My Dear Myrtle:-

Your card came to Mrs. Rideout yesterday. She is making plans for her trip to New York and asked me to answer it.

Jack was discharged from the Army yesterday, and I don't expect we will ever hear from him again. You can write to Mrs. Rideout or myself at any time, if you want to. I hope you are all better from the accident.

Yours truly,

Mrs. F.A.Dameron

My Dear Madam:-

There are parts of your letter which I cannot answer, inasmuch as I have nothing to do with administrative affairs in the Army whatsoever. I act only in an advisory way when cases such as yours arise.

For instance Captain Schmidt would be the only person who can advise you as to whether your son would need to remain in Snelling until he gets his discharge, or whether he may be permitted to return to you.

All affidavits should be made out by a Notary Public, it seems to me, in order to make them certain. Mere statements are good but affidavits made out by a notary are better.

My opinion is that your son would require the sum of money named only in the event he desired to purchase his discharge out of the Army. In this case he would also require an affidavit by you to the effect that he was needed at home, and his labor would be worth more than his present income in the Army.

This letter is advisory only and not absolutely authoritative.

Yours truly,

Dear Sir;

I have your letter of the 24th inst., and am sorry, indeed, that it will be impossible for me to assist you at this time in your good work; I have just had my tonsils out and find it is very difficult for me to talk, so I am not in position to attend any meetings or dinners the next week or so.

I believe your work is a very worthy one, and I trust you will have success in carrying it out.

Major Wm. Knight,

Duluth, Minn.

My dear Major Knight:-

A group of officers from this garrison who have just returned from Duluth, and have been telling me that there is a possibility of your Officers Reserve Corps in Duluth taking an interest and perhaps of making a contribution to our Chapel project here at Fort Snelling. Captain F. O. Schmidt is quite enthusiastic about the possibility of your group giving us some assistance in our worthy cause.

It would show a wonderful spirit for you to do a thing of this kind, and would give impetus to our movement here in the Twin Cities which has hardly gotten under way as yet.

On the evening of March 9, 1925, there is to be a complimentary luncheon at the new Nicolet Hotel in Minneapolis with the governor of the State, and the mayors of the two cities present, together with some 150 or 200 men who are prominent in the business and professional life of the city, to make plans for our financial campaign. Believe me, if you could get a little group together prior to that time and agree to raise some definite sum, even though it be small, and telegraph to me or to Captain Smith that you were planning to do this - it would raise the morale of that crowd by 100 percent.

The patriotic religious and business forces of the Twin Cities have been rather slow in warming up to the need of a Chapel here, but the proposition is gaining momentum every day now. In case any of your Reserve Officers from Duluth should be in Minneapolis on the night of our dinner this is an invitation to attend. Every day or two I am hearing of organizations which are planning, even without solicitation, to help us. The Sons of the American Revolution, the D.A.R., the Modern Woodmen, the Masons and many other groups.

I am taking the liberty of sending you some literature on the subject which will answer the questions which naturally arise in the minds when the matter is proposed. So if you should happen to be present in any group where the matter is under discussion you will be informed.

What Whatever assistance you can make to this most
laudable cause, either in your personal, private or public
contacts will be most genuinely appreciated.

Yours Very Truly

Dear Chaplin:-

I am writing to ask you to do me kindness if it is possible in time of trouble.

My Boy ran away early in July. I traced him a little way, but could not find him. He may be in a training camp for the month. I would be greatly relieved to learn he was. If you could locate him by his description and let me know how he is, I would be very greatly relieved.

His name is Carlton Goltry, tho" he may assume any name but might give his first name.

He is sixteen, but looks older. Six feet tall, slightly stooped. Has brown hair, brown gray eyes. dark complexion, Lips rather protruding. Has a small brown mole on side of or back of temple. This is a good mark if he has not had it removed. He also has a mole near one elbow, and one back of one knee. Weighs about 150 pounds, has clear bass voice.

I am pastor of Methodist church here.

Yours, C.C. Goltry.

Dear Captain:

I have your letter commenting on the inadequate provisions for religious services maintained at Posts by the Government. Minneapolis, Minn.

My dear Mr. Rand:

Appropos the announcement in The American Legionaire that you are to attend meeting of Legion National Executive Committeemen in Indianapolis next month....., and that you would welcome suggestions,

I THEREFORE SUGGEST

That the American Legion appoint a committee to look into the conditions under which Army Chaplains are expected to carry on in the field of religion and morals with a poverty of equipment which would be considered disgraceful in the average town or hamlet in America. Approximately fifty Army Posts have make-shift Chapels, and the Chaplains are expected to do efficient religious work under conditions which would discourage the average pastor completely.

I believe that the American Legion can substantially help in rectifying this condition of affairs. They can, at least, look into the matter, assist in crystalizing public opinion, and letting the citizenry of America KNOW that their boys in the Army are a pretty decent lot considering the amount of interest that has been taken in their moral and spiritual welfare by the great American public.

Minnesota has almost wiped its slate clean of this reproach by establishing a fine MEMORIAL CHAPEL AND COMMUNITY CENTER at its historic garrison. But there are many, many other fine old garrisons like Plattsburg, Ft. Bragg etc. where Chapels ought to be established. The American Legion will add lustre to its name by espousing a cause so worthy. The great American public, the people who believe in morality and religion will furnish the money for this, if the Legion will furnish the information and spread the news of the need.

Yours very sincerely,

Frank C. Rideout

At our Quarterly Conference last night it was voted to change the hour of our Sunday church service from 8 o'clock P.M. to 9-30 A.M.

It was Rev. Telford's idea. I do not want to be a knocker; but stated last night, and fully believe, that the innovation will not be a success.

Memorandum for Colonel Welsh:

The following is an extract from a letter received today from the Rev. Dr. Ylvisaker of the Lutheran Church relative to the possibility of obtaining from them a second gift of \$1,000.00 for the Fort Snelling Chapel :

.....
" I have your letter of December 14th for which I thank you sincerely. A letter has gone out from the Comptroller's office to the Chairman of the committee which is in charge of the particular fund that we shall have to draw on in another contribution of \$1,000.00. Just as soon as I hear from this committee, I shall be glad to get in touch with you.

I think we should wait for their reply before we do anything further in the matter of publicity, as I want to be absolutely sure myself that the contribution is forthcoming before I encourage you any further. Personally, I feel quite hopeful, as I stated to you in my former letter, that we shall manage in some way to get the additional amount for you. And I can assure you that I share, in a measure, this anxiety with you.

With all good wishes for the continued success of your efforts, I am

Sincerely yours,

Signed : N. M. YLVISAKER. "

Now, if the Methodists, the Congregationalists, the Presbyterians and the Episcopalians will come to our assistance, we shall have no more worries - even the organ will be possible without much delay.

Dear Sirs:-

Within the past few weeks I have had suggestions of memorial gifts for the Chapel, which if placed will amount to upwards of eight or ten thousand dollars.

Some of these memorials, I am trying to turn into furnishings for the chapel such as the entire seating of auditorium, furnishings for Sunday School auditorium and class rooms, the main doors (both front and tower entrance), furnishings for the basement auditorium (moveable seatings), and so forth.

It would be greatly appreciated if you would prepare a schedule of what is needed in each part of the chapel in this respect, showing the approximate cost of each so that if a party says to me I will give a memorial costing \$1,000.00, or \$500.00, I will be in a position to accomodate him right away.

Perhaps it might be well also to divide the cost of furnishings for, say, the choir pews, auditorium pews, and gallery pews, giving an estimate of each. Please include the Sunday School furnishings as one item inasmuch as this has been suggested as a possible gift from one family.

I think I have made myself clear, but if not I will appreciate it if you will call me or write me, or summon me to your office.

Most sincerely yours,

Dear Mrs. Bishop:

At a meeting held February 19th, of the Committee appointed in the interest of providing Chimes for the Fort Snelling Chapel, it was decided that we aim to raise a sufficient amount of money to install a \$4,000 set of chimes, as a memorial by the State Department of Minnesota, American Legion Auxiliary, to our war dead.

That this money be raised through the Units and that the Chairman of Memorials in each Unit would probably be the proper chairman to handle this project in her Unit.

That donations be sent to Headquarters and deposited as customary in a separate fund.

That we aim to raise the funds so that the chimes may be installed within the next two years.

That while we will not particularly solicit outside donations, that they will be acceptable as the Committee feels in sponsoring the project it will be an Auxiliary Memorial, even though money is accepted from people who are not members.

Captain Rideout of Fort Snelling has advised the Committee that he has complimentary railroad transportation in the interest of the Chapel, and will visit any Unit in the State that will arrange a meeting in the interest of the Chapel and will assist in every way he can. He further advises that the architect must make some slight change in the plans to provide for Chimes and if it is definitely decided that the Chimes will be provided and they are notified in the near future, the changes may be made without expense.

The Committee feels that this project has been favorably received where ever presented and hopes that you will take this matter up at an early date with the Advisory Committee so that we may know whether or not it is agreeable to go ahead with the plans.

Yours very truly,

Isabelle Zrust, Chairman.
Marie M. Meyers.

OFFICE OF THE CHAPLAIN

Thanksgiving Season, 1927

My Dear Brother:—

Would
Prayer is the mightiest force in the world. "More things are wrought through prayer than this world dreams of". Prayer is a means of bringing to pass the release of forces that save this world, much more solve the intricate and pressing problems that confront us day by day.

May I ask you to join with me and others in prayer for the accomplishment of a very definite and reasonable object?

Within a few days the workmen who have been busy all summer will be laid off the Fort Snelling Memorial Chapel and Community Center because of lack of funds with which to continue. The work which has already been done represents an outlay of some \$70,000.00. Only \$15,000.00 is needed to complete the structure which is so sorely needed. The 1,200 soldiers and the 200 children at Fort Snelling have unflinching faith that this project is going on to completion. About \$15,000.00 worth of memorial gifts have been promised when the chapel is finally ready to receive them. *out*

I know of nothing else to do just now but to pray for the successful issue of this worthy undertaking. And so, in simple, child-like faith I am asking you to join with us in prayer for this thing, either privately or publicly as you feel is best.

If the Scriptures have any definite instructions on any subject in this world, it certainly has on a matter of this kind. The suggestion for this request upon the part of kingdom toilers of the Twin Cities came to me from a devotional study of God's Word on the subject of prevailing prayer.

Yours in Christian bonds

Frank C. Rideout
Chaplain, U.S.A.

FOR/hcr

February 20, 1925

The Honorable Clifford P. Smith
236 Huntington Ave.,
Boston, Mass.

My dear Mr. Smith:-

We need a chapel at Fort Snelling for the carrying on of our religious work. A few days ago the Universalist General Convention through their office in Boston sent us a check for One Thousand Dollars (\$1000.00) as a beginning for this purpose.

The various ecclesiastical organizations of the Twin Cities have been slow in assuming moral leadership in this matter and have overlooked the missionary opportunity and the moral challenge of a proposition which lies at their very door. In the estimation of not a few persons of estimable worth this delay has evidenced a lack of vision and consecration for a worth-while.

Inasmuch as the proposed chapel will cost in the neighborhood of \$75,000.00 and will be planned on such composite lines that services of all creeds may be conducted appropriately in it, I would like to secure a few more gifts to challenge the interest and awaken the interest of the people who ought to contribute the larger bulk of the construction expenses.

It may be of interest to you to know that the Commanding Officer of this garrison, Colonel William R. Sample, although he son of a Presbyterian Clergyman, is a member of the Christian Science Church. I am sure that he would be proud to have you become personally interested in this matter. There are a number of Science Churches, also, in the Twin Cities which I am confident you can lead out to take an interest in the proposed Chapel.

Any service which you may feel disposed to render to this cause either in a private way or in your public contacts will be most sincerely appreciated.

Yours Very Sincerely

Colonel Wm. R. Sample,
Apt. 112 Granada Apartments
Miami, Florida.

My Dear Colonel Sample:-

I have many times been tempted to write to you and tell you about the progress which we are making towards the Chapel.

There was a lull for about two months during which time it seemed impossible to get any action. But the opening seems now to have arrived for definite action. The enclosed leaflets will give you some of the information.

The newspapers are beginning to take notice of the proposition and I have a full calendar up to the middle of march. I am to appear before many prominent churches and civic organizations in that time.

It now looks as if the State Society of the D.A.R. were going to do something definite; perhaps they will say to the Churches "You build the Chapel and we will put in a memorial organ." The Co-Operative Club of St. Paul have volunteered their services in a financial campaign. Many prominent business and professional men are in this Club, which will give dignity and assurances of success to the undertaking.

If Mrs Rideout knew I was writing I know she would want to be remembered to you. Miss Gaskel goes to California tomorrow and Miss Curtiss returns to New York in a few weeks, where, a little later Miss Gaskel joins her again. We are all looking forward to your return.

Yours Very Truly

Chaplain, Fort Snelling,
Fort Snelling, Minnesota.

Dear Chaplain:

You requested that Mrs. Robertson, our department president, appoint an official delegation, and the following are the names she suggests:

Mrs. James V. O'Neill, Department first vice-president,
1839 St. Clair, St. Paul, Minn.

Mrs. A. C. Schaefer, Department second vice-president
1916 Kent Road, Duluth

Mrs. C.F. Moore, Jr., National Committeewoman

Mrs. John A. Swanson, Fourth District President
971 E. Seventh Street, St. Paul

Mrs. Donald L. McLeod, Fifth District President
c/o Dyckman Hotel, Minneapolis

Mrs. John Zrust, Glencoe, Minn.

Miss Blanche W. Scallen, Department Secretary
268 Foshay Tower, Minneapolis

In case Mrs. O'Neill is able to come she will be the one to represent our State President as she is the first vice-president. If Mrs. O'Neill does not come Mrs. Robertson asks that I represent the department officially.

I would like an invitation sent to Mr. John J. Beck, 1930 Aldrich Ave. South, Minneapolis, who was kind enough to play the organ at the time the chimes were dedicated. He did this at a great personal sacrifice and without any recompense, and I am sure he would like to know that this was remembered.

Heim?

Sincerely,

Blanche Scallen (Miss)
Department Secretary
