HEADQUARTERS POST OF FORT SNELLING.

GENERAL ORDERS {
No 3. { *Fort Snelling, Minn., January 16, 1905.*

1. When in the opinion of the Signal Officer of this post any enlisted man detailed for instruction in signalling, is proficient under the requirements of paragraph 1594 Army Regulations, he will submit for approval by the Commanding Officer a certificate of such proficiency. This certificate will be transmitted to the soldier through his Company Commander and will become the soldiers property. Upon receipt of this certificate, Company Commanders will note the same upon the descriptive book (or sheet), relieve the soldier from further attendance of signal drills and detail another intelligent man in his place for instruction. The same action will be taken relative to enlisted men detailed for instruction in machine gun drill.

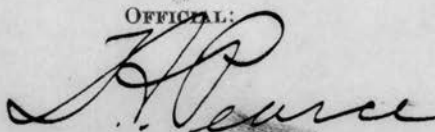

2. Under the provisions of paragraph 2, of General Regulations governing the uniform of the Army, published in General Orders 197, War Department, December 31, 1904, the dress uniform is designated for habitual wear by officers at this post, except when otherwise specially ordered or authorized. Owing to the nature of their work the Quartermaster and the Commissary are authorized to wear the service uniform if they so desire. The Commanding Officer, 7th Battalion, Field Artillery, is authorized to permit officers of his command to wear the service uniform for horse exercises.

Adjutant.

T. A. Pearce
Captain and Adjutant 28th Infantry.

HEADQUARTERS POST OF FORT SNELLING.

GENERAL ORDERS }
No 10. } Fort Snelling, Minn., March 2, 1905.

Fire Order.

CHIEF FIRE MARSHAL.

Major *S. E. Allen*, Artillery Corps, is designated as Chief Fire Marshal for Fort Snelling.

At least one Surgeon will report to the scene of the fire prepared for duty in case of emergency.

ARTILLERY GARRISON.

FIRE MARSHAL—Captain *Thomas Ridgway*, 10th Battery, Field Artillery.

ASST MARSHAL—Captain *O. I. Straub*, 30th Battery, Field Artillery.

HOSE COMPANY—10th Battery Field Artillery.

The Chief Fire Marshal and his assistants in the Artillery Garrison will arrange for the fire calls and the prompt response to the alarm of fire in that garrison of the hose company and axe and bucket detachments.

INFANTRY GARRISON.

FIRE MARSHAL—Captain *W. J. Lutz*, 28th Infantry.

1ST ASSISTANT—Captain *J. C. McArthur*, 28th Infantry.

2ND ASSISTANT—Captain *I. J. Carr*, 28th Infantry; also chief of salvage detachment, assisted by 2nd Lieut. *D. A. Henkes*, 28th Infantry.

3RD ASSISTANT—1st Lieut. *W. S. Faulkner*, 28th Infantry; also chief of bucket detachment, assisted by 2nd Lieut. *W. T. Conway*, 28th Infantry.

4TH ASSISTANT—1st Lieut. *A. J. Greer*, 28th Infantry; also chief of axe detachment, assisted by 2nd Lieut. *M. C. Foote*, 28th Infantry.

The following regulations are published for the information of the command in all cases of fire alarms for the Infantry garrison:

The Fire Marshal will make a careful examination of the fire apparatus at the post once a month and report its condition. He will from time to time make such recommendations concerning the buildings, apparatus, etc., of the Infantry post, as he deems necessary to keep same in a safe condition against fire.

HOSE COMPANY—Company "A", 28th Infantry, is designated as Hose Company, and will be held responsible that the apparatus is kept in good condition and constantly ready for immediate service. The company will assemble at the alarm of fire at the engine house where the hose cart and appliances are kept, and will proceed without delay to the scene of fire. The Company Commander will designate two non-commissioned officers and six privates as pipemen and two non-commissioned officers and four privates as couplers.

HOOK AND LADDER COMPANY—Company "B", 28th Infantry, is designated as Hook and Ladder Company, and will be held responsible that the apparatus is kept in good condition and constantly ready for immediate service. The Company will assemble at the alarm of fire at the engine house where the Hook and Ladder appliances are kept and will proceed without delay to the scene of the fire.

Company "C", 28th Infantry—All men of this company not needed for axe and bucket details will join the Quartermaster hose cart upon its arrival at the fire to act as pipemen and hosemen and as otherwise ordered.

SALVAGE COMPANY—Company "D", 28th Infantry, is designated as Salvage Company.

The Band and all companies, except "A", "B" and "D", 28th Infantry, will detail a bucket detachment of two non-commissioned officers and eight privates, and four men as axe-men.

The remaining members of organizations will be held in readiness in the vicinity of the fire to furnish any details that the Fire Marshal may deem necessary.

The officers of Companies "A", "B", "C" and "D", 28th Infantry, not hereby assigned to other duties, will join their respective companies and direct their work.

All officers of other companies of the 28th Infantry, will join their respective commands at the scene of fire ready for any duty that they may be called upon for by the Fire Marshal.

Company Commanders of the last named organizations will see that their commands are sufficiently distant to not interfere with the work of the regular details.

The Commander of the Guard will take one full relief with him and report to the Fire Marshal for duty.

Civilian teamsters and laborers at the Corral will turn out with the hose cart, if fire is at Corral or storehouses.

FIRE AXES AND BUCKETS—Each company will be supplied with four axes and ten buckets, appropriately painted and marked and conveniently placed in the hall near the entrance to the barracks. Their use for other purposes than fire is strictly prohibited. Organization Commanders will inspect the same daily.

USE OF WATER—In case of fire the non-commissioned officers in charge of Administration building and barracks will turn off the water in the automatic closets. The engineer will turn off the water gates of that portion of the post not in use at the time.

ALARMS.

Company Musicians hearing the alarm will at once turn out with trumpet and sound "Fire Call" until it is evident the alarm is general. Immediately after sounding "Fire Call", "Guide Left" will be sounded if fire is in Infantry Garrison, to include 28th Infantry Band quarters. "Guide Center" to be sounded if fire is in vicinity of Hospital, Exchange and Artillery garrison. "Guide Right" for the Cavalry garrison.

It will be the duty of the Corporal of the Guard, whose relief is on post at the sounding of the alarm, to give notice to the operator at the Headquarters building as to the locality of the fire.

A prolonged ring on the telephone will be used when sending in an alarm of fire; it will receive immediate attention. The location of the fire will be announced to the chief operator by telephone or messenger by those first discovering the fire and the bell in the tower will be rung by the operator.

The following signals will be used to indicate the locality of the fire:

- ONE STROKE**—Repeated at short intervals—Infantry Officers row and Infantry barracks.
- TWO STROKES**—Repeated at short intervals—Administration Building, Post Exchange and intermediate points.
- THREE STROKES**—Repeated at short intervals—Artillery officers quarters and Artillery barracks.
- FOUR STROKES**—Repeated at short intervals—Cavalry officers quarters and Cavalry barracks.
- FIVE STROKES**—Repeated at short intervals—Corral, Quartermaster and Commissary buildings.

WATER SIGNALS.

One long blast of the trumpet—Turn off water at hydrant. Two short blasts of trumpet—Turn on water at hydrants that have hose in readiness.

Sentries are authorized to leave their posts, when fire is in their immediate vicinity, for the purpose of directing those who first respond to the alarm to the scene of the fire. After thus giving the direction of the fire, the sentry will resume his post.

Officers and enlisted men who discover a fire or cause an alarm of fire to be sounded will assist in directing those who first respond to the scene of the fire.

The Commander of the Guard will cause the field piece to be fired by the Corporal of the Guard whose relief is next to go on post.

The Quartermaster will make such arrangements as will assure the arrival of the fire apparatus under his charge at the scene of the fire with the least practicable delay.

GENERAL INSTRUCTIONS.

1. The first duty of those first at the fire is to enter the building and remove every living thing, people and animals.
2. Clear the house of smoke by opening windows at the top or at the hatch door leading to the roof; this may increase the fire at first, but you can not fight a fire in smoke.
3. Locate the fire. *Never follow a fire up but try to head it off.*
4. Don't talk and shout, keep quiet so that you can hear commands: your chiefs are responsible for your conduct and efficiency.
5. To open a fire plug, place the wrench on the plug, place left hand on top of the plug over the wrench, take hold with the right hand and pull toward you.

Under the provisions of General Orders No. 197, War Department, December 31, 1904, the blue uniform—dress and old blue—is announced as the uniform for the season at this post. All previous orders conflicting herewith are revoked.

Officers are authorized to wear the white uniform as prescribed in the table of occasions.

Enlisted men, on or off duty, will not wear civilian dress without permission of their Organization Commander, approved by the Post Commander. Dress uniform, with proper insignia, will be worn by all enlisted men on pass unless other dress is especially authorized by the Post Commander.

The Cavalry and Artillery being supplied with the Khaki uniform, they are authorized to wear the same upon all drills, maneuvers, horse exercise, practice marches and all field exercises. Officers will appear in the same uniform as the men.

The men not being supplied with the service cap, all officers will wear the service hat whenever they appear in either the khaki or olive drab uniform on duty in the post.

The enlisted Infantry men, not being supplied with anything but dress and old blue uniform, are authorized to wear the old blue uniform with service hats and leggings on all drills, maneuvers, practice marches and field exercises.

The Infantry officers will wear the olive drab uniform and the service hat on the duties set forth. Leggings and boots may be omitted when not on duty under arms.

On account of the muddy condition of the range, on target practice, the Infantry men are authorized to wear the fatigue coat and trousers with the service hat and leggings. Dismounted Infantry officers to wear service uniform with leggings and service hat.

At night, or during inclement weather, the Officer of the Day may authorize the guard to wear the old blue uniform.

The Saturday inspection should be varied so as to insure a constant state of readiness as regards all equipments and uniforms with which the Command is furnished.

Retreat roll calls will be held in the dress uniform. Reveille roll calls may be held in the uniform in which the morning drill or other exercises for that morning is to be held.

Officers are charged that uniform is not mixed on any duty.

All organizations will be kept fully supplied with the fatigue coat and trousers.

The Quartermaster, the Battalion or Squadron Quartermaster performing duty under the Quartermaster; the Commissary and Police officers, are authorized to wear the service uniform with the service hat at all times when on duty.

On all ceremonies, Saturday and special inspections excepted, the uniform will be as prescribed by the Post Commander.

The service uniform will not be considered a proper dress for wear on any social occasion.

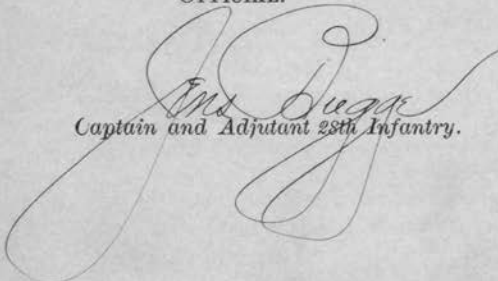

The service hat will be worn as issued, creased. Old and well worn hats will be made to conform to the creased shape as near as the worn condition will admit.

Under orders, extending from the War Department down, Physical training has been made a military duty throughout the army and requires calisthenics, athletics and gymnastic exercises to be held thirty minutes a day and four times a week during the entire year, except when troops are in the field, on practice marches, in camps of instruction, or on days when engaged in target practice or field exercises, and it is expected these exercises will be conducted by the officers with the same interest, spirit and energy as is shown in any other drill instruction.

Major *R. L. Bullard*, 28th Infantry, is appointed Superintendent of Athletics of this post and he will arrange a schedule, subject to the approval of the Commanding Officer, describing the work to be done from day to day and will superintend the systematic instruction of the Command in the exercises prescribed.

Major *E. P. Andrus*, 3rd Cavalry, is appointed Superintendent of Athletics in the Cavalry Garrison.

Major *S. E. Allen*, Artillery Corps, is appointed Superintendent of Athletics in the Artillery garrison.

Lieutenant *Peter Vredenburg*, 28th Infantry, is appointed Superintendent of Athletics in the Infantry garrison.

Lieutenants *H. A. Parker* and *J. B. Richardson*, 28th Infantry, are appointed assistants to Lieutenant *Vredenburg*.

All Superintendents of Athletics are required to render all the assistance necessary to the Chief Athletic Officer.

In the absence of either Athletic Officer in either the Cavalry or Artillery garrisons, the senior officer present on duty in each garrison is designated to act as Athletic officer during such absence.

On every field day, every organization at the post will be expected to have some entry in the schedule of exercises prepared for that day, and officers of their respective organizations will co-operate in creating interest among their men. While it is known that little time has been available for training for athletic events, due to fatigue and other duties, that will not be taken as an excuse for making no entries. The best organization and the best soldier is the one that does the best possible in spite of adverse circumstances.

Under Circular No. 3, Headquarters Department of Dakota, series 1903, an athletic association, consisting of all the officers of the garrison, is formed at this post, and an athletic committee will be formed in, and representing each organization serving at this post. Each athletic committee to be appointed by the organization commander and names reported to this office. It

will be called upon, through the Commanding Officer of such organization, to recommend to the association such plans as in its opinion will increase proficiency and arouse general interest in athletics among the enlisted men of the command.

Field days will be organized and managed under the supervision of the Superintendents of athletics, the Athletic Association co-operating. They will be charged with the preparation of the program, the selection of the officials, to be detailed from Post Headquarters, the devising of ways and means for raising funds for the purchase of athletic goods, prizes and trophies, keeping the athletic grounds in good condition and all other matters that may pertain thereto.

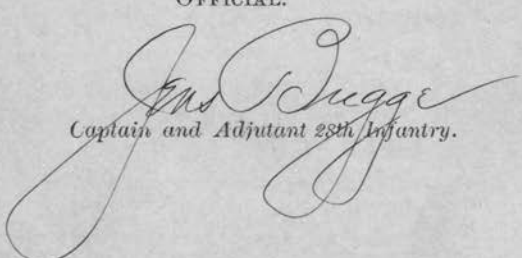

The attention of all officers is especially called to the requirements of Circular No. 3, Headquarters Department of Dakota, May 15, 1903.

Fort Snelling, Minn., October 8, 1905

Upon the recommendation of the Post Surgeon the following quarantine rules are established regarding the case of scarlet fever, which has developed in the family of Private *James W. McCarty*, Co "B", 28th Infantry.

1. No one but the Medical Officer in attendance will be permitted to enter, or leave, Private *McCarty's* quarters, except that the well members of the family may be allowed in the yard inside such limits as may be prescribed by the medical officer in charge.

2. Corporal *Wesley* and his family living up-stairs will not visit where there are children, nor will any visitors be allowed to enter his quarters. Corporal *Wesley* will attend to his duties with the band.

3. All families are enjoined to keep their children away from the vicinity.

4. A guard will be posted around Private *McCarty's* quarters and the Officer of the Day will be held responsible that the quarantine as above prescribed is strictly observed.

Fort Snelling, Minn., October 9, 1905

It has come to the notice of the Commanding Officer that upon different occasions there has been a conflict of authority between the non-commissioned officers of the guard and the Provost Sergeant and non-commissioned officers detailed as Overseers, as to jurisdiction over prisoners at work. The following is therefore ordered for the information and guidance of all concerned:

The prisoners will work under the direction of the Quartermaster or his duly appointed assistants and overseers. The guard is responsible for the security of the prisoners only and as far as that subject is concerned, members of the guard will take orders from their superiors of the guard or Commanding Officer only. The directions as to when and where prisoners are to work are left to the Quartermaster, who may give such directions through his assistants and overseers. Prisoners will work between reveille and retreat.

HEADQUARTERS POST OF FORT SNELLING.

GENERAL ORDERS { *Fort Snelling Minn., October 28, 1905.*
No. 58.

In compliance with General Orders, No. 44, Headquarters Northern Division, October 2, 1905, the following schools are established at this post, to commence the 1st proximo:

- (a) School for enlisted men.
- (b) School for the children of officers and enlisted men.
- (c) Company school, for non-commissioned officers.
- (d) Garrison school for officers.

Lieutenant *B. F. McClellan*, 28th Infantry, is hereby relieved from further duty in connection with the post school and will turn over all books and property belonging thereto, to his successor.

Lieutenant *S. G. Talbot*, 28th Infantry, is detailed as Superintendent of the post school for enlisted men and for the children of officers and enlisted men and, to enable him to comply with this order, he is relieved from further duty in the Quartermaster's Department. He will take a careful stock of all books and other property on hand for use in the post schools, with a view of making an estimate for further material, under provisions of paragraphs 8, 9 and 11, of above quoted order, by which he will, at all times, be governed.

SCHOOL FOR ENLISTED MEN.

Such enlisted men, as may be designated by their organization commanders, will attend daily, (Saturdays, Sundays, last day of the month and authorized holidays excepted) in the post school house, from 6:00 to 7:00 p. m. The detail from each organization will be sent under the charge of a non-commissioned officer, who will report the detachment, at the proper time, furnishing a written statement, as regards the absentees. If the whole detail is absent, the non-commissioned officer will bring the written statement to that effect; this statement to show the reasons for absence.

SCHOOL FOR CHILDREN.

There will be two schools for the children of officers and enlisted men of this post; one in the post school house and the other down stairs in the new barracks, at present used as a post hall.

COMPANY SCHOOL FOR NON-COMMISSIONED OFFICERS.

A school for non-commissioned officers will be established in each organization and will be under the immediate supervision of the Company Commanders, who will be held responsible that the provisions of paragraphs 14 to 21, of above quoted order, are carried into effect.

GARRISON SCHOOL FOR OFFICERS.

HEADQUARTERS POST OF FORT SNELLING.

GENERAL ORDERS }
No. 64. } *Fort Snelling Minn., November 3, 1905.*

1. Under the provisions of General Orders, No. 124, War department, July 28, 1905 and General Orders, No. 44, Headquarters Northern Division, October 2, 1905, providing for the attendance and recitation of officers at the Garrison School for Officers, the Commanding Officer has no authority to excuse an officer either from attendance or recitation.

2. The Commanding Officer has recently noticed several enlisted men of the command, in uniform, carrying hoisted umbrellas, which is unauthorized. Commanders of organizations will instruct their men accordingly and thereby break up this unmilitary practice. There is no objection to the use of the umbrella when civilian clothing is worn.

3. Since the completion of the field exercises the Commanding Officer has observed a number of men of the garrison wearing the service hat and other parts of the uniform, contrary to the requirements of Post Circulars, Nos. 2 and 3, current series, these headquarters. Organization commanders are enjoined that the orders cited be rigidly enforced.

4. The Commanding Officer has observed that some officers wear the drab glove when the white glove should be worn and vice versa. General Orders, No. 197, War Department, Dec. 31, 1904, prescribes the uniform with which the different gloves shall be worn. Officers will observe there is a difference as to the glove to be worn when mounted or dismounted and they are instructed to be governed in regard thereto, in the future, by the information contained in the Tables of Occasion of the order cited.

5. The Commanding Officer directs that the officers whose duties require them to be present with their respective commands will be in front of, or in the immediate vicinity thereof, when the assembly sounds. As the officer is a part of the organization with which he is on duty and the assembly a formation call, it is the duty of the officer to be with his command at the time referred to. As first call is a warning call for the duty required, the officer is expected to be present at the assembly.

6. The Cavalry having to pack their clothing for early shipment, are authorized to wear such uniform as will be worn en route and on train to San Francisco, California.

7. In order to insure uniformity, officers are authorized to wear, when on duty under arms, fur gloves, fur cap and buffalo overcoat.

... Fire Order. ...

CHIEF FIRE MARSHAL.

Major *S. E. Allen*, Artillery Corps, is designated as Chief Fire Marshal for Fort Snelling.

ARTILLERY GARRISON.

FIRE MARSHAL—~~Captain Thomas Ridgway~~, Artillery Corps. *Straub*

ASSISTANT FIRE MARSHAL—Captain *O. I. Straub*, Artillery Corps.

HOSE COMPANY—10th Battery, Field Artillery.

The Chief Fire Marshal and his assistants in the Artillery Garrison will arrange for the fire calls and the prompt response to the alarm of fire in that garrison of the hose company and axe and bucket detachments.

INFANTRY GARRISON.

FIRE MARSHAL—Captain *F. E. Bamford*, 28th Infantry.

1ST ASSISTANT—Captain *J. C. McArthur*, 28th Infantry.

2ND ASSISTANT—1st Lieutenant *Tom J. Rogers*, 28th Infantry. *Wagner*

3RD ASSISTANT—1st Lieutenant *W. S. Paulkner*, 28th Infantry; also chief of bucket detachment, assisted by 2nd Lieutenant *B. F. McClellan*, 28th Infantry.

4TH ASSISTANT—1st Lieutenant *Allen J. Greer*, 28th Infantry; also Chief of axe detachment, assisted by 2nd Lieutenant *C. C. Bankhead*, 28th Infantry.

The following regulations are published for the information of the command in all cases of fire alarms in the garrison:

The Fire Marshals of the Infantry and Artillery Garrisons, respectively, will make a careful examination of the fire apparatus at the post at least once a month and report its condition. They will, from time to time, make such recommendations concerning the buildings, apparatus, etc., to the Chief Fire Marshal of the Post, as they deem necessary to keep same in a safe condition against fire.

THE HOSPITAL DETACHMENT—At least one Surgeon and one member of the Hospital Corps will report to the scene of the fire, prepared for duty in case of emergency.

CHEMICAL ENGINE COMPANY—Company "A," 28th Infantry, is designated as Chemical Engine Company and will assist the Engineer in handling the engine. Whenever fire call is sounded, the company will assemble where the engine is kept and will take it to and from the fire. The Company Commander is made responsible for the condition of the engine and appliances, for which purpose he will make frequent inspections.

HOSE COMPANY—Company "C," 28th Infantry, is designated as Hose Company and the Company Commander will be held responsible that the apparatus is kept in good condition and constantly ready for immediate service. The company will assemble at the alarm of fire at the engine house, where the hose-cart and appliances are kept and will proceed, without delay, to the scene of the fire. The Company Commander will designate two non-commissioned officers and six privates as pipe men and two non-commissioned officers and four privates as couplers, who will be available for this duty at all times. The company will empty, clean and dry hose and wind it on hose-reel, leaving it in serviceable condition at all times.

HOOK AND LADDER COMPANY—Company "B," 28th Infantry, is designated as Hook and Ladder Company and the Company Commander will be held responsible that the apparatus is kept in good condition and constantly ready for immediate service. The company will assemble at the alarm of fire at the engine house, where the hook and ladder appliances are kept, and will proceed, without delay, to the scene of the fire.

COMPANY "E," 28TH INFANTRY—The men of this company will join the Quartermaster's Hose-cart upon its arrival at the fire, to act as pipe men and fire hose men and as otherwise ordered. The company will empty, clean, and dry hose and wind it on hose-reel, leaving it in serviceable condition at all times, just the same as if the cart and hose were in sole care of the organization, after which the Quartermaster will be responsible for its proper care.

SALVAGE COMPANY—Company "D," 28th Infantry, is designated as Salvage Company.

BUCKET DETACHMENT—The Band and all other companies, except Companies "A," "B," "C," "D," and "E," 28th Infantry, will detail a Bucket Detachment of two non-commissioned officers and eight privates and four privates as axe-men.

The remaining members of organizations will be held in readiness in the vicinity of the fire to furnish any details that the Fire Marshal may deem necessary.

The officers of Companies "A," "B," "C," "D" and "E," 28th Infantry, not hereby assigned to other duties, will join their respective companies and direct their work.

All officers of other organizations will join their respective commands at the scene of the fire ready for any duty that they may be called upon for by the Fire Marshal.

Company Commanders of the last named organizations will see that their commands are sufficiently distant to not interfere with the work of the regular details.

The Commander of the Guard will take one full relief with him and report to the Fire Marshal for duty.

Civilian teamsters and laborers at the Corral will turn out with the hose-cart, if fire is at Corral or store-houses.

FIRE AXES AND BUCKETS—Each company will be supplied with four axes and ten buckets, appropriately painted and marked and conveniently placed in the hall, near the entrance to the barracks. Their use for other purposes than fire is strictly prohibited. Organization Commanders will inspect the same daily and will rigidly enforce this regulation.

USE OF WATER—In case of fire the non-commissioned officer in charge of Administration Building and barracks will turn off the water in the automatic closets. The engineer will turn off the water gates of that portion of the post not in use at the time.

ALARMS.

Company Musicians hearing the alarm will at once turn out with trumpet and sound "Fire Call" until it is evident the alarm is general. Immediately after sounding "Fire Call," "Guide Left" will be sounded if fire is in Infantry Garrison, to include 28th Infantry Band quarters. "Guide Centre" to be sounded if fire is in vicinity of Hospital, Exchange and Artillery Garrison. "Guide Right" for the Cavalry Garrison.

A prolonged ring on the telephone will be used when sending in an alarm of fire and will receive immediate attention by the operator on duty. Anyone so reporting a fire will give the operator the locality of same and any other information considered necessary. It will also be the duty of the Corporal of the Guard, whose relief is on the post at the sounding of the alarm, to give notice to the telephone operator. The operator will stay at the switch board and notify the Commanding Officer and all of the Fire Marshals that have telephone connection, also the lower guard house and the battery stable guards, as to the locality of the fire. One man connected with the telephone office will sound the alarm by the bell in the tower, if none is in the vicinity, the operator on duty will call anyone in sight to sound the alarm. *do so.*

The following signals will be used to indicate the locality of the fire:

ONE STROKE—Repeated at short intervals—*Infantry* Officers row and Infantry barracks. *See Distinct*

TWO STROKES—Repeated at short intervals—Administration Building, Post Exchange, and intermediate points. *Ind Distinct*

THREE STROKES—Repeated at short intervals—Artillery officers' quarters and Artillery barracks.

FOUR STROKES—Repeated at short intervals—Cavalry officers' quarters and Cavalry barracks.

FIVE STROKES—Repeated at short intervals—Corral, Quartermaster and Commissary buildings.

WATER SIGNALS.

One long blast of the trumpet--Turn off water at hydrant.

Two short blasts of trumpet--Turn on water at hydrants that have hose in readiness.

Sentries are authorized to leave their posts, when fire is in their immediate vicinity, for the purpose of directing those who first respond to the alarm to the scene of the fire. After thus giving the direction of the fire, the sentry will resume his post.

Officers and enlisted men who discover a fire or cause an alarm of fire to be sounded will assist in directing those who first respond to the scene of the fire.

The Commander of the Guard will cause the field piece to be fired by the Corporal of the Guard whose relief is next to go on post.

The Quartermaster will make such arrangements as will assure the arrival of the fire apparatus under his charge at the scene of the fire with the least practicable delay.

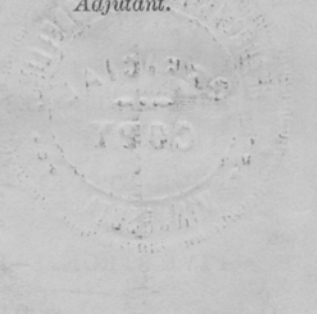

GENERAL INSTRUCTIONS.

1. The *first duty* of those first at the fire is to enter the building and remove every *living thing*, people and animals.
2. Clear the house of *smoke* by opening windows at the top or at the hatch door leading to the roof; this may increase the fire at first, but you cannot fight a fire in smoke.
3. Locate the fire. *Never follow* a fire up but try to head it off.
4. Don't talk and shout, keep quiet so that you can hear commands; your chiefs are responsible for your conduct and efficiency.
5. To open a fire plug, place the wrench on the plug, place left hand on top of the plug over the wrench, take hold with the right hand and pull toward you.
