Naval station *Arnold Karnes* proposed as college site

Using the Twin Cities Naval Air Station property as the temporary site of a new state college was proposed Thursday by State Rep. Fred C. Norton, Fairmont Conservative.

In a letter to G. Theodore Mitau, chancellor of the State College Board, Norton noted that the station closed June 30 and reportedly will be offered for other governmental use.

Norton said the property includes classrooms, offices, a swimming pool and a drill hall suitable for a gymnasium.

He said a temporary college could be established there by 1972 and that if aircraft noise problems are solved the station could become a permanent college site.
