AERONAUTICS BULLETIN NO. 7

CHAPTER 5

SECTION 57 PILOTS' CERTIFIED LOG BOOKS

A licensed pilot must keep an accurate record of his solo flying time in a log book in which the entries have been certified to and signed by him and attested by one of the following persons:

- (A) An official of an approved type airplane or engine manufacturing company.
- (B) An official of an approved flying school.
- (C) A contract United States Air-Mail Operator.
- (D) A notary public.
- (E) A properly authorized operations officer for any military organization.
- (F) Department of Commerce aeronautical inspectors.
- (G) Any officer of an organization engaged in the operation of aircraft when such officer has direct knowledge of the authenticity of the entries.

This log book shall contain the date of flight, the type of aircraft flown, the license or identification number of such aircraft, the type of engine, the duration of the flight, and the points between which such flight was made, and, in addition, when any flight results in serious damage to the aircraft, a notation to this effect shall be entered. This log book must be presented, upon demand, to any authorized representative of the Department of Commerce or State or municipal officer enforcing local regulations or laws involving Federal compliance.
