Drills will be held out of doors as much as possible, and may take the form of walking or marching, without arms, when weather is unsuitable for other exercises.

Instruction of organizations will be supervised by battalion commanders, and will fulfill the requirements of GO7WD11, as published in schedule of instruction approved for the garrison of this post. The object to be attained being the results indicated in Memorandum from Headquarters Department of the Lakes, published from this office under date of Nov. 22, 1911.

Headquarters Detachment will follow schedule of instruction prepared by its commander.

Noncommissioned officers' school will be held at such time in the forenoon as designated by battalion commanders; hours not to conflict with provisions of this order.

Battalion Commanders will give personal attention to instruction of noncommissioned officers of their respective battalions; to this end they will, at least once a week, assemble the noncommissioned officers in the gymnasium or other suitable place, and by questions and illustrations with troops, examine and instruct on work done in company school for noncommissioned officers.

A provisional company of three or four squads, will be organized for the purpose of illustrating and instructing. The organization may be formed either from the battalion to which the noncommissioned officers belong or from one of the others, (preferably one of the others), days being so arranged that each battalion will have one day per week, but each a different day. This instruction may very properly be substituted for that of one of the days of company school for noncommissioned officers.

Battalion Commanders will be charged with supervision of attendance at drill and noncommissioned officers' school.

Attention is invited to GO51 Post 1911, the provisions of which will be complied with.

POST OF FORT SNELLING,

Fort Snelling, Minn., Dec. 2, 1912

MEMORANDUM:

The Commanding Officer directs the attention of this command to the following newspaper article on the subject of rabies and the dangerous and disastrous consequences of allowing dogs to roam at will:

"Dr. S. H. Ward, secretary of the state live stock sanitary board, whose report on rabies described dogs as 'treacherous and filthy,' does not apply the term to all dogs, but only to dogs roaming at large.

'I like dogs in their proper place as well as anyone,' said Dr. Ward last night.

"Those who believe in turning the streets into playgrounds for the useless dogs might, if they would visit the Pasteur institute maintained by the state board of health, view the matter in another light after witnessing the sufferings of children who have been bitten. Or they might call on parents whose children have been bitten by dogs and disfigured for life, and suggest to the parent that the children be kept in the house for the welfare of the dog."

MEMORANDUM:

The following method of disposing of kitchen and mess room refuse will be followed in all messes and kitchens in this post:

1. All solid refuse will be burned in kitchen range.
2. All liquid refuse will be poured into sinks.
3. By pressing and carefully draining all waste material solid refuse will become sufficiently dry to readily burn on range fire—to advantage—both as to heat and economy of fuel.
4. Where there are outside incinerators empty cans will be exposed to heat therein until refuse in can is burned. Empty cans—where there are no incinerators or after exposure to heat in incinerators, will be placed in ash cans or other suitable receptacles, for removal by police party.
5. The method described has been successfully carried on in kitchen of Company B, 28th Infantry for months, under direction of Cook *George A. Galvin*, of that Company who will gladly illustrate the method for any one visiting his kitchen for information on the subject.

Quartermaster

INSTRUCTIONS.

1st. Forward in duplicate (exceptions, see A. R. 1154-58, incl.).

2d. Use for all estimates except those for which a special blank is provided.

3d. Articles estimated for will be divided into two general classes:

Class A. Based on fixed allowances prescribed by Regulations and requiring approval of Department Commander only. (See Q. M. G. O. Cir. No. 10, March 9, 1905, as may be amended from time to time; also paragraphs A. R. 1154-1158, inclusive.) On these estimates Chief Quartermaster will take all necessary final action.

Class B. Requiring approval of Quartermaster General. (Comprises all articles not covered by "A," also articles in "A" not required for issue as fixed allowances.) On these estimates Chief Quartermasters will note recommendations and forward to Quartermaster General for final action.

4th. Estimates for articles belonging to Class A will not include articles of Class B, for which separate estimate is required.

5th. Articles will be arranged alphabetically in each division, which divisions are described under items 6 and 7.

6th. Under Class A, division will be based on designated source of supply (see Cir. 10), and separate sheet or group of sheets will be used for articles to be supplied from each common source.

7th. Under Class B, division will be based on the designation of branches of the Quartermaster General's Office, viz: (a) Clothing and Equipage, (b) Regular Supplies, (c) Reservation, (d) Hospitals and Hospital Stewards' Quarters, (e) Construction and Repair, (f) Transportation, (g) Transport, (h) Cemeterial. A separate sheet or group of sheets headed by the name of the proper branch will be used for articles pertaining to each branch.

8th. Following appear the articles pertaining to:

(a) **Clothing and Equipage Branch.**

Special estimates from recruiting stations and ordnance detachments for supplies not enumerated on Forms 53-53a, and payable from appropriation "Clothing and Equipage."

(b) **Regular Supplies Branch.**

Office and barracks furniture, including all articles for outfit of offices, such as carpets, desks, chairs, cuspidors and cuspidor mats; means of transportation, including vehicles (except odorless excavating wagons), harness, pack saddles, aparejos, and general outfit of pack trains, and materials and parts for repair of same.

Disinfectants, including articles for extermination of insects and other pests.

Blacksmiths' tools, including forges.

Wheelwrights' tools, including all tools for making and repairing means of transportation.

Farrier tools, horse and mule shoes, horseshoe nails and calks.

Saddlers' tools and all material for repairing harness, saddles, and outfit for animals.

Typewriters and repair thereof.

Tools required for care of animals, for stable use, and for handling forage.

Mess tables, benches, and stools.

Stoves and ranges and parts and materials for repair of same, and appliances pertaining to cooking.

(c) **Reservation Branch.**

For tools, material, and labor, under following items:

Light, water, sewer, pumping and electric power systems, sawmills, plumbing, fire apparatus, heating furnaces and plants, crematories, incinerators, ice machines and plants, steam laundries, electric bells and annunciators, odorless excavating wagons, waste removal, roads, walks, care of grounds, sodding, seeds and plants, wharves, boathouses, railroads, shore protection, sea walls, grading, picket lines, fences, elevators, post and reservation maps, surveys, topography. For Recruiting Stations: Ice, laundry, baths, etc.

(d) **Hospital and Hospital Stewards' Quarters.**

(e) **Construction and Repair Branch.**

Surveying instruments, drafting instruments and material.

For tools, material, and labor under the following items:

Repairs and alterations to buildings of all kinds (except hospitals and hospital stewards' quarters and boat-houses), wall and box lockers, storm doors, screens, refrigerators, flagstaves, sentry boxes, equipment of post exchanges, permanent bake ovens, including Middleby type, office signs, window shades, and tent floors and frames. Furniture for officers' messes and heavy furniture for officers' quarters.

Material and labor for hospitals and hospital stewards' quarters are covered by separate estimates.

(f) **Transportation.**

Street-car and ferry tickets.

Supplies for harbor boats and boats for artillery service.

Repairs for same, except when extensive, requiring explanation, drawings, and specifications, when estimate will be submitted in form of letter.

(g) **Transport.**

Supplies for transports.

Minor repairs for same.

(h) **Cemeterial.**

For care and maintenance of national and post cemeteries.

9th. When articles desired are not enumerated above, their nature and use will determine under which headings they should be estimated for.

10th. On estimates requiring reference to the Quartermaster General's Office, Chief Quartermasters will note recommendations, verify reported cost, entering same when not obtainable in vicinity of post, and forward both copies.

11th. Estimates not complying with above in every detail will be returned for correction.

12th. Officer making estimate will retain press copy.

INSTRUCTIONS.

1st. Forward in duplicate (exceptions, see A. R. 1154-58, incl.).

2d. Use for all estimates except those for which a special blank is provided.

3d. Articles estimated for will be divided into two general classes:

Class A. Based on fixed allowances prescribed by Regulations and requiring approval of Department Commander only. (See Q. M. G. O. Cir. No. 10, March 9, 1905, as may be amended from time to time; also paragraphs A. R. 1154-1158, inclusive.) On these estimates Chief Quartermaster will take all necessary final action.

Class B. Requiring approval of Quartermaster General. (Comprises all articles not covered by "A," also articles in "A" not required for issue as fixed allowances.) On these estimates Chief Quartermasters will note recommendations and forward to Quartermaster General for final action.

4th. Estimates for articles belonging to Class A will not include articles of Class B, for which separate estimate is required.

5th. Articles will be arranged alphabetically in each division, which divisions are described under items 6 and 7.

6th. Under Class A, division will be based on designated source of supply (see Cir. 10), and separate sheet or group of sheets will be used for articles to be supplied from each common source.

7th. Under Class B, division will be based on the designation of branches of the Quartermaster General's Office, viz: (a) Clothing and Equipage, (b) Regular Supplies, (c) Reservation, (d) Hospitals and Hospital Stewards' Quarters, (e) Construction and Repair, (f) Transportation, (g) Transport, (h) Cemeterial (National only). A separate sheet or group of sheets headed by the name of the proper branch will be used for articles pertaining to each branch.

8th. Following appear the articles pertaining to:

(a) **Clothing and Equipage Branch.**

Special detachments for supplies not enumerated on Forms 53-53½, and payable from appropriation "Clothing and Equipage."

(b) **Regular Supplies Branch.**

Office and barracks furniture, including all articles for outfit of offices, such as carpets, desks, chairs, window shades, cuspidors and cuspidor mats; means of transportation, including vehicles (except odorless excavating wagons), harness, pack saddles, aparejos, and general outfit of pack trains, and materials and parts for repair of same.

Disinfectants, including articles for extermination of insects and other pests.

Blacksmiths' tools, including forges.

Wheelwrights' tools, including all tools for making and repairing means of transportation.

Farrier tools, horse and mule shoes, horseshoe nails and calks.

Saddlers' tools and all material for repairing harness, saddles, and outfit for animals.

Typewriters and repair thereof.

Tools required for care of animals, for stable use, and for handling forage.

Mess tables, benches, and stools.

Stoves and ranges and parts and materials for repair of same, and appliances pertaining to cooking; field ovens and parts for repair thereof (portable field bake ovens).

(c) **Reservation Branch.**

For tools, material, and labor, under following items: Light, water, sewer, pumping and electric power systems, sawmills, plumbing, fire apparatus, heating furnaces and plants, crematories, ice machines and plants, steam laundries, electric bells and annunciators, odorless excavating wagons.

(d) **Hospital and Hospital Steward Quarters.**

(e) **Construction and Repair Branch.**

Surveying instruments, drafting instruments and materials.

For tools, material, and labor under the following items:

Roads, walks, care of grounds, wharves, railroads, shore protection, grading, sodding, seeds and plants, repairs and alterations to buildings of all kinds, except hospitals and hospital stewards' quarters, wall and box lockers, storm doors, screens, refrigerators, flagstaves, sentry boxes, picket lines, fences, equipment post exchanges, permanent bake ovens, including Middleby type, post cemeteries.

(f) **Transportation.**

Street car and ferry tickets.

Supplies for harbor boats and boats for artillery service.

Repairs for same, except when extensive, requiring explanation, drawings, and specifications, when estimate will be submitted in form of letter.

(g) **Transport.**

Supplies for transports.

Minor repairs for same.

(h) **Cemeterial.**

9th. When articles desired are not enumerated above, their nature and use will determine under which headings they should be estimated for.

10th. On estimates requiring reference to the Quartermaster General's Office, Chief Quartermasters will note recommendations, verify reported cost, entering same when not obtainable in vicinity of post, and forward both copies.

JAN 31 1907

13521

The Quartermaster,

Fort Snelling, Minn.

sir:—

I have the honor to report that I have made an investigation as to the injury on one (1) urinal bowl, in the barracks of this battery. It appears that the bowl was leaking at a point where the outlet pipe is joined to the lower part of the bowl. The man in charge of the lavatory, when he tried to repair the leak he found the outside cylindrical portion of the bowl forming the socket for the packing, was not complete showing it had been broken at some time prior to this. It is unknown how the injury could have happened. I have been unable to discover whether any one of this battery could have caused the injury or whether the bowl was in a defective shape when it was first put up.

Very respectfully,

Oscar D. Staub
Captain Artillery Corps,
Commanding Battery.

January 14th 1907.

I hereby certify that ^{the destruction of} the three (3) wash bowls which are broken in the quarters occupied by Co "K" 38th Infy was due to the fault of the pipes under the bowls breaking away and allowing the bowls to drop to the floor.

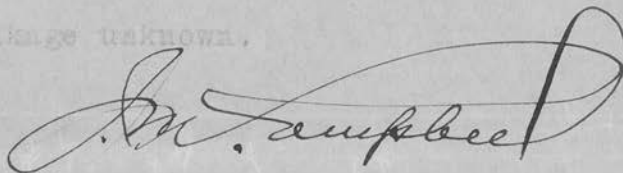

Captain 38th U.S. Infantry.

Commanding Company "K"

Fort Snelling, Minnesota.

January 31st, 1907.

I hereby certify that upon taking command of Company "I" 28th Infantry September 28th 1906, there was two wash-bowls cracked and one broken in said Company quarters. Cause of breakage unknown.

Thomas Dolan, Sergeant Company "I" 28th Infantry, being duly sworn, deposes and says:

While on duty in charge of quarters, on or about September 1., 1906, while Company "I" 28th Infantry was away at Instruction Camp, some one placed a cake of ice over one of the wash-bowls in the company quarters. This ice melted and dropped into the bowl with sufficient force to break said bowl. Further, I was unable to find the person responsible for this accident.

Further deponent sayeth not.

Quartermaster

Station,

Date,

January 31, 1907

INSTRUCTIONS.

1st. Forward in duplicate (exceptions, see A. R. 1154-58, incl.).

2d. Use for all estimates except those for which a special blank is provided.

3d. Articles estimated for will be divided into two general classes:

Class A. Based on fixed allowances prescribed by Regulations and requiring approval of Department Commander only. (See Q. M. G. O. Cir. No. 10, March 9, 1905, as may be amended from time to time; also paragraphs A. R. 1154-1158, inclusive.) On these estimates Chief Quartermaster will take all necessary final action.

Class B. Requiring approval of Quartermaster General. (Comprises all articles not covered by "A," also articles in "A" not required for issue as fixed allowances.) On these estimates Chief Quartermasters will note recommendations and forward to Quartermaster General for final action.

4th. Estimates for articles belonging to Class A will not include articles of Class B, for which separate estimate is required.

5th. Articles will be arranged alphabetically in each division, which divisions are described under items 6 and 7.

6th. Under Class A, division will be based on designated source of supply (see Cir. 10), and separate sheet or group of sheets will be used for articles to be supplied from each common source.

7th. Under Class B, division will be based on the designation of branches of the Quartermaster General's Office, viz: (a) Clothing and Equipage, (b) Regular Supplies, (c) Reservation, (d) Hospitals and Hospital Stewards' Quarters, (e) Construction and Repair, (f) Transportation, (g) Transport, (h) Cemeterial (National only). A separate sheet or group of sheets headed by the name of the proper branch will be used for articles pertaining to each branch.

8th. Following appear the articles pertaining to:

(a) **Clothing and Equipage Branch.**

Special estimates from recruiting stations and ordnance detachments for supplies not enumerated on Forms 53-53¹/₂, and payable from appropriation "Clothing and Equipage."

(b) **Regular Supplies Branch.**

Office and barracks furniture, including all articles for outfit of offices, such as carpets, desks, chairs, window shades, cuspidors and cuspidor mats; means of transportation, including vehicles (except odorless excavating wagons), harness, pack saddles, aparejos, and general outfit of pack trains, and materials and parts for repair of same.

Disinfectants, including articles for extermination of insects and other pests.

Blacksmiths' tools, including forges.

Wheelwrights' tools, including all tools for making and repairing means of transportation.

Farrier tools, horse and mule shoes, horseshoe nails and calks.

Saddlers' tools and all material for repairing harness, saddles, and outfit for animals.

Typewriters and repair thereof.

Tools required for care of animals, for stable use, and for handling forage.

Mess tables, benches, and stools.

Stoves and ranges and parts and materials for repair of same, and appliances pertaining to cooking; field ovens and parts for repair thereof (portable field bake ovens).

(c) **Reservation Branch.**

For tools, material, and labor, under following items:

Light, water, sewer, pumping and electric power systems, sawmills, plumbing, fire apparatus, heating furnaces and plants, crematories, ice machines and plants, steam laundries, electric bells and annunciators, odorless excavating wagons.

(d) **Hospital and Hospital Steward Quarters.**

(e) **Construction and Repair Branch.**

Surveying instruments, drafting instruments and materials.

For tools, material, and labor under the following items:

Roads, walks, care of grounds, wharves, railroads, shore protection, grading, sodding, seeds and plants, repairs and alterations to buildings of all kinds, except hospitals and hospital stewards' quarters, wall and box lockers, storm doors, screens, refrigerators, flagstaves, sentry boxes, picket lines, fences, equipment post exchanges, permanent bake ovens, including Middleby type, post cemeteries.

(f) **Transportation.**

Street car and ferry tickets.

Supplies for harbor boats and boats for artiller service.

Repairs for same, except when extensive, requiring explanation, drawings, and specifications, when estimate will be submitted in form of letter.

(g) **Transport.**

Supplies for transports.

Minor repairs for same.

(h) **Cemeterial.**

9th. When articles desired are not enumerated above, their nature and use will determine under which headings they should be estimated for.

10th. On estimates requiring reference to the Quartermaster General's Office, Chief Quartermasters will note recommendations, verify reported cost, entering same when not obtainable in vicinity of post, and forward both copies.

11th. Estimates not complying with above in every detail will be returned for correction.

12th. Officer making estimate will retain press copy.

HEADQUARTERS POST OF FORT SELLING.

Fort Snelling, Minn.,
December 14, 1900.

General Orders,
No. 63.

1. The following special orders for post No. 6, of the guard, to be posted from guard house No. 2, are published for the information of all concerned:

SPECIAL ORDERS FOR THE SENTINEL ON POST
NUMBER SIX.

Post No. "6".

Posted from retreat to reveille.

My post extends from the Minneapolis car station along road in front of cavalry stables as far as east end of ordnance storehouse and return to starting point.

I will allow no horses to leave any stables except upon written order of the Commanding Officer, Adjutant or some officer of the troop.

In case of unusual noise in any stable I will awaken the men at the stable guard-house.

I will keep a sharp lookout for fire.

I will arrest all drunken and suspicious characters.

I will allow no women to enter any public building.

I will challenge from taps to reveille

By order of Major Griffith:

James B. Curry
2nd Lieut. 4th Cavalry,
Adjutant.

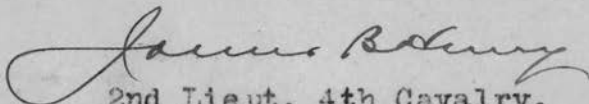

HEADQUARTERS POST OF FORT SNELLING.

Fort Snelling, Minn.,
November 23, 1908.

General Orders,
No. 61.

1. Thursday the 26th of November having been set apart by the President as a day of Thanksgiving, the day will be observed as a holiday at this post and all duty will be suspended on that day except the necessary guard and police.

By order of Major Griffith:

2nd Lieut. 4th Cavalry,
Adjutant.

GUARD ORDERS.

3. SPECIAL ORDERS for Patrol Post No. 2. Posted from Retreat to Reveille:

Patrol Post No. 2 extends from the car stop near the riding hall along the front of the cavalry stables and ordnance storehouse to the northwest corner of barracks of Company E, 9th Infantry and return to starting point.

I will observe the kitchens of the 9th Infantry Barracks and the barracks south of the street car tracks.

I will keep a sharp lookout for fire. In case of fire in any of the buildings on or near my post I will give the alarm, and report the fact by telephone to the main guard house, using the nearest telephone to my post.

There are telephones in the Orderly Rooms of each of the 9th Infantry Barracks.

I will not allow any person to enter unoccupied buildings on my post or remove property therefrom, except by written orders from proper authority.

I will not allow any horses to be taken from the stables of the Regimental Detachment except by order of the commanding officer or detachment commander.

I will not allow women to enter public buildings or barracks.

I will arrest any drunken, disorderly or suspicious characters.

I will challenge from Taps to Reveille.

III. Sentinels Nos. 3 and 4 and Patrols Nos. 1 and 2, will be posted from Guard House No. 2.

IV. Posts described in this order are shown on a diagram furnished each guard house.

December 16, 1908.

General Orders,
No. 64.

1. In addition to the course prescribed for non-commissioned officers in paragraph 1, General Orders No. 54, current series, this post, organization commanders will carefully instruct their non-commissioned officers and selected privates as to all their duties under the provisions of General Orders No. 54, both so far as it pertains to the guard and in the case of an alarm of fire.

Hereafter prisoners will not be sent to their company quarters for any purpose except by order of the Commanding Officer, the officer in charge of prisoners, or the prison sergeant, and in such cases, the Commander of the Guard will furnish such non-commissioned officers or privates, or both, of the guard, as may be called for by the prison authorities.

General Orders No. 54, current series, Post, is amended so that the non-commissioned officer in charge of guard house number two will no longer require a member of his guard to inspect the artillery stables, but the sentinel on post No. 4, will be required to notify the men of the battery placed there at night, when he discovers anything wrong in or about the battery stables.

G.O. 64.

All sentinels, (except No. 11), will hereafter be posted at 6 o'clock p.m. and relieved at reveille.

Rockingham, N.C. Decr. 8th, 1908.

C.Q.M.D.D. St. Paul, Minn.

Sir:-

I have the honor to transmit to you herewith, a letter, and itemized statement of account, from the Pittsburgh Coal Company, of Duluth, Minnesota, for fuel furnished me, while stationed at Duluth, as Recruiting Officer.

On account of very serious illness, from which I am just now recovering, it has been necessary to let this account remain a personal charge against me, until now.

I must submit the matter to you now, for your advice- During the months of June, July, August and September, 1908, while I remained in St. Mary's Hospital, and sick in quarters at Duluth, Minn; I did not request nor receive any allowance for fuel or light, during those months- I presume, of course that I am entitled to same, the same as to commutation of quarters, which have been allowed. I left Duluth on October 1st 1908, on leave of absence on account of sickness for six months, as per copy of S.O. No.

228, Par 29- enclosed herewith.
Over

Should there be any great amount of inconvenience to you, in providing now, the allowance for June- which applied to the last fiscal year- then I would forfeit that, rather than trouble you- But I hope there will be no difficulty in adjusting the allowances for the months of July August, and September, of the fiscal year 1909.

This bill rendered by the Pittsburgh Coal Company does not include all the fuel bought by my family, for use in my quarters, during the period of my illness in Duluth, during the months above mentioned. Some of this was procured from the North-Western Fuel Co, of Duluth.

If it be practicable to do so, I request that you furnish me with the usual orders for fuel allowance for those months. June to the Pittsburgh Coal Co, and July, August and September, to the North-Western Fuel Co, of Duluth Minn. As suggested in the enclosed letter from the former, I could present the orders to the North-Western Co, who could, by arrangement already made, transfer the balance of my account with them, over to the Pittsburgh Co.

In case it be not practicable to furnish me the usual orders for the allowances of said months, as suggested then I request that you furnish me commutation of fuel allowance for said months.

I also request, that you send me commutation of lights, etc, for those months. The meter readings and paid bills have been misplaced. So, that it would hardly be worth while to try to obtain duplicate vouchers for the gas and electric light used during the period.

Dear Sir:-

I have your valued favor of the 12th inst. and as requested enclose herewith itemized statement of your account. We are not supplying the Government Officials with their coal this year, our contract expiring on June 30th 1908, and the North-Western Fuel Company has contract for this year.

We talked with them regarding paying the face amount of this bill and charging same to your account and this is entirely agreeable to them and if you so advise us, in writing, we can present letter to them and have them remit us this amount and charge it to your account.

Thanking you we remain.

Yours truly.

Gentlemen:

From a communication from Capt. O. H. Dockery, Jr., 25th U. S. Infantry, it appears that during his recent severe illness in Duluth his family paid the bills for gas during the months of June, July, August and September, 1908, instead of sending them here for settlement; and with a view of re-imbursing Capt. Dockery for the sum so paid, it is requested, if practicable, that copies of bills for the above months may be furnished, Capt. Dockery having reported that in the confusion of sickness, the paid bills were misplaced.

Contractor, Charles B. Scott.

Within the city limits of St. Paul, Minnesota, 9 cents per 100 pounds, minimum charge 50 cents, and between St. Paul, Minnesota and Fort Snelling, Minnesota, 7 miles, at 15 cents per 100 pounds for the distance, minimum charge \$3.50. Contractor, Louis H. Dion.

Within the city limits of Helena, Montana, ¹⁰/₈ cents per 100 lbs., minimum charge 50 cents, and between Helena, Montana and Fort William Henry Harrison, Montana, 4 miles, 10¹/₁ cents per 100 pounds for the distance, ~~minimum charge 75 cents.~~ Contractors, Benson Carpenter & Co.

For the purpose of carrying out the provisions of G. O. 18, W.D., January 1908, the Quartermaster General directed that steps be taken to secure a suitable building for the handling of Quartermaster Supplies in the Department of Dakota.

But two were found conveniently located; the first with about 2,000 sq. ft. of storage space, which was more than desired; the price \$4,120.00 considered excessive; the second with 7,000 sq. ft. at a cost of \$2,045.00, had not water or toilet facilities. In addition to the above prices there would be the expense of \$4960.00 per year for necessary employees in a detached building, as well as considerable increase in cost of drayage.

After a careful examination of the Army Building it was found that with certain changes ample space could be provided at a minimum expense; this being approved by the Department Commander and Quartermaster General, work was immediately begun and by July 1st we were ready to handle all Quartermaster Supplies.

Changes in the Sub-basement gave us	-----	4,000 sq. ft.
" in Rooms 2, 3, 4, 6 in basement gave us	-----	8,800 "
Changes in Room 7, 1st Floor, gave us	-----	2,340 "
Mezzanine Floors were constructed in Rooms 2 and 6, 1st Floor, gave us	-----	2,658 "
TOTAL	-----	17,798

The cost of the work was as follows:

Carpenter work, shelving, painting and necessary alterations -----	\$1697.00	
Electric lifts & hoisting tackle ----	1713.00	
Plumbing -----	114.00	\$3524.00

All rooms were thoroughly cleaned, painted where necessary, shelving put in, electric motor elevators, hoisting tackle and sliding crane and rooms wired for electric lighting.

All stores can now be handled with despatch, and there is ample storage room to meet all requirements of the department for some time to come. The necessary force to handle the stores during the year cost \$2,092.60.

In a recent inspection of the Quartermaster's Department of the various posts in the Department it was found to be in a most satisfactory condition.

The Chief Quartermaster of the Department should inspect each post in the Department at least once each year.

Respectfully,

J. M. Sawyer.

Sir:-

I return herewith your consolidated report of public animals for f.y.1909 together with a memorandum, as far as the records of this office show, of the status of the public animals at this post with a view to assist you in rendering a correct report. You will observe that with a loss of sixty-six cavalry horses and a gain of twenty-eight, the result remains the same as yours, 303. The draft horses are alike but there is a difference of one in the mules. The corrected report

should be returned with the least possible delay so as to permit the annual report to be rendered by this office on time.

No report of animals purchased, item 20 Q.M.G.O. letter, was rendered to cover twenty-four horses reported on enclosed statement as purchased.

Respectfully,

~~OFFICE OF DEPOT QUARTERMASTER,~~

St. Paul, Minn.,

April 25, 1908.

The Quartermaster,
Fort Snelling, Minnesota.

Sir:-

I enclose, herewith, copies of awards of contracts for fuel, forage and straw for your post, with the information that pending a decision by the Quartermaster General, requisition for fuel in addition to that on hand June 30, 1908, will not be made beyond the actual requirements for the months of July, August and September, 1908.

Copies of contracts will be furnished you as soon as originals are executed and approved.

With a view to securing uniformity in the system of keeping accounts of fuel, forage and straw, as outlined in paragraphs 108-120, Q.M.G.O., Circular No. 1, 1908, and to obviate the necessity for changes in Post Allotment Record (Form 138), "calls" on contractors will be considered as requisitions in letter form and must be numbered as required by paragraph 13e, and rendered to this office in duplicate.

In making these requisitions, care must be taken to call for such quantities as can be delivered in carload lots, the excess of delivery, if any, not to be included in credit transfers (Form 141) or vouchers, but be credited to subsequent requisitions, and on making final requisitions, or where requisition is made for the entire quantity of the contract, contractors should be cautioned not to exceed the quantities called for, as such excess can neither be received nor paid for.

Application for an increase of fuel, forage and straw, over the allotment, must be accompanied by a detailed statement showing the number of officers, enlisted men, civilians, fires, quoting authority for extra fires, public and private animals, the period to be covered, the quantity on hand and remaining due on requisitions.

Respectfully,

Deputy Quartermaster General, U.S. Army,
Chief Quartermaster.

Sir:

By direction of the Secretary of War of June 23, 1909, the following information is desired from the Q. M. Department,"

The name of each soldier now serving in the Department who is drawing commutation of rations in pursuance of orders or authority given or secured by the Q.M.General, showing:

1st Name, rank, regiment, etc.

2nd What duty he is performing.

3rd where the duty is performed, and how far this is from the barracks of his own organization and from the barracks of the nearest organization to which he could be attached for rations.

4th Rate of commutation.

5th Circumstances rendering it necessary to pay commutation.

6th Where a number of men are being paid commutation of rations at a headquarters or at any one place considerably removed from the vicinity of any company mess, the practicability of establishing a separate mess for such detachments.

Also the following information regarding civilian employees to whom rations are is-

sued:

1st Name and duty being performed.

2nd Necessity for the issue of rations.

3rd Whether married or single.

4th Whether his ration is issued to a detachment mess for civilian employees or to the individual directly.

5th Where the employee in question actually gets his meals.

6th Whether or not in your opinion a satisfactory employee to perform the same duty could be secured at the rate of pay allowed him without the addition of a ration.

This information should be obtained from the various posts in the Dept. of Dakota, and forwarded to this office not later than Aug. 1, 1909, for consolidation.

Blank forms are herewith enclosed to be properly filled out with the information required.

The Quartermaster General desires that you give this matter your personal attention, acknowledge receipt of this letter with report of action taken, and that the reports be forwarded to this office promptly.

INSTRUCTIONS.

1st. Forward in duplicate (exceptions, see A. R. 1154-58, incl.).

2d. Use for all estimates except those for which a special blank is provided.

3d. Articles estimated for will be divided into two general classes:

Class A. Based on fixed allowances prescribed by Regulations and requiring approval of Department Commander only. (See Q. M. G. O. Cir. No. 10, March 9, 1905, as may be amended from time to time; also paragraphs A. R. 1154-1158, inclusive.) On these estimates Chief Quartermaster will take all necessary final action.

Class B. Requiring approval of Quartermaster General. (Comprises all articles not covered by "A," also articles in "A" not required for issue as fixed allowances.) On these estimates Chief Quartermasters will note recommendations and forward to Quartermaster General for final action.

4th. Estimates for articles belonging to Class A will not include articles of Class B, for which separate estimate is required.

5th. Articles will be arranged alphabetically in each division, which divisions are described under items 6 and 7.

6th. Under Class A, division will be based on designated source of supply (see Cir. 10), and separate sheet or group of sheets will be used for articles to be supplied from each common source.

7th. Under Class B, division will be based on the designation of branches of the Quartermaster General's Office, viz: (a) Clothing and Equipage, (b) Regular Supplies, (c) Reservation, (d) Hospitals and Hospital Stewards' Quarters, (e) Construction and Repair, (f) Transportation, (g) Transport, (h) Cemeterial (National only). A separate sheet or group of sheets headed by the name of the proper branch will be used for articles pertaining to each branch.

8th. Following appear the articles pertaining to:

(a) **Clothing and Equipage Branch.**

Special estimates from recruiting stations and ordnance detachments for supplies not enumerated on Forms 53-53½, and payable from appropriation "Clothing and Equipage."

(b) **Regular Supplies Branch.**

Office and barracks furniture, including all articles for outfit of offices, such as carpets, desks, chairs, window shades, cuspidors and cuspidor mats; means of transportation, including vehicles (except odorless excavating wagons), harness, pack saddles, aparejos, and general outfit of pack trains, and materials and parts for repair of same.

Disinfectants, including articles for extermination of insects and other pests.

Blacksmiths' tools, including forges.

Wheelwrights' tools, including all tools for making and repairing means of transportation.

Farrier tools, horse and mule shoes, horseshoe nails and calks.

Saddlers' tools and all material for repairing harness, saddles, and outfit for animals.

Typewriters and repair thereof.

Tools required for care of animals, for stable use, and for handling forage.

Mess tables, benches, and stools.

Stoves and ranges and parts and materials for repair of same, and appliances pertaining to cooking; field ovens and parts for repair thereof (portable field bake ovens).

(c) **Reservation Branch.**

For tools, material, and labor, under following items:

Light, water, sewer, pumping and electric power systems, sawmills, plumbing, fire apparatus, heating furnaces and plants, crematories, ice machines and plants, steam laundries, electric bells and annunciators, odorless excavating wagons.

(d) **Hospital and Hospital Steward Quarters.**

(e) **Construction and Repair Branch.**

Surveying instruments, drafting instruments and materials.

For tools, material, and labor under the following items:

Roads, walks, care of grounds, wharves, railroads, shore protection, grading, sodding, seeds and plants, repairs and alterations to buildings of all kinds, except hospitals and hospital stewards' quarters, wall and box lockers, storm doors, screens, refrigerators, flagstaves, sentry boxes, picket lines, fences, equipment post exchanges, permanent bake ovens, including Middleby type, post cemeteries.

(f) **Transportation.**

Street car and ferry tickets.

Supplies for harbor boats and boats for artillery service.

Repairs for same, except when extensive, requiring explanation, drawings, and specifications, when estimate will be submitted in form of letter.

(g) **Transport.**

Supplies for transports.

Minor repairs for same.

(h) **Cemeterial.**

9th. When articles desired are not enumerated above, their nature and use will determine under which headings they should be estimated for.

10th. On estimates requiring reference to the Quartermaster General's Office, Chief Quartermasters will note recommendations, verify reported cost, entering same when not obtainable in vicinity of post, and forward both copies.

11th. Estimates not complying with above in every detail will be returned for correction.

12th. Officer making estimate will retain press copy.

at Fort Snelling, Minn., , dated Aug. 26,
1907 expiring on Oct. 12, 1907 and for which no application
for extension of time has been received, you are authorized to permit
the contractor to complete the work in question (if not already com-
pleted) provided, in your judgment, the interests of the Government
will be subserved and no pecuniary loss will arise incident to this
delay. All percentages of earnings retained under the contract up
to and including its date of expiration, and all amounts earned
after that date will be withheld and no accounts therefor will be
stated until the work is completed and accepted according to the
provisions of the contract. A copy of this letter will accompany
the final vouchers, upon which should also appear your certificate
to the effect that no loss has resulted to the Government thru the
delay, nor have additional expenses been incurred thereby.

INSTRUCTIONS.

1st. Forward in duplicate (exceptions, see A. R. 1154-58, incl.).

2d. Use for all estimates except those for which a special blank is provided.

3d. Articles estimated for will be divided into two general classes:

Class A. Based on fixed allowances prescribed by Regulations and requiring approval of Department Commander only. (See Q. M. G. O. Cir. No. 10, March 9, 1905, as may be amended from time to time; also paragraphs A. R. 1154-1158, inclusive.) On these estimates Chief Quartermaster will take all necessary final action.

Class B. Requiring approval of Quartermaster General. (Comprises all articles not covered by "A," also articles in "A" not required for issue as fixed allowances.) On these estimates Chief Quartermasters will note recommendations and forward to Quartermaster General for final action.

4th. Estimates for articles belonging to Class A will not include articles of Class B, for which separate estimate is required.

5th. Articles will be arranged alphabetically in each division, which divisions are described under items 6 and 7.

6th. Under Class A, division will be based on designated source of supply (see Cir. 10), and separate sheet or group of sheets will be used for articles to be supplied from each common source.

7th. Under Class B, division will be based on the designation of branches of the Quartermaster General's Office, viz: (a) Clothing and Equipage, (b) Regular Supplies, (c) Reservation, (d) Hospitals and Hospital Stewards' Quarters, (e) Construction and Repair, (f) Transportation, (g) Transport, (h) Cemeterial (National only). A separate sheet or group of sheets headed by the name of the proper branch will be used for articles pertaining to each branch.

8th. Following appear the articles pertaining to:

(a) **Clothing and Equipage Branch.**

Special estimates from recruiting stations and ordnance detachments for supplies not enumerated on Forms 53-53½, and payable from appropriation "Clothing and Equipage."

(b) **Regular Supplies Branch.**

Office and barracks furniture, including all articles for outfit of offices, such as carpets, desks, chairs, window shades, cuspidors and cuspidor mats; means of transportation, including vehicles (except odorless excavating wagons), harness, pack saddles, aparejos, and general outfit of pack trains, and materials and parts for repair of same.

Disinfectants, including articles for extermination of insects and other pests.

Blacksmiths' tools, including forges.

Wheelwrights' tools, including all tools for making and repairing means of transportation.

Farrier tools, horse and mule shoes, horseshoe nails and calks.

Saddlers' tools and all material for repairing harness, saddles, and outfit for animals.

Typewriters and repair thereof.

Tools required for care of animals, for stable use, and for handling forage.

Mess tables, benches, and stools.

Stoves and ranges and parts and materials for repair of same, and appliances pertaining to cooking; field ovens and parts for repair thereof (portable field bake ovens).

(c) **Reservation Branch.**

For tools, material, and labor, under following items:

Light, water, sewer, pumping and electric power systems, sawmills, plumbing, fire apparatus, heating furnaces and plants, crematories, ice machines and plants, steam laundries, electric bells and annunciators, odorless excavating wagons.

(d) **Hospital and Hospital Steward Quarters.**

(e) **Construction and Repair Branch.**

Surveying instruments, drafting instruments and materials.

For tools, material, and labor under the following items:

Roads, walks, care of grounds, wharves, railroads, shore protection, grading, sodding, seeds and plants, repairs and alterations to buildings of all kinds, except hospitals and hospital stewards' quarters, wall and box lockers, storm doors, screens, refrigerators, flagstaves, sentry boxes, picket lines, fences, equipment post exchanges, permanent bake ovens, including Middleby type, post cemeteries.

(f) **Transportation.**

Street car and ferry tickets.

Supplies for harbor boats and boats for artillery service.

Repairs for same, except when extensive, requiring explanation, drawings, and specifications, when estimate will be submitted in form of letter.

(g) **Transport.**

Supplies for transports.

Minor repairs for same.

(h) **Cemeterial.**

9th. When articles desired are not enumerated above, their nature and use will determine under which headings they should be estimated for.

10th. On estimates requiring reference to the Quartermaster General's Office, Chief Quartermasters will note recommendations, verify reported cost, entering same when not obtainable in vicinity of post, and forward both copies.

11th. Estimates not complying with above in every detail will be returned for correction.

12th. Officer making estimate will retain press copy.

This Form should be used for periodical and special estimates of Quartermaster's Supplies, and should be made and forwarded to the Quartermaster General in duplicate. In making an estimate of fuel, forage, and straw, the kind procurable in the immediate vicinity of the Post should be stated.

Post Quartermasters should endeavor, as far as practicable, to include in these estimates all the articles that will be required during the period estimated for, to avoid the necessity of special requisitions.

In case of articles of variable size, quality, etc., such as doors, sashes, windows, glass, files, iron, nails, stovepipe, stoves, etc., such full description should be given as will enable the officer supplying the stores to determine exactly what is required. When any portion of machinery is required, a drawing, giving the size and other specifications, should accompany the estimates.

Estimates for building material should be made separately from the estimates for other stores, and if any portion of the material has been previously estimated for, it should be so stated.

The application to be made of each article and the necessity for its issue should be stated.

In making estimates for supplies, it is sometimes preferable to make separate estimates for all the separate classes of stores required. This is to be regulated by the Chief Quartermaster.

The last column is to be filled up by the Chief Quartermaster when he forwards the estimates to higher authority for action.

Sir:

Referring to your indorsement of May 29th, in which you state that "no jute envelopes 8 1/2 x 9 3/4 and 8 1/2 x 11 1/2 are listed in G.O. 214 W.D. 1907 and those asked for have, therefore, been disallowed", I have the honor to invite your attention to page 37 Circular 6 QMGO 1909 in which these articles are listed as Class A supplies which can be obtained from the Depot Quartermaster at New York.

In this connection I wish to state that the envelopes previously requested for the quarter ending June 30th 1909, have not yet been supplied this post although the quarter is now practically at an end.

Very respectfully,

1. Endorsement of his office of Sept. 8, 1908, invites attention of this office to decision of Comptroller of the Treasury of Nov. 25, 1907, and also states that "Envelopes for the Army are required to be limited to those prescribed in G.O. 214 of 1907."

2. Jute envelopes 8-1/2 x 11-1/2 are, however, listed in G.O. 214, W.D. 1907.

3. Jute envelopes 8-1/2 x 11-1/2 are, however, listed on page 37, Circular 6, Q.M.G.O. 1909.

4. As conflict appears to exist, further instructions are requested.

5. Relative to last paragraph of within letter, records of this office show that requisition for envelopes for Schofield Barracks for 4th qr. current fiscal year, was completed by the Depot Quartermaster, New York City, April 15, 1909.

No. of Men, 1218; No. of Horses, 242; No. of Mules, 84;

No. of Oxen, 38; No. of Wagons, 38

This Form should be used for periodical and special estimates of Quartermaster's Supplies, and should be made and forwarded to the Quartermaster General in duplicate. In making an estimate of fuel, forage, and straw, the kind procurable in the immediate vicinity of the Post should be stated. Post Quartermasters should endeavor, as far as practicable, to include in these estimates all the articles that will be required during the period estimated for, to avoid the necessity of special requisitions.

In case of articles of variable size, quality, etc., such as doors, sashes, windows, glass, files, iron, nails, stovepipe, stoves, etc., such full description should be given as will enable the officer supplying the stores to determine exactly what is required. When any portion of machinery is required, a drawing, giving the size and other specifications, should accompany the estimates.

Estimates for building material should be made separately from the estimates for other stores, and if any portion of the material has been previously estimated for, it should be so stated.

The application to be made of each article and the necessity for its issue should be stated.

In making estimates for supplies, it is sometimes preferable to make separate estimates for all the separate classes of stores required. This is to be regulated by the Chief Quartermaster.

The last column is to be filled up by the Chief Quartermaster when he forwards the estimates to higher authority for action.

Extra leaves should be inserted when the space herein is insufficient, and will be furnished when required.

A press copy of this Form, and of the extra sheets, should be retained by the officer making the estimate.

INSTRUCTIONS.

The charges and data, as called for on pages 1 and 2 of this form, will be prepared in duplicate by the officer preferring the charges—one copy for completion as the record of trial, and the other as the copy for the company records, the latter to be certified to be "a true copy" by the commanding officer or adjutant.

Each case will be given a serial number in the order of trial, *by the trial officer*, and bound in its numerical order in a book of convenient size, each case, when completed, being added to the book by pasting or other method. Paper binding will be sufficient, a good quality of tough paper being used for this purpose.

Charges will be accompanied by the certified copies of previous convictions on file with the company records. If the charges be referred to the summary court for trial, the copies will be returned to the company records immediately after trial. If the charges be referred to a garrison or regimental court-martial (this form being used as a charge sheet), the copies of previous convictions will accompany them, but will be returned to the company records immediately after trial. When the copies of previous convictions accompany charges referred to a general court-martial for trial, they will be returned to the company records immediately after trial, and copies thereof, made and certified by the judge-advocate, will be attached to the record of trial.

If the only officer present with command sits as summary court, no approval of sentence is required, but he will sign the sentence as such officer and affix the date of signature.

This form is printed in copying ink, and when filled in on the typewriter, a copyable ribbon will be used.
