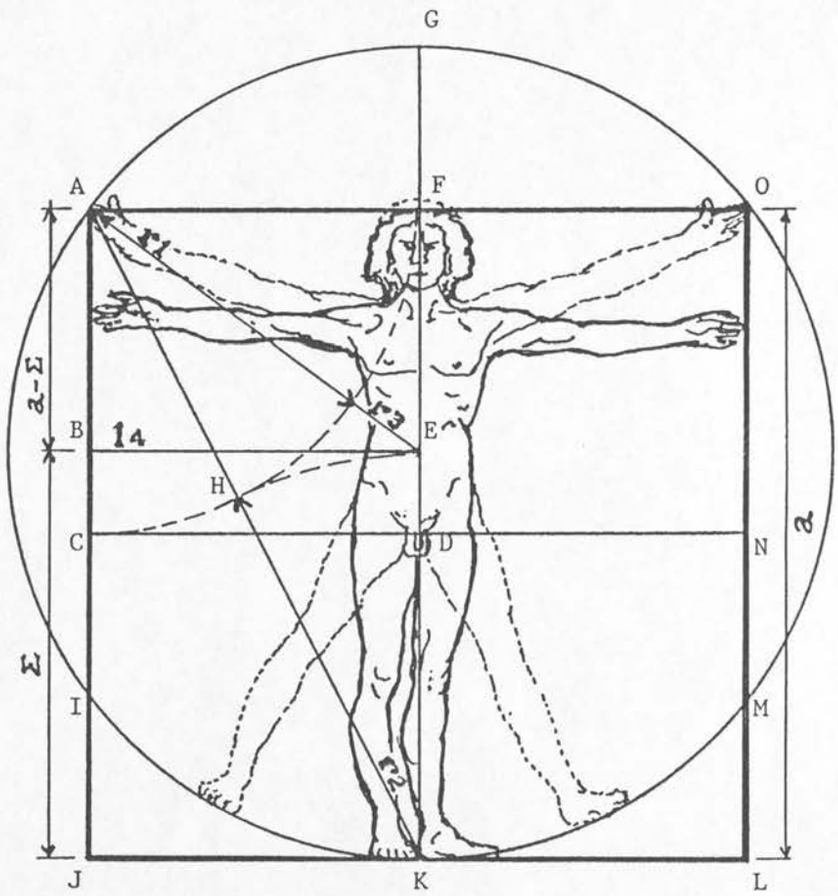

$$a : \Sigma = \Sigma : (a-\Sigma) \qquad \Sigma = \frac{\sqrt{5}-1}{2}\, a$$

In the **New Encyclopaedia Britannica** article "Interior Design", George Savage comments:

> Throughout the ages, designers and architects have attempted to establish ideal proportions. The most famous of all axioms about proportion was the golden section, established by the ancient Greeks. According to this axiom, a line should be divided into two unequal parts, of which the first is to the second as the second is to the whole. Leonardo da Vinci developed a figure for the ideal man based on man's navel as the centre of a circle enclosing man with outstretched arms.

In the Britannica article "Art of Painting", Peter D. Owen says:

> An emphasis upon the proportion of the parts to the whole is a characteristic of Classical styles of painting. The Golden Mean, or Section, has been used as an ideal proportion on which to base the framework of lines and shapes in the design of a painting. The Renaissance mathematician Lucas Pacioli defined this aesthetically satisfying ratio as the division of a line so that the shorter part is to the longer as the longer is to the whole (approximately 8 to 13). His treatise **Divina proportione** influenced Leonardo da Vinci and Albrecht Durer. . . . Golden Mean proportions can be discovered in the design of many other styles of painting, although often they may have been created more by intuitive judgment than by calculated measurement.

WE NEED HELP ON THREE PROJECTS

One of the great attractions and challenges of Japanese philately is that it so often leads us into unexpected fields. In 1986 alone, we have needed to track down such improbable subjects as a fifth-century B.C. Chinese civil war (JP 41/9), a Russian botanist (JP 41/33), a Russian-born Dutch crown princess (JP 41/55), a Biblical flower (JP 41/74), an optical illusion (JP 41/81), the supposed Chinese inventor of agriculture (JP 41/91), a Shinto deity smaller than a bird (JP 41/91), a flying plum tree (JP 41/126), a New York fire insurance company in 1874 (JP 41/160), the flag of the Second German Reich (JP 41/165), an imaginary island (JP 41/176), a Euclid formula, and a Leonardo da Vinci drawing (above). In preparation right now are articles on two more improbable subjects: two links between Japan and the Ionian Islands and the Japanese engraver of stamps for the short-lived Republic of Hawaii.

Now the Editor needs help on three unfinished projects. Who will volunteer?

(1) **RADIO JAPAN:** Will someone who listens to the overseas broadcasts of Radio Japan make a recording of its sign-on music and send this to JP Assistant Editor Sune Johnson? For background, see JP 41/12-13. Mr. Johnson wrote to Radio Japan but received no reply.

(2) **MANCHOUKUOAN NATIONAL ANTHEMS:** JP Assistant Editors Suzuki Katsuhiko and W. H. Halliburton have tracked down words and music to two national anthems of Manchoukuo, adopted in 1933 and 1942. Notes and a quotation from one appear in two Manchoukuo postmarks. Will some member with musical ability and a tape recorder volunteer to play and record the two anthems for us? If so, please write to the Editor. If we succeed in getting the anthems recorded, copies will be made available to any interested member.

(3) **TRANSLATING CHINESE:** Will someone with a good knowledge of Chinese volunteer to translate (a) the words to the two anthems mentioned above and (b) the eight-line inscription shown on a 1908 commemorative postcard of Japanese Taiwan (JP 38/108-109)?

SARAWAK POSTCARD RATES: Stephen D. Schumann has sent us information that clears up some of the confusion in the Forrester-Wood handbook about Sarawak's postcard rates just before the Japanese invasion (see JP 41/112). In both the 1931 (Waterlow) and 1934 (Bradbury Wilkinson) series of cards, the 2 cent was for addresses in Sarawak, Brunei, British North Borneo, and any part of British Malaya, the 4 cent for addresses elsewhere in the British Empire, and the 6 cent for addresses in other UPU countries.

Sarawak's "local" (Malay Postal Union) rate was raised from 2 cents to 4 cents on 1941.3.1 and the UPU rate was raised from 6 cents to 8 cents on a date not yet clear. The 8 cent card listed by Forrester-Wood was not issued in 1934 as he assumed.

EXECUTIVE OFFICE

ST. PAUL 1

April 21, 1958

My Fellow Minnesotans and Visitors:

I am pleased to have this opportunity to extend my personal greetings to each of you during the Twin Cities Philatelic Society exhibition.

I believe it is especially fitting that this group is meeting during this Centennial year, for both events have real historical interest; for while one honors history made, the other is dedicated to a study of history's guideposts.

We, in Minnesota, are pausing this year to honor the people and institutions which have contributed so much to our history. As part of that celebration, a special Minnesota Centennial stamp has been issued, and I believe that you, more than most people, can understand the significance of this. To you, stamps are but doorways to history; behind them lies the rich, complex fabric of man's struggles and triumphs.

I hope you have a most successful convention.

Sincerely yours,

Orville L. Freeman

GREETINGS

The Twin City Philatelic Society welcomes the opportunity to salute the Minnesota Statehood Centennial Committee and the people of this State in celebrating its 100th Anniversary by staging thir annual Twinpex stamp exhibition and show. Additional significance is added to the occasion by the United States Postoffice Department, in the release of a Minnesota stamp commemorating its 100th birthday.

The postal history of the State of Minnesota during the past 100 years, and even earlier, has been a most auspicious and interesting one, as readily evidenced by the exhibits at the show. For those who are interested in the various phases of philately, the many frames of stamps on display will reveal an unusually wide field in which one may pursue the hobby of stamp collecting, known as King of Hobbies and the Hobby of Kings (and Queens).

To our visitors, we are hopeful that you have enjoyed this exhibition and have profited by the "Camaraderie" that prevails among stamp collectors, both young and old, throughout the world.

The cooperation and support offered by the Minnesota Statehood Centennial Committee, the U. S. Postal authorities and Government Officials, the T.C.P.S. Show Committee and its members, the Trans-Mississippi Philatelic Society, other collectors and dealers, their patronizers and many others, in order to make this exhibition and show a success, has been most gratifying and generous.

On behalf of the Twin City Philatelic Society, may I express our sincere appreciation for all your efforts to place these stamps on parade.

E. M. ZWICKEL

TWIN CITY PHILATELIC SOCIETY

Our Society is celebrating its 45th Birthday in this historic year of Minnesota's Statehood Centennial. Of the 22 Charter Members, who organized T.C.P.S. in 1913, E. J. Gifford of St. Paul, the first President, has maintained his interest and membership through the years. P. A. Brown of Minneapolis, who just missed being a Charter Member, has given loyal service as Secretary-Treasurer since 1929. Our President for this year, E. M. Zwickel of St. Paul, joined in 1926. We are all proud that our T.C.P.S. is a Chapter of A.P.S.; S.P.A.; and T.M.P.S.

From 1937-41, we published the "Straight-Edge", which was quite an asset to the Society until it became a war victim. Then, in 1952, the "Newsletter" came into being and for nearly six years now has told the story of our activities and news, both personal and philatelic, about our members.

Through the years we have mourned the loss of many fine members. For two of these, fine memorials have been established. Since 1940, Mrs. Gerald H. Burgess of Minneapolis has given a medal in memory of her husband, a Charter Member and devoted leader in T.C.P.S. activities. This award has now been presented to 18 of our members for philatelic achievement or for outstanding service to the Society. Another award was established in 1956 to honor the memory of our beloved Ed Oleson. Contributions to the "E. M. Oleson Memorial Fund" were made in appreciation of his interest, counsel, and encouragement he gave to so many of us and from this fund will be purchased a fine trophy to be awarded at our Stamp Exhibitions.

Many exhibitions have high-lighted the history of our T.C.P.S. In 1929, we sponsored the First Stamp Exhibition held in connection with an Annual Convention of the American Philatelic Society. $1,000,000 worth of stamps were shown, including the famed British Guiana of Arthur Hind's and many Philatelic Notables were guests. Philip Little, Jr. (still on our Roster) headed the Show Committee and Gerald Burgess was T.C.P.S. President.

In 1933, T.C.P.S. held its own First Show and others followed. In 1940, we celebrated the Centenary of the First Postage Stamp - the "Penny Black" of Great Britain and in 1947 the Centenary of our first U.S. Stamps. In 1949, we had the thrilling experience of the "First Day of Issue" of the Minnesota Territorial Centennial Stamp and our "Official" cacheted cover was named the "Best Cachet of the Year".

In the 1950s we have had three very successful exhibitions - in 1953 for our T.C.P.S. 40th Birthday Celebration - in 1955 our "Twinpex", honoring the 100th Anniversary of the First Suspension Bridge to span the Mississippi River - and in 1956 a Show honoring the Centennial of the City of Minneapolis. These later Shows were marked by many notable exhibits from other parts of the country, fine awards by many of the national societies, and more dealers on our Bourse.

Now comes the most important exhibition we have ever sponsored and we are proud to make this contribution to the celebration of Minnesota's Statehood Centennial and to again be host to a "First Day of Issue" Ceremony. We are also delighted that the Trans-Mississippi Philatelic Society, of which we are a Chapter, will hold a regional meeting in St. Paul during our Centennial Show.

Our President, E. M. Zwickel, chose the theme for the Show - "TO PROMOTE PHILATELY" and appointed J. Arthur Riehle as General Chairman of the Committee, all members of which have won service stripes in previous shows! All of us hope that this will be known as the finest exhibition in our 40 year history.

Rare Wisconsin Territorial covers pertinent to Minnesota history are: St. Croix Falls, December 14, 1840, and Stillwater, November 20, 1847, containing a letter to General George W. Jones in Dubuque and delivered by River boat.

PHILATELIC PERSONALITIES

A collection of photographs of prominent philatelic personalities of the world as taken by Charles D. Sneller, M. D. of Peoria, Illinois at philatelic meetings and exhibitions both in the United States and Europe. Dr. Sneller's camera has caught the character, spirit and individuality of prominent philatelists, who in many cases were unaware that they were being photographed. The increased interest in stamp collecting has brought about an added interest in its personalities and for this reason this remarkable collection has been the center of attraction both in the United States and abroad.

UNITED STATES RARITIES

Unintentional errors in printing of United States stamps which have resulted in the valuation of the stamp reaching fabulous amounts.

The 24c 1918 Airmail Invert—The original sheet of this error was purchased in a Washington, D.C. Postoffice in May of 1918 for $24.00. Based on prices realized in Stamp Auctions in the past year, the present day cash value of this sheet would be in access of One Half Million Dollars.

The 1869 Inverts—Three bi-colored stamps with the center inverted with a valuation of over $8,000 dollars.

The "Blue" Columbian Error—Normal color of the 4c 1893 Commemorative was ultramarine and retails for $3.00. The "Blue" error in color retails at over $1,000. Both examples are shown for comparison.

The Inverts are thru the courtesy of Wilber Schilling. The Color Error is from the J. A. Riehle collection.

MINNESOTA TERRITORIAL LANDMARKS

Two paintings of Minnesota Historical interest painted especially for the Exhibition by Artist, Francis R. Meisch, Minneapolis.

Saint Anthony Falls, Minneapolis—Reproduced from a daguerrotype made in 1851 by Alexander Hessler of Chicago, showing the Falls from Hennepin Island looking westward before the zigzag rocky brink and the surging cataract were harnessed by the Milling industry.

Sibley House, Mendota—Painted from a drawing of the house published in 1888. The home was built in 1835 by Henry Hastings Sibley, a partner in the American Fur Company in charge of the Minnesota Country. It was used by the pioneers as an office in drafting the plans for Minnesota Territory. It wah the first Capitol of Minnesota Territory under the first Territorial governor, Alexander Ramsey and after Statehood became the first State Capitol under Henry Hastings Sibley, the first State governor now known as "The Father of His State."

EDWARD M. OLESON MEMORIAL EXHIBIT

Pages showing some of his varied collecting interests. His willingness to help and offer his vast philatelic knowledge to others was inspirational in the promotion of Philately as the "King of Hobbies."

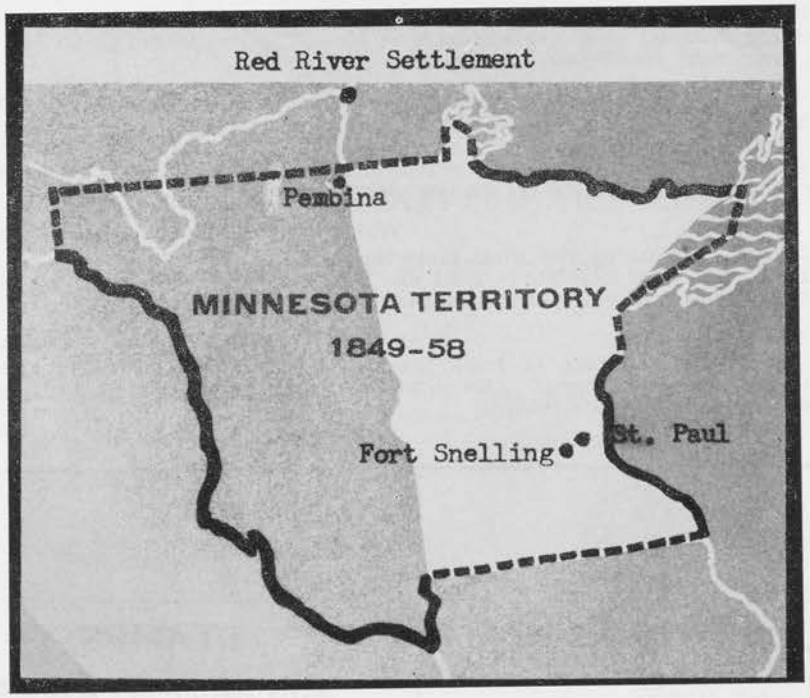
POSTAL HISTORY on the MINNESOTA FRONTIER

By Lorin C. Warg

One of the most unusual and interesting phases of Postal History of Minnesota was initiated in 1844 when the American Fur Company sent Norman W. Kittson to establish a trading post just south of British held Canada at Pembina now a part of North Dakota. He was sent for the purpose of obtaining a portion of the fur trade of that region. The powerful Hudson's Bay Company had been enjoying a monopoly of the trade in Western Canada and was operating a post sixty miles north at the Red River Settlement, now Winnipeg.



Prior to his arrival the settlers and traders in this isolated territory forwarded their letters via the Hudson's Bay Company canoe brigades which went to eastern Canada by a water route which extended across the northern boundary of the United States Records reveal that on rare occasions Hudson's Bay mails were sent by a runner, who would take the river route south, to the post office at Fort Snelling.

A few traders at the settlement, commonly referred to as Free Traders, found it more profitable to dispose of their furs privately. For this reason the Hudson's Bay Company, exercising their control over the Council of Assiniboia, presented an ordinance designed to assist the Company in defending their monopoly. On December 20, 1844 a proclamation was made at Red River which declared:

"Winter Express . . . all letters which are intended to be sent by this conveyance must be left at this office on or before the 1st of January; every letter must have the writer's name written in the left hand corner below, and if the writer is not one of those who have lodged a declaration against trafficking in furs, his letter must be brought open, its enclosures, if any, being open also to this office and here closed. (Signed) Alexander Christie, Governor of Assiniboia, Upper Fort Garry, 20th December, 1844."

In order to circumvent this restriction of their liberties the Free Traders but apparently not the settlers in general, in about 1845 began to send their mail by the "Kittson's Exprss" which by then had been established to transport furs from Pembina to St. Peters. The traders discovered this private mail not only provided an effective means of escaping the censorship of the Hudson's Bay Company but

that it was much faster. Consequently, by 1850, many of the settlers began taking advantage of this means of forwarding their mail to the east.

It was during this period that the citizens of Red River joined with the American Fur Company in the employment of a mail carrier in an attempt to improve the service between Pembina and the St. Paul post office. The record is clear that many packages of mail arrived at the St. Paul office from the Red River colony. The United States Postmaster General was apparently so impressed by the volume that he authorized a post office at Pembina, Minnesota Territory, on May 18, 1850, with Norman Kittson as Postmaster. However, authority was not provided to employ a contractor to deliver the mail from the Pembina office to the nearest point of contact with regular established United States postal channels. The distance from Pembina to St. Paul and Fort Snelling was approximately 300 miles

The citizens of Red River continued their efforts to obtain a post office sponsored by their local government. The lack of cooperation from the governing Council of Assiniboia and the unpredictable schedule of the Kittson office prompted them to take matters into their own hands. In 1853 an unofficial postmaster was appointed and a runner selected to be paid by the individual subscriptions of the inhabitants themselves. The runner was instructed to proceed into Minnesota Territory and to make the most advantageous connection with an out going mail. By this time several post offices had been established between Pembina and the St. Paul office. They, too, had the common problem of maintaining satisfactory communication with St. Paul the main outlet for mail in Minnesota Territory. The runner's contact point was sometimes Pembina, but if he found on arrival that the trading post was not contemplating an express for several weeks he was obligated to proceed to the next office which might have been Fort Ripley, Swan River, or Crow Wing. If none of these offices were planning an early trip to St. Paul the runner was obligated to complete the journey himself in order to insure prompt delivery of his mail pouch.

RED RIVER - Nov. 10, 1855 B.N.A. (British North America)
Cover originating at the Red River Settlement - now Winnipeg. The Paid 10 was applied at Red River and forwarded to Pembina, Minnesota Territory where the manuscript name of that office was applied. The mail of this period (1855) sent from Pembina to St. Paul and then to Canada via Detroit and Windsor.

St. Paul's first newspaper, "The Minnesota Pioneer" offered news under the heading of: "PEMBINA and SELKIRK MAILS . . . The valley of the Mississippi is becoming the principal mail route for all of that region west and north of Lake Superior, including not only the northern part of Minnesota Territory, but the portion

TRANS-MISSISSIPPI PHILATELIC SOCIETY

The Trans-Mississippi Philatelic Society was founded in 1934 by members of the Omaha Philatelic Society and the Council Bluffs (Iowa) Philatelic Society who first saw the need for a regional philatelic organization to serve stamp collectors in the mid-west. The object was to concentrate activities in the Upper Mississippi Valley so that annual Conventions and Exhibitions could be held which would be easily accessable to collectors in this area.

The first year of its existence was marked by the issuance, by the Post Office Department, of the "Omaha" souvenir sheet which was put on sale at the Society's first annual Convention held in Omaha in 1934. Since that time the rise of the Society has been rapid, and it now ranks as one of the top three philatelic societies. Today its membership covers nearly every state and several foreign countries, however the majority of its members and all of its officers reside in the original region.

The official organ of the Society is Mekeel's Weekly Stamp News, one of the oldest of philatelic publications, which is sent to all members. Club news, reports and other matters pertaining to the Society appear in this paper. A Year Book is published which lists the names of all members and their collecting interests as well as other Society information.

A Sales Department is maintained which is now recognized as being the most efficient of any philatelic organization. Thru this unit members are given the opportunity of selling their duplicates at a nominal commission fee with accounting and settlement made on a quarterly basis. They can also obtain thru this department approval selections of stamps, arranged by countries, from which stamps can be purchased for their collection.

Other advantages offered by the Society are an expertizing committee, an estate advisory board, and a program department where material and slides for club programs can be obtained.

Good fellowship has been the keynote of the annual Conventions and Exhibitions and the easy accessability of these events to the majority of the members has been instrumental in the success and growth of the Trans-Mississippi Philatelic Society.

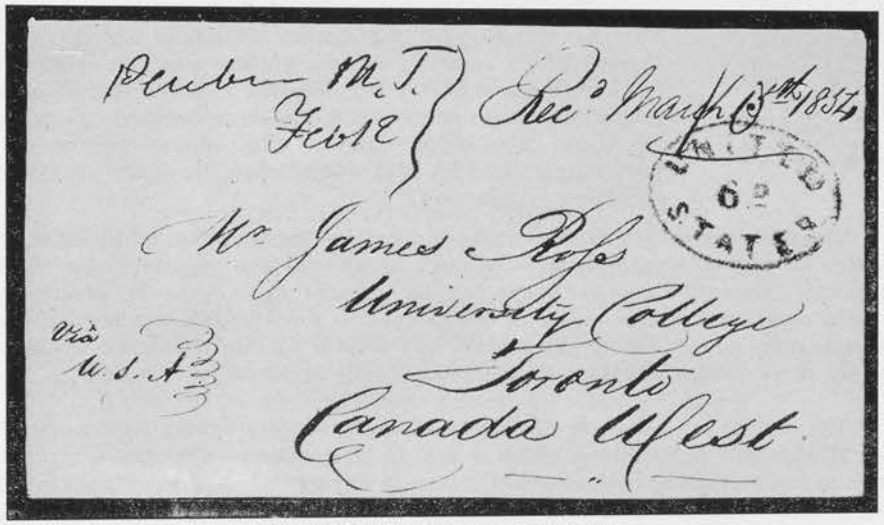
of British America lying between Minnesota and Hudson Bay. Last week 150 letters, mostly British, came down in the Pembina mail, to be mailed at St. Paul."

On February 28, 1855, after continuous agitation by the inhabitants, the Council of Assiniboia appointed William Ross as the postmaster of Red River and provided that a monthly mail be set up from the settlement to Pembina. Examination of the voluminous file of the Henry H. Sibley papers at the Minnesota Historical Society discloses that Kittson had requested a United States government sponsored mail contract to be initiated between Pembina and St. Paul. The Council of Assiniboia was undoubted y aware of Kittson's efforts as they pointed their schedule toward the most convenient point of entry which was the Pembina Office.



PEMBINA M.T. (Minnesota Territory)

A cover originating at Red River and carried by "Kittson's Express" to St. Paul. The exchange mark was probably applied at Detroit. Note the Via U.S.A. that appears in the lower left hand corner.

The appointment of the new postmaster and the Councils provision for a monthly mail to Pembina buoyed the expectations of the settlers, but their hopes were short lived. The Council failed to provide adequate funds to maintain satisfactory delivery between Pembina and the settlement, and Kittson disappointed them in his efforts to provide a United States contractor from St. Paul to Pembina. To add to the annoyance of the inhabitants, they noted that postage was being paid by both sender and receiver. To eliminate this 'doublepay' Ross devised a large circular postmark identifying the origin of the letter which read "Red River B.N.A." (British North America) and then including also a large Paid. This served as sufficient evidence to eliminate the charge at the receiving end. This crude postmark stands as a monument to this early pioneer of Canadian Postal History. Wiliam Ross died unexpectedly in the spring of 1856 and it is interesting to note that his successor did not choose to identify the point of origin and as a result letters originating in the Canadian settlement did not receive a postal marking until they entered a Minnesota Post Office.

The postal arrangement for the period 1858-1860 was summarized by the "Nor-Wester" Red River's first newspaper in their issue for January 28, 1860:

"The year 1858 witnessed a new feature in the postal arrangements of the country. In that year, the Canadian Government authorized the conveyance of mails to and from the settlement, via Fort William. Since that time, therefore, and up to the beginning of the present winter, we have had two lines of mail communication . . . one through American and one through British territory. The former has hitherto on the whole given great satisfaction, and we doubt not the latter will also give satisfaction, after some more experience of the route and its requirements. In June, 1859, the two lines together brought in 713 papers and 210 letters. This is the largest number of papers ever brought in by a single mail. The number of letters is smaller than by previous mails; but there will of course be a fluctuation. Our mails are only monthly. We may, it is true, send to Pembina twice a month; but as there is but a monthly

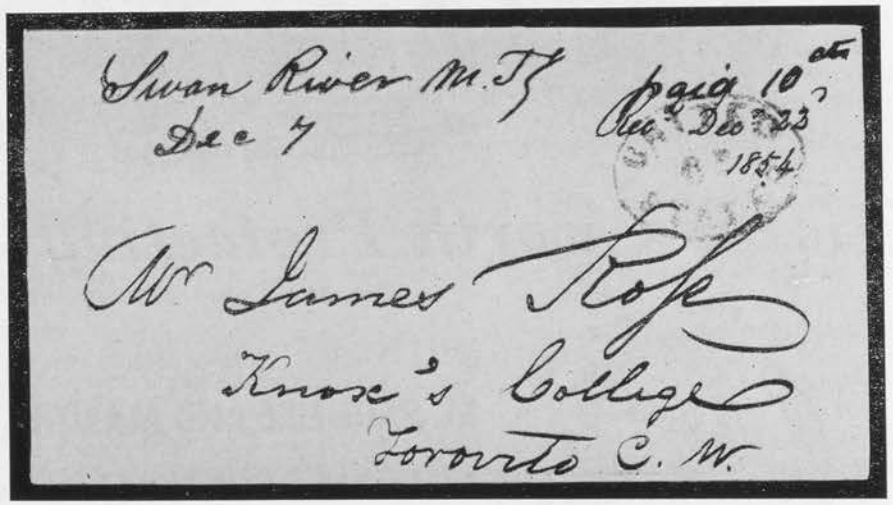
mail from there, the arrangement is but satisfactory. Let us have a genuine fortnightly mail. There was one from July, 1958, to July 1859; why was it given up?"

The difficulties of the route, the apparent unwillingness of the Hudson's Bay Company to cooperate, the length of time taken to deliver the mail, perhaps political considerations, and above all the cost, brought this interesting experiment to an end.

By the early 1860's the Pembina mail was taking advantage of the stage line established by the Northwestern Express and Transportation Company. This enterprising organization initiated an express from St. Cloud to Fort Abercrombie, the new fort on the Red River in Dakota Territory, and then north to Pembina. On June 28, 1865, James Ross, writing from Pembina, says:



SWAN RIVER M.T. (Minnesota Territory)

Cover carried by runner from Red River settlement to Swan River and placed in the mails. This is an example of the settler's "private mail". It is backstamped Windsor Dec. 20/54 and Toronto Dec. 21/54.

"I gave $3.00 for my passage from Abercrombie to Georgetown by the mailman. From Georgetown to this place I got with another mailman and paid to him that pound note (H.B. Co.) I brought from Canada."

As fur trading gave way to agriculture and industry, old means of travel were changed for new. Cart trails and stage roads gave way to steel rails. The railroad was the pioneer that blazed the trail to shorten the lines of communication and furnished the conveyance for settling the land.

It is not the writer's intention to bring to the reader in the limited space available a comprehensive study of the postal history of this area but to provide a general history. The author wishes to acknowledge the assistance rendered in the preparation of this article to his good friend Dr. Murray H. Campbell of Winnipeg, Canada.

Information regarding postal markings from Red River, Fort Garry, or Pembina, during the period 1840-1860, would be appreciated. Address communications to: Lorin C. Warg, 3535 Zenith Avenue North, Minneapolis 22, Minnesota.

Henry Hastings Sibley, First Governor of the State of Minn.

On May 11, 1858, after much delay, Congress passed the bill admitting Minnesota to the Union and President Buchanan signed it. Governor Sibley with the other state officials, elected in the fall of 1857, took the oath of office in the Governor's Room at the State Capitol on May 24, 1858.

Henry Hastings Sibley was a man of many careers, in all of which he contributed greatly to the growth and history of the State. Born in 1811 at Detroit, Michigan, he died in St. Paul in 1891. His father was Chief Justice of the Supreme Court of Michigan but the son chose a life of adventure. At the age of 23 he came to Minnesota and established a trading post at Mendota for the American Fur Company. In 1835 he built a fine stone house there, which soon became famous for its hospitality.

In 1848 his political career began, when he was sent to Congress and secured the creation of the Territory of Minnesota. Alexander Ramsey, the first Territorial Governor, was Mr. Sibley's guest at Mendota for his first month in office. Mr. Sibley served as Territory Representative in Congress until 1853 and then was a member of the Territorial Legislature. He only served one term as Governor. Next came a notable military career, first as Colonel sent out by Governor Ramsey to quell the Indian uprising, then commissiond a Brigadier General by President Lincoln to lead successful expeditions against the Sioux Indians.

He sold his Mendota home and moved to St. Paul, where his wife died in 1869. He became a leader in many cultural and business activities—was a founder and later President of the Minnesota Historical Society - President of the Board of Regents of the U. of M. for many years - President of St. Paul Chamber of Commerce - the Gas Light Company, a bank and an insurance company.

In 1910, Governor Sibley's Mendota home was acquired and restored by the Minnesota D. A. R. and has become a fine historical museum. Among the many visitors are thousands of school children who on guided tours learn much of the beginnings of Minnesota History, which centered around this "Governor's Mansion."

NININGER — A MINNESOTA GHOST TOWN

In all parts of the United States you can find "ghost towns", once thriving communities which have dwindled to a small fraction of their former size, if, indeed, they still have occupants at all. Many of these towns are relics of the nineteenth century mining and lumbering booms, abandoned when the mineral veins played out or the timber was all cut. Others, of which Nininger is Minnesota's finest example, are the result of a real-estate promotion which failed to live up to the dreams of the promoters. Today, what fame it possesses Nininger owes to one man, Ignatius Donnelly.

In the summer of 1856 the town site of Nininger was laid out by John Nininger, a Philadelphia and St. Louis real estate operator, and brother-in-law of Alexander Ramsey, the first Governor of Minnesota Territory, on the Mississippi five miles north of Hastings. Nininger interested a number of his Philadelphia friends in the project, among them Ignatius Donnelly, a young attorney. Donnelly bought 101 lots on the townsite, a holding he later increased to over 1000 acres, and in December of the same year he and his wife moved to their new home, making the last 400 miles of the trip by steamboat at a total cost of $2 00.

As originally planned, the 640 acre townsite contained 3800 lots, but four additional were platted between August of 1856 and March of 1858. An original map of the townsite, bearing two one cent stamps of the 1857 issue, is in the collection of Lorin Warg. The Original price was $100 per lot, which was increased as the settlers moved in to $200-250 with $500 asked for choice river frontage. All means available at the time were used to publicize the infant metropolis; advertisements in newspapers, carefully planned mass meetings in New York and Philadelphia, featuring speakers just returned from Minnesota, letters, broadsides, circulars, pamphlets, and "The Emigrant Aid Journal" ostensibly a newspaper but with far more propaganda than news.

Response was gratifying to Nininger and his fellow speculators, settlers flocked to the site, there were 500 people in Nininger in the summer of 1857, and double this amount the following year. Over 200 buildings were constructed, including two sawmills, a grist mill, a plow factory, a sash and door factory, six saloons, three hotels, and eight general stores. A physician, a dentist, a banker, and several real estate men were in residence. The Mammoth Hotel, to cost $30000, a ferryboat, a seminary and half a dozen churches were in the planning stage. Donnelly, who was the builder of the largest house in town, and already wealthy from speculations, remarked that here he was with his fortune made at age 26, and wondered what to do with the remainder of his life.

Cover from NININGER, M.T. - Dec. 7, 1857 (Authors' Collection)

But just as it seemed possible that Donnelly's prediction that Nininger would be the world's largest city (by the year 4796) might become a reality, the boom quietly

began turning into a bust. The panic of 1857 began freezing the capital that was needed to back the rapid expansion; in the uproar caused by the proposal to move the Territorial Capitol to St. Peter, a bill for a special charter for the city was not passed in the 1857 session of the Territorial Legislature, so no money could be raised by taxation for streets, schools, improvement of the levee and other necessities. A school district organized in 1857 was declared illegal by the county commissioners because there were not enough signatures on the petition, and when the charter was ratified by the legislature in February of 1858, it was a town, rather than a city.

Even this was more title than Nininger could aspire to in the coming months. Although fourteen new buildings had been started by March of 1858, the boom was over. Settlers could not make the $100 improvement in six months and $380 in three years called for in the deeds to their lots, because of the tight money situation, and moved away as rapidly as they had come. Homes and business buildings were torn down or moved to neighboring towns, by 1860 the population was down to 469, and by 1869 the only building left on the townsite was the Donnelly home.

Here Donnelly continued to live for the rest of his life, he turned to politics and was elected Lieutenant Governor in 1859 and Member of congress in 1862 and 1866. A political maverick, he retained his interest in state politics until his death in 1901, championing the cause of the working man and opposing the wealthy group who controlled the state government during this period. He turned also to literature, and here, too, he was something of a maverick, writing a number of books of a somewhat mystical character on the origins of the world, the origins of Shakespear's works and other controversial subjects.

After Donnelly's death caretakers continued to live in the house in Nininger. In 1935 a bill was introduced in the state legislature to appropriate $15000 to renovate the house and make it a public memorial to Donnelly, in 1936 an attempt was made to interest the National Park service in the same project, in 1937 a Donnelly Memorial association was founded to accomplish the project by private subscription, another bill, this time for $10000 was introduced in 1938, all failed. In 1949 the heirs sold the house to a local farmer who, after last minute attempts to rescue the house proved unsuccessful, tore it down for its lumber and thus in May of 1949 Nininger became a true ghost, no building remaining to mark the site of what was to have become the world's largest city.

GREETINGS T. M. P. S. MEMBERS

I am very happy to greet you thru the medium of this fine — 1961 — edition of our Annual Year Book and Membership Directory.

During the past year we have made steady progress. Our 1960 Convention at Sioux City, Iowa, was one of the finest in our history. Certainly the hospitality accorded us by the Host Chapter — The Sioux City Stamp Club — has never been surpassed.

We are eagerly looking forward to the 1961 meeting in Denver — a Rocky Mountain Paradise — and to the wonderful time planned for us by the capable and experienced Rompex Clubs.

In the past year many of our most loyal members have closed their albums forever. They will be sadly missed. In their place we have recruited new and equally interested collectors who as time goes on will carry on the traditions of our Society. The increase in new Chapters has been exceptional. For the first time we add the State of Michigan to our ranks.

The Society is greatly appreciative of the support given this Directory by Dealers, Friends and Chapter Clubs. Never before has the response been so gratifying. We owe our endless support to these people — to our Dealer friends when buying and selling, and to our loyal Chapters — by joining or attending their meetings when possible.

Your officers join with me in a special "THANK YOU" to each and everyone of you for the outstanding contributions you have made in making the TRANS-MISSISSIPPI PHILATELIC SOCIETY one of the finest and friendliest philatelic organizations.

Very sincerely yours,

J. Stanley Thompson, President

Trans-Mississippi Philatelic Society

A Brief History of The Trans-Mississippi Philatelic Society

In mid-summer of 1934 a small group of far sighted philatelists, members of the Omaha Philatelic Society and the Council Bluffs Stamp Club, met in an Omaha Hotel to formulate plans for a regional philatelic organization which would serve the needs of stamp collectors and clubs in the Midwest.

The primary objects of the Society were to cooperate the efforts of collectors in the Upper Mississippi valley so that annual Conventions and Exhibitions of national magnitude could be held which would be easily accessible to all members without great expenditures of money or costly loss of time from employment — and the promotion of good fellowship in the hobby.

The idea was a success from the start. In October 1934, the first Convention and Exhibition was held in Omaha and drew collectors by the hundreds from neighboring states. James A. Farley, Postmaster General of the United States, in compliment to the new organization authorized the printing of the "Omaha" miniature sheet with the design of the one cent stamp of the National Parks Issue. Since that memorable date the rise of the Society has been steady and today it ranks as one of the foremost national philatelic groups with members in nearly every State and some Foreign countries.

In spite of its wide-spread growth the majority of its membership still reside in the Central States and the wishes of the founders have been carried out in the selection of cities for the annual Conventions and Exhibitions. In addition to Omaha; Bloomington, Cedar Rapids, Council Bluffs, Davenport, Denver, Des Moines, Dubuque, Kansas City, Lincoln, Minneapolis, Moline, Sioux City, St. Louis, Waterloo and Wichita have been their host and thereby giving thousands of collectors a chance to participate in a national convention and view prize collections from all over the world on exhibition.

Today, over fifty stamp Clubs and Societies are Chapter Members of T. M. P. S. These active and prominent local clubs located in a dozen states embrace a membership of approximately 3,000 collectors. National recognition is given Chapters in our Year Book and in the Souvenir programs issued covering conventions and exhibitions. They have access to all Society programs and can receive on request, Club Circuits of approvals from our Sales Department. They are also eligible to enter bids for hosting future conventions and thereby establish their club nationally.

Our Society is not a specialized group. Collecting fancies of our members range from the general to specialized albums of the United States and other countries, from topicals to pre-cancels, postal history to First Day items; in fact every category of philately. All these classes

are represented in our exhibitions and our members always find others attending who are interested in the same collecting fields.

The official organ of the Society is Mekeels Weekly Stamp News, the oldest philatelic paper in the United States. Thru this publication, which is sent free to members, thousands of articles and news releases covering all collecting interests are received — 52 times a year — giving each of us the opportunity of knowing what is going on in the stamp world. Our columns of Chapter, member and other news pertaining to the Society appear bi-monthly.

An efficient Sales Department is operated by the Society from which members can obtain approval books of stamps to purchase items for their collections. At a very nominal fee they can enter their duplicates in the department for sale to other members thereby gaining money to further their collection. The Department has in excess of 6,000 mounted approval books available which are classified by country or topic and is the most efficiently operated Sales Department of any philatelic group with settlement made quarterly with the owners on stamps sold.

We publish a Year Book and Membership Directory which lists alphabetically all members, their address and collecting categories. There is also a geographical listing of members by city and state which is ever helpful for quick determination of other members when traveling. Chapter Clubs and Chapter representatives are listed as are display sponsoring Chapter ads which give information on meeting time and place. Every T. M. P. S. Chapter always extends a cordial welcome to you to attend their meetings when in their city.

For the student and literary minded collector we have the Philatelic Congress — where he can compete with his essay or paper on a philatelic subject for a major trophy and medal awards. Detailed information on this feature of conventions can be found elsewhere in this book.

As an inducement to members to share the pleasures of our organization with others, the Board of Directors has made possible a year's free dues to any member proposing three new members during the fiscal year. In addition, the President's Trophy, a beautiful award with a gold Society Medallion is awarded to the member sponsoring the most new applicants within the year.

We maintain an expertizing committee whereby a member can get the opinion of an authority on philatelic items he is in doubt about or cannot correctly identify himself. An Estates Advisory Committee is ready to help and appraise, with suggestions as to the best disposal of collections of members who have passed on. Members of this service committee are experienced in these matters and are geographically located so that personal examination and appraisal can in most cases be made.

Friendliness and good fellowship predominate in Trans-Mississippi. At every Convention many special features and get-to-gethers are planned by the Host Club to insure each and everyone attending of a weekend of fun and entertainment they will long remember.

Anyone and everyone interested in stamp collecting in any of its many fields has much to gain by joining us, in belonging to an organization you make friends who as time goes on you will value more than your albums, what ever they may be. Remember in the Hobby T. M. P. S. "Gives you the Most for the Least."

TENTH ANNUAL PHILATELIC CONGRESS

The 10th Annual Philatelic Congress of the Society will be held Saturday, October 7, 1961, at 12:15 P. M. at the Shirley-Savoy Hotel in Denver, Colorado.

In 1952, the Board of Directors, following the tradition of the Philatelic Congress of Great Britain founded in 1909 and the American Philatelic Congress founded in Philadelphia in 1935, inaugurated a similar program for our Society.

The Chairman of the Philatelic Congress Committee is appointed by the President of the Society and is always a member of the Convention Host Chapter. He is responsible for the arrangements of the session, for choosing the three participants from papers submitted by members and for selecting three judges who will name the winner.

Any T. M. P. S. member is eligible to submit his manuscript to the Congress Committee who will determine the three best papers and will advise the winners that they will compete in an oral presentation at the Convention.

A Silver T. M. P. S. Medallion will be awarded to the winner and in addition he will have his name engraved on a plate on the travelling "John B. Brain Memorial" Plaque — which remains in his possession until the succeeding year's winner in announced. Bronze T. M. P. S. Medallions are awarded to the other two contestants by the Society.

The "John B. Brain Memorial" plaque was presented to the Society by Mrs. Brain as memorial to her husband, a Charter member and one of its three Incorporators. Mr. Brain was an outstanding student of United States stamps, a member of many philatelic organizations and very prominent in Civic work in his home city of Omaha, Nebraska.

Congress winners — 1952 to 1960 — have been: Reverend John S. Bain, Santa Rosa, California; Mrs. Mabel Phillips, Des Moines, Iowa; Woodrow W. Westholm, Des Moines, Iowa; George H. Phillips, Brookings, South Dakota; Edwin E. Puis, Birmingham, Michigan; Milton E. Greenebaum, Saginaw, Michigan; Roger K. Frigstad, Glenview, Illinois and Arthur W. Thom, St. Paul, Minnesota, who will preside at the 1961 Congress in Denver.

Members wishing to enter this year's contest should contact the Congress Chairman, John A. Willard, 1025 Monroe Street, Denver 6, Colorado.

PATRONIZE YOUR T.M.P.S. SALES DEPARTMENT

UNSOLICITED APPROVALS

A Menace To Our Hobby

Collectors all over the country have recently been deluged thru the ordinary mail with selections or approvals of stamps, usually of little or no value, which **they did not ask for or request from the sender in any way.**

These approvals are for the main part very common stamps, at fancy prices, mailed by unethical persons representing themselves as stamp dealers, baiting for the beginner and new collector who has not yet learned stamp values.

This practice of trying to extract a dollar or two from the novice is definitely outlawed by the Trans-Mississippi Philatelic Society, the American Philatelic Society and the American Stamp Dealers Association as well as every honest collector and dealer in philately.

There are no Government Postal Regulations that prohibit the sending of these, but you can on receiving them, mark "Refused" on the envelope and drop it in the mailbox — WITHOUT A STAMP — and thereby make the sender pay the postage when it is returned.

Better Business Bureaus everywhere suggest more stringent procedure in combating this evil. You can, regardless of whether or not the stamps have any value, advise the sender that upon receipt of a Money Order to cover the return by REGISTERED mail plus a fee for storage or handling and loss of time ON YOUR PART you will be pleased to return the approvals. Or, you can ignore all contact with the sender and donate the stamps to an organization of your choice such as State Hospitals for Children or the Scouts or any organization having a stamp group.

If you receive a threatening collection letter, disregard it, as the chances are nil that they will go beyond that point as they know that they have no basis for any legal action what-soever.

We have in our Hobby many reliable dealers who run their stamp business honestly and fairly, giving you value for your money and who never have or never will resort to this leeching practice. Buy your stamps from them and donate unasked for, unsolicited and over-priced stamps to children's groups or the waste basket.

GREETINGS T. M. P. S. MEMBERS

It is a great pleasure to greet you again thru the medium of the 1962 Directory and Year Book.

During the past year our Society has continued to show steady growth, both in new members and in active Stamp Clubs who have joined our ranks as Chapters.

All of us who attended the Denver Convention will long remember the hospitality of our hosts, the Denver Stamp Club and the Collectors Club of Denver. Everything was tops.

In a few short months we will gather again as the guests of the Cedar Rapids Stamp Club who have planned a wonderful exhibition and program for our enjoyment. This beautiful city, in central Iowa, is the geographical hub of our membership and the attendance will probably surpass that of any previous meeting. Don't miss this — we'll see you in Cedar Rapids.

We are extremely grateful to the Chapters, Dealers and Friends whose advertisements you see thruout this book. Without their willing help publication of this directory would not have been possible. You as a member can show your appreciation by favoring them — the Dealers, when you buy or sell your stamps — the Chapters, by attending and joining whenever possible.

We sorrowfully mourn the loss of many more of our "old-timers." Although gone from our ranks, they leave behind for posterity, many pleasant memories of good fellowship and good times in the hobby and our Society. New faces and new names will appear to carry on the traditions of our group who will in many ways be guided by the memories of their predecessors who have closed their albums forever.

All of your officers join with me in a sincere "THANK YOU" for the loyalty and support you have given the TRANS-MISSISSIPPI I.P.P.I. PHILATELIC SOCIETY in the promotion of good fellowship and our hobby.

Very sincerely yours,

Dear Friends:

My health has prevented me from making the usual tour of stamp shows the past season. I've missed you and the excitement of the bourse.

Although still confined to home I am able and willing to serve you thru the mail.

I believe that my stock of United States, Canada and General Foreign is comprehensive enough to fill your want list in nearly every case with nice clean stamps.

It's a pleasure to be of service. May I have your "want list" today.

Sincerely,
WILLARD J. LADDY

A Brief History of The Trans-Mississippi Philatelic Society

In mid-summer of 1934 a small group of far sighted philatelists, members of the Omaha Philatelic Society and the Council Bluffs Stamp Club, met in an Omaha Hotel to formulate plans for a regional philatelic organization which would serve the needs of stamp collectors and clubs in the Midwest.

The primary objects of the Society were to cooperate the efforts of collectors in the Upper Mississippi valley so that annual Conventions and Exhibitions of national magnitude could be held which would be easily accessible to all members without great expenditures of money or costly loss of time from employment — and the promotion of good fellowship in the hobby.

The idea was a success from the start. In October 1934, the first Convention and Exhibition was held in Omaha and drew collectors by the hundreds from neighboring states. James A. Farley, Postmaster General of the United States, in compliment to the new organization authorized the printing of the "Omaha" miniature sheet with the design of the one cent stamp of the National Parks Issue. Since that memorable date the rise of the Society has been steady and today it ranks as one of the foremost national philatelic groups with members in nearly every State and some Foreign countries.

In spite of its wide-spread growth the majority of its membership still reside in the Central States and the wishes of the founders have been carried out in the selection of cities for the annual Conventions and Exhibitions. In addition to Omaha; Bloomington, Cedar Rapids, Council Bluffs, Davenport, Denver, Des Moines, Dubuque, Kansas City, Lincoln, Minneapolis, Moline, Sioux City, St. Louis, Waterloo and Wichita have been their host and thereby giving thousands of collectors a chance to participate in a national convention and view prize collections from all over the world on exhibition.

Today, over fifty stamp Clubs and Societies are Chapter Members of T. M. P. S. These active and prominent local clubs located in a dozen states embrace a membership of approximately 3,000 collectors. National recognition is given Chapters in our Year Book and in the Souvenir programs issued covering conventions and exhibitions. They have access to all Society programs and can receive on request, Club Circuits of approvals from our Sales Department. They are also eligible to enter bids for hosting future conventions and thereby establish their club nationally.

Our Society is not a specialized group. Collecting fancies of our members range from the general to specialized albums of the United States and other countries, from topicals to pre-cancels, postal history to First Day items; in fact every category of philately. All these classes

are represented in our exhibitions and our members always find others attending who are interested in the same collecting fields.

The official organ of the Society is Mekeels Weekly Stamp News, the oldest philatelic paper in the United States. Thru this publication, which is sent free to members, thousands of articles and news releases covering all collecting interests are received — 52 times a year — giving each of us the opportunity of knowing what is going on in the stamp world. Our columns of Chapter, member and other news pertaining to the Society appear bi-monthly.

An efficient Sales Department is operated by the Society from which members can obtain approval books of stamps to purchase items for their collections. At a very nominal fee they can enter their duplicates in the department for sale to other members thereby gaining money to further their collection. The Department has in excess of 6,000 mounted approval books available which are classified by country or topic and is the most efficiently operated Sales Department of any philatelic group with settlement made quarterly with the owners on stamps sold.

We publish a Year Book and Membership Directory which lists alphabetically all members, their address and collecting categories. There is also a geographical listing of members by city and state which is ever helpful for quick determination of other members when traveling. Chapter Clubs and Chapter representatives are listed as are display sponsoring Chapter ads which give information on meeting time and place. Every T. M. P. S. Chapter always extends a cordial welcome to you to attend their meetings when in their city.

For the student and literary minded collector we have the Philatelic Congress — where he can compete with his essay or paper on a philatelic subject for a major trophy and medal awards. Detailed information on this feature of conventions can be found elsewhere in this book.

As an inducement to members to share the pleasures of our organization with others, the Board of Directors has made possible a year's free dues to any member proposing three new members during the fiscal year. In addition, the President's Trophy, a beautiful award with a gold Society Medallion is awarded to the member sponsoring the most new applicants within the year.

We maintain an expertizing committee whereby a member can get the opinion of an authority on philatelic items he is in doubt about or cannot correctly identify himself. An Estates Advisory Committee is ready to help and appraise, with suggestions as to the best disposal of collections of members who have passed on. Members of this service committee are experienced in these matters and are geographically located so that personal examination and appraisal can in most cases be made.

Friendliness and good fellowship predominate in Trans-Mississippi. At every Convention many special features and get-to-gethers are planned by the Host Club to insure each and everyone attending of a weekend of fun and entertainment they will long remember.

Anyone and everyone interested in stamp collecting in any of its many fields has much to gain by joining us, in belonging to an organization you make friends who as time goes on you will value more than your albums, what ever they may be. Remember in the Hobby T. M. P. S. "Gives you the Most for the Least."

ELEVENTH ANNUAL PHILATELIC CONGRESS

The 11th Annual Philatelic Congress of the Society will be held at 1:45 P. M., Saturday, September 22, 1962, in the Corn Room of the Sheraton-Montrose Hotel, Cedar Rapids, Iowa. It will be preceded by a Philatelic Congress luncheon, a feature which was inaugurated at the Sioux City Convention and has since been an extremely popular addition to the Congress program.

In 1952, the Board of Directors, following the tradition of the Philatelic Congress of Great Britain founded in 1909 and the American Philatelic Congress founded in Philadelphia in 1935, inaugurated a similar program for our Society.

Any T.M.P.S. member is eligible to submit his manuscript. The Congress Chairman, assisted by a committee of two, will determine the three best papers and advise the winners that they will compete in an oral presentation at the Convention. Three judges will determine the final winner and announcement and presentation of the awards will be made at the Annual Banquet that night.

A Silver T M. P. S. Medallion will be awarded to the winner and in addition he will have his name engraved on a plate on the travelling "John B. Brain Memorial" Plaque — which remains in his possession until the succeeding year's winner is announced. Bronze T. M. P. S. Medallions are awarded to the other two contestants by the Society.

The "John B. Brain Memorial" plaque was presented to the Society by Mrs. Brain as a memorial to her husband, a Charter member and one of its three Incorporators. Mr. Brain was an outstanding student of United States stamps, a member of many philatelic organizations and very prominent in Civic work in his home city of Omaha, Nebraska.

Congress winners — 1952 to 1961 — have been: Reverend John S. Bain, Santa Rosa, California; Mrs. Mabel Philips, Des Moines, Iowa; Woodrow W. Westholm, Des Moines, Iowa; George H. Phillips, Brookings, South Dakota; Edwin E. Puis, Birmingham, Michigan; Milton E. Greenebaum, Saginaw, Michigan; Roger K. Frigstad, Glenview Illinois; Arthur W. Thom, St Paul, Minnesota, and Donald J. Best, Sioux City, Iowa, who will preside at this year's Congress.

Members interested in entering this year's competition should write Donald J. Best, Congress Chairman, 316 West 27th Street, Sioux City 4, Iowa.

PATRONIZE YOUR T.M.P.S. SALES DEPARTMENT

UNSOLICITED APPROVALS

A Menace To Our Hobby

Collectors all over the country have recently been deluged thru the ordinary mail with selections or approvals of stamps, usually of little or no value, which **they did not ask for or request from the sender in any way.**

These approvals are for the main part very common stamps, at fancy prices, mailed by unethical persons representing themselves as stamp dealers, baiting for the beginner and new collector who has not yet learned stamp values.

This practice of trying to extract a dollar or two from the novice is definitely outlawed by the Trans-Mississippi Philatelic Society, the American Philatelic Society and the American Stamp Dealers Association as well as every honest collector and dealer in philately.

There are no Government Postal Regulations that prohibit the sending of these, but you can on receiving them, mark "Refused" on the envelope and drop it in the mailbox — WITH OUT A STAMP — and thereby make the sender pay the postage when it is returned.

Better Business Bureaus everywhere suggest more stringent procedure in combating this evil. You can, regardless of whether or not the stamps have any value, advise the sender that upon receipt of a Money Order to cover the return by REGISTERED mail plus a fee for storage or handling and loss of time ON YOUR PART you will be pleased to return the approvals. Or, you can ignore all contact with the sender and donate the stamps to an organization of your choice such as State Hospitals for Children or the Scouts or any organization having a stamp group.

If you receive a threatening collection letter, disregard it, as the chances are nil that they will go beyond that point as they know that they have no basis for any legal action what-soever.

We have in our Hobby many reliable dealers who run their stamp business honestly and fairly, giving you value for your money and who never have or never will resort to this leeching practice. Buy your stamps from them and donate unasked for, unsolicited and over-priced stamps to children's groups or the waste basket.

GREETINGS T. M. P. S. MEMBERS

I have deeply appreciated the wonderful support you have given me during my two terms as President of the Society.

It has been an honor and a pleasure to serve such a fine group of people interested in the hobby of Philately. The friendships I have made will be cherished more than my collections. I am sure that the new officers who serve our Society realize that in T.M.P.S. we have the finest and friendliest members anywhere and that they will do all in their power to carry on the fine traditions of our organization.

Thanks a million and you know that I'll be working with you, and for you, as long as I'm able.

God Bless you all.

Sincerely,
J. Stanley Thompson

TWELFTH ANNUAL PHILATELIC CONGRESS

President Jackson Room
Hotel Leamington, Minneapolis
Saturday, September 28, 1963
12:30 P.M.

In 1952, the Board of Directors, following the tradition of the Philatelic Congress of Great Britain founded in 1909 and the American Philatelic Congress founded in Philadelphia in 1935, inaugurated a similar program for our Society.

Any T.M.P.S. member is eligible to submit his manuscript. The Congress Chairman, assisted by a committee of two, will determine the three best papers and advise the winners that they will compete in an oral presentation at the Convention. Three judges will determine the final winner and announcement and presentation of the awards will be made at the Annual Banquet that night.

A Silver T. M. P. S. Medallion will be awarded to the winner and in addition he will have his name engraved on a plate on the travelling "John B. Brain Memorial" Plaque – which remains in his possession until the succeeding year's winner is announced. Bronze T. M. P. S. Medallions are awarded to the other two contestants by the Society.

The "John B. Brain Memorial" plaque was presented to the Society by Mrs. Brain as a memorial to her husband, a Charter member and one of its three Incorporators. Mr. Brain was an outstanding student of United States stamps, a member of many philatelic organizations and very prominent in Civic work in his home city of Omaha, Nebraska.

Congress winners – 1952 to 1962 – have been: Reverend John S. Bain, Santa Rosa, California; Mrs. Mabel Philips, Des Moines, Iowa; Woodrow W. Westholm, Des Moines, Iowa; George H. Phillips, Brookings, South Dakota; Edwin E. Puis, Birmingham, Michigan; Milton E. Greenebaum, Saginaw, Michigan; Roger K. Frigstad, Glenview, Illinois; Arthur W. Thom, St. Paul, Minnesota, Donald J. Best, Sioux City, Iowa and Arthur W. Thom, St. Paul, Minnesota.

Members interested in entering this year's competition should write Donald J. Best, Congress Chairman, 316 West 27th Street, Sioux City 4, Iowa.

Arthur W. Thom, winner of last years award, will preside over the contest which will start at 1:30 following the Philatelic Congress Luncheon. You are cordially invited to attend both these events which have been one of the high lights of our conventions.

A Brief History of The Trans-Mississippi Philatelic Society

In mid-summer of 1934 a small group of far sighted philatelists, members of the Omaha Philatelic Society and the Council Bluffs Stamp Club, met in an Omaha Hotel to formulate plans for a regional philatelic organization which would serve the needs of stamp collectors and clubs in the Midwest.

The primary objects of the Society were to cooperate the efforts of collectors in the Upper Mississippi valley so that annual Conventions and Exhibitions of national magnitude could be held which would be easily accessible to all members without great expenditures of money or costly loss of time from employment — and the promotion of good fellowship in the hobby.

The idea was a success from the start. In October 1934, the first Convention and Exhibition was held in Omaha and drew collectors by the hundreds from neighboring states. James A. Farley, Postmaster General of the United States, in compliment to the new organization authorized the printing of the "Omaha" miniature sheet with the design of the one cent stamp of the National Parks Issue. Since that memorable date the rise of the Society has been steady and today it ranks as one of the foremost national philatelic groups with members in nearly every State and some Foreign countries.

In spite of its wide-spread growth the majority of its membership still reside in the Central States and the wishes of the founders have been carried out in the selection of cities for the annual Conventions and Exhibitions. In addition to Omaha; Bloomington, Cedar Rapids, Council Bluffs, Davenport, Denver, Des Moines, Dubuque, Kansas City, Lincoln, Minneapolis, Moline, Sioux City, St. Louis, Waterloo and Wichita have been their host and thereby giving thousands of collectors a chance to participate in a national convention and view prize collections from all over the world on exhibition.

Today, over fifty stamp Clubs and Societies are Chapter Members of T. M. P. S. These active and prominent local clubs located in a dozen states embrace a membership of approximately 3,000 collectors. National recognition is given Chapters in our Year Book and in the Souvenir programs issued covering conventions and exhibitions. They have access to all Society programs and can receive on request, Club Circuits of approvals from our Sales Department. They are also eligible to enter bids for hosting future conventions and thereby establish their club nationally.

Our Society is not a specialized group. Collecting fancies of our members range from the general to specialized albums of the United States and other countries, from topicals to pre-cancels, postal history to First Day items; in fact every category of philately. All these classes are represented in our exhibitions and our members always find others

attending who are interested in the same collecting fields.

The official organ of the Society is Mekeels Weekly Stamp News, the oldest philatelic paper in the United States. Thru this publication, which is sent free to members, thousands of articles and news releases covering all collecting interests are received — 52 times a year — giving each of us the opportunity of knowing what is going on in the stamp world. Our columns of Chapter, member and other news pertaining to the Society appear bi-monthly.

An efficient Sales Department is operated by the Society from which members can obtain approval books of stamps to purchase items for their collections. At a very nominal fee they can enter their duplicates in the department for sale to other members thereby gaining money to further their collection. The Department has in excess of 6,000 mounted approval books available which are classified by country or topic and is the most efficiently operated Sales Department of any philatelic group with settlement made quarterly with the owners on stamps sold.

We publish a Year Book and Membership Directory which lists alphabetically all members, their address and collecting categories. There is also a geographical listing of members by city and state which is ever helpful for quick determination of other members when traveling. Chapter Clubs and Chapter representatives are listed as are display sponsoring Chapter ads which give information on meeting time and place. Every T. M. P. S. Chapter always extends a cordial welcome to you to attend their meetings when in their city.

For the student and literary minded collector we have the Philatelic Congress — where he can compete with his essay or paper on a philatelic subject for a major trophy and medal awards. Detailed information on this feature of conventions can be found elsewhere in this book.

As an inducement to members to share the pleasures of our organization with others, the Board of Directors has made possible a year's free dues to any member proposing three new members during the fiscal year. In addition, the President's Trophy, a beautiful award with a gold Society Medallion is awarded to the member sponsoring the most new applicants within the year.

We maintain an expertizing committee whereby a member can get the opinion of an authority on philatelic items he is in doubt about or cannot correctly identify himself. An Estates Advisory Committee is ready to help and appraise, with suggestions as to the best disposal of collections of members who have passed on. Members of this service committee are experienced in these matters and are geographically located so that personal examination and appraisal can in most cases be made.

Friendliness and good fellowship predominate in Trans-Mississippi. At every Convention many special features and get-to-gethers are planned by the Host Club to insure each and everyone attending of a weekend of fun and entertainment they will long remember.

Anyone and everyone interested in stamp collecting in any of its many fields has much to gain by joining us, in belonging to an organization you make friends who as time goes on you will value more than your albums, what ever they may be. Remember in the Hobby T. M. P. S. "Gives you the Most for the Least."

I—NAME—The name of the corporation shall be Trans-Mississippi Philatelic Society, and its principal office shall be in the City of Omaha, State of Nebraska, and said corporation shall be incorporated for a period of fifty years from January 2, 1938.

II—ANNUAL MEETINGS—Annual meeting of the Corporation to be held the fourth Saturday of each September or at such time and place as designated by the Board of Directors, all members to be given thirty days notice of such meeting.

III—PURPOSE—The purpose for which this Corporation is established is to assist its members in acquiring knowledge as to philately, to cultivate a feeling of friendship among philatelists, and in furtherance of these objects to assist its members in the acquisition or disposal of stamps of various kinds through its several departments.

IV.—PROPERTY—There shall be no profit or dividends accruing or paid to members of this corporation. All property of the corporation now owned, frames for exhibition, that are used for exhibition purposes, and other property later acquired, shall remain in Omaha, but may be loaned for a specific length of time to chapters outside of Omaha by an order of the Board of Directors.

V—MEMBERSHIP—Any person of good character may become a member of this society by filing with its secretary an application in the form prescribed in the by-laws of the society, and by paying the membership fee and annual dues as specified in the by-laws. Such application shall be approved by the Board of Directors in the manner specified in the by-laws, or may be rejected for valid cause in the discretion of said Board.

VI—BOARD OF DIRECTORS—The Corporation shall be managed by a Board of FIVE Directors, to be elected by the membership at such times and in such manner as the by-laws shall prescribe. Vacancies of Board members or officers may be filled by the Board of Directors, such appointed officer to hold office until the annual election. The general officers of the Society shall be President, three Vice-Presidents, Secretary, Treasurer, and such other officers as may be determined by the society or as the by-laws of the society may direct. VII—EXPENSES—Indebtedness for necessary expense may be incurred in accordance with rules and regulations prescribed in the by-laws.

VIII—DEBTS—No members or group of members of this Corporation shall be personally or collectively liable for any debts or obligations of the said corporation.

IX—AMENDMENTS and BY-LAWS—These Articles may be amended from time to time, and such by-laws adopted as may be for the best interest of the society; such amendments or by-laws to be approved by a two-thirds vote of the membership, at any annual meeting, and on thirty days written notice to membership, before their adoption.
