Ramsey Crookes to Sibley when?
April 27, 1836.

It is matter of sincere regret that this
Opposition has not been crushed in the bud,
wh. always costs much less than ^{at} any
time afterwards, but it is useless to regret
and all that remains to be done now
is to persevere against it with never sleeping
vigilance till their hopes of success are
annihilated - No compromise, no arrange-
ment of any sort must be entered into
with them, or their people, unless you &
Messrs Rollett & Dorman, deem it best
to buy them out on condition of their
withdrawing from all the Indian trade
forever - I dislike this buying out, for
it generally is an encouragement to
them to try their hand, still I am
willing that you do whatever you
think most advantageous.

All your complaints
against Major Taliaferro are doubtless
well grounded, but common & unwar-
ranted as the proverb is with - wh. he has
been invested, the Indian Dept at Wash-
ington is so sure that its agents are
almost immaculate that the best
founded representations are disregarded
- I shall, however, next week see whether
Gov Cass will sustain him. It is quite
change to me that he should annoy you

as he does for he wrote me on the 8th of
last January in the most friendly man-
ner complimenting you in the highest terms
& concluded by saying your word was
sufficient for him for all your
outputs etc. Perhaps it may be well for
me to write him, & sustain your views
of the matters in dispute - I cannot think
he will incur the responsibility of
interdicting the trade as you apprehend.

"Our election went off yesterday certainly all
briefly we should have been better but they
commenced buying votes quite early in the
morning - One young man was directed to the
'Kick' by saying he was for Sully -

My friend another a fellow to vote for Kicks,
... before he votes he got very drunk and then
changed his mind vote -

We have had our runny. Patterning after
the Honorable Mr. Sully our run runny to buy
land - - - rather than buying votes - - - we
now think Mr. Sully is safely elected and
may God Grant"

D. G. Fenton to Sibley. Madison. 22 Dec. 47.

Offered Res. in Convention (Stet. J. W.) to run n. w. line of Wis. - from St. Louis river to mouth of River river. - When Convention wanted to go to Brit. possession, but Col. Mansman informs me the country above that line was good for very little - the people of St. Ex. will not like it, but I cannot help that - my constituents instructed me for that line -- - You will have a territory on your own side and the Capital at the mouth of the St. Peter's river

Fisher W. to Sibley. St. P. 12 Feb. 1849 -

"Mr. Phillips (W. B.) also said this and also work the Territory organized during the present session of Congress and would oppose it - and that he would push his way through to Washington and as far as possible he said he had heard that the bill for the organization of Minnesota had passed the Senate - "

Fairbank A. St. Peter Dec. 9, 48

Ra! "H. M." not arrived yet in "Eds. Camp" - report that H. M. said in your absence he was master --- but he "made a mistake" if he thinks he is going to interfere in this --- Our friends are indulging the hope that you will not be allowed a site [sic] in the House --- They also think it will injure you very much with houses in St. Louis for not attending to your business that H. M. will get the credit from every thing that is made up here --

And you must be our candidate again for delegate
to give victory to the Democratic Party here, is
a fact not to be controverted. . . .

Henry M. Rice, has been about several
weeks, but his brother Edmund was a much
more respectable man here, I think. So in for
him nomination.

It is a possible thing to get Secretary
Smith removed, I hope it will be done. The

Sept. 15 1850: S. to R. R.W. Thompson is trying hard/ Strong man to overcome. ... Pres. will keep Ramsay on, but doubtful about Tyler. Objection, that he seeks the post. If Lea were it co'd be settled at once. Thompson, a clever fellow, but has descended to be a claim agent of the Ewings.

Sept. 9 1850: S. to R. Nothing done about Tyler's appointment by new sec. Stuart. S. had explained to sec. why 2 comrs. better than more, "harmony in Feeling".

Come with Gov. R. - Hugh Tyler of Indiana was
be better - Monahan - "Contributed to the success
of Mr. Rice in the Union, Contract Award for the
agent at Wash. for the Savings"

A treaty is absolutely necessary. Of not white
men will be able to live in Indian Country & an Indian
war will be a disaster - & naturally disturbed by
govt agents. Answer to selling their lands, P.A.
satisfied in need of \$5.00 million to be paid
to receive their annuities this year.

∴ Need of a man with Mr. Ramsey who
like him "is not susceptible of being swayed by
the leaders in or out of the country. The
Comrs. should know the known and hidden
in by the Indians, this is best and is favored
by a desire to act in strict justice between
the country and the Indians"

60 Ramsey Closes to Sibley Feb. 19 1852

Is not "free" enough to believe that Sweetzer would
even of his own individual will have conceived the gigantic project of up-
setting an iron law as established after so much labor & expense "Not-
withstanding the disclaimer of the Savings"

I dislike the idea of Compromising - - but perhaps you
& Mr. Sanford were right in the proposal you made to the
Savings"

62 Donsman to Sibley 21 Feb. 1850.

 & make another Steamboat affair out of it"

 my opinion is - - that he will be glad to come in with us in
 having all that is coming to us and our friends pay to have
 the balance for him & his friends to speculate in"

62 Donsman to Sibley. P. de Ch. 14 Jan 1853

"How for the Swetzer war"? It is this letter
 which Mr. Fickner abstracted in Madison 2

63 Duntman to Sibley - P. du Ch. 25 Jan 1853

Sweeney - - - is furious on the Governor - - -
Said he had nothing in the world against me or other
claimants - that he only did ~~over~~ duty in getting on
duns - He looks pretty well up so much that I did not
have the heart to put my thumb to my nose as I had
promised when I met him - He is bound for Washington
and says he will never cease till he fully exposes
the villainous misapplication of the Sioux money - that
would with Democrats be distributed in an ~~the~~ ~~holes~~ a -
long the route "

Duntman to Sibley 15 May 1853

Will "endeavour to be in hand when the new gov-
ernor commences the examination"

64 Duntman to Sibley P. du Ch. 2 Feb. 1854,

Ramsay Sibley & Co - - have carried the day -
in the St fight - I saw Sweeney here, he gives
it up.

66 Fellers to Sibley - S.P. 11 July 1850

"The [Ramsay] expressed to me his disgust
to me confidentially, his perfect disgust with almost
all connected with Indian affairs saying he did
not believe he would accept the Commission"

66 Finkler to Gaily 12 Mar 1850

"Will you make a treaty with the Se next year?
If so, unless made at Washington the chiefs & I
think it will be hard for them to do justice to
their half-breed & leaders"

68 Ben C. Eastman Wash DC, Jan 1 1854 -

Has seen D.A. Robertson who said such a
word on the subject of Ramsey & the Indians - I think
he will not embroil himself any further in the matter,
at least no prudent man in his situation would do so.

Ramsey is in as great a steam as ever.
It is singular how a man of so much discretion &
he is can become so much involved in so slight a matter.
I am sure the report on writing of Young will never be
printed, - if it is the Resume (??) by Ramsey will
blow him out of the"

70 B.C. Eastman to Gaily Jan. 21 1854 -

--- "Judge Young expressly assured me that you
were entirely disinterested and had allowed me to read it with
the object that if there was anything in it that tended to
throw a doubt on your fair standing it should be stricken out."

Bob McCalland (?) wants the report printed - but he is
not to be gratified. "Has had Sam Houston disbursed. Tribune
Correspondent" tells me Young is doing all he can to sustain his
reputation against Ramsey, but that he the correspondent will see
to it that R. does not suffer. I like you Bob is the
head devil in this mischief -

70 B.C. Eastman to Sibly Feb. 9 1854 -

Young's report was given to [Sen] Cooper
 to examine & I hear that he, Sebastian, Wallen &
 Horton were for reporting immediately receding
 as you. Since that Robulton has given Ramsay a
 letter in effect withdrawing his charges and com-
 pletely backing out of the position he took. ... It is an
 omission of Hecker, which led Sebastian to say that
 in effect it authorized the Com. to ask for dis-
 charged from the further consideration of the subject.

71 B.C. Eastman to Wash C, Feb. 20 1854

Young did not change report. ... It in-
 ventently blames Sibly in that he received money
 unlawfully paid out - But Requested in the
 Com. an Ind. affair in a report asking for discharge.

72 B.C. Eastman to Sibly Ho of Reps - Feb 24 1854,

"My dear Sir: The MSS is born. Amen. The Com.
 on Indian affairs in Senate this day reported in
 the RAMSAY Case and asked for discharge
 Bah! Ramsay feels born. It born Com & a
 an right. Order is a Captain. Write it to him so.

B. C. Eastman

- 72 "Resolved that the Committee be discharged from the further consideration of the subject, and that the accounts of Gov. Ramsey growing out of the disbursement of funds referred to in this report be settled by the proper department."

Feb. 24, 1854. Res. submitted referred to

- 75 D.K. Kennedy to Wiley. Tr. d. Ex. 30 Nov. 1857 -
Sweetzer is intriguing with Indians to keep them from paying taxes - Canning & Pleasant. We do not well told about him - Harriet Sweetzer says that McLean would be turned out and a Capt. Munay appointed - "the next thing ~~will be~~ that he will try to be to remove the governor and get appointed in his place - many Cans would, but will be thwarted - This Capt. Munay - - is connected with the Ewings -

- 75- D.K. Kennedy to Wiley - Tr. d. Ex. Aug. 9 1852 -
The Indians contrary to promise to the Agent instead of going below have started to the north - - I do not believe they will go at all. I suspect that it is a plan of Campbell's to get them to wait till Sweetzer comes"

- 75- D.K. Kennedy to F.K. Sibley - Sept. 12 1852 -
Happy to hear that Indians signed treaty. Sweetzer not arrived - expect him soon when he comes

76 M. McLeod to Sibley - Mendota Feb. 13 1850

Taken that missionaries will claim their
claims & go to work in a proper manner -- in
the event of a treaty - Thinks they will

Refer to 4 letters by Mr. Phipps in Chumuck in

76 M. McLeod to Sibley - Mar. 6. 1850 -

Suggests that Govt contribute to needy
Indian their expedite treaty

77 Laframboise to Sibley - Mar 12. 1850 -

Expects a treaty - Indians generally disposed
to allow traders claims -

Old Sibley says has been tempered with &
says he will never allow these claims -

"Talk with Indians about but little" -
Advises Sibley to send out 50" of powder that
was presented to this band -

77 M. McLeod - Aug 22 1850 -

Indians apprehension of separate treaties - Thinks
Separate treaties might be sent for them, but advises that
upper bands be invited to treaty by Lewis & V.V.

Upper bands disposed to sell for fair price. Friendly
to traders & disposed to allow claims - But too much infu-
ence might indispose them - Sibley, altho influence somewhat
weakened by long absence. They refused to sign the Ex. &
their last treaty -

78 M. McIntosh to Sully. Menden Sept 10 1850 -

"The upper Indian can never be brought to acknowledge their antiquated debts or claims incurred at a time when the Fur trade was in its prosperity. They are generally willing to do justice towards their present traders and their willingness in paying their just claims --- but if we --- attempt to urge claims towards which they have no real objection we must expect our own hopes or prevent the effecting of a treaty"

Influence is an daily growing more more inimical towards us, so that the former treaty is affected the better - by it cannot be accomplished this fall, manage it so that a delegation may go to Washington early next season - But you know best"

78 M. McIntosh - 24 Sept. 1850

"Lower fellows" can only be brought to terms by first commencing with the upper Indians, "who are friendly to us" -

78 M. McIntosh - Fox g. Park Oct. 6, 1850

Indians troublesome - no word about treaty - "eternal talk"

79 M. McLeor - Jan 27 1857 - (2. St Paul)

From talk with Col. S. discovers that Comr. Thompson is a man who can be "managed" - It is his understanding with the Ewings? Gov. R. is "favorably disposed" as he now knows who are his friends "It is (the McL) kept in mind the respectability, the interests of the poor Indian, and our own just rights" Prospects favorable - Indians generally well disposed -

81. M. McLeor to F. B. Sibly - Tr. O. Ex. - 15 Nov. 1857.

Mr. Sweetzer - apparently respectable - certainly very plausible, and probably honest - means arrived - will establish himself & probably on Co's property - Mr. F. B. S. should come in to protect Co.

81 M. McLeor to F. B. Sibly - Oak Grove. 20 Dec. 1857 -

-- I subpoena Sweetzer's papers (?) which ^{from} will ^{be} ^{himself} a ^{very} abortion -- It was mismanagement with the Indians at the Traverser -- Making them large offers of blankets was bad policy and led to suspicion of bribery -- It looked like bribery and the Indians and enemies of Mr. Sibly and his friends will make great capital out of it

Had not understood Sweetzer's "real scheme" - that it was to get paid

81. McLean to Ma 20 ¹⁸⁵¹⁻² 1850 Box 8
 "Let me know if you have had any conversation
 with Brown about what is to be done"

81. McLean to Mar 30, ¹⁸⁵¹⁻² 1850
 "My only hope is that the paper signed at the
 Traverse cannot be nullified -- the only chance...
 I can see faint hope that Brown could secure
 something"

82. McLean Lett Brock 5 Apr 1852

 but every thing is in good train & nothing will
 be left undone -

82 McLure to F.B.S. Trav. 28 July 1952

83 McLure to F.B.S. Trav. 29 July 1952

Indians understood to sign papers - but may ab-

 Mc L. & F. L. do not favor this -

Commission has been moved (?)

"we suppose that by the agreement with Mr.
 R. he has no authority back in the premises other than
 to procure the power of attorney on the basis determined
 upon at St. Paul, unless it was that it was verbally under-
 stood that pending in that he had discretionary power
 to resort to some other measure - the next best thing that the
 Indian would consent that might tend to what Grootzen's
 plan - without strengthening our claims" - R. L. I. is
 of course extremely anxious to do something - -
 and may have had a dozen plans in reserve

83. McLeod to F.B.S. Tr. 30 July 1852

 come in....get the Gens du Lag straight... and I have but little
 fear about the results as regards the upper Indians; but we must

 I think they will be induced to after we return and before
 they get their money. I can see no great necessity for
 extortion in the way of 'black mail' to certain persons

 have them sign your paper altho the terms of it
 may not be strictly adhered to in the payment &

Co. D. ordered display on left of front of camp towards east of hill. Then circled round camp on N. when safe. [Co. D. had call to retreat]

"It was about a mile from camp to the east of the big hill - between 'undulations'."

Camp at opening of a "ravine or valley" then started up towards the high Peak.

While M. displaying Co. D; Maj. Bradley ordered units, B & H, to advance on right (a front) of ravine towards peak when Dr. W. K. Some Cavalry had preceded.

numberless little valleys + ravines,
pounding heavy fire on them as we advanced
toward the great plain beyond the S. ex-

Inds not far from trail - but we could not

headed the situation.
