Date,

August 3rd, 1907

INSTRUCTIONS.

1st. Forward in duplicate (exceptions, see A. R. 1154-58, incl.).

2d. Use for all estimates except those for which a special blank is provided.

3d. Articles estimated for will be divided into two general classes:

Class A. Based on fixed allowances prescribed by Regulations and requiring approval of Department Commander only. (See Q. M. G. O. Cir. No. 10, March 9, 1905, as may be amended from time to time; also paragraphs A. R. 1154-1158, inclusive.) On these estimates Chief Quartermaster will take all necessary final action.

Class B. Requiring approval of Quartermaster General. (Comprises all articles not covered by "A," also articles in "A" not required for issue as fixed allowances.) On these estimates Chief Quartermasters will note recommendations and forward to Quartermaster General for final action.

4th. Estimates for articles belonging to Class A will not include articles of Class B, for which separate estimate is required.

5th. Articles will be arranged alphabetically in each division, which divisions are described under items 6 and 7.

6th. Under Class A, division will be based on designated source of supply (see Cir. 10), and separate sheet or group of sheets will be used for articles to be supplied from each common source.

7th. Under Class B, division will be based on the designation of branches of the Quartermaster General's Office, viz: (a) Clothing and Equipage, (b) Regular Supplies, (c) Reservation, (d) Hospitals and Hospital Stewards' Quarters, (e) Construction and Repair, (f) Transportation, (g) Transport, (h) Cemeterial (National only). A separate sheet or group of sheets headed by the name of the proper branch will be used for articles pertaining to each branch.

8th. Following appear the articles pertaining to:

(a) **Clothing and Equipage Branch.**

Special estimates from recruiting stations and ordnance detachments for supplies not enumerated on Forms 53-53½, and payable from appropriation "Clothing and Equipage."

(b) **Regular Supplies Branch.**

Office and barracks furniture, including all articles for outfit of offices, such as carpets, desks, chairs, window shades, cuspidors and cuspidor mats; means of transportation, including vehicles (except odorless excavating wagons), harness, pack saddles, aparejos, and general outfit of pack trains, and materials and parts for repair of same.

Disinfectants, including articles for extermination of insects and other pests.

Blacksmiths' tools, including forges.

Wheelwrights' tools, including all tools for making and repairing means of transportation.

Farrier tools, horse and mule shoes, horseshoe nails and calks.

Saddlers' tools and all material for repairing harness, saddles, and outfit for animals.

Typewriters and repair thereof.

Tools required for care of animals, for stable use, and for handling forage.

Mess tables, benches, and stools.

Stoves and ranges and parts and materials for repair of same, and appliances pertaining to cooking; field ovens and parts for repair thereof (portable field bake ovens).

(c) **Reservation Branch.**

For tools, material, and labor, under following items:

Light, water, sewer, pumping and electric power systems, sawmills, plumbing, fire apparatus, heating furnaces and plants, crematories, ice machines and plants, steam laundries, electric bells and annunciators, odorless excavating wagons.

(d) **Hospital and Hospital Steward Quarters.**

(e) **Construction and Repair Branch.**

Surveying instruments, drafting instruments and materials.

For tools, material, and labor under the following items:

Roads, walks, care of grounds, wharves, railroads, shore protection, grading, sodding, seeds and plants, repairs and alterations to buildings of all kinds, except hospitals and hospital stewards' quarters, wall and box lockers, storm doors, screens, refrigerators, flagstaves, sentry boxes, picket lines, fences, equipment post exchanges, permanent bake ovens, including Middleby type, post cemeteries.

(f) **Transportation.**

Street car and ferry tickets.

Supplies for harbor boats and boats for artillery service.

Repairs for same, except when extensive, requiring explanation, drawings, and specifications, when estimate will be submitted in form of letter.

(g) **Transport.**

Supplies for transports.

Minor repairs for same.

(h) **Cemeterial.**

9th. When articles desired are not enumerated above, their nature and use will determine under which headings they should be estimated for.

10th. On estimates requiring reference to the Quartermaster General's Office, Chief Quartermasters will note recommendations, verify reported cost, entering same when not obtainable in vicinity of post, and forward both copies.

11th. Estimates not complying with above in every detail will be returned for correction.

12th. Officer making estimate will retain press copy.

WAR DEPARTMENT,
THE ADJUTANT GENERAL'S OFFICE,
WASHINGTON,

May 23, 1908.

The Commanding General,
Department of Dakota,
St. Paul, Minnesota.

Sir:

I have the honor to inform you that the Acting Secretary of War has approved the recommendation of the Quartermaster General that commercial telephones, rented by the Quartermaster's Department, be allowed in the residences of department commanders, provided they have an office in their quarters, and that commercial telephones also be allowed for the residences of attending surgeons.

Very respectfully,

Adjutant General.

tion as follows:-

One Battery 3rd F.A., 3 wagons
and an ambulance requiring 16
mules. Three troops 4th Cav'y,
6 wagons and an ambulance and
1 wagon for Squadron Hdqrs., re-
quiring 32 mules. One Battalion
28th Inf'y, 5 wagons and an am-
bulance, requiring 24 mules.

In addition to the above, this
office has been called upon to
furnish 8 mules for 2 wagons for
the Regimental Field Hospital
which the Surgeon General of the
Army has directed accompany the
troops to Fort Benjamin Harrison,
Ind. This makes the total re-
quirement, 80 mules.

There are on hand at this post
61 mules, of which number but 52
are really fit for field service.
Of the remaining 9 mules, 3 are
now under the care of the veter-

HEADQUARTERS POST OF FORT SNELLING.

Fort Snelling, Minn., Feb'y 15, 1907.

The Military Secretary,
Department of Dakota,
St. Paul, Minnesota.

Sir:-

I have the honor to forward herewith approved requisitions for animals, riding and draft, required to completely equip this post and command. The approval of so much of this requisition as relates to wheel horses for the 10th and 30th Batteries, Field Artillery, is conditional upon the enlargement of the stables for these batteries, estimates for which were forwarded January 17, 1907, from the Office of the Chief Quartermaster, Department of Dakota, but have not been heard from as yet.

Unless the enlisted strength of these batteries (total enlisted strength this date 99 & 102 respectively) is increased to near their maximum authorized strength, 133 men each, new horses will only be a burden. Only a part of the carriages of the batteries can at present be manned for drills for lack of men.

The normal capacity of these stables is for 102 horses while the total of horses authorized per Battery is 120. At present these batteries have respectively 105 and 111 serviceable horses, the sheltering of which necessitates the use of side door gangways and all available space in the stables, a situation that would be exceedingly dangerous in case of fire and is at all times annoying.

Early purchase of the additional horses required to bring these batteries up to their maximum is only recommended on condition of the increase of their enlisted strength to something like the authorized number of men and the provision of proper stable accommodation, necessitated by the increase in the strength of Field Batteries since the construction of the present stables.

Very respectfully,

F. W. Sibley,
Major, 2nd Cavalry,
Commanding.

Quantity on hand this date. (Take from return.)	Quantity issued or consumed, preceding quarter.	Quantity to be supplied.	ARTICLES. To be arranged alphabetically under divisions. See paragraphs 3 to 7, inclusive, of instructions, Form 60.	Cost in immediate vicinity of Post. If not there obtainable, to be filled in by Chief Q. M.	REMARKS. Exact use for each and every item must be stated. When unexpended and certain expendable articles are estimated for, the return showing reasonable quantity on hand, explanation is required as to why those on hand can not be utilized.	Quantity recommended by Chief Q. M.
0	0	36	Bolts, iron, 1"x 11/32", special, machine cut ea. thread, screw driver head.	05	To replace broken cog-wheels and bolts on roller iron shutters of battery gunsheds, Buildings Nos. 23 & 24-serie-F.	36
0	0	36	Wheels, cast iron, double cog, weight 2-1/2 lbs., dia. of large cog 5", dia. of small cog 2-1/2", depth of cogs 7/8". ea.	60	The fact that a number of the wheels now required replaced on account of broken cogs, is very annoying and consumes much time in raising and lowering these shutters for allowing vehicles passing in and out of shed. This is especially emphasized to the gunshed now being used as wagon shed quartermasters department. Samples of the wheels and bolts were taken to Pier Foundry, Corn. Water & State Sts. Saint Paul, Minn., and prices quoted by them.	36

Station, Fort Snelling, Minn.

Date, July 25, 1907.

INSTRUCTIONS.

1st. Forward in duplicate (exceptions, see A. R. 1154-58, incl.).

2d. Use for all estimates except those for which a special blank is provided.

3d. Articles estimated for will be divided into two general classes:

Class A. Based on fixed allowances prescribed by Regulations and requiring approval of Department Commander only. (See Q. M. G. O. Cir. No. 10, March 9, 1905, as may be amended from time to time; also paragraphs A. R. 1154-1158, inclusive.) On these estimates Chief Quartermaster will take all necessary final action.

Class B. Requiring approval of Quartermaster General. (Comprises all articles not covered by "A," also articles in "A" not required for issue as fixed allowances.) On these estimates Chief Quartermasters will note recommendations and forward to Quartermaster General for final action.

4th. Estimates for articles belonging to Class A will not include articles of Class B, for which separate estimate is required.

5th. Articles will be arranged alphabetically in each division, which divisions are described under items 6 and 7.

6th. Under Class A, division will be based on designated source of supply (see Cir. 10), and separate sheet or group of sheets will be used for articles to be supplied from each common source.

7th. Under Class B, division will be based on the designation of branches of the Quartermaster General's Office, viz: (a) Clothing and Equipage, (b) Regular Supplies, (c) Reservation, (d) Hospitals and Hospital Stewards' Quarters, (e) Construction and Repair, (f) Transportation, (g) Transport, (h) Cemeterial (National only). A separate sheet or group of sheets headed by the name of the proper branch will be used for articles pertaining to each branch.

8th. Following appear the articles pertaining to:

(a) **Clothing and Equipage Branch.**

Special estimates from recruiting stations and ordnance detachments for supplies not enumerated on Forms 53-53½, and payable from appropriation "Clothing and Equipage."

(b) **Regular Supplies Branch.**

Disinfectants, including articles for extermination of insects and other pests.

Blacksmiths' tools, including forges.

Wheelwrights' tools, including all tools for making and repairing means of transportation.

Farrier tools, horse and mule shoes, horseshoe nails and calks.

Saddlers' tools and all material for repairing harness, saddles, and outfit for animals.

Typewriters and repair thereof.

Tools required for care of animals, for stable use, and for handling forage.

Mess tables, benches, and stools.

Stoves and ranges and parts and materials for repair of same, and appliances pertaining to cooking; field ovens and parts for repair thereof (portable field bake ovens).

(c) **Reservation Branch.**

For tools, material, and labor, under following items: Light, water, sewer, pumping and electric power systems, sawmills, plumbing, fire apparatus, heating furnaces and plants, crematories, ice machines and plants, steam laundries, electric bells and annunciators, odorless excavating wagons.

(d) **Hospital and Hospital Steward Quarters.**

(e) **Construction and Repair Branch.**

Surveying instruments, drafting instruments and materials.

For tools, material, and labor under the following items:

Roads, walks, care of grounds, wharves, railroads, shore protection, grading, sodding, seeds and plants, repairs and alterations to buildings of all kinds, except hospitals and hospital stewards' quarters, wall and box lockers, storm doors, screens, refrigerators, flagstaves, sentry boxes, picket lines, fences, equipment post exchanges, permanent bake ovens, including Middleby type, post cemeteries.

(f) **Transportation.**

Street car and ferry tickets.

Supplies for harbor boats and boats for artillery service.

Repairs for same, except when extensive, requiring explanation, drawings, and specifications, when estimate will be submitted in form of letter.

(g) **Transport.**

Supplies for transports.

Minor repairs for same.

(h) **Cemeterial.**

9th. When articles desired are not enumerated above, their nature and use will determine under which headings they should be estimated for.

10th. On estimates requiring reference to the Quartermaster General's Office, Chief Quartermasters will note recommendations, verify reported cost, entering same when not obtainable in vicinity of post, and forward both copies.

11th. Estimates not complying with above in every detail will be returned for correction.

12th. Officer making estimate will retain press copy.

On Sept 16/07 at 8¹⁰ P.M while driving a Quattmaster Carriage for Maj Stevens U.S.A. I struck the side of an Omnibus belonging to the Cook Transfer & Burro Co with my carriage pole my mules twisting away from the curb.

I had no room to drive in & deposit my passengers on the platform in front of the Union Depot on Fifth St on account of the Cook Omnibus being stationed there. Driver of the Cook Burro requested the police officer on duty at that time at the Union Depot to arrest me but he declined & stated that he would see to it that he would not be remunerated for the damages as he was not allowed drive in front of the platform & had orders to stay further back. - Major Stevens can testify to these facts.

HEADQUARTERS DEPARTMENT OF DAKOTA.
Adjutant General's Office,
St. Paul, Minn., Dec. 5th, 1907.

To the Commanding Officer,
2nd Squadron, 4th Cavalry,
(Thro Commanding Officer, Ft. Snelling, Minn.)

Sir:-

The Department Commander directs me to inform you that the Quartermaster General has been directed by the Acting Secretary of War to purchase from time to time, whenever the conditions of appropriations permits, a sufficient number of small hardy horses for use of mounted messengers.

These horses are also intended for use in polo playing, which it is desired be encouraged as it is believed that the horsemanship of the enlisted men will thus be bettered and their contentment increased.

For enlisted men polo sticks should be procured from Post Exchange Funds. Officers should procure their own.

Requisitions will be approved at these headquarters for not more than five such horses for each field battery and each troop of cavalry. The total number of horses including these special horses will not exceed the authorized quota for any organization.

Very respectfully,

(SGD.) Alexander Brodie,
Adjutant General.
