Chaplain.

Where services are held on Sundays attendance seem small due to week-end passes. In no case is attendance at home tabulated —

Confined to Station Hospital for 18 days caused a vacuum in the middle of month — and a rush in the end to cover entire area before the end of the month —

More men would go to church in town were transportation available —

INSTRUCTIONS

1. Under the provisions of paragraph 5b, Army Regulations 60-5, each Chaplain will render on this form a report of duties performed by him, services rendered by civilian religious agencies under his supervision, and such changes in his status, duties, and address as may have occurred during the current month. The report will be typewritten, in duplicate, the original forwarded to the Chief of Chaplains through military channels, and the duplicate filed with the records of the command to which the report pertains.
2. If no religious services were held on a particular Sunday the reason will be stated. The probable cause for notably small attendance will also be given.
3. Copies of programs, photographs, and other matter illustrating the Chaplain's activities may be forwarded with the report.
4. Sufficient space has been provided under each heading for the average amount of detail required. Condensation and intelligible abbreviations will be practiced. However, if the space under any heading is insufficient, the report may be continued on a separate sheet of plain letter paper, care being taken to number the heading under which the report is continued.
5. The data required herein are essential in compiling important statistics in the Office of the Chief of Service, and careful attention to filling in all blanks will obviate the necessity of the report being returned for revision.

1. Enclosed is my monthly Statistical Report. It is rather meager again but I have had no orders of any kind to visit other Camps. I made one trip to our Camp at Medora at my own expense. We have another new Camp at Williston about 65 miles from here that I plan to visit next week. I expect my orders to come thru soon so that I will have the opportunity to visit more Camps.

2. I am sorry but I do not have anything of value to contribute for the Sky Pilot's Column of Happy Days this month. I shall do my best to gather something for next month.

With the best of regards,

Dear Chaplain Arends:

I am enclosing the statistical report that was not enclosed for you in the month's report. The original of this has been sent direct to the Chief of Chaplains so keep this for yourself or file it as you wish, only don't send it forward because the original was sent in direct.

If I have made a mistake in this, please correct me. I was under the impression that the statistical report was to be sent direct to the Chief of Chaplains. One month you asked for a statistical report, and if it is that you want a copy for your files of every month's work, I will be only too glad to make the extra copy.

You will notice that Co 1783V on my report, and Co 2761 on Chaplain Hempel's statistical report shows no religious census for the camps. The information is being secured, and will appear on ~~next~~ month's report.

Wish you had gone to St. Louis with us. We had a great trip of it.

Yours sincerely,

Will A. Sessions Jr.

Dear Major:

I am sorry that I have only one photo this month. There are several others for which I have asked, and next month I'll do my best to get some of them in with my news items for you.

CHIT AND CHAT is about the nearest to being a compendium of the news in this Sub-District that I know anything about.

Hope the work at the Training Camp goes famously.

Yours faithfully,

INSTRUCTIONS

1. Under the provisions of paragraph 5a, Army Regulations 60-5, each Chaplain will render on this form a report of duties performed by him, services rendered by civilian religious agencies under his supervision, and such changes in his status, duties, and address as may have occurred during the current month. The report will be typewritten, in duplicate, the original forwarded to the Chief of Chaplains through military channels, and the duplicate filed with the records of the command to which the report pertains.
2. If no religious services were held on a particular Sunday the reason will be stated. The probable cause for notably small attendance will also be given.
3. Copies of programs, photographs, and other matter illustrating the Chaplain's activities may be forwarded with the report.
4. Sufficient space has been provided under each heading for the average amount of detail required. Condensation and intelligible abbreviations will be practiced. However, if the space under any heading is insufficient, the report may be continued on a separate sheet of plain letter paper, care being taken to number the heading under which the report is continued.
5. The data required herein are essential in compiling important statistics in the Office of the Chief of Service, and careful attention to filling in all blanks will obviate the necessity of the report being returned for revision.

INSTRUCTIONS

1. Under the provisions of paragraph 5A, Army Regulations 60-5, each Chaplain will render on this form a report of duties performed by him, services rendered by civilian religious agencies under his supervision, and such changes in his status, duties, and address as may have occurred during the current month. The report will be typewritten, in duplicate, the original forwarded to the Chief of Chaplains through military channels, and the duplicate filed with the records of the command to which the report pertains.
2. If no religious services were held on a particular Sunday the reason will be stated. The probable cause for notably small attendance will also be given.
3. Copies of programs, photographs, and other matter illustrating the Chaplain's activities may be forwarded with the report.
4. Sufficient space has been provided under each heading for the average amount of detail required. Condensation and intelligible abbreviations will be practiced. However, if the space under any heading is insufficient, the report may be continued on a separate sheet of plain letter paper, care being taken to number the heading under which the report is continued.
5. The data required herein are essential in compiling important statistics in the Office of the Chief of Service, and careful attention to filling in all blanks will obviate the necessity of the report being returned for revision.

CHAPLAIN'S OFFICE
CIVILIAN CONSERVATION CORPS
FORT LINCOLN, N.D

August 3, 1936

Major Albert L. Evans,
District Chaplain,
Fort Snelling, Minn.

Dear Major:

Here's the outline of services for the month of August.

764 - Larimore - (in town)

4753 - Park River - (in town)

1783 - Fargo - The Ministerial Alliance attends to having a service in Camp each Tuesday night.

4752 - Valley City - (in town)

2774 - Kensall - Will try to arrange for services at Camp on my next trip there which will be as soon as I get back from Yellowstone. You are acquainted with the correspondence from Father Zimmerman.

2775 - Mandan - Hold service there each Sunday at 11:00 A.M. Mountain Standard Time. Hold it myself.

4750 - Bismarck - (in town) - I visit the camp and hold service every other Thursday night.

4728 - New England - (in town)

As soon as I get back from my trip, I'll visit all of the Camps, and will hold services in them. Have not been able to work out any solution to the Kensall situation yet. But I haven't been there since it came to a head. Everything's all right, just will have to inspire somebody to do some missionary work out there for us.

Each Sunday 10:00 A.M.
Service at Fort Lincoln Gymnasium.

Hospital Service each Sunday 2:30 P.M.

Yours faithfully,

Will A. Sessions, Jr.

Forest Fires called the Enrollees all during the
Month of August. As the attendance at all
services were very small.

In our Camp visited during the fires I found
but five (5) enrollees and one Officer in Camp.
All others were out on Fire Duty.

Enclosed a few Snap Shots of groups of boys
after services.

The unusual forest fire situation during most of this month made it impossible to conduct many of the services which had been scheduled.

A diphtheria quarantine discovered upon arrival for the service, blanked the last Sunday evening.

Figures for Co. 4709 for 3rd week (P) include attendance at a Communion service in addition to the general service. This explains why one additional service is reported on C of Ch - 3 than on the statistical report.

All circled figures in column P represent attendance at voluntary services which include singing, Bible reading and prayer. Talks to men in mess halls at meal time, or at the time of evening formation, even though of a religious nature, are listed under M.

HOW IT ALL BEGAN
OR
"A LITTLE CHILD SHALL LEAD THEM"

This is not a sermon, but a modern illustration of an ancient truth. Many romantic events connected with the history of Minnesota center about the old Army Post, Fort Snelling. It was there, for example, that the first white child born in this territory saw the light of day. She happened to be the daughter of the Commandant, Colonel Josiah Snelling. Her name was Elizabeth Snelling. She lived only a few months, and today her remains are in the old Post Cemetery, where the children of the garrison, a few years ago, erected a little monument to her memory.

One hundred years after that event, a group of army children were gathered in an old wooden frame building, an abandoned schoolhouse, under the leadership of the then Post Chaplain Frank C. Rideout. They were studying for their lesson that day the ancient Bible story of Abraham building an altar in the wilderness for the worship of Almighty God. Then they asked their teacher: "Why can't we have a decent place in which to worship also?" To put their idea to practical effect, they drafted a set of resolutions and a letter, after much cogitation over the proper words to use, and sent it to the Commandant of the Fort, requesting that he undertake to erect for them a suitable house of worship, in which they might learn to worship and pray.

Those resolutions were as follows:

1. At the regular session of the Fort Snelling Sunday School held in the old schoolhouse this first Sunday of the New year, we studied for our Bible Lesson the story of Abraham, the father of the faithful, building an altar for the worship of God in the chosen land of Israel.

2. This reminds us of the fact that we in this Post are without a suitable place for the worship of the Almighty, and, in the name of the 1500 soldiers stationed here, and the 150 children of the garrison, we do hereby express our most earnest prayer that a House of Worship may be soon provided for. A resolution to this effect was adopted by the Sunday School this date.

3. We respectfully request that the Commanding Officer seek the assistance of the War Department, and of such civilian organizations and agencies, as will, as soon as possible, provide this Post with a Chapel.

Out of those childish resolutions came the movement to erect a Chapel at Fort Snelling. Rapidly the idea spread and developed into a well-organized effort. Plans were made for a moderate sized Chapel, and not too costly. Then they were changed, enlarged upon, until a building and equipment was evolved that cost well over one hundred thousand dollars. This building was dedicated June 10, 1928.

On June 5, 1938, the garrison will celebrate this significant event with a "Visitors Day" at the Post. Anniversary services will be held at the Catholic Mass at nine o'clock, and in the Protestant Service at 10:30 A.M. Archbishop Murray of the Diocese of St. Paul will preach at the Catholic Mass and Chaplain Cornelius J. Normoyle will say the Mass. In the afternoon there will be a large open air meeting at three o'clock, preceded by a Band Concert by the Third U.S. Infantry Band, at 2:30 P.M. At the afternoon service individuals and organizations who were instrumental in building the Chapel and establishing permanent memorials there will be recognized, and the present Commandant, Brigadier General Campbell B. Hodges, will thank the people of Minnesota for this fine gift to the moral and spiritual welfare of the garrison. The afternoon will be conducted with a parade of all of the Troops on the Parade grounds.
