LOAN GUARANTY MEMORANDUM NO. 78

TO: MINNESOTA LENDERS

SUBJ: VA Form 4-1852, Description of Materials

1. On and after March 15, 1951, in connection with requests for appraisal involving proposed housing construction to be inspected by VA designated inspector, VA Form 4-1852, Description of Materials, shall be used in lieu of the usual narrative architectural specifications. Copy of the form is attached.
2. VA Form 4-1852 is required to be completed in detail and is to be signed by the builder, as well as the veteran purchaser if the latter is known at the time appraisal is requested. All materials and equipment to be incorporated in the proposed construction are to be described. The form does not describe the method of construction or manner of installation required in connection with the materials or equipment specified inasmuch as these details are fully covered in the VA Minimum Construction Requirements which together with VA Form 4-1852 are considered as the specifications upon which Reasonable Value is predicated.
3. The VA Form 4-1852, the construction plans, and VA Form 4-1805, Request for Real Estate Appraisal, are to be submitted in duplicate to this office. Extra copies may be completed for the builder, veteran purchaser, and lender.
4. Builders, contractors, architects, sponsors, or owners who may or expect to submit requests for VA appraisals of proposed housing should request or obtain from this office at once a supply of VA Form 4-1852, Description of Materials, sufficient to meet their immediate needs. Additional supply may be requisitioned as needed.

WASHINGTON'S PRAYER FOR THE NATION.

Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy Holy protection. That Thou wilt incline the hearts of the citizens to cultivate a spirit of subordination and obedience to Government, and entertain a brotherly affection and love for one another and for their fellow citizens of the United States at large.

And finally that Thou wilt most graciously be pleased to dispose us all to do justice, to love mercy, and to demean ourselves with that charity, humility and pacific temper of mind which were the characteristics of the Divine Author of our blessed religion, and without an humble imitation of whose example in these things we can never hope to be a happy Nation.

Grant our supplication, we beseech Thee, through Jesus Christ our Lord. Amen.

(Written at Newburg, June 8, 1783, and sent to the Governors of all the States.)

CADET PRAYER

Oh God, our Father, Thou searcher of men's hearts, help us to draw near to Thee in sincerity and truth. May our religion be filled with gladness and may our worship to Thee be natural.

Strengthen and increase our admiration for honest dealing and clean thinking, and suffer not our hatred of hypocrisy and pretence ever to diminish. Encourage us in our endeavor to live above the common level of life. Make us to choose the harder right instead of the easier wrong, and never to be content with a half truth when the whole truth can be won. Endow us with courage that is born of loyalty to all that is noble and worthy, that scorns to compromise with vice and injustice and knows no fear when truth and right are in jeopardy. Guard us against flippancy and irreverence in the sacred things of life. Grant us new ties of friendship and new opportunities of service. Kindle our hearts in fellowship with those of a kindly countenance, and soften our hearts with sympathy for those who suffer. May we find genuine pleasure in clean and wholesome mirth and feel inherent disgust for all coarse-minded humor, help us in our work and in our play to keep ourselves physically strong, mentally awake and morally straight that we may better maintain the Honor of the Corps untarnished and unsullied, and acquit ourselves like men in our effort to realize the ideals of West Point in doing our duty to Thee and to our Country. All of which we ask in the name of the Great Friend and Master of Men. Amen.

COMMITTEE ON
EXPENDITURES IN THE EXECUTIVE
DEPARTMENTS

October 23, 1950

Dear Mr. Nixon:

As you know, Senator Humphrey is now in Minnesota. I am, therefore, taking the liberty of replying to your telegram urging him to vote to override President Truman's veto of H.R. 6217.

I am very sorry that we were not able to send you an earlier reply, but the Senator was awaiting the final outcome of action on H.R. 6217 and, as you know, he and other members of the Senate were on the Senate floor day and night during the closing days of the Session.

I am sure you will be interested to know that Senator Humphrey did vote to override the President's veto of this legislation. Happily, the Senator's views prevailed and the bill has now become Public Law 791.

I want to thank you in behalf of Senator Humphrey for your interest in sending him your opinion of this legislation.

Sincerely yours,

William C. Simms,
Administrative Assistant to
Hubert H. Humphrey

Mr. S. R. Nixon
Adjutant, Hamilton Fish Camp #7 USWV

HEADQUARTERS FIFTH UNITED STATES ARMY
Fort Sheridan, Illinois 60037

REGULATION
NO 140-6

28 March 1968

ARMY RESERVE
USAR MANDATORY ASSIGNMENT REQUISITION PROCEDURES

1. Purpose. To establish responsibilities, policies and procedures for processing USAR Mandatory Assignment Requisitions.

2. Policy. Headquarters Fifth US Army is required to furnish the United States Army Administration Center (USAAC) with quarterly requisitions for authorized paid drill strength vacancies projected to exist during the following quarter for each USAR Troop Program unit. These requisitions provide the basis on which USAAC makes mandatory assignments of non-unit Ready Reserve personnel to troop program units.

3. Responsibilities.

a. Commanding General, Fifth US Army is responsible for controlling, reviewing and processing USAR Mandatory Assignment Requisitions for USAR units in the Fifth US Army area.

b. Major USAR Commands are responsible for ensuring that all subordinate USAR units under their Commands submit timely reports, ensuring completeness and accuracy.

4. Procedures.

a. Requisitions will be submitted for those vacancies that are beyond the capability of the unit to fill by recruitment, reenlistment or voluntary assignments (NOTE: Mandatory Assignment Requisitions are a separate and distinct requirement and in no way will effect SRF mobilization reinforcement requisitioning). Requisitions are not required for a unit that has been maintaining strength by means of recruiting or voluntary assignments and can reasonably be expected to continue to do so. In these instances a negative report will be submitted.

b. USAR Mandatory Assignment Requisitions will be submitted on 5AA Form 74 (Inclosure 1) in accordance with instructions contained at Inclosure 2. This form may be obtained through regular supply channels.

c. USAR mandatory requisitions will be submitted by each USAR unit (company or detachment size) located in the Fifth US Army area so as to arrive this headquarters, ATTN: ALFAG-ZG, not later than the third work day of each quarter: January, April, July, and October.

d. These requisitions will be computed as of the last day of each quarter: March, June, September, and December.

*This regulation supersedes that portion of Fifth US Army Regulation 135-305, 19 September 1967, as pertains to USAR Mandatory Assignments.

PROGRAM *and* ORGANIZATION *of* CAMP OAKINGTON

CAMP OAKINGTON is being run upon the same educational philosophy as is The Garey School—that of learning by doing. It will endeavor to develop self-reliance and cooperativeness in the boys through active responsibility for their share of camp housekeeping. Effort will be made to provide not a smattering of many subjects, but the opportunity and incentive for definite growth along a few chosen lines of interest.

There will be, of course, a wide variety of woodcraft, games, tennis, baseball, horseshoe pitching, and informal games—great fun in plenty. But that will be the cake of the program; the meat and potatoes will be the challenge to worthwhile achievement along some line or lines of major interest to the boy.

He will, therefore, return home at the end of the summer not having been merely entertained and “kept out of mischief” for two months, but with a broader view of living, a richer background of experience and a keener sense of values—more of a man, a more useful member of society.

In organizing the camp according to the particular major interests of the individual boy, the plan is to arrange the camp in as many specialist groupings as may be warranted by interest in them. Possible groupings include:

A—Farm Group

The facilities of the 400 acre farm on this estate will be at the full disposal of this group. Here boys will learn not only how to milk a cow, but what and when to feed it, and why. They will learn to judge the points of a good Guernsey, to tell an Angus from a Hereford. They will learn to care for pigs, sheep, poultry. They will learn to plow, to cultivate and to harvest. It follows of necessity that there will be for them an increased reality and breadth in their understanding of these fundamental elements in life, and increased appreciation by them of the men who produce the nation's food. “Give us this day our daily bread” will take an entirely new meaning for them, now and throughout their lives.

B—Aquatic Group

The exceptional water-front facilities of this estate, with its more than three and a half miles of shore line, offer a very unusual opportunity for an extensive water program. The broad stretches of Chesapeake Bay beckon to high adventure, and the waters of Swan Creek are sheltered and safe even when there is a storm outside. The aquatic group, composed of boys 15 years of age and over, will take full advantage of these facilities. They will plan, design and construct a boat. They will row and sail, swim and practise life-saving. They will play water polo; they will fish and canoe. And the crabbing is reported to be the equal of any in the United States. They will have an opportunity to qualify for the swimming and life-saving ratings of the American Red Cross. Those with sufficient experience will be permitted to go on a "long cruise" of at least a week.

C—Mounted Group

This group will avail itself of many miles of splendid bridle paths about the estate, most of which wind through beautiful woods and offer an ever-changing vista of lovely views across the water. Yet how to ride a horse will not be the only thing learned. This group will judge horses, handle them, keep them in condition while maximum service is gotten from them. The more common disabilities of the horse will be recognized and treated. And in all these matters the boy will learn the WHY. As a climax of high adventure, there will be a week's horse-back trek. Moreover, those who qualify will have opportunity to acquire at least the rudiments of polo.

D—Nature Study Group

A veritable nature-lover's paradise awaits those who appreciate it. The several gardens are famed afar, and the garden clubs of Maryland and Virginia regularly come each year to enjoy them. The unspoiled wilderness of the wooded lands is equally striking. Indeed, there are few spots of equal size in the eastern states that contain such a variety of plants both wild and cultivated and of trees as does Oakington. Over one hundred thousand dollars was expended at one time in importing from abroad a wide variety of foreign trees especially for this estate.

Again, this estate has for many years been developed as a bird sanctuary; now it is literally teeming with bird life. The duck and geese hunting, in season, of this section of Chesapeake Bay is surpassed by few places in the country. There are reported by a competent naturalist to be not far from three hundred species of birds on this estate and the waters surrounding it.

The Nature Study Group will have turned over to it one of the very lovely gardens for development and beautification. They will build a nature trail, construct and set up bird houses, and create a nature museum.

E—Indian Group

One of the chief camping grounds of the Susquehannock Indians was located on this estate. Many hundreds of relics have in the past been recovered here and in the immediate vicinity. Those desiring to follow an Indian lore program will have an opportunity to hunt for relics, to build and use canoes, to make bows and arrows, to practise archery, to make Indian costumes and headdresses, to learn the Indian sign language, and to practise and conduct Indian ceremonials and dances.

F—Woodcraft Group

The foundations of an old building on the point of a peninsula, surrounded on three sides by water, offers a splendid site for a log cabin. The Pirates' Retreat, an island in Swan Creek, offers a romantic site for a group of Adirondack lean-tos for over-night camping, and offers also a fine place for a tree-top lookout. Trails need new bridges. There are many lovely spots for rustic benches. And many other interesting projects await the choosing of those interested in a woodcraft program. Other forms of handicraft activities will be developed according to the interests of the group.

G—Junior Group

Boys under twelve will be organized in a group which will be housed in a cottage in inclement weather. These boys will be given an opportunity for experience along many of the lines of the other groups, but in less advanced projects. Their program will be adapted, that is, to their age and experience and will be less closely organized than that of the older groups, having greater emphasis on free play and on games.

H—Pioneer Group

This offers an exceptional opportunity to high-grade boys fifteen years of age or over. It offers the zest of real achievement, of pioneering, of preparing the way for big things to follow. All old campers know the keen enthusiasm of the pioneers who prepare for the opening of camp. These pioneers will prepare for the initial opening of a school destined, we believe, to blaze a new trail in the educational world, a school that is itself doing notable pioneering in educational methods. This fact will give added zest to the entire project. The members of this group will always be able to say that they "had a finger in the pie" in the opening of this splendid new school.

In addition, these boys will have valuable experience with many forms of handicraft. Painting houses, setting glass, repairing roofs and plumbing and wiring, hanging doors and windows, plastering and carpentering, cutting brush and making trails—these are some types of the projects in which they will find wide practise. This group will work four hours a day on whatever work needs to be done on the place. The balance of

the time will be available for full participation in whatever features of the camp program are most interesting to them—such as fishing, sailing, canoeing, horsemanship, or marksmanship. Only boys recommended by their Scout Executive, football coach, or other responsible adult leader as being good and willing workers will be accepted for this group. To the boys in it, however, subject to their doing satisfactory work, there will be offered the very special rate of \$60.00 for the season from June 29 to August 24. This reduction of seventy percent in the camp fee amounts to paying nearly seventy-five cents an hour for the work done by these boys. Moreover, they will be able to take part in the majority of the camp program. Members of this group who can report before June 29 are invited to come as early as they can and as they want to, on a basis of working longer hours prior to the opening of the camp. No increased fee will be charged to those thus reporting before the opening of camp.

As many of the groups enumerated above will be organized, as the requests for them may warrant. In each—with the exception of the last two—it is planned to have the group under the leadership of a specialist, and to have major attention devoted to the field chosen, carrying on advanced training and project work in that field. The balance of the time will be spent in recreation or in other lines, as may be desired, but always with less advanced projects. According to his own personal desires, therefore, each boy, no matter which specialist unit he may be in, will have opportunity to participate in the activities of each of the other units. And opportunity will also be afforded from time to time for boys to rotate membership from one specialist group to another if they so desire.

It is very important that boys be trained under the best of leadership when they learn to shoot. Marksmanship instruction at this camp, for both rifle and pistol, will be available to the older boys, under the direct personal leadership of a man of twenty years service as an officer in the Regular Army, and one who represented this country in international competition. A rifle club will be organized and affiliated with the National Rifle Association. Opportunity will then be given for qualifying for the awards in marksmanship offered by this association.

A special arrangement will be made whereby any Boy Scouts who are attending Camp Oakington for the season may attend their troop encampment for one or two weeks if they so desire. In such cases \$25.00 a week fee will be remitted for the week or two weeks the boy is at the scout camp (or \$7.50 a week in the case of members of the Pioneer Group).

Different Shows Each Night of County Fair

gloves.

He was one of the fellows. Too much so, he says. "I didn't realize it then, but I do now; I could have been on my way to becoming a 'lifer,'" says Tom Collins.

The uniform he wears (accompanying picture) depicts another story. "I wasn't happy when drafted at 22 and making big money," he said Thursday. "But I found out one thing—there is nothing, nothing wrong with being in service."

"I found pride, the right to be an individual and it gave me a reason."

Collins did considerable fighting in South Vietnam the past year as a member of special forces and an advisor with the 32nd ranger battalion, composed of South Vietnamese. He'll do some peace-time fighting Saturday night as a 165-pound entry in the City Golden Glove finale at Phyllis Wheatley House.

Today he wears a blackened right eye. "I worked out with Mike Morgan (City's 132-pound champion) the other night. He tagged me."

Mike is 16. "When he was 8 or 9 I used to spar with him, getting on my knees," recalls Collins. "Now he is so fast he should be a cinch to win his division in the Upper Midwest Tournament."

Collins is not fighting in the City event just to fight. "I did have about 40 fights in service. I won the Vietnam middleweight title, but that was against some who had never fought. I also won a title at Fort Devens."

He would like to continue winning for another reason. "Richfield (his home area) has a very good team. Coach Jim Morgan (Mike's dad) is one of the finest persons I've ever known."

"If we could win the City team championship Jim would go on as one coach of the national tournament team. He deserves that."

Before his two-and-half years of service, Tom was a light heavyweight and a south-paw fighter who had lost the little finger on his right hand while working in Wisconsin. An indirect touch with a high tension wire even popped holes in his feet, marking where the shoe nails were.

SERVICE MEMO: Tom Collins should be in recruiting. He says "there is not one thing bad about being in service."

Didn't the loss of a finger question service duty?

"No, it even helped. My left eye vision was not as strong as it should be. So when

they said, 'cover your right eye,' I did. But the missing little finger left an opening."

Collins said service developed his language—in a different way than might be suspected. "I could speak part of nine different dialects when I was through. It seems each South Vietnam village had a different dialect."

Now back to reality, Collins soon continues work as a journeyman iron worker.

But about this fighting bit—with or without gloves. The Green Beret uniform is to be filed away. And proudly.

Glance at the picture. Above the right pocket, two presidential unit citations. To the left, fruit salad sprinkled with South Vietnam service, army commendations, Purple Heart, air medal, soldier's medal, paratrooper, air assault, combat infantry badge—and the country's second highest award: The Distinguished Service Cross.

It started as a recommendation for the Congressional Medal of Honor. "It was knocked down, and should have been," Collins says, modestly.

This, however, is what the citation reveals, in a condensed way: For crossing a river and returning with two wounded soldiers, for returning across the river to knockout one of two machine gun nests by himself and to assist in the assault and elimination of the second machine gun emplacement which had the advancing area zeroed in by crossfire.

The Purple Heart didn't develop out of that. But the DSC action came on Feb. 16. And he can be in "action" again on Feb. 16, date for the Upper Midwest Tournament start at the Auditorium, if he wins the championship tomorrow night.

LAST WORD: "I haven't had a chance to get out of boxing shape in three years."
... Tom Collins.

Smith, the Western touch to Edina's defending state swimming champions, both set pool records at the Valley View junior high school pool Friday.

Smith moved here from Nebraska and Hallam from California in time to help the Hornets win the state crown last year.

They're key holdovers for the undefeated Edina swimmers which nicked Hopkins 52-43 in a Lake Conference meet which turned out to be one of the finest prep tank events of the season.

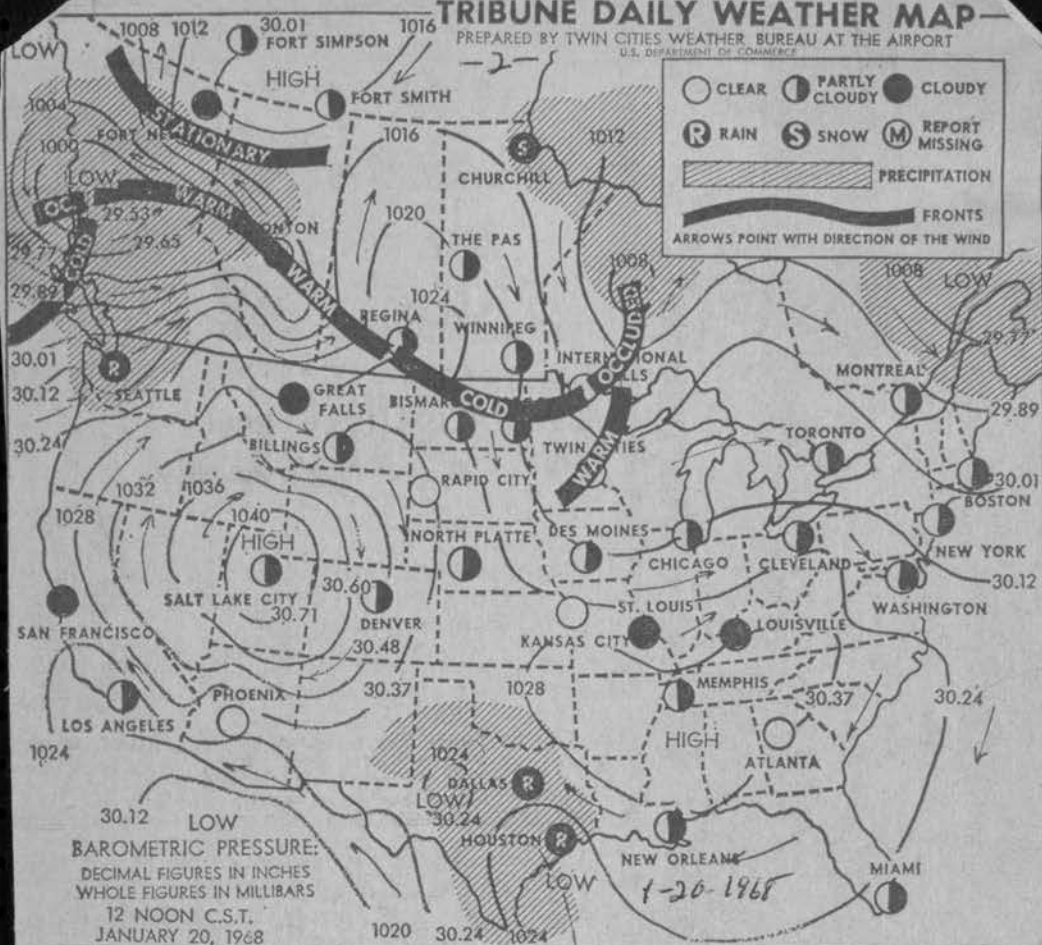

Smith, also the defending state champion diver, set his record in that event with 101.3 points. Hallam made his mark in the 100 yard butterfly with a 55.2 performance.

Smith also won the 100 yard backstroke while Hallam anchored the 440 yard free style relay team which clinched the victory over the previously undefeated Warriors.

"Hallam is just a tough swimmer," explained Art

REPUBLICAN NATIONAL COMMITTEE

Wrigley Bldg.
Chicago, Ill.

August 21, 1924.

Mr. Walter Jordan,
Minneapolis, Minn.

My Dear Walter:

Your letter was forwarded to me from Minneapolis. Under our Constitution, voting qualifications are up to the various states. Any Army officer, therefore, can retain a legal residence within a certain state and vote by registering in person if the laws so require, and appearing there on election day.

This, of course, is impossible for many people, and more and more states have been providing for registration by mail and voting by mail.

Minnesota has such a law, although by the last amendment registration must be in person. This will disqualify about seven hundred government employees in the District of Columbia who do not feel that they can afford to go to Minnesota to register.

In other words, the Army officer stands in the same position as any other citizen who is away from the state of his legal residence.

You are quite correct, we have all got to take our coats off this fall and see to it that no stone is left unturned to carry Minnesota for Coolidge. If La Follette should carry four or five midwestern states the election would undoubtedly be thrown into the House, and if the House is deadlocked, the uncertainty would practically kill business. But then one doesn't need to outline the consequences.

With kindest regards, I remain,

Sincerely yours,

Walter H. Newton,
Assistant Director, Speakers' Bureau.

We think that these services will merit the cooperation of all personnel of Fitzsimons. The penitential and sacrificial season of Lent culminating in Holy Week afford an opportunity for spiritual examination and refreshment. We have secured some of the most prominent and outstanding clergymen and musicians of Denver, and we feel sure that they will bring us messages of inspiration and helpfulness which you can not afford to miss. Their attendance, their success and their benefits will be determined largely in proportion to your loyalty and cooperation therewith.

The Protestant services are interdenominational, as you will note from the splendid list of speakers. They are designed to serve all communions and we hope that you will lay aside all social engagements and attend every service so far as possible during the week.

The Chaplains on duty at Fitzsimons desire to be of the greatest service possible to all of the duty and patient personnel and their families. They may be seen in their office in the Receiving Building during office hours and at other times by appointment. They may be seen by patients in the wards daily during visiting hours and at other times by appointment. The Chaplains will be glad to render any ministry, religious or otherwise, within their power. They are here to serve.

TO MY MOTHER

They tell us of an Indian tree,
Which howsoe'er the sun and sky,
May tempt its boughs to wander free,
And shoot and blossom, wide and high,
Far better loves to bend its arms
Downward again to that dear earth
From which the life that fills and warms
Its grateful being first had birth,
'Tis thus, though wooed by flattering
friends,
And fed with fame—if fame it be,
This heart, my own dear mother, bends,
With love's true instinct, back to thee.

Lead on, O King Eternal,
The day of march has come;
Henceforth in fields of conquest
Thy tents shall be our home.
Through days of preparation
Thy grace has made us strong,
And now, O King Eternal,
We lift our battle song.

Lead on, O King Eternal,
We follow, not with fears;
For gladness breaks like morning
Where'er thy face appears;
Thy cross is lifted o'er us;
We journey in its light:
The crown awaits the conquest;
Lead on, O God of might.

Lead on, O King Eternal,
Till sin's fierce war shall cease,
And holiness shall whisper
The sweet Amen of peace;
For not with swords loud clashing,
Nor roll of stirring drums;
With deeds of love and mercy,
The heavenly kingdom comes.

ALMA MATER

LeRoy Arnold

The towers of old Hamline are shining bright
'Neath clear Minnesota skies;
On the elm trees green, the sunset sheen
With mysterious shadow vies.
May we always remember this hallowed hour
When our youth's staunch friends are nigh;
May we always be true, Alma Mater, to you.
We'll be leal mates to do and to die.

CHORUS

Hamline, hail, college dear,
Never fail thy good cheer,
Alma Mater, hail to thee!
Stand thou for Truth through eternity.

Dear Hamline, thy sons and thy daughters true
Sing loyally now thy praise,
And the red and gray forever and aye
We will wreath with the laurel and bays.
May we never forget Hamline's sons of old
Who fought in their country's cause;
May we fight for the right—O God show us
the light!
May we uphold our commonwealth's laws.

CONVENIENCES OF CIVILIAN LIFE GOT FIRST CALL from many of the 800 army veterans who arrived at Fort Snelling Friday for discharge or furlough, with the barber shop and shoe shine parlor getting a big play. In left photo, smiling, Pvt. Carl R. Florian, Hastings, contemplates shaving off his beard, then decides against it. Three others in the contingent, however, rushed for the barber shop to get a "legitimate trimming" while others hurried to have army mud scraped from combat boots. In top photo, first

chair, Sgt. Roy S. Bullock, Browns Valley, is being worked on by barber James Papay, 3914 Aldrich avenue N., who has been on duty from 8 a.m. to 11 p.m. the last two days taking care of overseas veterans: middle chair, M/Sgt. Gene Will, Kalispell, Mont., with Horace Falk, Stillwater, working on him; far chair, Pvt. Richard Feste, Eagle Bend, with barber Clifford Hanson, 1316 Fourth street SE. At bottom, Paul Herndon, shoe shiner, wonders how he's going to start to polish the muddy boots of Pvt. Joseph Parry, Albert Lea, left, and Pfc. John Petricka, St. Paul.

LEST WE FORGET

With profound regret, we note the absence of Chaplain Fisher, occasioned by the departure of the 8th Field Artillery for Summer Camp. Although others have aided in the moving of this House of Worship to its present and proper location, the motivating and directing influence in it all has been our Division Chaplain.

To the Officers who so wisely directed its removal; to the Men who so well cooperated in their appointed task: to all whose gifts made possible the placing of this Chapel in its present location, we extend the appreciative gratitude of this community.

Each Sabbath morning at 9 o'clock, Holy Mass will be celebrated; and at 11 o'clock, Protestant Worship will be conducted, in this Chapel.

NCO CLUB TO BUILD ON BASE

M/Sgt P. E. Nail, Club President, addressed the enlisted men of this base last week, and told of plans to build the NCO Club on the base.

The building will be erected on the space now used in storing supplies near the flag pole. The building will be "T" shaped, approximately 80 feet long and 10 feet wide, complete with kitchen, lounges, orchestra pit, barroom, coat room, etc. With full cooperation, the Club should have its grand opening around May 1st.

A permanent detail of 5 men has already been appointed to start razing a building at New Brighton that will be added to the present carpenter shop when is moved across the street. Blueprints are being drawing by Major Blere of the TCCP at New Brighton.

Lt. Col. Sanders is very much interested in this Club being a success, and has given his fullest cooperation to help the Club reach its objective.

ARMY WEEK FORMATION

The largest AT-6 formation attempted so far at this base will fly over the Twin City areas to celebrate Army Week, April 6 to 12.

The formation will consist of 24 AT-6's and maybe some AT-11's.

LOCAL CLIP JOINT NOW OPEN

Art C. Wambold has been operating a clip joint at Fort Snelling for 25 years and has been getting away with it. He opened his barber shop for business last Monday and his hours are from 0900 to 1730, Monday thru Friday. Haircuts are 50¢ and shaves are 25¢.

THE WINNER - T/Sgt L. L. Gregory, Supply, submitted the title of our newspaper. Your 3 day pass is awaiting you.

CLUB TO HOLD ST. PAT'S DANCE

Saturday, March 15, your NCO Club will be turning green for the usual St. Patrick's Day celebration.

Bingo will be played from 2000 to 2100. Dancing to a six piece band from 2100 to 0030.

FREE flower for each lady guest and free potatoe chips may be obtained at the bar.

Come early, stay late - it's FREE to all Club members and their 2 guests.

Whether your name is Olsen, Johnson, Reilly, or Mahoney - it will be one swell party.

KEEP 'EM FLYING

Felic

M/Sgt reported that of the 723 registered pilots, 121 are now cleared to fly. As of the 6th of March, 8976 hours of flying has been accomplished.

GROUND BROKEN FOR PARACHUTE TOWER

Tuesday, March 5, ground was broken for the parachute tower, and T/Sgt Thompson tells us that the tower, which will be twenty-two feet high, will be used to dry the chutes. It will be located on the south side of Shipping and Receiving warehouse.

After the tower is completed, the repairing and repacking will be handled here. In the past, they have been flown to Rapid City, South Dakota or Oklahoma City, Oklahoma.

The strength of the 137th AAF BU as of the 7 March was 15 officers and 158 enlisted men.

RESERVE RECORDS

Sgt Etalo E. Folio

Something old, something new, something borrowed, something blue holds true in Sgt Neilan Olson's case. He requested a transfer to his old outfit and the something new is his getting married tonight.

Good luck and don't drown in the sea matrimony, Neil.

RESERVE DISPATCH

T/Sgt C. K. Larson

M/Sgt Clarno, who has 35 years in the service, says he doesn't care how far they ship him as long as they don't send him further than Wold-Chamberlain. He's in a position we would all like to be in. If they want to send him somewhere, and he doesn't care to go, he tells them he's quitting, "I'm retiring tomorrow".

Isn't we all like a deal like that? The best joke heard this past week was the one about M/Sgt Graves going on a diet. Ha, what big shoulders you have sarge.

There is a certain M/Sgt that works in Base Supply that says he wants to trade his new Ford off for a Chevrolet. It must not be older than a '42, though. Any suckers around?

Lt Sammers says, "I'm not going to eat those fattening foods anymore. Look how tight my pants fit. I don't dare bend over."

AIR CORPS SUPPLY

Art Milotzky

S/Sgt Westman has that faraway look in his eye these days, and all he talks about is Studebaker. Sooooo, let's hope he gets it soon.

Margaret Serron is giving thanks these
 (Can't in next column)

days that ice fishing is over. Now she actually gets to see her hubby again.

We wonder. Could the reason that M/Sgt Howard had to get a new cap (3 sizes larger) be that new car he is sporting around.

Congratulations to Capt and Mrs. C. N. Pugh on their 5th wedding anniversary. What, no whiskey?

Could be! Could be! If Ray Bohac seems more pleasant than usual, maybe it's because mama is coming home after a short visit with her folks.

FIRE DEPARTMENT AND MEDICS

Chief C. Hillman

With the advent of warm weather, the volley ball court at the fire station will again spring into action. The boys at the Fire Department, of course, will be out there getting in shape. Assistant Chief Mulcrone suggests that other departments on the base organize teams and start a volley ball league.

Orchids again to Sgt Rossiter and S/Sgt Coroneos for the painless flu shots. We've been wondering if they've ever worked in some circus throwing darts because they're so quick with that jab.

C FLIGHT

T/Sgt R. E. Bloodsworth

Sgt Williams has grins and smiles since he heard his wife and child will leave England some time next month. We lose another man for 30 days or more.

T/Sgt Engel is looking forward to his new Ford? Chev? because hitch-hiking is a bit cold right now.

T/Sgt Buddle was lucky enough to find a place to live even it is in Farmington.

POST ENGINEERS

Ed Gunnell

Last week, with the printing of this paper's 1st edition, the Post Engineers celebrated their 3rd anniversary at this
 (Can't on next page)

POST ENGINEERS (Con't)

base.

The Post Engineers is not assigned to this base but is attached from TCOOP at New Brighton. Major R. E. Blore is the Officer in Charge of Maintenance and is responsible to Lt Col Sanders.

Bill Mauritz is the Post Engineers foreman, and has a staff of 14 employees to carry out the functions of this section.

In the near future, a small building will be erected to house most of the Engineers tools and equipment and it will also help to relieve the cramped quarters.

ATTENTION MILITARY AND
CIVILIAN PERSONNEL

The cobwebs have been dusted off and the rags have been removed (aircraft mechanics please note) from the suggestion boxes, and they are now ready for their original use.

Sure, the shooting war is over, but that isn't any reason we shouldn't continue to submit suggestions that will promote efficiency and better operation of the base.

Cash awards are available for civilian personnel and what GI couldn't use a pass - or even an extra stripe for a good suggestion?

RICHARD OPENED THE DOOR

S/Sgt Richard, B Flight, really opened the door last Friday when a Navy Hell-diver ran out of gas and under-shot the EW runway. Richard saw the plane heading for their alert shack and quickly opened the door to escape the crash that seemed inevitable. Luckily, when the plane hit the bank, it ballooned high enough to clear the planes and landed safely farther down the runway.

Note to Pvt Auringer - How does it feel to chum around with General Beebe's son?

SMOKER A SUCCESS

The smoker last Wednesday night was a success if the size of the turn-out means anything. Nearly 100 club members attended including our CO and several other officers.

Free beer started the evening rolling and was immediately followed by movies that seemed to meet everyone's approval.

DISTINGUISHED VISITOR
WILL ARRIVE SUNDAY

Sir Henry Maitland Wilson, British Representative of the Combined Chiefs of Staff, will arrive here Sunday afternoon, March 9, at 1430 for a visit. He will leave March 13.

PX TO OPEN NEXT WEDNESDAY

The grand opening of our long awaited PX is slated for March 12, according to Captain Woodard, PX officer.

Major Jackson, Chanute PX officer, is here inspecting the premises and ordering the necessary items to be delivered early next week.

The PX will be opened from 0900 to 1800, Monday through Saturday.

There should be a complete stock of merchandise, but not too much quantity, as space is limited. Items not in stock can be requisitioned for Regular Army personnel only.

WD Regulation 210-65 should be consulted by persons who are in doubt as to their eligibility to use this PX.

NCO CLUB ELECTS NEW
MEMBERS TO THEIR BOARD OF GOVERNORS

In order to give all sections a more equal voice in the management of the NCO Club, the Board of Governors decided to expand their membership by having a representative elected from each section to bring before the board all business concerning the club from their respective sections.

The members so elected are:
(Con't on next page)

A Flight-S/Sgt O.W. Sherwood
 B Flight-T/Sgt R. V. Johnson
 C Flight-T/Sgt W. C. Engel
 Hanger Maintenance-T/Sgt L. A. Schwalen
 Reserve Records, Supply, Parachute,
 and Carpenters-M/Sgt A. K. Hansen, Jr
 Orderly Room-Pfc J. V. Rouse
 ACS-S/Sgt J. Roth
 Motor Pool-M/Sgt C. P. Graves

A meeting of the Board of Governors will be held in the clubrooms Tuesday night, March 11, at 2000.

WASP CHIEF HERE

Jacqueline Cochran, wartime head of the WASPs, landed here last Tuesday to address the Greater Twin City Chapter of the NAA.

She stressed the need for airports, such as Wild Chamberlain, to be located close to downtown areas.

Lt Colonel Sanders represented this base as a guest at a luncheon held in her honor at the Radisson Hotel.

WELCOME

This week we welcome some more military personnel into our folds:

Pvt George C. Galais, asgd to Hdqs.
 Pfc Allison H. Legenhausen, asgd to Supply

S/Sgt George W. Viekes, asgd to Maintenance

1st Lt George F. Breault, asgd as a flying instructor.

Any musicians among you EM? If so see Sgt Proulx of Hdqs.

TRANSFERRED

Pvt John C. Crew, assigned here as a photographer, but on DS at Lowry Field, has been transferred to Randolph Field, Texas, to become an aviation cadet.

NEW CAR BUG

A "new car bug" must have bit everyone around here the way everyone is buying (Can't in next column)

ing them.

Our CO started it off with a big ole Lincoln Continental followed by T/Sgt Boegeman, T/Sgt Engel, M/Sgt Nail, M/Sgt Howard, and M/Sgt Fraley. We also hear that the "candy czar" T/Sgt Larson, has accumulated enough profits to purchase a new Chevrolet. We never dreamed the profits were that good. Hmmm. And last, but not least, is S/Sgt Wilkes' new convertible.

SPORTS

S/Sgt R. Mender

It is desired that all men interested in softball get in a little practice during their spare time to get rid of these "kinks". An extensive program designating specific athletic periods is anticipated for a later date, but in the meantime let's get in whatever practice we can. As previously reported, this Base is expected to represent itself in a commercial league and there is no reason why we can't lead whatever league we enter.

S/Sgt Raymond DeBerry has really been playing basketball these past few days in the State AAU league. He plays for the "Teds", and they have advanced to the quarter-finals. Ray has also played professional baseball and will be available for our base team this spring.

Equipment for various sports is available in the personnel equipment pool. It's for your use - come and get it whenever the weather permits

LITTLE SQUIRT MAKES BIG SQUIRT

Little Ruby Bee came traipsing into Headquarters, gently slamming the door behind her. The jar knocked the fire extinguisher off of the wall, and, well, it's the kind that can't be turned off. Bee, was that a mess.

NEW FATHER

Sgt Comstock, of C Flight, is a happy father of a spanking new daughter, but his happiness turned to anxiety when his wife had to have a blood transfusion. A hurried call went out over the base loud speaker for donors, and within three minutes three volunteers came forward and were on their way to the Midway Hospital in St Paul. The three volunteers were:

T/Sgt Lester A. Schwalen, S/Sgt Raymond L. Cottengain, and Mr. Henry G. Frandrup, all of Aircraft Maintenance.

At last report, Mrs. Comstock was resting well.

OPERATIONS

S/Sgt J. Hopkins

Major Stacy E. Brown left to attend a Military Management Course at Craig Field, Alabama.

Captain Hopfenspirger has assumed Major Brown's duties during his absence.

Elaine Hamilton was transferred to Officers Reserve

Lt. Reed, our Air Inspector, is on DS to Brooks Field, Texas, for an indefinite period of time to ferry aircraft for the National Guard.

MAINTENANCE

T/Sgt W. J. Gravett

A hearty welcome to Lt. Semmer's wife and baby who arrived here from Texas on March 4.

Sgt. Pffell went on a strict diet (can't in next column)

prior to meeting the Officers' Screening Board at Camp McCoy. The first word he uttered on his return from McCoy was, "Burrrrrp".

Ray Ostlie, inspector, is now dieting on ice cream and milk, since he had his tonsils removed.

Don Ahl is home recuperating from a hernia operation. How about shortening his convalescing hours by calling or dropping in on him.

We hope the status board will be out of the red when the last of the P-51s leave.

S/Sgt DeVine and Pfc Potenza, the link trainer boys, are happy because the "blue goose" is flying again. The trainer had been AOCF because a bearing had worn out.

GUARD

M/Sgt A. Clarno

The guard office is being rejuvenated with a good spring cleaning and painting.

The new candy and cigarette machines installed in the hanger and Reserve lounge seem to be depleted almost as soon as they are filled.

The small profit realized from them is given to the NCO Club.

WEATHER OFFICE

Pfc Hoff

Cpl Donald Rose was recently transferred to St Joseph, Mo, to be a weather instructor.
