Ft. Missoula, Mont. Feby 25th, 1908.

The Adjutant General. U.S. Army.
Washington, D.C.
(Thro Military Channels)

Sir:-

I have the honor to transmit herewith the petition of Charles M. McCauly, representing the heirs of the McCauly Estate, for a road way through a portion of the Ft. Missoula Military Reservation, together with a map showing the location of the proposed road.

Until a few months ago no part of this reservation, except the parade ground and post garden, had been enclosed by a fence and, as a consequence, roads ran across it in all directions to suit the convenience of the people living in the vicinity. The portion indicated by the red dotted line is now enclosed, This worked no great inconvenience to any one, not even Mr. McCauly, as he is permitted to pass through the post and out at the gates at "A" I have allowed him, as a temporary arrangement, to get out also along the line of the proposed road.

Over

He now requests that this road be opened up as a permanent way into his ranch and I approve his request. I think however that as this is a private way leading to his house only, that it should be stipulated that he build and maintain a good fence on the Eastern side of the road along that section of it which passes through the reservation.

He states that he is willing to do this, and to grade the road way running along the foot of the slope just back of the target butt so as not to encroach too near the butt.

As his family are the only people who will have occasion to use this road, it will not interfere to any great extent with target practice, Not nearly so much as the other roads did before this portion of the Reservation was fenced in.

When this road is opened up, the present entrance to the McCauly ranch through the post can be closed and then, for the first time in thirty years, cattle horses and vehicles of every sort will no longer have free access to the grounds immediately surrounding the post.

1

As this reservation was acquired at different times and under exceptional circumstances, it is not clear to me (in the absence of the conditions of transfer) whether the right of opening a highway of this character rests with the County Commissioners or with the general government, but I presume it is with the latter.

Very respectfully.

John H. Beacom.

Major Beacom.

Ft. Missoula, Missoula, Mont.

Dear Sir:-

We the members of the McCauly estate, have decided since the Ft. Missoula, Military Reservation has been fenced in, that we are in need of a road or some way through the Military Reserve to the ranch.

This ranch was taken up about six years before Ft. Missoula was established, and for this reason we think that we are entitled to a convenient road through the Reserve.

We think the nearest way of establishing this road to the nearest County road, would be by starting, from the residents, and following the hill, in a northerly direction; to where the hill or the base of the hill intersects the south line of the N.W. 1/4 of the N.W. 1/4 (about a chain or two East of this corner) of Sec. 36. T. 13 N, R 20. W., then continuing this course about 15° W of N. through the Military Reserve, to where the base of the hill intersects the West line of the N.W. 1/4 of the N.W. 1/4, of Sec 36 T. 13 N, R 20. W. to the N.W. cor of Sec 36. T 13. N. R 20. W. and joining County road. And by these

Over

means, we ask you to try and do us a favor, by bringing this matter up in the War Dept and get a road about thirty feet wide through Military Reserve, thanking you such favors.

Very truly yours.

Chas. McCauly.

Respectfully returned to the Constructing Quartermaster, Fort Missoula, Montana, with information that requisition C-66-16, 1909, was returned to him for modification April 28, 1909, since when nothing has been heard from it. It is believed however that C-66-27, 1909 was substituted and the drawing board called for therein was shipped on B/L # 134, Aug. 11, 1909. The draftsman stool and thumb tacks called for in C-66-5, 1910 were shipped on B/L # 155, August 19, 1909. The drawing board due on this requisition has been ordered from an Eastern factory and will probably reach here between the 27th and 30th instant, when it will at once be sent to destination.

Requisition C-66-1, 1910 was completed July 21, 1909 and supplies shipped that date on B/L #67, receipt of which was acknowledged at Fort Missoula July 28, 1909.

The upper quarry, in the gulch above the laundry, is about 700 yards from the flag staff with an easy up grade all the way.

The lower quarry is about one mile below the flag staff on the right of the road leading to Gardiner and can be easily reached by wagons now. Stone from this quarry must be hauled a mile up grade, while that from the upper quarry need be hauled not more than half the distance down grade,

In accordance with your letter of October 11, 1907, (240066) I have this day sent to you by express two samples of building stone- from each of the two quarries here- upper and lower.

They are so labled as to show whence they came.

Although the stone from each of these quarries has been used in foundations of the various buildings here and for the entire construction of the house of the U.S. Commissioner for the Park (stone from both being used in this house) the quarries are not yet well opened up. In fact stone has been taken out here and there sometimes at considerably seperated distances, wherever working appeared easiest and best.

The stone in the lower quarry is more easily Worked and is more consistent, but some of the stone in the upper quarry has a remarkably fine appearence,

The foundations and the construction referred to show that the stone in question will make handsome buildings in spite

This agreement entered into this 21st day
of October, nineteen hundred and seven, between
Lieut. Colonel J. E. Sawyer, Deputy Quartermaster General,
United States Army, of the first part, and The Rocky Mountain Bell Telephone Company

_____, of
Salt Lake City, in the county of Salt Lake, State of
Utah, of the second part, WITNESSETH, that the said
Lieut. Colonel J. E. Sawyer, Deputy Quartermaster General, U. S. Army,

for and in behalf of the United States of America, and the said The Rocky Mountain Bell
Telephone Company, do covenant and agree,
to and with each other, as follows:

I. That the said The Rocky Mountain Bell Telephone Company shall install
one (1) set of telephone instruments in the office of the Recruiting Officer
at Helena, Montana, where designated, and furnish unlimited service, party
wire, within the city limits of Helena, Montana, and between Fort William
Henry Harrison and Helena, Montana, during the remainder of fiscal year
ending June 30, 1908, said instruments and connecting wiring thereto to
remain the property of the Rocky Mountain Bell Telephone Company.

II. A thirty (30) days notice shall be given in writing by either party
to this agreement of the desire to terminate the same.

III That in the performance of this contract the said party of the second part shall not, directly or indirectly, employ any person undergoing sentence of imprisonment at hard labor which may have been imposed by a court of any State, Territory, or municipality having criminal jurisdiction; nor permit such employment by any person furnishing labor or materials to said party of the second part in fulfillment of this contract.

IV That deliveries on this contract shall, if required, commence on the twenty-fifth day of October nineteen hundred and seven, provided that the agreement is approved by the proper authorities of the War Department; otherwise, not until such approval is obtained.

V. That it is expressly agreed and understood that this contract shall be noneffective until an appropriation adequate to its fulfillment is granted by Congress and is available.

VI That for and in consideration of the faithful performance of the stipulations of this agreement the party of the second part shall be paid, at the office of the Chief Quartermaster, Department of Dakota,

at St. Paul, Minnesota.

as follows: At a total monthly rate of four (4) dollars and fifty (50) cents.

That in case of failure of the said party of the second part to comply with the stipulations of this contract according to the true intent and meaning thereof, then the party of the first part shall have the power to

3-1775

VII Neither this contract nor any interest therein shall be transferred to any other party or parties, and in case of such transfer the United States may refuse to carry out this contract either with the transferor or the transferee, but all rights of action for any breach of this contract by said The Rocky Mountain Bell Telephone Co. are reserved to the United States.

VIII No member of or delegate to Congress, nor any person belonging to or employed in the military service of the United States, is or shall be admitted to any share or part of this contract, or to any benefit which may arise herefrom. But this stipulation, so far as it relates to members of or delegates to Congress, is not to be construed to extend to this contract.

This contract shall be subject to approval of the Quartermaster General, U. S. A.

In witness whereof the parties aforesaid have hereunto placed their hands the date first hereinbefore written.

April 25, 1908.

The Quartermaster,
Fort Missoula, Montana.

Sir:-

I enclose, herewith, copies of awards of contracts for fuel, forage and straw for your post, with the information that pending a decision by the Quartermaster General, requisition for fuel in addition to that on hand June 30, 1908, will not be made beyond the actual requirements for the months of July, August, and September, 1908.

Copies of contracts will be furnished you as soon as originals are executed and approved.

With a view to securing uniformity in the system of keeping accounts of fuel, forage and straw, as outlined in paragraphs 108-120, Q.M.G.O., Circular No. 1, 1908, and to obviate the necessity for changes in Post Allotment Record (Form 138), "calls" on contractors will be considered as requisitions in letter form and must be numbered as required by paragraph 13e, and rendered to this office in duplicate.

In making these requisitions, care must be taken to call for such quantities as can be delivered in carload lots, the excess of delivery, if any, not to be included in credit transfers (Form 141) or vouchers, but be credited to subsequent requisitions, and on making final requisitions, or where requisition is made for the entire quantity of the contract, contractors should be cautioned not to exceed the quantities called for, as such excess can neither be received nor paid for.

Application for an increase of fuel, forage and straw, over the allotment, must be accompanied by a detailed statement showing the number of officers, enlisted men, civilians, fires, quoting authority for extra fires, public and private animals, the period to be covered, the quantity on hand and remaining due on requisitions.

Your attention is invited to the fact that the equivalent of the Youghiogheny coal awarded your post is 1663 pounds, and care must be taken in its use.

Respectfully,

Deputy Quartermaster General, U.S. Army.
Chief Quartermaster.
