Dear Mrs. Markovich:

Thank you for your nice letter. I am  
happy to answer your request. The  
photographs are enclosed with much  
pleasure and best wishes.

Sincerely,

Hubert H. Humphrey

Mrs. John Markovich

November 12, 1966

The Honorable Hubert H. Humphrey  
The Vice President of the United States  
Washington, D.C. 20025

My dear Mr. Vice President:

On Memorial day of this year you visited our National Cemetery. I was honored to have my picture taken with you. The little boy in the picture thought I was his "Grandpa" and wouldn't leave my side.

I sent in for 2 pictures and wondered if you would be kind

enough to autograph one for me and  
one for the little boy. His mother  
doesn't know I am doing this.

One picture can be autographed to:

Scott Meister

And the second to:

Mrs. John Markovich or  
I prefer this <sup>↑</sup> Helen Markovich

My deepest thanks to you  
Mr. Vice President for taking your  
valuable time to do this for me.

Sincerely yours.

Mrs. John Markovich

The Honorable Hubert H. Humphrey  
The Vice President  
Washington, D. C.

Dear Hubert:

I can't tell you how grateful I am for your thoughtfulness in stopping by the Harrises' the other night. It was a typically generous gesture and one which meant a great deal to everyone there -- myself included.

With warmest personal regards.

Sincerely,

*[Signature]*

Dear Mr. Vice President:

Permit me to express to you my sincere appreciation for your thoughtfulness in sending me a set of the photographs taken during the ceremony at which you pinned the third star on General Marvin McNickle.

I am having the autographed picture framed, and it will serve as a valued memento both of this occasion and of the privilege of serving during your tenure of office.

Sincerely,

A handwritten signature in cursive script, reading "J. P. McConnell".

Dear Mr. Vice President:

On Monday, August 1, 1966, Major General Marvin L. McNickle is assuming his new position as Deputy Director, (Administration and Management), Defense Research and Engineering. On that same day he will be promoted to the rank of Lieutenant General.

I will have an informal ceremony in my office on August 1, at 1:00 p.m., at which time I will pin on General McNickle's third star. Knowing of your close personal friendship with General McNickle, I extend you a most cordial invitation to join us at the ceremony. We would all be highly honored, and I know that General McNickle will be especially pleased, if you are able to be with us.

Respectfully,

*Harold Brown*  
Harold Brown

THE VICE PRESIDENT  
WASHINGTON

August 1, 1966

FOR: The Vice President  
FROM: Herb Beckington  
SUBJ: Promotion Ceremony for General McNickle

When the group is assembled in your office, Secretary Brown will speak thanking you for holding this ceremony in your office and then will ask his aide to read General McNickle's promotion order.

Immediately following the reading of the order, the Secretary will hand you a set of three stars and Mrs. McNickle will have the other set of three stars. You simply simultaneously pin the stars on General McNickle's shoulders. This concludes the ceremony.

The guest list is attached. I believe there will be AP and UPI photographers present, as well as one reporter from an Oklahoma newspaper.

Monday, August 1, 1966 3:45 p.m.

THE WHITE HOUSE  
WASHINGTON

August 23, 1966

TO: Miss Violet Williams

FROM: Mrs. Ruth McCawley  
(Sec'y to Mr. McPherson)

Just in case you haven't seen this.  
You may retain for the Vice President's  
scrap book.

Thanks, again, for letting me attend.  
It was a very memorable occasion.

**SENATE COMMITTEE** on Appropriations has approved FY '67 appropriations for Defense Department in amount of \$58.1-billion. This is decrease of \$426.5-million from the House-passed figure of \$58.6-billion.

**USAF'S YEAR-OLD** Combat Preparedness Course at Lackland AFB, Tex, is being expanded to accommodate 100 students weekly. Conducted by ATC, course trains officers and airmen in installation security, defensive employment of troops, fundamentals of personal defense, first aid, and use of various weapons, including M-16 rifle, 60mm mortar, and M-60 (7.62 caliber) machine gun.

**TWO USAF PILOTS**, Col Robert L. Stephens and LCol Walter F. Daniel, have won congratulations from President Johnson for establishing three absolute and six jet class world records in one day as members of YF-12A test force. New records were for aircraft speed on straight course (more than 2,000 mph) and on closed course (1,688 mph). Records, which shattered marks formerly held by Soviet Union, have been recognized by FAI in Paris and by NAA in Washington.

**CASE FOR MORE** nuclear-powered aircraft carriers is strengthened by statistics which show aircraft landing accident rate on USS Enterprise to be less than half that on conventionally-powered carriers (1.53 per 10,000 landings vs 3.25). Reason for lower figure on "nukes" is that they have no stack gases, which means better pilot visibility and elimination of many maintenance hazards.

**RESERVE OFFICERS** who twice fail selection for promotion to temporary grade of lieutenant colonel in Air Force, and who are not within two years of qualifying for retirement, will not be separated for reasons of such failure, according to new policy change. Such officers, however, will remain subject to separation under other law or policy, as appropriate.

**REGULAR COMMISSIONS** for Army and Navy male nurses and Army medical specialists have been approved in House. Bill does not apply to AF male nurses as current law grants appointment as Regular AF officers. At present, Army and Navy male nurses and Army medical specialists are allowed commissions only as Reserve officers. Bill to be considered next by Senate Armed Services Subcommittee.

**MAXIMUM WEIGHTS** of household goods and personnel effects which may be shipped as result of change in station has been upped to 13,500 lbs for all military personnel by Senate Committee on Appropriations. House had approved budget request for graduated scale in limitation ranging from 11,000 to 13,500 lbs for high ranking officers. Action taken in belief that compulsory station changes should not work hardship on military members.

**OPERATION COMBAT LEAVE**, special airlift for Servicemen detailed to SE Asia, has passed 100,000 mark in less than five weeks. More than 40 ANG and Air Reserve aircraft have been assigned to program managed by CONAC. Lift gives priority to personnel on leave status going to or coming from Vietnam. Other military personnel are carried on space-available basis.

**COMMISSIONING OF NEWEST** Fleet Ballistic Missile submarine, Henry L. Stimson, boosts number of SSBN in Navy to 38. New sub will be skippered by Capt Richard E. Jortberg, Blue Crew, and Cdr Robert H. Weeks, Gold Crew. She will be equipped with Polaris A-3 missiles.

**CALL-UP OF RESERVES** is unlikely at this time, despite recent pressure from some Senators. Good bet: White House will consider any type of mobilization "premature" until it receives report next January from National Advisory Commission on Selective Service.

**FORMER CAGER**, LGen Marvin L. McNickle, who just won third star in Air Force, had insignia of new grade pinned on by high school basketball teammate Vice President Hubert H. Humphrey. General McNickle, his twin brother MGen Melvin McNickle, and Vice President Humphrey all were members of '29 Doland, S. D., high school basketball squad. General McNickle is new Deputy Director, Defense R&E for Administration, Evaluation and Management. (THE JOURNAL, 13 Aug).

**SEA LAB III**, third phase of long range Navy aquanaut program, is scheduled for descent early next year. Some Navy scientists believe that by 1970 men will be able to live in depths of 600 feet, dive and work at depths in excess of 1700 feet. Properly harnessed, world's oceans could supply enough food, water, fuel, power and minerals to satisfy most human requirements for centuries to come.

**FOURFOLD INCREASE** in Army OCS requirements is projected for FY '67. Enrollments in excess of 42,000 are scheduled, compared to some 10,800 in FY '66. Present plans call for approximately 2/3 of

billets to be filled from Army enlisted ranks, others to come from college sources.

**NAVAL AIR RESERVE** celebrates 50th anniversary 29 Aug. Program has 18 major and four satellite activities throughout US, supporting 40 fleet-sized air squadrons of all types. In "extra-curricular" activity, Naval Air Reserve personnel have flown more than 200 missions to combat zone in past year.

**NATIONAL AVIATION CLUB'S** Award of Achievement has been presented to General Bernard A. Schriever, retiring AFSC Commander. He was honored for his "significant contributions to the creation of the Air Force's strategic missile force."

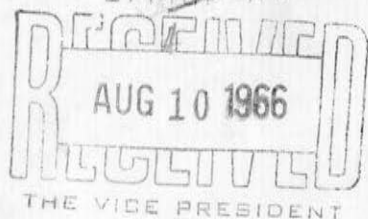

**WHEN WOMAN'S VOICE** comes over loudspeaker in submarine it will be no mistake. Navy plans to use pre-recorded voice of gal to warn submariners of high-pressure seawater flooding. Current alarm systems range from blinking red lights to variety of honks, buzzes and squawks, but Navy believes real attention-getter is needed for extremely dangerous situations. Female voice is expected to do the trick.

**IN FLAG SWITCHES**, RAdm Ralph W. Cousins, Commander, Carrier Division Nine, has been reassigned to new billet as ACofS for Plans, CINCPac; he succeeds RAdm Donald Gay, jr, who becomes Commander Fleet Air Wings, Pacific Fleet. Also receiving orders are RAdm Charles E. Loughlin, Commander, Submarine Flotilla Six, who becomes Commandant, Naval District, Washington and RAdm Walter L. Curtis, jr, JCS, new Commander, Carrier Division Nine.

**AIR FORCE'S** Officer Training School has just graduated its 20,000th second lieutenant. Selected college grads are enrolled in 12-week course which is one of three major sources from which Air Force draws its junior officers. School is only source of commissioning for WAFs.

**ASSIGNMENT SWITCH** orders RAdm Joseph W. Williams, jr, Deputy Commander Submarine Forces Atlantic, to new duty as Commander, Submarine Flotilla Two.

**GENERAL DAVID A. BURCHINAL**, USAF, former Director, Joint Staff, JCS, has succeeded General Jacob E. Smart, USAF, as Deputy CinC, U.S. European Command. AF CofS General John P. McConnell and General Lyman L. Lemnitzer, CinC European Command were present at change of command ceremony. General Smart, retiring after 35 years' service, received DSM.

1966 Speeches  
Carries.

August 17, 1966

Dear Jack:

Attached are three of the Vice President's recent speeches on the general subject of agriculture.

In the speech before the American Agricultural Editors' Association, note the marked portions beginning on page 11: in the speech before the Mid-Continent Association, note the material at the bottom of page three and on page four.

As I indicated to you in our phone conversation today, the boss has been in the forefront of this whole area of world food supplies. He was one of the original authors of the Food for Peace Program; he has for many years advocated a program of national security reserves, and he has consistently preached the doctrine that we must produce enough in the country to meet our own needs, the needs of our commercial export market, emergency food needs for other countries, and have enough left over for reserves. He has long been recognized by the farmers of this country as one who has constantly fought for their just economic rewards, and has been recognized throughout the world as one who recognizes the vital importance of food and feed as an instrument in foreign policy.

When a man works this hard for something in which he believes and when he has been proved right over and over again, he should be given credit for his efforts. I hope

August 17, 1966  
Page Two

COPY

that in some future column you will have an opportunity to tell your readers of the vital role the Vice President has played for so many years in this whole area of adequate food for a hungry world and adequate compensation for those who produce it.

Best wishes.

Sincerely,

David G. Gartner

1965-1966 Project — Children's Clinic (Completed)  
1966-1967 Project — Kupat Holim Clinic (In Preparation)

June 30, 1966

The Honorable Hubert H. Humphrey  
Office of the Vice-President  
Washington, D. C.

Dear Hubert:

The Minnesota Trade Union Council is holding their Fifth Annual Histadrut Testimonial Dinner on August 21, 1966 at the Leamington Hotel.

It was our pleasure to have you with us last year and we extend you an invitation to join us again in this worthy fund raising endeavor.

The efforts of our previous dinners have established a Cultural Center at Yahud, Israel, Perpetual Scholarship Funds and a Children's Clinic. The proceeds from this year's dinner will be used to complete a Kupat Holim Clinic.

As in the past, we are again honoring two prominent civic leaders in our community. Mr. (& Mrs.) Nathan Shapiro, Nathan Shapiro Insurance, representing Business and Mr. (& Mrs.) David Roe, President of Minnesota State Building & Construction Trades Council, representing Labor.

We are most anxious to have you and Muriel attend our Histadrut Dinner and it will be our honor to have you present at our head table.

An early confirmation will be appreciated.

Sincerely,

John F. Curtis

*Agri. Speeches*

August 23, 1966

Dear Mr. Allen:

After talking with you today the Vice President asked that I send to you three of his recent speeches on agriculture. Enclosed are his remarks before the American Agricultural Editors' Association, the Mid-Continent Farmers' Association, and the Development Assistance Committee of the Organization for Economic Development.

He wanted to direct your particular attention to his comments concerning our food and feed supply situation and national security reserves. These comments begin on page 11 of the Agricultural Editors' Association speech and on the bottom of page three of his talk before the Mid-Continent Farmers' Association. He felt you would be interested in the full text of the D A C speech.

The Vice President has for some time been concerned both about food and feed supplies and adequate compensation for American agriculture. He wanted you and your readers to know that as Vice President he still has a vital interest in American agriculture, just as he did when he was first advocating the Food for Peace Program in the early 1950's, the School Lunch and Special Milk Programs later in his career as a Senator, and a Food and Fiber Commission, which now is looking into our food and fiber programs and policies.

Best wishes.

Sincerely,

David G. Gartner  
Assistant to the  
Vice President

1966 Speeches

August 23, 1966

Dear Jim:

After I finished talking with you the other day I thought you might be interested in seeing some of my recent speeches on agriculture. I am enclosing copies of my talks before the American Agricultural Editors' Association, the Mid-Continent Farmers' Association, and the Development Assistance Committee of the Organization for Economic Cooperation.

I want to point out particularly my reference in these speeches to our food and feed supply situation. I have been concerned for some time that we were running far too low on feed grains, wheat, rice, soybeans and dairy products. I just wanted you to know that I still maintain an active interest in our agriculture, specifically the adequate production of agricultural commodities to meet all of our needs and a fair and just compensation to those who produce these commodities.

Best wishes.

Sincerely,

Hubert H. Humphrey
