The Quartermaster,
Fort Yellowstone, Wyo.

Sir:-

I enclose, herewith, copies of awards of contracts for fuel, forage and straw for your post, with the information that pending a decision by the Quartermaster General, requisition for fuel in addition to that on hand June 30, 1908, will not be made beyond the actual requirements for the months of July, August and September, 1908.

Copies of contracts will be furnished you as soon as originals are executed and approved.

With a view to securing uniformity in the system of keeping accounts of fuel, forage and straw, as outlined in paragraphs 108-120, Q.M.G.O., Circular No. 1, 1908, and to obviate the necessity for changes in Post Allotment Record (Form 138), "calls" on contractors will be considered as requisitions in letter form and must be numbered as required by paragraph 13e, and rendered to this office in duplicate.

In making these requisitions, care must be taken to call for such quantities as can be delivered in carload lots, the excess of delivery, if any, not to be included in credit transfers (Form 141) or vouchers, but be credited to subsequent requisitions, and on making final requisitions, or where requisition is made for the entire quantity of the contract, contractors should be cautioned not to exceed the quantities called for, as such excess can neither be received nor paid for.

Application for an increase of fuel, forage and straw, over the allotment, must be accompanied by a detailed statement showing the number of officers, enlisted men, civilians, fires, quoting authority for extra fires, public and private animals, the period to be covered, the quantity on hand and remaining due on requisitions.

Your attention is invited to the fact that the equivalent of the Youghiogheny coal awarded your post is 1663 pounds, and care must be taken in its use.

Respectfully.

Deputy Quartermaster General, U.S. Army.
Chief Quartermaster.

Sir:

Under the provisions of paragraph 1059, Army Regulations, I have the honor to request that the necessary authority be granted covering the use of twenty-two electric lamps in buildings of the old Post at this station.

Plans and specifications for these lamps were forwarded from this office in January 1908, and were approved by the Quartermaster General.

Installation took place prior to the arrival of the 5th Cavalry at this station and the proper approval for the use of these lamps has apparently not heretofore been obtained.

The buildings in which these lamps have been installed are at present occupied by civilian employees of the Quartermaster's Department and are necessary for the proper equipment of the Post.

The Adjutant,

Fort Yellowstone, Wyoming.,

Sir:-

1st Indorsement,
Fort Yellowstone, Wyoming.,
July 25th 1906.

Respectfully forwarded to the Military Secretary, Dept. Dakota, St Paul, Minn.

The total amount required to place the target range at this post in good shape for the next target season is \$ 487.00.

For the past four years all repairs and improvements on the range have been made in the spring, and as the elevation of the range is very great and the snow lays on the ground till very late in the season, and we have always been delayed in completing our repairs and improvements to such an extent, that considerable valuable time of target season has been lost.

As it is very desirable at this post, to complete all target practice as soon as practicable, it is requested that the funds called for within may be placed to the credit of the Quartermaster at such a time as will enable him to complete all of the work required on the range before the cold weather sets in.

QUARTERMASTER,

Fort Yellowstone, Wyoming.

Sir:-

With reference to letters of award for forage mailed you on April 25th, I subjoin a corrected statement of forage required at your post and the Park Stations:

Forage Required and Awards Made	Oats Pounds	Bran Pounds	Hay Pounds	Straw Pounds
Required at Post, 3 months, 1st advertisement	205,000	23,000	300,000	72,000
Required at Post, 3 months, 2nd advertisement	185,000	22,000	230,000	57,000
Required at 12 Park Stations, 3 months,	66,000	9,000	90,000	18,000
Total - 3 months Post allowance	456,000	54,000	620,000	147,000
Required at 12 Park Stations, 9 months #	198,000	27,000	270,000	54,000
Total to be delivered July 1st to Sept.30,1908	198,000	27,000	270,000	54,000
To Edward F. Cameron (Post, 1st advertisement)	205,000			
To Edward F. Cameron (Post, 2nd advertisement)	185,000			
To Edward F. Cameron (Stations)	41,000			57,600
To William N. Hefferlin (Post, 1st advertisement)			300,000	
To William N. Hefferlin (Post, 2nd advertisement)			230,000	
To William N. Hefferlin (Stations)		27,600	60,000	
To William N. Hefferlin (Gardiner)	22,000		30,000	
To Lawrence Link (Post, 1st advertisement)		23,000		72,000
To Lawrence Link (Post, 2nd advertisement)		22,000		57,000
To Lawrence Link (Stations)	201,000	4,600	270,000	14,400
To A. T. Milligan (Thumb)		3,000		
Total	654,000	80,200	890,000	201,000

The above 9 months forage for Park Stations will be deducted from allowance for Fort Yellowstone in advertisement of August 1, 1908.

Proposals were received from Link, Hefferlin, and Milligan for forage at the Park Stations, and with the exceptions above stated, the prices were in excess of deliveries at Post and transportation charges to stations. Awards have, therefore, been made for forage delivered at Post, and you will make shipments to the various stations as soon as sufficient forage is received after July 1st next. Copies of contracts for forage, wagon transportation will be forwarded as soon as executed and approved.

A three months supply for each station has been deducted from Post allowance, and a nine months supply will be deducted from contracts for forage for the period ending September 30, 1909.

Respectfully,

Deputy Quartermaster General, U. S. Army,
Chief Quartermaster.

WE DON'T NEED YOUR KID

1. You say he can't stand the Army
The life is too rough for him,
And you think he is better than,
Some other Mother's Tom or Jim.
2. You raised him up like a girl,
He don't drink, smoke, or brag,
If all the others were like him,
What would become of our Flag?
3. You say let the rough-necks do the fighting,
They are used to the beans, and the stew,
I am glad I am classed with the rough-necks,
Who would fight for the RED, WHITE and BLUE.
4. Think of the women of Belgium,
Of the cruelties they had to bear,
Would you want the same to happen,
To your daughter so fair?
5. You can thank god for the STARS in old GLORY,
Are not blurred by that kind of stains,
There are TEN MILLION rough-necks,
Who have red blood in their veins.
6. They go out in bad weather to drill,
But come in with a grin on their face,
While your darling sits in the parlor,
With another man in his place.
7. Maybe we smoke and gamble,
But we fight as our FORE-FATHERS did,
So, go warm the milk for his bottle,
Thank God, we don't need your kid.

HEADQUARTERS DEPARTMENT OF DAKOTA.

Adjutant General's office.

Saint Paul, Minn. December 5th 1907.

To the
Commanding Officer,
Fort Yellowstone, Wyoming.

Sir:-

The Department Commander directs me to inform you that the Quartermaster General has been directed by the acting Secretary of War to purchase from time to time, whenever the condition of appropriations permits, a sufficient number of small hardy horses for the use of mounted messengers.

These horses are also intended for use in polo playing, which it is desired be encouraged as it is believed that the horsemanship of the enlisted men will thus be bettered and their contentment increased.

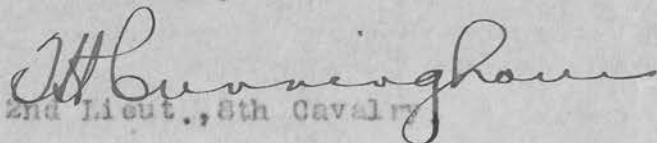

For enlisted men polo sticks and balls should be procured from the post exchange funds. Officers should procure their own.

Requisitions will be approved at these Headquarters for not more than five such horses for each field ~~xxxxxxx~~ battery and each troop of cavalry. The total number of horses including these special horses will not exceed the authorized quota for any organization.

Very respectfully,

(Signed) Alexander O. Brodie,
Adjutant General.

General Orders:-
No. 44.

To carry into effect the provisions of General Orders No. 103, Department of Dakota, 1909, the following instructions are announced for the government of this command:-

Practical Training.

1. A Scheme of Progressive Practical Instruction covering the work for the year from November 1st, 1909, to October 31st, 1910, has been proposed and when approved by the Department Commander will be published for the information and guidance of all concerned.

Theoretical Training.

2. The Post School for Enlisted Men will begin November 1st. The term continues until March 31st. Attention is directed to the fact that the attendance of enlisted men is voluntary; but having begun the course, an enlisted man is not authorized to cease attendance unless excused by the Post Commander.

Sessions will be held from 1:00 to 2:30 P.M., daily, Saturdays, Sundays and holidays excepted, in the reading room of the Post Exchange.

3. The details covering the School for Non Commissioned Officers have been included in the Scheme of Instructions. The term extends from November 1st to March 31st. Sessions will be held from 1:00 to 2:00 P.M., Mondays and Thursdays. In cases of holidays the session will be held the following day.

4. The Garrison School for Officers (third term) will begin November 1st. The subjects are as follows:-

Field Engineering:

Text book "Field Engineering" Beach. Recitations, daily, Saturdays, Sundays and holidays excepted, November 1st to 29th. Examination, November 30th.

Military Hygiene:

Text book "Elements of Military Hygiene" Ashburn. Recitations, daily, Saturdays and Sundays excepted, December 1st to 21st. Examination December 22nd.

Military Topography:

Text book "Topographical Surveying and Sketching" Rees. (omitting chapters IV and VII and the adjustments of the surveyor's compass, sextant, plane table, and Wye level, pages 171 to 176, 202 to 209, 222 to 226, and 239 to 242. recitations daily, Saturdays and Sundays excepted, January 5th to February 15th. Examination February 16th.

Hippology:

Text book, "Horses, Saddles and Bridles" Carter.

Recitations daily, Saturdays, Sundays and holidays excepted,
February 17th to March 24th. Examination March 28th.

All lieutenants who have no certificates of proficiency in the subjects to be studied are required to take the course except in the studies that they have successfully completed at any of the special service schools or upon which they have passed an examination for promotion. They are not excused from the practical part of any subject, and are required to follow a course in post graduate work.

The post graduate work will consist of the solution, each month, of one original or selected tactical problem on the map. In connection with the solution of these problems particular attention will be paid to the preparation of orders and a clear concise report of operations.

By order of Major Benson,
(sgd.) C. F. Martin,

C. Q. M., D. D.

St. Paul, Minn.

Sir:-

I have the honor to enclose herewith letter written to Mr. A. H. Borland, Clerk, Qm. Dept., relative to his absence from Q. M. Office during working hours, and his answer thereto.

This man is now under suspension, is sober and is sorry for his absence. There is too much work here to bother with and nurse a drunkard, and I request that he be sent away and another man who is sober and reliable and can be depended upon to do his work, at least during office hours, be sent in his stead.

I do not know of, nor have I seen any results, of any work done at any time during the days he was specified as absent in letter I wrote him.

There is a great deal of outdoor work to be done here during the summer months, and unless I have a clerk who can do the paper work, I have to do it myself, and some other part of the work has to go undone.

This man might do his work if he were in an office where he knew one drunken absence

meant dismissal, but I don't
think he would brace up here;
for this reason I request
another man to relieve him.

Very respectfully,

T.H.Cunningham

Lieut. T.H. Cunningham,

Quartermaster,

Fort Yellowstone, Wyo.

Sir:-

In reply to your letter of the 11th inst., I have the honor to inform you on the 3rd inst. I was either hauling a wall locker from the hill warehouse or working in the clothing room, that on the 5th inst, owing to the fact that I had been in the day time and had also worked several nights during the past two weeks, sometimes as late as one and two o'clock, and to the fact that I had been drinking some on the night of the Fourth, after coming to work in the afternoon of the 5th, I became so drowsy that it was almost impossible for me to continue the work; I went into the back store room, sit down in a chair, intending to rest a little, but fell asleep, was awakened by a wagon driving by about 4:30 but went to work again at 9 p.m. and quit a little after "Taps", I also worked the nights 7th and 8th but was almost forced to use some kind of stimulant

and on the 9th I was feeling .
so nervous and badly that,
after coming to the office, I
went over to Sergt. Westerdahl
and was advised by him to
take some Potassium Bromide
and some other medicine in
tablet form which he had given
me, I became so sick after-
wards that it was impossible
for me to stop in the office
five minutes at a time, so I
went home until this sickness
passed off determined that I
would never drink in this
place again, but on the next
afternoon, having become so
nervous that I could not
write good, I did drink some
more, and becoming then more
determined than ever that I
would quit or die in the
attempt, I repeated two doses
of the prescription and you
know the result, ut I am
very much better and will be
at work tomorrow.

Very respectfully,
A.H. Borland
Clerk, Q.M.D. at large.
